Sunday dinner and supper guests of Mr. and Mrs. Dwaine Jenson of Erskine were Lenis and Annebelle Korel of Detroit Lakes, Edna Hyde and Della Jenson.

Dinner guests on Sunday at the Lloyd Sorenson home were Karl, Rita, Kassandra, John and Jeffery Sorenson of Wannaska; Sheila, Mallory and Brett Gerardy.

Rick Greenwald of Stacy arrived on Sunday to spend a few days with his parents, Howard and Margaret Greenwald. He left on Thursday.

Harriet Norman and the Jones family visited on Monday with Peggy and Mel Hesse, Helen and Bill Simpson and enjoyed noon lunch at Cindy's Cafe in Red Lake Falls. The Jones's left on Tuesday for their home in Issaquah, WA.

Supper guests at the Deb and Scott Greelis home on Sunday were Sher, Don and David Fox, Burton and Joyce Carlson.

### Birthday for Megan!

Monday, visitors of Edna Hyde to celebrate the 5th birthday of Megan Demarais were her mother, Karen, Mary Beth Wostlako, Myrtle Thune and Gert Marty.

Bergliot Langlie of San Diego, Ca spent Tuesday at the Art and Avis Froiland home. In the evening they took her to her brother, Ed Langlie's home in Thief River Falls and were supper guests there, also visiting with Helmer and Verna Langlie of Bemidji.

### Quilting at Immanuel

Immanuel Quilters are hard at it again! They met last Thursday and again on Tuesday at the church, and the pile of blankets is piling up fast. Most of the work is done at home but we tie and finish them at church. With all of the troubles in many nations Lutheran World Relief has been busy providing comfort and assistance. The need is great! LWR is again asking for layettes along with quilts and the various kits. The annual clothing drive is on now in the month of October with the shipping date set for November 5th. Light weight women's clothes, men's work clothes, children's clothes of all kinds and sweaters are needed. Please bring to the church this month so that they can be sorted for shipment. Old blankets, no matter how worn, and draperies are used in the quilting project. Please do not throw them away. We are always in need of extra hands, too, on quilting days! Consider joining our group and helping to supply much needed assistance, both locally and for the needy.

Wavell Sorenson visited on Tuesday at Edna Hyde's with Edna and Gert Marty.

### Homemakers Meet

Rosemary Eskell entertained the Hollyhock Home study members on Tuesday evening at her home. The ladies enjoyed the first meeting of the new year and also decorated large candles, the project of the month. Attending were Bertha Hughes, Jean Carpenter, Edna Hyde, Gert Marty, Dianne Gagner, Sue Hegge and Myrtle Hemrum.

Howard and Barbara Tortevelt of Middletown, OH visited on Wednesday at the home of Art and Avis Froiland.

### Plummer Senior Citizens Meet

On October 19th at the regular meeting of Senior Citizens, Pat Kerssen, RN, will be speaking on First Care Services, bringing information about First Care Medical Agency; defining Home Health care and explaining the services that are available. This information comes from local office of Deanne Stenberg of Oklee. All members should be informed by coming to this meeting. The noon meal will be furnished by members A-L and guests are always welcome. Flu shots will also be given that day. See you there!

### Open House

An open house is being planned by the children of Fritz and Crystel Martell to celebrate the birthdays of their parents. This will be on Saturday, October 29th from 7:30 to 12:00 midnight Saturday the American Legion Hall in Plummer. Dance to the Four wheeled drive. All friends and relatives are invited.

ANSWERS: 1.) No Closing Costs. You get the money you need without having to pay closing costs, fees or points on loans up to $100,000!

2.) Borrow Up To 100% Of Your Equity. Not just the 80% or 90% other banks limit you to.

3.) Low Rates. And you can choose between a fixed or variable rate.

4.) Flexible Terms. We'll tailor them to fit your budget.

5.) Tax Incentives. The interest is very often tax deductible. Check with your tax advisor.

6.) Fast Approvals. So the money's there when you need it.

7.) Lines Of Credit. A great financial tool you can tap into as needed.

8.) Apply By Phone. It's fast. It's convenient. It's even toll-free. In fact, when you add up all the benefits of a First Bank Home Equity Loan, it's a puzzle why anyone would go anywhere else. WE'LL HELP YOU GET THERE.®

NOTICE OF HEARING PRELIMINARY PLAT REVIEW PLANNING COMMISSION
CITY OF THIEF RIVER FALLS

Notice is hereby given, pursuant to Chapter 12 of Thief River Falls City Code, that KRC, Inc., Kenneth D. Berg, President, 101 Idlewood Court, Thief River Falls, MN 56701, has submitted a Preliminary Plat for review by the City of Thief River Falls. The properties to be platted and replatted are presently legally described as follows:

A parcel of land which is part of Government Lot 7 of Section 34, T. 154 N., R. 43 W., T.R.F. DEV-CD FIRST ADDITION and vacated Lots 41, 42 and part of 43 of Rustad's Subdivision of Government Lots 7 and 8 of said Section 34 bounded as follows:

Beginning at an iron pipe monument at the southwest corner of said T.R.F. DEV-CD FIRST ADDITION; thence North, assumed bearing, along the west line of said T.R.F. DEV-CD FIRST ADDITION 418.60 feet to an iron pipe monument at the northwest corner of said T.R.F. DEV-CD FIRST ADDITION; thence North 89 degrees 25 minutes 00 seconds East along the north line of said T.R.F. DEV-CD FIRST ADDITION, extended, 498.38 feet to an iron pipe monument; thence North 04 degrees 18 minutes 15 seconds East 44.58 feet to an iron pipe monument; thence North 89 degrees 25 minutes 00 seconds East 157.45 feet to an iron pipe monument; thence South 00 degrees 35 minutes 00 seconds East, parallel with and 208.76 feet east of the east line of said T.R.F. DEV-CD FIRST ADDITION 460.00 feet to the north line of Cartway Drive; thence South 89 degrees 25 minutes 00 seconds West along the said north line of Cartway Drive and continuing along the south line of said T.R.F. DEV-CD FIRST ADDITION 663.86 feet to the point of beginning, containing 8.48 acres.

The property described above abuts the north line of Cartway Drive and lies south of the Northland Village Apartments Complex. The purpose of the platting and replatting is to increase the size of the lots within the area that is presently platted at T.R.F DEV-CD FIRST ADDITION. Block one will be reduced from nine lots to seven lots and Block Two will be reduced from eight lots to six lots. In addition, six new lots are proposed to be platted on property abutting the east line of the existing plat. It is proposed that the new plat be named "Meadowlark Estates First Addition."

The owners propose to construct single-family housing in the area to be platted and replatted. The existing platted property is presently zoned General Residential District (R-2).

Following recording of the final plat, the owners will request that the six new lots be rezoned from Multi-Family Residential District (R-4) to General Residential District (R-2).

Notice is further given, that the Planning Commission will conduct a Hearing on the platting and replatting at 7:00 P.M. on Monday, October 24, 1994, in the City Council Chambers, City Auditorium, 123 Main Avenue North, Thief River Falls, MN 56701. All persons wishing to comment on the platting and replatting will have the option to be heard at this time. Persons who wish to submit written comments prior to the Hearing or who have questions should address them to the office of the Community Development Director, City Auditorium, P.O. Box 528, Thief River Falls, MN 56701, or telephone 218-681-2500.

If you have a disability and need an accommodation in order to attend this Hearing, please contact the undersigned as soon as possible or at least two (2) days in advance of the hearing at the above telephone number.

Dated this 5th of October, 1994.

NOTICE OF HEARING
JOINT ZONING BOARD ROCKSBURY - PENNINGTON - THIEF RIVER FALLS

Notice is hereby given, pursuant to the Rocksbury Township Two Mile Zoning Ordinance, that Spencer and Carolyn Johnston, d.b.a. Johnston Tarp Repair, Rural Route 8 - Box 18, Thief River Falls, MN 56701, have applied for approval of a Conditional Use for issuance of a Home Occupation Permit for the following described property:

Property in the County of Pennington and State of Minnesota lying and being a part of Government Lot Nine (9), Section Nine (9), Township One Hundred Fifty-three (153) North of Range Forty-three (43) West of the Fifth Principal Meridian, bounded as follows.

Beginning at the Northwest corner of said Government Lot Nine (9); thence South 88 degrees 38 minutes 05 seconds East along the northerly line of said Government Lot Nine (9) a distance of 116.18 feet to the centerline a township road; thence South 07 degrees 20 minutes 08 seconds West along said centerline a distance of 453 feet to the point of beginning; thence South 83 degrees 13 minutes 42 seconds East a distance of 167.13 feet; thence South 06 degrees 09 minutes 43 seconds West a distance of 206.90 feet to a fence corner; thence North 87 degrees 29 minutes 38 seconds East a distance of 818 feet to the bank of the Red Lake River; thence meandering southeasterly along said river bank to point lying 340 *feet North of the southerly line of said Government Lot Nine 9(0;* thence north 88 degrees 43 minutes 26 seconds West along a line parallel with said southerly line of Government Lot Nine (9) a distance of 875 feet to the centerline of said township road; thence North 07 degrees 20 minutes 08 seconds East along said centerline to the point of beginning.

Spencer and Carolyn Johnston purchased the above described property, formerly know as the Russell and Ila McKercher property, and reside in the residence located thereon. In a signed Affidavit, dated the 17th day of August, 1994, filed in support of the Application for a Home Occupation Permit, Spencer Johnston indicates that he proposes to operate his business, which consists of the making of custom canvas products, doing canvas repair, and making or repairing boat tarp products, in the garage attached to the residence on the property. The property is zoned Agricultural (AG).

Notice is further given, that the Joint Board of Rocksbury Township, Pennington County and the City of Thief River Falls will conduct at Hearing on the Conditional Use Request at approximately 8:15 P.M., following a City of Thief River Falls Planning Commission Meeting, on Monday, October 24, 1994, in the City Council Chambers, City Auditorium, 123 Main Avenue North, Thief River Falls, MN. All persons wishing to comment on the Application will have the option to be heard at this time. Persons who wish to submit written comments prior to the Hearing or who have questions should address them to the Office of the Community Development Director, City Auditorium, P.O. Box 528, Thief River Falls, MN 56701, or telephone 218-681-2500.

If you have a disability and need an accommodation in order to attend this Hearing, please contact the undersigned as soon as possible or at least two (2) days in advance of the Hearing at the above telephone number.

NOTICE OF HEARING PLANNING COMMISSION
CITY OF THIEF RIVER FALLS

Notice is hereby given, pursuant to Chapter 11 of Thief River Falls City Code, that Jeff Brouse, d.b.a. The Shop, 703 Atlantic Avenue North, Thief River Falls, MN 56701, and Clebert Molstad, owner of the property, have requested that the zoning for the following described property be amended from R-2 General Residential District to C-2 General Business District:

Lot 6 and the south one-half (1/2) of lot 5 in Block Two of Highland Addition to the City of Thief River Falls, Minnesota.

Clebert Molstad formerly operated a radiator repair shop in the garage attached to the residence on this property. In recent years, Jeff Brouse has leased the property and conducted an auto body repair operation in the garage. These uses are nonconforming uses in the R-2 District.

Jeff Brouse proposes to expand the business by construction of an addition, not to exceed 20' X 30', to the attached garage, the major portion of which would be for a paint booth. The proposed expansion cannot be authorized unless the property is rezoned to commercial. The proposed rezoning conforms with the "Future Land Use Plan" of the Comprehensive Plan of the City of Thief River Falls.

Notice is further given that the Planning Commission will conduct a Hearing on the Zoning Amendment Request at approximately 7:15 P.M. on Monday, October 24, 1994, in the City Council Chambers, City Auditorium, 123 Main Avenue North, Thief River Falls, MN. All persons wishing to comment on the proposed Zoning Amendment will have the option to be heard at this time. Persons who wish to submit written comments prior to the Hearing or who have questions should address them to the Office of the Community Development Director, City Auditorium, P.O. Box 528, Thief River Falls, MN 58701, or telephone 218-681-2500.

If you have a disability and need an accommodation in order to attend this Hearing, please contact the undersigned as soon as possible or at least two (2) days in advance of the Hearing at the above telephone number.

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS hereby given that default has occurred in the conditions of that certain mortgage dated July 9, 1990 given to secure an original principal amount of $3,200.00, along with a subsequent mortgage dated June 24, 1992 given to secure an original principal amount of $8,800.00 executed by Shelly L. Helle, A Single Person, as mortgagor, to the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture, Mortgagee, and duly recorded with the County Recorder in Pennington County, Minnesota on June 25, 1992, as Document Number 137813, in Book Number 232 of Records, on Page 844.

No action or proceeding has been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof, all preforeclosure notice requirements have been complied with;

There is due and claimed to be due on the mortgage and the note secured thereby, including interest to the date of this Notice the sum of ELEVEN THOUSAND ONE HUNDRED SIXTY TWO DOLLARS AND .77/100 ($11,162.77). Pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington Minnesota, described as follows:

LOTS FORTY-ONE (41) AND FORTY-TWO (42) IN FAIRFAX ADDITION TO THE CITY OF THIEF RIVER FALLS, ACCORDING TO THE OFFICIAL PLAT THEREOF ON RECORD

SUBJECT TO A PRIOR MORTGAGE TO UNITED STATES OF AMERICA, ACTING THROUGH THE FARMERS HOME ADMINISTRATION, DATED JULY 8, 1990, AND RECORDED JULY 9, 1990, IN BOOK 220 OF RECORDS, PAGE 157, IN THE OFFICE OF THE COUNTY RECORDER IN AND *FOR PENNINGTON COUNTY,* MINNESOTA

will be sold by the Sheriff of Pennington County at public auction on the 22nd day of November 1994, at 10 o'clock a.m. in the County Sheriff's office in Thief River Falls, Minnesota to pay the debt then secured by said mortgage, taxes, if any on said premises, and the costs and disbursements allowed by law, subject to redemption within Six (6) months from said date of sale.

At the time of commencement of said mortgage foreclosure proceedings said lands were not agricultural lands as defined by the Minnesota Omnibus Farm Act, Laws of 1986, Chapter 398.

Notice is hereby given, pursuant to the Rocksbury Township Two Mile Zoning Ordinance that Solids Waste Integrated Systems of Pennington County (SWISPENCO), Don Breuer, President, 1355 Highway No. 32 South, Thief River Falls, MN 56701, and Lowell and Marjorie Swenson, owners of the property, have requested a Conditional Use Permit for the following described property:

That part of the Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4) of Section Five (5), Township One Hundred Fifty-three (153) North of Range Forty-three (43) West of the Fifth Principal Meridian described as follows:

Beginning at the Northeast corner of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4); thence in a westerly direction along the North line of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4) a distance of 580.8 feet; thence in a southerly direction along a line parallel with the East line of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4) a distance of 750 feet; thence in an easterly direction along a line parallel with the North line of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4) to the point of intersection with the East line of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4); thence in a northerly direction along the East line of said Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4) to the point of beginning, containing 10 acres, more or less, and reserving an easement to the City of Thief River Falls over the easterly 65 feet of the above described tract for public roadway and utility purposes.

The property in question is located on the west side of Barzan Avenue west of the Pennington County Solid Wastes Processing Facility. SWISPENCO proposes to acquire the property and construct a facility which will include state-of-the-art processing equipment specifically designed and built to process solid wastes, to be housed in a steel and concrete building. Recovered materials will also be stored in the building until shipped to users. The system will include loaders to spread the waste on the tipping floor in order to locate and remove toxic-hazardous wastes and non-processables, trommel screen separation of fines and organics for composting, manual sorting of recyclables, magnetic and eddy current separation of metals, shredding, and densification of fuel cubes. The SWISPENCO plant will be an updated and improved version of the separation portion of the existing Pennington County facility. SWISPENCO will continue to operate the Pennington County facility under contract.

SWISPENCO has requested that the property be rezoned from Agricultural (AG) to Industrial (I) and, subject to approval of the Zoning Amendment Request, are requesting a Conditional Use Permit to construct and operate the above described facility

Notice is further given, that the Joint Board and of Rocksbury Township, Pennington County and the City of Thief River Falls will hold a Hearing on the Conditional Use Permit request at 8:00 P.M. (CDST) on Monday, October 17, 1994, in the City Council Chambers, City Auditorium, 123 Main Avenue North, Thief River Falls, MN 56701. All persons wishing to comment on the Zoning Amendment Request shall have the opportunity to be heard at this time. Persons who wish to submit written comments prior to the hearing or who have questions, should address them to the Office of the Community Development director, City Auditorium, P.O. Box 528, Thief River Falls, MN 56701 or telephone 218-681-2500

Dated this 30th day of September, 1994

# Two killed Monday in cycle accident north of Plummer

Minnesota State Patrol is investigating a motorcycle accident near Plummer in which Seth Culkins, 15, Plummer, and Joseph Lallier, 19, Plummer, were killed in a head-on collision. Both were riding motorcycles at the time of the accident.

Names of the victims were released at noon Tuesday. Officials received a report of the accident which happened two miles north of Plummer on Highway 59 at 7:44 p.m. Monday, October 10.

According to the State Patrol, Lallier was traveling north on Highway 59, and Culkins was traveling south. They were not riding together at the time of the accident. Both were pronounced dead upon arrival at Northwest Medical Center in Thief River Falls.

Some homecoming activities at Plummer high school have been canceled as a result of the accident.

Monday evening, students and staff were preparing for the arrival of fire department personnel to supervise a planned bonfire when the bonfire had to be cancelled because fire department personnel were called to the accident scene.

Rick Lorenson, superintendent at Plummer, said a school board meeting had been scheduled at 8 p.m., but it was also cut short because of the accident.

Lorenson said Tuesday that three psychologists from a Special Education Cooperative the school belongs to, would be providing counseling services to students all day at Plummer. Lorenson said they have pretty much directed the activities of the day. Staff at the school are pleased with the way things have been going, he said.

Lorenson said homecoming activities for the day had been canceled and the school staff will just have to see how things go Tuesday before decisions are made about other homecoming activities.

A homecoming dance has been scheduled for Friday. Plummer and Oklee co-op some of their activities and Lorenson said there had been no decisions made regarding the dance.

Lorenson said students and staff were quiet and pretty much in shock. He added that with the counselors in the school, it has gone better than expected.

Preschool staff members from the four preschool programs at the new Challenger elementary and preschool building are pictured during an after school staff meeting last week. The session was held following the first day at which all five programs—Early Childhood Family Education, Learning Readiness, Early Childhood Special Education, Nursery School and Head Start—were in operation. The four programs are making a collaborative effort to share facilities and equipment in the new building.

Leah Vigen and Bryce Marquie were named king and queen of the annual homecoming celebration last week at Goodridge high school. Leah is the daughter of Larry and Meyvonne Vigen and Bryce is the son of Monte and Avis Marquie. A photo of the entire homecoming court is published on page 11 of today's issue of The Times.

# Cooperative effort is real at Challenger Preschool

by Marvin Lundin
Times Editor

One of the concepts considered in the construction of the new Challenger elementary and preschool building was the opportunity to collaborate in utilizing strengths and common facilities to the best advantage for students.

The new Challenger preschool center is considered a unique and innovative concept which enables five preschool programs to better meet the needs of children and families of the community. These programs include Head Start, Early Childhood Special Education, Nursery School, Learning Readiness and Early Childhood Family Education.

"For the most part, our programs have been quite different and it had only been a short time that two or three of the programs had been in the same building at the school district service center," observes Joyce Froschheiser, director of the Early Childhood Family Education (ECFE) program.

"Our funding comes from different sources in most cases and we have responsibilities to different groups, agencies and governmental units. But this building is an excellent facility for teamwork because it was designed for shared access and use."

Froschheiser's ECFE program serves children from birth to kindergarten plus extended services to 18 homes offering daycare and is just one of five preschool programs in the Challenger building.

Early Childhood Special Education with Donna Nelson as teacher is for children from birth to kindergarten who have developmental delays. Services are provided to children in the Early Childhood Special Education program and in other programs in the center.

Head Start program has Karen Odegaard and Lisa Berg as teachers. This is a federal program offered to four and five-year-old children from qualifying families.

At present the Head Start program operates from 9 a.m. to 12:30 p.m. and from 12 noon to 3:30 p.m. Monday through Thursday.

Thief River Falls Nursery School has Deonne Bakken as teacher. It also is for children four and five years of age but parents are charged a monthly fee to have their child enrolled. The nursery school meets Monday, Wednesday and Friday with a morning session from 9 to 11:30 a.m. and afternoon session from 1 to 3:30 p.m.

Fee for attendance is $47.50 per month, with a $5 per month credit given if the parent agrees to volunteer six to nine times per year.

# Open houses set for TR Falls schools

Open house dates for Thief River Falls public schools affected by new construction and/or remodeling during the past year have been planned for late October and early November.

Lincoln senior high school and Franklin middle school have announced plans to hold open house dedications on the same day —Sunday, October 30. Hours and programs will be announced at a later date.

The new Challenger elementary and pre-school building will have its community open house and dedication on Sunday, November 6.

Elementary principal Glen Espe said the Challenger event will include building and schoolhouse tours and a ribbon cutting ceremony.

"We have received many calls about public viewing of the building and many requests for an open house celebration," Espe said. "The new Challenger school belongs to the community and we certainly want to give everyone a chance to see it."

Espe noted that major progress has been made toward completion of the building since it was opened for classes September 19—two weeks after the start of school at Lincoln and Franklin schools. While classrooms were ready for the opening, work remained to be done and is continuing in some central areas and office and staff facilities.

The principal says that nearly all areas of the building will be completed by the November 6 open house date. Some pre-school programs just began their sessions during the past week.

Supt. Robert Duncan said the school board, administration and school staff members are all eager for as many of the public as possible to visit the schools and view the major changes that have been made.

Construction of the Challenger school and additions and remodeling at Franklin and Lincoln schools are part of an $18 million facility improvement project approved by School District 564 voters and funded with local and state aid dollars.

# Fire department observes 100th anniversary

by David Hill
Associate Editor

Thief River Falls Fire department will be celebrating its 100th anniversary this month. Activities include a breakfast at the Eagles club from 9 a.m. to 1 p.m. on Sunday, October 9, a Firemen's Ball from 9 p.m. to 1 a.m. at the Eagles club on Friday, October 14, and an open house at the Firehall from 2 to 4 p.m. on Saturday, October 15.

At its inception, the Thief River Falls fire department consisted of a volunteer bucket brigade with a leader and a number of "reliables". Following a fire on March 1, 1893, in which a small building owned by John LaBree and occupied by Sam Heasley, caught fire from a defective chimney and burned down. The loss wasn't much, according to a History of the Thief River Falls Fire department, but it emphasized the need for a more completely organized and equipped fire fighting unit. Because of this fire the village council decided that the bucket brigade deserved some assistance, and consequently, on September 15, 1893 ordered from the Waterous Engine Co., of Minneapolis, one hook and ladder truck and two five-gallon Babcock extinguishers, which cost $494. When the equipment arrived, the first volunteer fire department was organized on March 8, 1894. Harvey E. Mussey was elected the first chief of the Thief River Falls Volunteer fire department. At the first meeting, 47 men offered their services and were accepted by the village council. The following night several other individuals signed up, bringing the total to 60.

In the spring of 1894, the village council purchased a fire engine and 1,000 feet of hose for $2,850. Unfortunately, the engine arrived one day after the first serious fire in the village, the burning of the Great Northern depot.

According to a history of the fire department, "As soon as the engine and hose were unloaded, a test was demanded, and in the presence of the entire population of the village, the engine was taken to the river, the hose was laid and a stream of water was thrown upon the scenery, all of the kids and many of the men, a large proportion of whom had never seen a real fire engine in action."

This Waterous Fire Engine is on display at the Minnesota Historical Society in St. Paul.

The first uniforms consisted of whatever pants were handy, a bright red flannel shirt and regulation caps.

From its organization and the Great Northern depot fire of March 8, 1894, no serious fires occurred until February 7, 1897. On that date, fire was discovered in the O. P. Johnson store.

Until February 25, 1896, the only remuneration received by members of the volunteer fire department was the glory of being a fighter, but on that date, the council decided to pay firemen $1 for each fire alarm to which they responded.

On April 1895, Emil E. Zeh was elected at the first regular meeting of the fire department as the second chief of the fire department. In 1896, Louis Hanson was elected the third chief.

In 1899, the firemen had their first dispute with the city because the chief was appointed annually by the council. They didn't object to the present fire chief but wanted self-government and the right to elect their own officers. The council waived their right of appointment and the following year the firemen elected Emil Zeh as chief.

On October 4, 1901, one of the most amusing, though disastrous, incidents in the history of the fire department occurred. The department responded to an alarm sent in from the Red Lake Boarding house, but in turning the corner of Horace Avenue and Second Street, enroute to the site of the present dock, the engine went into the ditch bottom up. The engine was injured so it was impossible to operate it and after a hasty examination, the firemen rushed madly toward the fire, armed with buckets, the intention

Thief River Falls Fire department is celebrating the 100th anniversary of the department. A number of events have been scheduled including a Firemen's Ball at the Eagles Club on Friday, October 14, from 9 p.m. to 1 a.m. Pictured above are members of the current fire department: (from left, front row) Barry Newton, Barry Fellman, David Selvhus, David Bjorkman, Rick Jensen, Niel Gillespie, and Jerry Stenseth; (middle row) Duane Gonsorowski, Marty Semenko, Denny Thorstad, Joe Borchardt, Randy Aamodt, Hal Herbott, Steve Byron, Howard Goethe, and Gordy Hall; (back row) Mike Speers, Roger Meunier, Tom Goddard, Tim Benedict, Tom Puppe, Greg Evanson, Mark Blegenek, Blair Lund, Mark Borseth, Brad Kosel, Brian Gerardy, Larry Korpi and Nick Juhl.

being to pump water from a well near the location of the fire. Upon reaching the pump, a fireman in his excitement aad desire to help, pulled the pump out of the well, and as it turned out, that's all that was saved in the fire. According to the history of the department, "Many of the fire laddies were so full of laughter that they were forced to lie on the ground In their paroxysms of mirth and for a long time after," the fireman who pulled the pump out of the well, was called "the Fumpmaa" of the department.

Fire department personnel are very serious about their job. Each year they spend many hours updating their edocation and skills. To a degree, however, the fire department has maintained its sense of humor in the face of disaster and each year awards a "fireman of the year" award to the individual in the department who has the misfortune of making a humorous mistake in front of other firemen.

In 1912, the city council secured a fire team and elected Chris Paulson as the teamster, thus creating the first paid fireman. The council later secured another team and selected Severn Nelson as the teamster.

In 1917 and again in 1932, Thief River Falls was the site of the State Fireman's convention.

In 1934, the city purchased its first motorized fire truck for the city. This truck was recently restored and is being displayed by the Pennington county historical society at the Peder Engelstad historical village. It is also being used for parades. The second motorized fire truck was purchased in 1941.

in 1942, Club Langevin became the first full-time fire chief. Dewey Noel became the second fire chief in 1971, and David Bjorkman became the third full-time fire chief in 1983.

Fire coverage expanded in 1954 when Rocksbury and North townships bought a fire engine and entered into an agreement for fire protection with the fire department. In 1974, Smiley, Norden and Silverton townships joined the rural fire department and entered protection into a fire protection agreement with the city. Currently, fire protection at the fire department is extended to the city of Thief River Falls, and five townships — Rocksbury, North, Norden, Silverton, and Smiley. It also has mutual aid agreements with eight fire department within about a 35-mile radius of the city. The fire department also responds to rescue and hazardous materials incidents.

Currently the fire department has seven full-time and 23 paid on-call-volonteer-firefighters. They respond to about 120 fire calls per year.

The last fire engine was delivered in 1993 at a cost of about $150,000.

# Old Mill Park joins in "Go Wild for Wildlife"

Old Mill State Park will be an official "Big Help Site" in a national Go Wild for Wildlife event Saturday, October 15.

At 2 p.m. youngsters can begin a two-hour prairie seed collection session for a restoration project in the park. Pledge forms are also available at the park for children to use in deciding how much time to pledge for additional projects and events to help wildlife to be announced at a later date. Suggestions for events and projects are welcomed.

The collection and pledge program for wildlife is a part of Earth Force, a national non-profit environmental organization for young people and Nickelodeon television network.

# Cooperation marks preschool program

(Continued from Page 1)

Program provides opportunities for families with children three and one-half to five years old that do not qualify for Head Start and may not be able to attend Nursery School three days a week.

Called the PALS program, this class is open one or two mornings a week (Tuesdays and Thursdays) and located at the center. Learning Readiness also offers other opportunities for children preparing to start school, including evening classes, home visits, special event and a monthly newsletter for families.

For the last two years, ECFE, Head Start and the Nursery School had been located in the school district service center. Early Childhood Special Education was located at Knox elementary school.

Last Wednesday all programs were operating at the center, however, staff involved with the five programs have been discussing, trying to anticipate, learning about and attempting to facilitate cooperative efforts for the past two years

Volunteers are welcome and needed in all programs at the center. While a parenting component is mandated in two of the programs, the goal of the center is for parent participation in all of the programs.

To achieve that goal, a special parent resource area has been included in the center. Videos, resource books and audio tapes are available for parents and a toy and book lending library is available for families enrolled in the programs.

"We can use volunteers in so many different ways," Deonne Bakken said. "The presence of adults provides stability and nurturing in children's lives."

"Despite all of the differences in our programs, we all have the same goal, and that is to prepare young children for kindergarten," Donna Nelson said. "As long as we keep that goal in mind, cooperating shouldn't be any problem."

# VA Hospital to give shots for pneumonia and flu

U.S. Department of Veterans Affairs hospital in Fargo will immunize eligible veterans for flu and pneumonia from 8 to 11 a.m. and 1 to 3 p.m. on October 14, 21 and 28 and November 4. No appointments are necessary and walk-ins are welcome.

The flu vaccine is a yearly immunization to protect against flu virus strains present this year. The pneumonia vaccine is to prevent the most common type of bacteria-pneumonia. It is considered safe and most people need the vaccine only once in a life-time.

Both vaccines are recommended for persons 65 years old or older or who have chronic illnesses such as heart or lung disease, diabetes or weak immune systems. Persons with questions regarding eligibility may call 701-232-3241, extension 3427.

# Arctco's tour ranked among nation's best

Factory tour at Arctco, Inc., in Thief River Falls has been named by the authors of a new travel book as one of the best factory tours in the United States.

Bruce Brumberg and Karen Axelrod traveled across the country for two years, visiting a wide range of well-known companies with factory tours and museums, before writing their book entitled *"Watch It Made in the U.S.A.: A Visitor's Guide to the Companies That Make Your Favorite Products."* The book features 250 of the best tours of companies that invite the public to visit and discover how their favorite products are made.

"Factory tours have become increasingly popular in the U.S.A. as low-cost vacation attractions for family travelers, day outings for local residents and educational field trips for schools," author Brumberg notes.

Arctco President and Chief Executive Officer Chris Twomey said that Arctco is proud that the authors chose to feature the company and this community. "At Arctco," he said, "we use our daily factory tour as an educational and entertaining vehicle, as well as a demonstration of our ongoing commitment to world class quality."

# Middle River man injured in accident Saturday

Thomas Gulliksoa of Middle River, was injured Saturday, October 8, when he fell asleep at the wheel and his vehicle left Highway 32 three miles north of Holt and rolled.

Minnesota state patrol received a report of the accident at 4:28 a.m., but it is believed to have happened at about 1:30 a.m. The State Patrol received the report after it had been called in from Northwest Medical Center where Gullikson had been taken by a relative.

Apparently, Gullikson was north bound at the time of the accident. The 1988 Pontiac LeMans he was driving was considered a total loss.

Lincoln Marching Band, shown above, was judged to be number 1 in band entries at the Homecoming Parade held Friday in Thief River Falls. The float made by the Junior Class took first place honors and the Sophomore Class float came in second. According to High School Principal Terry Soine, the halftime show that was to be presented at the Homecoming game Friday will be presented at the football game on October 13, "weather permitting." Soine said "The kids made a nice effort on their floats, but the weather just didn't cooperate on Friday."

# Council discusses transit needs, school referendum

Thief River Falls city council addressed a number of issues at its regularly scheduled meeting last Tuesday. Items on the agenda included a discussion of the school district's excess levy referendam, an update on a transit needs assessment survey, and a proposal to obtain part of the Northrop elementary school property for park purposes.

Bob Duncan, Superintendent of schools for School District 564, presented information about a proposed excess levy referendum the school district will be presenting to voters on November 8.

The school district is looking at a 10-year referendum to raise an additional $726,582 per year for operational expenses. The tax levy would be equalized at a rate of 81.3 per cent in state aid to District 564. The local property tax share is 18.7 per cent ($135,842). This does not include the present $124,913 levy of which the local levy is $23,353 and the state share is $101,559.

Information about the levy was presented in a previous article in The Times.

Duncen answered a few questions and noted that each taxpayer will receive an advisory in the mail outlining the effect on their individual property tax.

Sandy Warner-Coltom, transportation director for the Northwest Regional Development Commission, presented information to the council about results from a Transportation Needs Assessment.

In 1993 a task force was established to address transit needs in the county. The task force was a committee composed of city and county representatives and service providers. The primary mission of the task force was to identify if transit opportunities could be better coordinated. To that end, the committee participated in a needs assessment for the entire region. That assessment included a survey. A total of 3,179 surveys were mailed out with utilities billings. Only 538 or 16.9 per cent were returned. An additional one hundred households in the county were surveyed. The return rate in the county was 27 per cent.

Warner-Coltom outlined some interesting results from the needs assessment and survey. She noted that Pennington county has one of the highest rates of individuals living below the poverty level in the state. In Pennington county, 16.3 per cent of the population lives below the poverty level. The region-wide rate is 14 per cent, while the state average is 10.2 per cent.

Nearly 500 households in the county do not have vehicles. The average travel time from home to work, however, is between five and 10-minutes.

Warner-Coltom said she found out that many people do not know what transportation services are out there and that the number one recommendation in the assessment is for any committee working on the problem to educate the public and market resources.

She also discussed a number of other recommendations which will be covered in a separate news report.

The council gave its approval to a recommendation to enter into a contract with the firm of Widseth Smith Nolting Engineering Services for work on a proposed riverwalk Pedestrian bridge. The bridge will be constructed with funds raised privately and a state grant.

Alderman Dale Wennberg did not agree with the proposal. Wennberg was looking for assurance that the project would be presented to the neighborhood in another public hearing.

Mayor Robert Reeve pointed out that a hearing had been held and that some of the objections raised at hearing were groundless. After hearing Vice Mayor Jean Heinrichs say she believes the Riverwalk committee will address the issue, the Mayor said he thought a general information meeting might be acceptable sometime in the future.

In order to honor the city of Thief River Falls Power and Light, its consumer-owners, policy makers, and employees, who work together to provide the best possible electric service, Thief River Falls will celebrate public power week October 2-8.

Events during the week include tree planting at several locations in Thief River Falls, and distribution of a couple hundred energy-saver light bulbs.

The city of Thief River Falls Power and Light is part of a community of 2,000 publicly owned electric utilities in the United States that through consumer-ownership ensures cost-cutting competition in the electric utility industry to the benefit of electric consumers everywhere.

The city council has approved a job description of a park and recreation director, but has not started the application process for the job. The job is currently being handled by two individuals.

The job summary states: "Work involves administering a comprehensive recreation program for the entire city including the management and control of all properties assigned to the department. The employee is responsible for supervising a professional and technical staff which includes volunteers, city forestry operations, maintenance of city parks, arenas, recreational facilities and administering the departmental budget and grant funds."

The city council approved a letter that will be sent to School District 564 expressing its interest in at least 225-feet of the northerly portion of Northrop school property. The city proposes to use the property for a hockey and pleasure skating rink.

In other business, the council: approved payment for installation of a storm sewer behind C'Mon Inn, which will be billed to benefited property owners; approved a change order to the 1994 water and sewer improvement project for an addition near Northland Villages; approved application for an air quality permit at the power plant; approved a progression raise for Patsy Lindquist; approved hiring of Gordy Hall and Nicholas Jahl as volunteer firefighters; adopted an emergency response plan for hazardous material incidents; approved employment of John Mezeski; approved a funding request for repair of the riverbank in the beach area of Bill LaFave park; approved dance permits for Matt Perkins for October 19 at the armory and Jeremy Landby for October 21 at the armory; approved a parade permit for Lincoln high school and Northland community college on October 7 at 2 p.m.

# Radon Action Week is October 16 to 22

Radon Action Week October 16-22 is a national effort to encourage Americans to test their homes for radon—an invisible gas that is considered the second leading cause of lung cancer in the nation and the number one cause among nonsmokers.

Any home may have high levels of radon gas and the only way to know if a home has a problem is to test for it. The radioactive, colorless and odorless gas occurs naturally in the soil and enters homes through openings such as those around pumps, pipes and drains.

Radon is measured in terms of picocuries per liter of air. Average indoor level is 1.3 with action to reduce levels recommended if it reaches 4 or higher. Levels as high as 3,500 have been recorded. State health officials estimate that one in three Minnesota homes is above the EPA guideline of 4.

Radon tests are inexpensive and simple. Short and long term test kits are available at many hardware stores and other retail outlets. The American Lung Association of Minnesota offers long-term monitors, available by calling 1-800-642-5864. Short term test kits that meet EPA requirements are available from the National Safety Council for $7 and information for ordering is available through the Minnesota Safety Council at 1-800-444-9150.

If a long term radon test indicates high levels of radon, homeowners should seek the advice of an experienced professional to identify areas that should be sealed to prevent radon from entering the home.

# Save the Depot Fund surpasses $75,000 mark

Save the Depot Fund in Thief River Falls has sorpassed the $75,000 mark, according to the Historic Depot Preservation Committee, which is engaged in a fund raising effort to preserve the Soo Line depot on Third Street in Thief River Falls.

"We're keeping pace with the calendar and each day the prospect of saving the depot, and all the history that goes with it, looks a little brighter," states committee chairman Larry Rohlf.

The sign near Locomotive 1024 at the depot site was advanced to the $70,000 mark and the committee is aiming to reach the $100,000 mark by October 15 and $200,000 goal in November.

Rohlf said that donations and memorials will be recognized with a tribute which will become a permanent part of the renovation project. For more information, call the community development office at 681-2500.

### The Flu

According to information from Inter-County Nursing Service, influenza (the "flu") is a viral infection of the nose, throat, bronchial tubes, and lungs that can make someone of any age ill.

Usually the flu occurs in the United States between November and April. If you get the flu, you usually have fever, chills, cough and soreness and aching in your back, arms and legs. Although most people are only ill for a few days, some people have a much more serious illness and may need to go to the hospital. On the average, thousands of people die each year from the flu or related complications.

Who should receive the vaccine? Health officials emphasize the use of vaccine for the elderly and people with other health problems which make these individuals more likely to be seriously ill or die from the flu or its complications. For example, people who after even light exercise become short of breath due to diseases affecting the lungs and heart and people who have low resistance to infections are likely to be more seriously affected by the flu. The following groups are at greater risk for serious illness and should receive the vaccine:

- All people 65 years of age or older;
- Adults and children with long-term heart or lung disease which caused them to see a doctor regularly, or to be admitted to the hospital for care during the past year.
- Residents of nursing homes and other institutions housing patients of any age who have serious long-term health problems.
- People who during the past year have had treatment for any of the following: kidney disease, cystic fibrosis, chronic metabolic disease such as diabetes, anemia or severe asthma.
- Peole who have a type of cancer or immunological disorder or use certain types of medicines that lower the body's normal resisance to infection.
- Children and teenagers (6 months through 18 years of age) on long-term treatment with aspirin who, if they catch the flu, may be at risk of getting Reye Syndrome.

## First graders celebrate 2nd Annual Apple Day

Laurs Brickson's class of first graders at St. Bernard's school celebrated the Second Annual Apple Day last Friday. Apples were incorporated into all areas of the curriculum, with volunteers manning centers in math, reading, making potpourri and baking pies. Students enjoyed the activities while parents, parishioners and staff of the school enjoyed hot cider and apple edibles at the open house held in conjunction with Apple Day.

Ms. Brickson says, "Apples are a much-used theme in the fall. Johnny Appleseed Day is September 26 and October is National Apple Month. The story of Adam, Eve and the fruit believed to be an apple tie into religion. Apples also fit with the beginning of first grade science and the study of plants."

Students in Ms. Brickson's first grade class are Alex Burda, son of Tony Burda and Audry Burda; Elizabeth Judd, daughter of George and Sue Judd; Ryan Kruse, son of Guy and Michelle Kruse; Kjelsy Loeffler, daughter of Tim and Kristine Loeffler; Michael Mattison, son of Jim and Teresa Mattison; Valerie Meyers, daughter of John Meyers and Lucy Meyers; Alyssa Novak, daughter of Gerard and Kim Novak; Ashley Ramos, daughter of Rodney and Teresa Lund; and Aaron Rouland, son of John and Faye Rouland.

One of the volunteer "Grandmas" is shown helping some of Laure Brickson's first grade students at St. Barnerd's school make apple pies. Each child made his or her own apple pie "from scratch" during Apple Day at the school on Friday. Students are Ashley Ramos and Alex Burde, shown with "Grandma" Amy Hjelle. Other "Grandmas" who helped with pie baking were Vernace Stokke and Kim Novak.

Jerry Wignass, member of the Historic Depot Preservation Committee, and Extension educator Van Swanson, plan the "Save the Depot" benefit breakfast, which will be held October 30 at the Eagles Hall in Thief River Falls.

## Soup, sandwich and pie luncheon

The United Methodist church will have a soup, sandwich and pie luncheon on Thursday, October 20, from 11 a.m. to 1 p.m. Menu includes home made soup, sandwiches and pie. Everyone is welcome. The church is located at Second Street and Horace Avenue in Thief River Falls.

## Purple ribbons publicize Domestic Violence Awareness

Wednesday, October 12 is "Purple Ribbon Day" to alert people to the fact that October is Domestic Vilence Awareness month. Purple ribbons will be distributed by the Pennington County Domestic Violence Task Force to be worn to promote awareness of public violence and encourage a pledge to be violence free by the wearer.

Violence Intervention Project is working with local businesses and the Pennington County Domestic Violence Task Force to bring the "Hands are Not for Hitting" message to the youth of Thief River Falls with a coloring contest.

Children and youth are invited to make the pledge, "My hand will never commit violence," by tracing their hand and then coloring or decorating it with crayons, markers, glitter, ribbons, buttons, etc.

The hands will be judged and prizes from local businesses awarded to students from kindergarten through fifth grade. The hands will be on display in local business places and restaurants.

Businesses who will be donating prizes for the contest are McDonalds, K-Mart, Pamida, Pizza Hut, Hardee's and Danny's Pizza.

Disagreements and arguments are often part of a normal relationship, but physical violence or psychological abuse is not. No one has the right to express anger violently or to humiliate or hurt you. Does your partner:

- Criticize you frequently, or discourage you from contacting family or friends?
- Frighten you with threats of violence or by throwing things when he is angry?
- Say it's your fault if he hits you, but promise it won't happen again (But it usually does)?
- Throw you down, push, hit, choke, kick or slap you?

A "yes" answer means you may be involved in an unhealthy relationship. If so, you are not alone. Millions of other women are struggling with similar difficulties. There are alternatives, however. People can help you decide how you would like to improve your life.

The first step in getting help is to tell someone about your situation. Many women experience great relief once they have confided in someone outside the home. This person can be a nurse or doctor, counselor or social worker, friend or relative or a clergy member. You can also try a staff person at a local shelter for battered women, such as Violence Intervention Project (VIP) in Thief River Falls.

VIP has six full-time advocates and three part-time advocates who

## "Save the Depot" breakfast

The Pennington County 4-H Leadership Council will sponsor a "Save the Depot" benefit breakfast Sunday, October 30, from 8:30 a.m. to 12:30 p.m. at the Eagles Hall in Thief River Falls.

Van Swanson, Extension educator and 4-H advisor, says the group will work with members of the Rotary to host the event, which will include a pancake and sausage breakfast. "This really is an important community effort. The leadership council is very pleased to be part of the preservation project." Swanson says no tickets will be sold; however, a free will offering will be taken.

Along with the breakfast, the Thief River Falls Model Railroad club will have their popular hobby exhibit on display.

## Culkins are honored at convention

Shaklee Corporation honored Russ and Thelma Culkins of Thief River Falls at a leadership convention held September 29 through October 2 in New Orleans. Travel, accommodation, food and entertainment were provided by Shaklee as part of the benefits offered to its independent business owners.

Highlights of the week included a New Orleans Jazz Festival, a Mississippi riverboat cruise for top performers, a special awards evening with focus on the 100th anniversary of the birth of the company's founder, Dr. Forrest C. Shaklee, and a miniature Mardi Gras parade that closed Canal Street in the French Quarter.

Special guests included Peter Mueller, former coach of the U.S. Speed Skaters, who now directs Team Shaklee, the nation's top cycling team. A science symposium focused on nutritional programs encouraging wellness and other new information about nutritional, personal care, household and water treatment product lines.

For more information on the Shaklee business opportunity or products, contact Russ or Thelma Culkins at 681-6142.

Above, first grade students at St. Bernerd's school are shown making math patterns and number sentences using apple prints with their volunteer helpers in celebration of Apple Day which was held at the school Friday. Clockwise from lower left are Michael, (volunteer mom) Teresa and (top of head) Billy Mattison; Valerie Meyers; (volunteer mom) Kristine Loeffler; Alyssa Novak; and Alex Burde.

## Zehlians will sponsor Physical and Cardiac Clinic on October 27

Children with medical or developmental problems or suspected heart problems may attend a clinic on Thursday, October 27, at Redeemer Lutheran church in Thief River Falls, sponsored by the GFWC Zehlians and Minnesota Children with Special Health Needs (formerly Services for Children with Handicaps) of the Minnesota Department of Health.

The clinic is available for any child under the age of 21 with delayed physical development, coordination problems, cerebral palsy, club feet, scoliosis or other physical handicaps, or a heart murmur, congenital heart problem or a history of rheumatic fever. The clinic sponsors recommend, if possible, that each new participant get a referral from a doctor.

An orthopedist, physical medicine specialist and pediatrician, as well as a pediatric cardiologist and echo-cardiology will be available to examine children who attend the clinic. Parents may also consult with a public health nurse and a medical social worker.

For more information or to make an appointment, contact Bunny Dondelinger, 212 West Trinity Park Road, Thief River Falls, telephone 218-681-2445.

## Inter-County to provide immunization clinic

An immunization clinic will be held October 15 from 9 to 10:30 a.m. at the Inter-County Nursing Service office in the southwest corner of the basement of the Pennington County Courthouse.

All 7th and 12th grade students should receive their second MMR. These students must show proof of second MMR to remain in school. Adults in need of a booster for tetanus diphtheria are encouraged to attend.

Cost of immunizations is $4 each.

No one will be denied an immunization for lack of payments. Immunizations available are DTP (Diphtheria Tetanus Pertussis), DT (Diphtheria Tetanus), OPV (Oral Polio Vaccine), MMR (Measles, Mumps, Rubella), HIB (Haemophilus B Influenza) and Hepatitis B Vaccine for infants and toddlers.

Call Inter-County Nursing Service at 681-5950 for an appointment.

## Newfolden Evangelical Free church to have Offerfest

The Newfolden Evangelical Free church annual Offerfest will be held Sunday, October 16, at 2:30 p.m. with Ellie Wierschken as speaker. She is presently serving as interim lay pastor at Our Redeemer Lutheran church in Badger. Her husband, the late Russel Wierschke, served Bethlehem Lutheran church in Newfolden from 1987 to 1990.

Special music for the afternoon will be a ladies trio with Judy Hogberg, Joydell Skjerven and Peggy Pyle. The Tim Kiviaho family will have a special feature for the kids.

Everyone is welcome to this family service. Lunch will be served.

## Silverton church will have Harvest Festival on October 16

Everyone is cordially invited to attend the Harvest Festival at Silverton Lutheran church (four miles east on Highway 1 and one mile north) on Sunday, October 16, at 7:30 p.m.

Music will be provided by Resonance, a men's quartet of Jim Matson, Pastor Dennis Raymond, Van Swanson and Joel Ranum.

Lunch will be served and a free will offering will be received. Congregational matching funds up to $450 will be applied for through Lutheran Brotherhood 8129.

## Aphi Phi chapter held September meeting

The Alphi Phi chapter of Delta Kappa Gamma hosted a September luncheon meeting at the Best Western where Dr. James Haviland, president of Northland Community College, was the guest speaker.

Attending were Jean Rolle, state president of TAU, and chapter members from Alpha XI, MU, CHI, Epsilon Province, and Alphi Phi.

Alphi Phi chapter's October meeting will include the initiation of new members on Thursday, October 13, at 7:30 p.m. at the residence of Edith Etter, 416 South Maple Avenue.

## Sons of Norway Smorgasbord

The Sons of Norway Lodge 40 will have a Smorgasbord on Wednesday, October 19, at the Eagles Hall in Thief River Falls. ## Northland Educators release TRA retirement fund report

At the September meeting of the Northland Retired Educators, Edwin Stuart, president of the Minnesota Retired Educators, discussed the pension program for retired Minnesota teachers. All Minnesota teachers are included with the exception of those from Duluth, Minneapolis, and St. Paul, who have their own pension plan, according to Dr. David Brown, president of the local chapter.

The Minnesota Retired Teachers' (TRA) plan is divided into two funds: active and post retirement. Teachers currently working have 9.7 billion dollars in the active fund, while the post retirement fund assets are 8.3 billion dollars. Benefits are paid from the post retirement investment fund.

Dr. Brown reports that the assumed rate of return for the post investment fund is five per cent. Returns over this amount can be used to increase the pension payments. From 1986 through 1993, the TRA benefit increases have been as high as 9.8 per cent in 1987 compared with a 1.7 per cent inflations, to a low in 1993 of 4.5 per cent compared with inflation of 31 per cent.

June 30, 1993, the retiree fund had 46.6 per cent in bonds, 50.8 per cent in common stock, and 2.6 per cent in cash. Brown says plans for the next two years are to have investment of 50 per cent in domestic stocks, 10 per cent in international stocks, five per cent in alternative assets (yield oriented), 32 per cent in bonds, and three per cent in cash.

She is shown at left above being presented with a gift by Susan Olson, director of Inter-County Nursing Services. Inter-County Nursing celebrated 25 years of service to Red Lake and Pennington counties this month with an open house held last week in each of the county offices.

## ON THE OTHER HAND

Tina Krogstad
Lincoln High School

We arrived at Lincoln half an hour before the Homecoming Coronation ceremony and still had trouble finding good seats. Friends and families of this year's candidates and attendants had come early to get a seat near the stage. There were separate herds of each class and scattered groups of parents throughout the auditorium.

After finding a seat, I noticed Laura Williams practicing a few tunes on the piano. Chairs were set up in an arc on stage along with microphones for performers. Both staircases were decorated with red and white streamers swirling to the top. The speakers' stand was identical except for the growling Prowler emblem centered on top of the streamers. Helpers scurried across the stage to touch up last minute details.

People with red, cold cheeks, brushed by filling the remaining seats. A mass of giggling freshmen girls seated in front and slightly to he right of me. "You can't sit there," they said to the two freshmen boys who had just taken the two farthest seats to the left. "They're saved for our friends." The boys just smiled at each other and moved closer to the girls. The taller one, of course, had to sit directly in front of me and blocked my view of the stage. Trying to sit further up in my seat, I was interrupted by a group of girls who politely asked, "Is this seat taken?" I told them that it wasn't and they filled the rest of the row.

The energetic boy in front of us turned around with a smile and asked who we hoped would win. I hadn't really thought about it until that moment. Honestly, I thought all six seniors were perfect candidates for king and queen. No matter which pair won, I figured that they would represent our school in a very positive way. I finally gave him a shrug and said, "I don't know."

Kendra Dimich and Heidi Johnson replaced Laura at the piano. The girls next to me were discussing the decorations.

"The white streamers kind of look like masking tape," one suggested. "Shut up, that took hours to do. Those streamers don't look like masking tape, do they?" The offended girl turned to ask another. (The man behind us kept sniffing from a runny nose.) Finally, the lights dimmed, and people's conversations grew quieter.

The three emcees this year were juniors Anne Padilla, Rob Stock and Laura Williams. A few whistles and screams from the audience greeted them as they took their positions behind the speaker's stand. They began the ceremony by introducing the entire Homecoming Court. The nervous pairs wore smiles as they walked briskly down the aisles and to the stage.

When they were all seated, Rob was left alone to introduce the duet "All I Ask of You," sung by Anne Padilla and Rob Farbo. During the piece, I noticed that there were still two empty seats on the stage, but this was explained after the duet was over. They had forgotten to introduce last years queen, Toni Chiodo and her escort, Justin Kempert.

After they made their way up to the stage and were seated, the emcees continued their slightly comical dialogue and announcements of upcoming games. This was followed by a solo by Lana Rodahl called "Hero." All the while, the junior attendant, Molly Peterson, was proudly showing off her wrist corsage to Nathan Anderson.

After Lana's performance the crowd waited anxiously for the crowning to begin. They started with the crowning of Lincoln's first Homecoming King. The audience clapped, screamed or whistled for the guy of their choice as Justin teasingly waved the crown over each candidate's head. Finally, it was placed on Nathan Anderson, and he received handshakes from Justin and his two competitors.

The same procedure was followed for the girls, and camera flashes were aimed toward the stage as Toni placed the crown on the head of Jana Johnson. Lincoln High School's 1994 Queen Jana and King Nathan took their rightful positions in the center chairs.

The ceremony came to a close with Sarah Harger singing the theme song "When I'm With You." The emcees thanked the audience for attending as many of them pushed their way toward the stage to Congratulate the winners and the remaining shuffled out the doors. Talking with classmates out in the hall, we agreed that it was an enjoyable event and not just a good excuse to get out of the house.

The main items of business will concern budget proposals and a recommendation from the structure committee regarding the relocation of offices.

## Wear purple ribbons against family violence

(Continued from Page 4)

are trained to work with victims of abuse and family violence. VIP services are available 24 hours a day. There will always be someone at the other end of the telephone line available to answer questions or provide help. There are safe houses available for those who need emergency protection.

The VIP office is located at 111 East Second Street, and advocates are available to answer questions or provide information on other services that are available. Telephone numbers are 218-681-5557 or 1-800-660-6667.

Seek advice from those in whom you have confided. Whether you decide to stay with or leave your partner, counseling can help you improve your self-image and discover the best course of action for you.

Perhaps your partner is open to the idea of getting individual therapy. Counseling may help some abusive men, but for both partners the process of change is not easy.

Arrange to contact your support person or counselor if you need to leave a dangerous situation. Prepare for an emergency by packing a suitcase with items for you and your children and storing it with a friend or neighbor.

Keep special items in an easy-to-locate place, so you can take them on short notice. These include prescription medicine, cash and important financial records (like checkbooks and title to a car), and identification, such as driver's licenses.

Call the police if you experience a violent incident. If you think you are hurt, call your doctor or the emergency room.

You may have hard decisions to make and it will take time to sort things out. Remember that there are people who can help. You deserve to be in control of your own life and free of abuse from another.

## Flu shots can prevent getting sick this year

(Continued from Page 4)

• Medical staff in heath care facilities and family members providing care to a high risk person should receive the vaccine to avoid spreading the flu during care giving;

• Persons wishing to reduce their chance of catching the flu;

• Persons who provide essential community vaccines.

The vaccine:

The viruses that cause the flu are frequently changing, so those that have been infected or who have had the vaccine in the past may become infected with a new strain. This makes it very important to have an annual flu shot. All the viruses in the vaccine are killed, so they cannot infect anyone. Vaccine provides its protective effect after about one or two weeks.

The vaccine does not protect you against other illnesses that resemble the flu.

Only one dosage of vaccine is needed per season for persons nine years of age and older. Those children less than nine years may need a second shot in one month.

Possible side effects:

Most people have no side effects from the vaccine. Flu shots are given by injection, usually in the muscle of the upper arm. This may cause soreness for a day or two at the site and occasionally there may be a slight fever and achiness.

Those persons that should not have the vaccine:

— Persons with an allergy to eggs and those persons who have had a serious reaction to previous flu vaccine.

— Anyone who has been paralyzed with Gullian-Barre syndrome.

— Women who are or might be pregnant.

— Persons who are ill and have a fever.

Inter-County Nursing service will be offering flu vaccine at the Red Lake county site and in several places in Pennington county. Call 681-5950 or 253-4378 for appointments for upcoming flu vaccine clinics.

## ON MY MIND

Kim Chadwick-Quade

This weekend we will celebrate a special event. My Grandma Mary Annalora, the heart of the family, turns 90 years old.

It will be a celebration of life for a spry 90-year-old woman who has played a major role in our lives.

We expect to see a couple hundred relatives and friends in attendance because of what she means to these people. This is our chance to thank her for being who she is.

The party will be complete with a family spaghetti dinner (Grandma is a full-blooded Italian), open house reception and dance. Yes, Grandma loves a party and we're sure she'll be on the dance floor for at least a couple of songs.

Grandma always insists that she's led a good life and a productive one. She raised five children and has 14 grandchildren, 19 great-grandchildren, and one great-great-grandson.

In 1987, Grandma began to chronicle her life history in a blue, lined notebook. She told about herself, her joys and her sorrows. She left out a lot, but 90 years of living isn't easy to summarize in a thin notebook. And, it's difficult to decide what to say about her; she's a great lady.

Born to Italian immigrants, Rosina and Tony Boit, Grandma was the third of 10 children. Four of them still survive, with Grandma being the oldest. They grew up on a farm near Dilworth, Minnesota, where her father worked for the railroad.

In her journal, Grandma characterized her life on the farm as hard, but also described herself and a sister as strong, "just like a team of horses."

When she was 16, she met her husband-to-be, John Annalora. It was a marriage to an older man arranged by her parents. "I was shy and scared," she wrote. "But it had to be OK. What could I do or say? That was the way it was those days."

Grandma remembered her wedding day, November 24, 1921. "Before we got dressed for my wedding we had to milk 23 cows. I was very upset." She also wrote that her parents pledged wedding gifts. "They promised me $100 and a cow, but I still got that coming."

Her journal is full of accounts. I wavered between crying and laughing as I transferred her story to my computer. I saw her life through her eyes. Before, I could only see her as she was to me.

The journal details how she worked hard and was enterprising to provide for her family. "I would buy some spring chickens for 50 cents each, bring them home, butcher them, dress them and sell them for 75 cents each. I would buy 12 of them at a time. I would keep a couple for myself and make about $2 or more each time I went to do this every two weeks." She would do the same with a calf and net $8.

Cooking was the main focus in her jobs outside the home for the local school and then for a major college. Not only did she bring her talents into the kitchen, but nurtured relationships that still stand today.

To us, her family, she handed down her authentic spaghetti sauce and meatball recipe, but also her faith, her solid work ethic, her goodness, her humor, and a few Italian curse words.

Grandma is still active. With her arthritis-crippled hands she's embroidered items for our homes that we will cherish. She rides a stationary bike 15 minutes a day, plays bingo and whist, delivers Meals on Wheels and doesn't miss a chance to go on a shopping trip. A few years ago she learned calligraphy and makes all of our birthday and anniversary cards.

She's vivacious, even though she says she could die peacefully anytime. "I've had a good life," she always says. "Thank the Lord."

She has been close to death a couple of times, but always pulls through, there's so much to live for, she says in another breath. Grandma looks forward to that next wedding, holiday, the ice vanishing from the lake in the spring, the birth of more great-grandchildren, and of course, her 90th birthday. She joked that when her party is over she can fly in an airplane, because she's lived long enough!

The last entry in the journal reads: "I will be 90 years old on October 21, 1994. I enjoyed life very much good and bad. Love you all."

Happy Birthday, Grandma! We love you, too.

## SPEAKING OF

Sherry LaCoursiere

### ...I Can Hardly Wait

This is a poem I read that tickles me no end. I should wait and use it for one of my birthday columns, but since the "old" is creeping ever nearer, perhaps I shouldn't wait because, who knows, I may be wearing purple and red and spitting while sitting on the sidewalk by the time my next birthday rolls around.

I was going to tell you which parts I especially love, but every time I read it over I find there is no specific part that is better or pertains more to me. All of it sounds like me.

Doesn't it make growing old sound fun? Read it carefully and perhaps it will make you want to start practicing for old age right now, too.

Warning
*by Jenny Joseph*

"When I am an old woman
I shall wear purple with a red hat which doesn't go and doesn't suit me,
And I shall spend my pension on brandy and summer gloves
And satin sandals, and say we've no money for butter.
I shall sit down on the pavement when I'm tired
And gobble up samples in shops and press alarm bells
And run my stick along the public railings
And make up for the sobriety of my youth.
I shall go out in my slippers in the rain
And pick the flowers in other people's gardens
And learn to spit.
You can wear terrible shirts and grow more fat
And eat three pounds of sausages at a go
Or only bread and a pickle for a week
And hoard pens and pencils and beermats and things in boxes.
But now we must have clothes that keep us dry
And pay our rent and not swear in the street
And set a good example for the children.
We will have friends to dinner and read the papers.
But maybe I ought to practice a little now?
So people who know me are not too shocked and surprised
When suddenly I am old and start to wear purple."

## Zion church to observe Consecration Sunday

Members of Zion Lutheran Church in Thief River Falls will celebrate the congregation's life and ministry and consecrate themselves for its mission in the community and world Sunday, October 16, at 8:30 and 10:30 a.m. worship services.

Rev. Dick Kennedy, on the staff of the Northwestern Minnesota Synod of the Evangelical Lutheran Church in America, will be guest speaker for the event. An opportunity for members to submit an estimate of giving for the coming year will be a part of the worship services.

Prior to serving on the synod staff for the past three years, Rev. Kennedy served in the parish ministry for 27 years at Mountain Iron, Excelsior, Montevideo and Fergus Falls. His duties with the synod include stewardship, leadership support and evangelism as well as assisting in the call process.

"One of the reasons we liked this approach to stewardship is that it makes our financial commitment to the church an act of worship," states Rev. Dennis Raymond, senior pastor at Zion. "God Himself is the reason we give, and the worship setting helps us to remember that."

A catered "Celebration Brunch" will follow each serivce in the church fellowship hall for its members as a way of celebrating the church's unity in mission. If members have not turned in their reservations yet, they should contact the church office by Thursday noon.

## Area Advisory Council to meet Thursday

Informational meeting will be held by the Pennington County Area Advisory Council on Thursday, October 17, from 10 a.m. to 12 noon at the public library meeting room in Thief River Falls.

The council is working on achieving rights for people with disabilities in the Pennington county area. Refreshments will be served. Further information is available from Eva Hansen at 681-1403 or Dennis West at 1-800-726-3692.

SMOKE DETECTORS
inexpensive protection that can save your life!
JUNE 30

**Get full protection for your home and family**

Minimum protection requires a smoke detector outside each sleeping area and on every level of the home, including the basement. On floors without bedrooms, detectors should be installed in or near living areas: dens, living rooms, or family rooms. Install additional detectors inside bedrooms of any hearing-impaired family member. You can buy special smoke detectors for the hearing-impaired, which flash a light in addition to sounding an alarm.

For extra protection, install smoke detectors inside bedrooms and in dining rooms, furnace rooms, utility rooms, and hallways, but not in kitchens, bathrooms, garages, or unheated spaces, where cooking fumes, steam, and other vapors can cause nuisance alarms. If you sleep with your bedroom door closed, install a smoke detector inside the bedroom.

Smoke detectors give you precious time to escape from a fire. To make the best use of their warning, your entire family needs to plan and practice how to escape from a fire.

**Test your detector every month!**

One-quarter of the smoke detectors in American homes are not working — most often because their batteries are dead or missing.

Following the manufacturer's instructions, test your smoke detectors once a month. Remember: only a working smoke detector can protect you.

Install new batteries at least once a year. To help you remember, install new batteries when you change your clock in the fall, or on a birthday, holiday, or anniversary. If your battery-powered unit makes a "chirping" sound, replace the battery immediately.

Please: Never disable your smoke detector by "borrowing" batteries for other uses. A moment's convenience is not worth losing the constant protection of your smoke detectors.

Dust and cobwebs can reduce a smoke detector's sensitivity. Clean your smoke detectors according to the manufacturer's instructions. Never paint a smoke detector because paint could prevent smoke from reaching the sensor.

**If your detector gives "false alarms"**

A smoke detector can sometimes be set off by vapors from cooking or by steam. Try moving the smoke detector farther from the kitchen or bathroom, or turn on an exhaust fan. Cleaning your detector regularly, according to the manufacturer's directions, may also help.

If you still get "false alarms," install a new detector. Some models have a silencer mechanism.

**Install detectors properly**

Install your smoke detectors according to the manufacturer's instructions. Because smoke rises, mount detectors up high: on a wall 4 to 12 inches (10 to 30 cm) from the ceiling; or on the ceiling at least 4 inches (10 cm) from the nearest wall. In a room with a pitched ceiling, mount the detector on or near the ceiling's highest point.

In open stairways with no doors at the top or bottom, mount smoke detectors anywhere in the path that smoke will follow as it moves up the stairs. If there is a door at the top of the stairway, as with most basement stairways, position smoke detectors at the bottom of the stairway. (At the top of such a stairway

## PLAY IT SAFE LEARN TO PREVENT FIRES!

### FACTS ABOUT FIRE IN THE U.S.

Provided by the U.S. Fire Administration

**THE OVERALL PICTURE**
- The U.S. has one of the highest fire death rates, per capita, in the industrialized world.
- Approximately 5,700 people die in fires in this country annually, and another 29,000 civilians are injured.
- Approximately 100 firefighters die each year in duty related incidents.
- Each year fire usually kills more Americans than all natural disasters combined, including floods, hurricanes, tornadoes and earthquakes.
- Fire is the third leading cause of accidental death in the home; at least 70 percent of all fire deaths occur in residences.
- More than 2 million fires are reported each year; many others go unreported, causing additional injuries and property loss.
- Direct property loss due to fires is estimated at $8.5 billion annually.

**WHO IS MOST AT-RISK**
- Senior citizens are at the highest risk of being killed in a fire — more than double the average population.
- People under the age of 19 account for 25 percent of the annual fire deaths.
- Children under age five are at serious risk of being killed in a fire — nearly double the average population.
- About 25 percent of the fires that kill young children are started by children playing with fire.
- Fire deaths and injuries for men are nearly double those for women.

**WHERE FIRES OCCUR**
- The southeastern U.S. has the highest fire death rate per capita.
- Nearly 80 percent of all fatalities occur in the home. Of those, approximately 67 percent occur in single-family homes and duplexes.
- At least 785 fire deaths occur in apartments each year.
- About 80 people die in hotel/motel fires annually, with careless smoking as the leading cause of these deaths.

**WHAT CAUSES FIRES**
- Careless smoking is the leading cause of residential fire deaths. Smoke detectors and smolder-resistant bedding and upholstered furniture are significant fire deterrents.
- Arson is the second leading cause of residential fires and residential fire deaths; in commercial properties, arson is the major cause of deaths, injuries and dollar loss.
- Heating is the third leading cause of residential fire deaths. Heater fires are the leading cause of fire deaths in the southeastern U.S.; wood stoves are a serious problem in the northern U.S.
- Cooking is the leading cause of apartment fires and the second most frequent cause of single family residential fires. These fires often result from unattended cooking and human error, rather than mechanical failures of stoves or ovens.

**WHAT SAVES LIVES**
- A working smoke detector doubles a person's chance of surviving a fire.
- Approximately 90 percent of U.S. homes have at least one smoke detector.
- Nearly half the residential fires and three fifths of the residential fatalities occur in homes with no smoke detectors.
- Residential sprinklers have become more cost effective and can usually be installed for $.75 to $1.50 per square foot.

### WHAT YOU CAN DO TO PREVENT AND SURVIVE HOME FIRES. . .

A home fire safety checklist from the U.S. Fire Administration

**SMOKE DETECTORS**
- Install smoke detectors on every level, near bedrooms, in the garage and away from air vents.
- Test the batteries monthly and replace them at least once a year.

**PORTABLE HEATERS**
- Keep blankets, clothing, curtains, furniture and anything else that could get hot and catch fire away from portable heaters.
- Plug heaters directly into the wall socket and unplug them when they are not in use.

**SAFE COOKING PRACTICES**
- Keep items away from the stove that could catch fire, such as towels, clothing and curtains.
- Keep a fire extinguisher in the kitchen, and know when and how to use it.

**ELECTRICITY**
- Use safety plugs in electrical outlets, especially if you have small children
- Avoid overloading electrical outlets and running cords under carpet and furniture.

**SAFE SMOKING HABITS**
- Never smoke in bed.
- Keep matches and lighters away from children.

**FIRE ESCAPE DRILLS**
- Plan and practice a fire escape route from every room.
- Use a chain ladder to escape from upper levels and practice using it.
- Teach children not to hide from firefighters.
- Identify a place outside to meet in case of a fire.
- Know how to call for emergency assistance.

**USING YOUR ESCAPE PLAN**
- Crawl low, under the smoke, and keep your mouth covered.
- Feel closed doors with the back of your hand. If hot, use another exit. If not hot, open the door slowly and check for smoke and fire.
- Meet at the designated meeting place outside, then call for help — never return to a burning building.

## Seth Culkins, 15

Plummer — Seth Culkins, age 15, died Monday, October 10, in a motorcycle accident north of Plummer on Highway 59. Funeral services for Seth Culkins are pending with the Petterson Funeral Home of Red Lake Falls. A complete obituary will be in next week's edition of The Times.

Dear Readers,
When death occurs, advance funeral arrangements can help ease a grieving family through a very painful period. Knowing their loved one was able to express what he or she wanted during life removes the pressure of decision. It also gives the family a lasting peace of mind, knowing they have carried out the personal wishes of the deceased.
Respectfully,
Belmont Funeral Home

## Wilfred "Ole" Stephenson, 82

Goodridge — Wilfred "Ole" Stephenson, age 82, died Friday, October 7, at Hillcrest Nursing Home in Red Lake Falls.

Funeral services for Ole Stephenson were held Monday, October 10, at 2 p.m. at Faith Lutheran church in Goodridge with Revs. Robert Dahlen and John Mouritsen officiating. Margie Iverson played the organ. Congregational hymns were "Blessed Assurance" and "My Eyes Have Seen the Glory."

Casketbearers were Dayle Kainz, Raymond and Wallace Jones, Palmer Lovly, Oliver McEnelly, James Dahlen, Roy Anderson and Irving Easthouse. Interment was at the Goodridge cemetery with the Green Funeral Home in charge of arrangements. The Thief River Falls and Grygla VFW posts provided military honors.

Wilfred "Ole" Stephenson was born August 16, 1912, in Savannah, WA, the son of Julius and Hannah Wang Stephenson. He was baptized on October 6, 1912, at Zion Lutheran church in Silvana, WA. The family moved to Goodridge when he was a youngster and he was confirmed there and attended Goodridge schools. He moved to Canada and worked there for some time before returning to the United States.

He entered the United States Army on November 6, 1942, at Fort Snelling. He served in the European, African and Middle-Eastern theaters, earning a Bronze Battle Star, Good Conduct Ribbon and a Purple Heart. He was wounded in France on November 19, 1944, and was honorably discharged on July 5, 1945, at Percy Jones Hospital in Fort Custer, MI. After his discharge, he returned to Goodridge where he worked as a custodian at the school.

He was united in marriage to Lila Haugen on November 25, 1950, at Mavie, by Rev. Sabo. He later moved to the Iron Range and worked in the mines, then moved back to Goodridge and worked for the Goodridge Creamery. He came to work at the Goodridge school again and retired from the Goodridge School in 1981, after 18 years as a custodian.

He was a member of the Faith Lutheran church and the Thief River Falls VFW.

Survivors include his wife, Lila, Thief River Falls; a stepson, Ronnie (wife, Frieda) Haugen, North Little Rock, AR; five grandchildren, Kelly, Jimmy and Robert Haugen; Nancy Jo Fisher; and Rhonda Lynn Bowman; and four great-grandchildren.

He is also survived by a twin brother, Willard of Canby; two sisters, Edna Hawn of Rockford, IL, and Lillian (husband, Carl) Johnson of Largo, FL; a sister-in-law, Lillian Davis, and a niece, Bonnie Parr, both of Crookston; a special daughter, Delores Kainz of Goodridge; and a special friend, John Lovly of Goodridge.

Preceding him in death were his parents; his stepmother; six sisters, Ella Wright, Alma Hanson, Dora Stapelton, and triplets, Margaret, Marian and Marjorie; and six brothers, Roy, Sherman, Fred, Eddie, and twins, Sidney and Newman.

## Peter Schirrick, 100

Red Lake Falls — Peter Schirrick, age 100, of rural Red Lake Falls, died Saturday, October 8, at Villa St. Vincent Nursing Home in Crookston where he had resided since October 18, 1988.

Mass of Christian Burial for Peter Schirrick will be Wednesday, October 12, at 1:30 p.m. at St. Dorothy Catholic church in Dorothy with Rev. Gary LaMoine presiding. Special music was provided by St. Dorothy church choir with Polly Beyer as organist.

Visitation was scheduled Tuesday from 5 to 8 p.m. at the Petterson Funeral Home in Red Lake Falls with a prayer service and Knights of Columbus rosary recitation there that evening.

Casketbearers are grandsons of the deceased, Daniel, Thomas, David and Paul Schirrick; Scott and Perry Baatz; and Mark, Marty and Michael Peterson. Interment will be at St. Dorothy Catholic cemetery in Dorothy with the Petterson Funeral Home of Red Lake Falls in charge of arrangements.

Peter Schirrick was born April 28, 1894, in Wylie township, Red Lake county, the son of Frank Sr. and Mary Lozert Schirrick. He grew up and attended rural school in Wylie township.

He was united in marriage to Emma M. Whalen on August 2, 1926, at Oklee, and the couple farmed northwest of Red Lake Falls. They retired from farming in 1958 and continued to live on the home farm. Emma Schirrick died April 10, 1992.

He was founder of the Red Lake County Crop Improvement Association and director for 31 years. He was also director of the Red River Valley Crops and Soil Association for 30 years, Minnesota State Wheat King from 1941 to 1943, was awarded the Phillip W. Pillsbury Award for 3 years and the Red River Valley Master Crop Grower Award four times.

In 1943, he showed the reserve grand champion sample of wheat at the International Livestock Show in Chicago and won a major award at the Regina, Canada 1934 World Exhibition and Grain Conference. He brought the first combine into Red Lake county, helped organize the Farmers Union Oil Company of Red Lake Falls and was one of the original incorporators and first secretary and president for a time. He was an active member for 40 years and held the first share in the company and served as president and secretary of the organization.

He was director and officer of the Wylie Cooperative Elevator for 40 years, clerk of School District 124J for 27 years, assessor of Wylie township for four years and clerk of Wylie township for 14 years. He was a member of St. Dorothy's Catholic church.

Survivors include two sons, Joseph (wife, Dorothy), Dearborn, MI, and Donald (wife, Karen), Red Lake Falls; three daughters, Madonna Peterson, Bloomington, Cecilo (husband, Gerald) Baatz, Crookston, and Carol (husband, Karl) Laler, San Bruno, CA; 14 grandchildren; and 23 great-grandchildren; as well as several nieces and nephews.

Preceding him in death were his parents; his wife, a son, Peter Jr. in 1956; an infant daughter, Mary, at birth; four sisters, Mary, Annie (Sr. Everia), Martha (Sr. Francisca) and Agnes; and four brothers, Paul, Nick, John and Frank Jr.

## Otto Hemme, 90

Red Lake Falls — Otto Hemme, age 90, of Red Lake Falls, died Thursday, October 6, at Hillcrest Nursing Home in Red Lake Falls where he had resided since May 3, 1993.

A memorial service will be held for Otto Hemme at the Petterson Funeral Chapel in Red Lake Falls at 7:30 p.m. on Friday, October 14, with Rev. Gary Graff officiating. Special music will be provided by Rose Carriere, soloist, and Peggy Miller, organist.

Inurnment will be in Oak Grove cemetery in Red Lake Falls at a later date with the Petterson Funeral Home of Red Lake Falls in charge of arrangements.

Otto Frederick Hemme was born October 14, 1903, at Kleinensiel, Oldenburgh, Germany, the son of George and Johanna Ghmstde Hemme. He grew up and attended school in Germany, then came to Canada in 1927 and in 1931 to the United States and the Red Lake Falls area.

He worked as a farm laborer and in maintenance at the Red Lake Falls Liquor Store. He was very proud of becoming a United States citizen on May 6, 1954. He had lived at the Lincoln Hotel in Red Lake Falls prior to entering Hillcrest Nursing Home.

Memorials may be directed to Hillcrest Nursing Home, Red Lake Falls, and the Red Lake Falls Ambulance Service.

Survivors include distant relatives in Germany and many friends, including Ken Hagl and Kim Sletten, both of Red Lake Falls.

He was preceded in death by his parents and other relatives in Germany.

### ACTIVITIES

**Buying a Pumpkin**

You can make buying a pumpkin to carve and using the seed and pulp a real learning experience for your child. If at all possible, go to the place where the pumpkins are grown so the child can see the vines and the various sizes and shapes of the pumpkins. Let him or her look at and select the pumpkin. Discuss the color, shape and size of the pumpkins. Children may be surprised at the weight of the pumpkin. Then of course comes the excitement of actually opening the pumpkin and looking and feeling the seeds and the inside of the pumpkin. More on this subject next week.

### SCAVENGER HUNT

For next week's Activities feature, you will need a paper plate, orange paint, glue and dried pumpkin seeds.

### BOOK OF THE WEEK

The Thief River Falls public library invites you to browse through its new selection of children's books including the following:

Devlin, Wende and Harry. Cranberry Autumn. Grandmother sets upon an elaborate plan to earn extra money as school is starting and Maggie needs new clothes. Pandemonium breaks loose as the Cranberry Antique sale begins to take form!

Yolen, Jane. Honkers. Betsy will be staying with her grandparents while her mother has the new baby and she's determined not to get lonely. Betsy forms a special bond with three large goose eggs and by the time her new sibling is born, all three honkers have grown big enough to fly south for the winter.

### VIDEO VARIETY

**Dawn and the Haunted House.** Does Claudia's strange behavior have something to do with the old Slade House and the mysterious woman who lives there? The Babysitters Club comes to the rescue to help solve the Slade mystery.

**Don't forget to attend Storytime every Wednesday at 11:15 a.m.

### PARENTING TIPS

**Cooking with Kids**

It's hard to cook when a child wants your attention. Those 20-minute menus that some magazines advertise just don't include the extra 30 minutes it takes to do *anything* with a child (or two) "helping you." However the important thing is to remember that lots of positive things can happen while children help to cook. Here are some ways to make sharing the kitchen with your children real quality time.

- Let your child rinse raw vegetables and fruit
- Talk or sing about what you are doing as you do it
- Set aside some breakfast cereal for young children to pour into several containers
- If they are capable, have them mix ingredients in a bowl.

Whatever it is you have your child do to "help," remember that kitchen activities require constant supervision as many of them can be dangerous. We must also recognize that each of us as parents has a different level of tolerance. So choose activities that suit your level of tolerance as well as your child's level of ability.

### SOMETHING TO TALK ABOUT

As you work with your child, talk about what you are doing: "Let's wash the lettuce;" "The red apples are crisp;" or "Put one napkin onto each plate."

## Multi-County housing project discussed

About 30 individuals, representing various units of government, banks, schools, real estate offices, and private developers attended a meeting Thursday, October 6, at the Evergreen Eating Emporium in Thief River Falls to discuss a proposal to join a housing program through Northwest Minnesota Multi-County Housing and Redevelopment Authority.

Recently, the Thief River Falls city council addressed a letter to the Northwest Minnesota Multi-County Housing and Redevelopment Authority, expressing interest in a pooled housing program which utilizes Essential Function bonds.

Representatives of the housing and redevelopment authority were on hand to explain the program and answer any questions individuals in the audience might have.

Lee Meier of Mentor and the housing and redevelopment authority explained that they began looking at the program in 1990 and put an action team together in 1992. By January 1995, they expect to have completed construction of 347 units in 13 communities. All of these housing units were financed with the Essential Function bond.

Frank Dunbar of Dunbar Development explained the advantages of the Essential Function bonds — they are locally based and there is no need for state or federal authorization. He later explained that the legislature likes Essential Function bonds because there is no cost associated with it, each region receives housing, they do not generate additional property tax, and that if this program did not exist nothing would be built.

Northwest Multi-County Housing and Redevelopment Authority will own the buildings. A contractual arrangement with each city in the program outlines the city's responsibility for their units. Dunbar said that if a housing unit does not meet its operational expenses, the city has a "moral" obligation to find a source of revenue to pay for the shortfall. Cities involved in the program do not have an obligation to pay for any shortfall incurred by any other city's units. A contractual agreement would allow the transfer of property to the city after 30 years.

In response to a question from the audience, one of the presenters added that rent is determined by the market and the ability of the customer to pay. He said it will probably be near the top of the market rate so as not to hurt profit of apartment owners in the community.

Dunbar noted at the beginning of his presentation the importance of not over building, hurting the market and providing safe, sound and affordable housing. Income is based on rent, which pays the mortgage, operating expenses and a payment in lieu of taxes (PILOT), which equals five per cent of the rent. The housing authority has no profit objective.

Don Stewart, community development director, noted the possibility of three projects in Thief River Falls, possibly more that would meet the different needs addressed in an assessment of housing in the community completed over a year ago. Projects at the meeting which were discussed included: general occupancy housing which would be located near the two colleges, non-subsidized senior housing, and possibly a townhouse project. He explained that that would amount to 100 to 120 units.

## Class of 1985 will meet to plan 10-year reunion

Class of 1985 at Lincoln high school will have a 10-year class reunion June 23-25, 1995, and all class members are encouraged to make plans to attend. A letter will be sent to each class member in November.

Any classmates interested in helping to plan the event are invited to attend the reunion planning meetings held the second Tuesday of each month at 7:30 p.m. at the Best Western Inn. Everyone is welcome.

ASK YOUR LOCKSMITH
Questions And Answers

Q I found a deadbolt at a chain store for $9.95. Your deadbolt costs $25. What is the difference?

A Your professional locksmith has one advantage (in today's ever-competitive market place) over the rest of the retailers that are selling the same type of merchandise. That advantage is knowledge. The chain stores are in business to sell only. They do not have extensive knowledge about the product, its deficiencies or how to properly install it. If you have a question about a product, you more than likely won't be able to call the chain store where you bought it for service, because they have no knowledgeable person on staff to discuss your problem. However, they will gladly take it back and replace it, or refer you to the manufacturer for help.

The product your professional locksmith sells is the highest quality for your money. He can tell you the advantages of the products he sells, and steer you clear of a bad choice that you will ultimately regret. He has the knowledge to sell, install and service the security products that you might need or want. He places his reputation on the line with each and every product he sells. He wants you, his customer, to feel secure and to be happy with your purchase.

# Volunteers help open Challenger

Carol Ihle, volunteer coordinator for School District 564, has sent out more than 150 thank-you cards to volunteers who helped in many ways to support the opening of the new Challenger elementary and preschool building.

Ihle said that volunteer support has been so overwhelming in the district that she can't be surprised by the response any more.

"All you have to do is call and people come," she said, "but that just makes the volunteer program more exciting."

In regard to the challenges provided by the Challenger school opening for nearly 1,000 elementary students and additional preschoolers, Ihle said that volunteers were at work in the building even before the first day of classes.

"More than 50 volunteers served as orientation guides the weekend before the school opened for classes," she said, "but the previous week they were working with the kindergarten classrooms, mailing elementary handbooks, putting together student pin number tags for the school lunch program and sorting and distributing school supplies for staff."

Challenger school was constructed to join four elementary schools and the school district's several preschool programs into one location. When the doors opened for classes September 19, volunteers were ready.

"There were volunteers riding the new in-town bus routes, assisting bus drivers and student school patrol members, helping children off buses in the morning and back on at the end of the school day," Ihle said. "And at the end of the first week they topped it all off with home-baked brownies for the school bus drivers and treats for teachers and other school staff."

First grade teacher Carol Schmitz says the community participation evidenced through the volunteer program is wonderful.

"It's such a healthy thing for the children," she said. "As staff members we appreciate everything the volunteers do, and having a district that encourages the community to be a part of its schools is a benefit to everyone—most of all, to the students."

With the school year finally underway for all students, the volunteer effort will also return to a more traditional role, Ihle said.

"Teachers are sending in their needs assessments now, and we will start matching those with volunteers over the next couple of weeks. Volunteers have been working at Franklin school and at Lincoln high school since early September."

Parents should be watching for a flyer on volunteer opportunities and orientation times for volunteer training. These flyers will be sent home with students in the next few days.

Robyn Pream is one volunteer who says that from her perspective she is thrilled to be a part of the program. Pream has children in the elementary and middle school and has been active in the volunteer program for the past five years.

"Our family has grown up volunteering in the schools," she said. "I feel very privileged to be a part of all of this, especially the excitement of starting at Challenger this year."

Persons interested in becoming a part of the volunteer program in the local school district or wanting more information about volunteering are encouraged to call Carol Ihle at 681-8358.

## Blood drive at Digi-Key and Arctco results in 60 donors

Seventy-one people signed up to donate blood and 60 were able to give at the flood drive sponsored September 29 by Arctco, Inc., and and Digi-Key Corporation. Five of the donors gave blood for the first time.

Pam Cwikla of Arctco and Marie Finney of Digi-Key coordinated the drive. Others who assisted were Mrs. and Mrs. Emery Horien, Kay Nelson, Monte Haugen and Gerry Fraser.

Donations at the clinic will help meet the blood needs of many patients in the 46 area hospitals served by United Blood Services.

# Hundreds call state office about illness after eating ice cream

After receiving over 700 calls last weekend from people who reported becoming ill after eating ice cream products produced and distributed by Schwan's Home Food Service in Marshall, the Minnesota Department of Health (MDH) issued an advisory on Friday. The department of health followed up with a statement issued Monday afternoon.

As of Tuesday morning, Northwest Medical Center in Thief River Falls has not identified any confirmed cases of salmonella-related disease after eating the implicated ice cream.

Staff at the Pennington county nurse's office in Thief River Falls also said they had not received any calls about it and were not aware of any cases of sickness related to the eating of the ice cream.

The Minnesota department of health issued the following statement:

"Over 1,200 people have called the agency since Friday to report that they had become ill after eating Schwan's ice cream, or to express other concerns related to the outbreak.

"MDH believes that 312 of the callers had 'probable' cases of salmonella-related disease after eating the implicated ice cream products — based on the symptoms they reported to agency officials. Another 119 callers had what MDH regards as 'possible' cases of salmonella-related disease after eating the ice cream. In addition, 292 people in the families of the possible and probable salmonella cases also reported being ill after eating the ice cream, although there was not enough information available to place them in either the 'possible' or 'probable' category.

"The MDH laboratories have also now isolated Salmonella enteritidis from samples of the implicated ice cream products provided by people who became ill. Eighty laboratory confirmed cases of S. enteritidis — the type of bacteria implicated in the current outbreak — have been reported to MDH since the beginning of the outbreak on September 19.

"MDH issued an advisory on Friday recommending that consumers refrain from eating ice cream products produced and distributed by Schwan's, after agency investigators linked the products to an unusual number of S. enteritidis cases that had been reported in the state during late September and early October.

"All of the affected products were manufactured by Schwan's in the Marshall plant. Schwan's has halted production and distribution of products from the plant, and has initiated a voluntary recall of the affected products.

"Symptoms of salmonella-related disease can include nausea, vomiting, diarrhea, abdominal cramps and fever. People who are severely ill with these symptoms should consider seeing their physician or health care provider. Although therapy with antibiotics is not generally recommended for people with a salmonella infection, physicians may want to consider treating people who may be especially vulnerable to the effects of the disease — including the elderly, young children, and people with other underlying medical problems. A range of antibiotics has been tested on the strain of S. enteritidis implicated in the outbreak, and it is sensitive to all of them.

"Pregnant women should see a physician if they have had diarrhea after eating one of the implicated ice cream products, because there is some risk that the disease could be passed on to the infant during childbirth.

"Facilities that serve food to vulnerable groups — including hospitals, nursing homes and day care centers — should make a special effort to avoid serving ice cream products implicated in the outbreak, MDH officials emphasized. MDH is also cautioning food handlers who may have been ill in connection with this outbreak — or with any other potential food-borne disease — that they wait for at least three days after their symptoms go away before they return to work. While on the job, they should also be careful to wash their hands thoroughly before handling food."

The Minnesota department of health is still accepting calls from people who became ill after eating ice cream products implicated in the outbreak — or who have other concerns or questions about the outbreak. The new hotline phone number is (612) 627-3950, and is in operation from 9 a.m. to 5 p.m. on weekdays only.

# County board sets purple ribbon day

At its meeting Tuesday morning, Pennington county board of commissioners designated Wednesday, October 12, as Purple Ribbon Day to promote awareness of domestic violence in Pennington county.

The proclamation recognizes the combined effort of members of the Pennington County Domestic Violence Task Force toward obtaining a widespread zero tolerance attitude toward domestic violence among all people in this community. Residents of the community are encouraged to wear purple ribbons (available at the law enforcement center in Thief River Falls) on October 12 and the rest of the month as a symbol of their awareness.

The task force (1) provides a means of communication and education for those who have contact with victims of domestic violence and those who can influence social change; (2) enhances community education program development; and (3) works toward system change to more effectively meet the needs of victims of domestic violence.

The resolution points out that there is "a great concern within county government and among community groups for a violence-free community." The proclamation was signed by board chairman Ken Murphy and county auditor Ken Olson.

## Deadline is set for Main Street awards program

November 15 is the deadline for the Great American Main Street awards program designed to recognize the best downtown revitalization achievements in the nation.

Five entrants will be selected to win $5,000 awards to be used in further revitalizing their downtown business districts. Any municipality that is actively working on downtown renewal is eligible to enter.

Judging will be based on active involvement by public and private sectors, broad-based community support, overall success in boosting the downtown economy and adaptive use and preservation of key historic downtown buildings.

The program is co-sponsored by Edward D. Jones & Co. and the National Trust for Historic Preservation's National Main Street Center. Additional information is available from Regan Rohl at 681-8380.

## Irvin Hillyer retires from SIUC post

Irvin Hillyer, a native of the Thief River Falls community, was among 113 retiring faculty members honored recently at a banquet at Southern Illinois University at Carbondale (SIUC).

Hillyer officially retired Dec. 31, 1993, as a professor in plant and soil science after 37 years at SIUC. He joined the university as an assistant professor in 1956, was promoted to associate professor in 1964 and to professor in 1972. He served as acting chair of the plant and soil science department in 1972 and 1973.

Vegetable production, floriculture and chemical growth regulators, and greenhouse practices were Hillyer's specialties. He won the 1993 outstanding teacher of the year award from the College of Agriculture.

Hillyer has a bachelor's degree from North Dakota State University in Fargo in 1951, a master's degree at the University of Idaho in 1953 and a doctoral degree from Michigan State University in 1956.

# Bob Jablinske to run for Pennington county seat

Bob Jablinske

Bob Jablinske has announced his candidacy for Second District Pennington County Commissioner.

Jablinske is a lifetime resident of Pennington county and has been an employee of the city of Thief River Falls for 27 years. He has been the city's sanitation department superintendent for 13 years. Prior to working for the city he served in the United States Army for six years. He is also a 1958 graduate of Lincoln high school.

Jablinske and his wife Carolyn, have three daughters, Laurie (Randy Harger of Thief River Falls), Pam (Dale Toren of Thief River Falls), and Deb, (Jim Trantner of Thief River Falls).

SHOP LOCALLY

Kittson county residents Gayle Hanson and Donald Murray were recognized for service to the DFL party at a Senate District 1 DFL recognition dinner Saturday evening at the Best Western Inn of Thief River Falls.

Fran Stromberg of Pennington county received a service award from Senate District 1 DFL Saturday evening at the recognition dinner held at the Best Western Inn of Thief River Falls. Also a Pennington county recipient was Al Nichols, who has moved from this area and was unable to attend. Edith Etter accepted the award plaque for him. Stromberg and Nichols were both long-time DFL party workers in Pennington county.

# Property valuation short course here

University of Minnesota is offering its annual property valuation short course at several locations across the state later this fall, including an October 20 session in Thief River Falls.

The course provides updated information to assessors, fee appraisers, realtors, property owners and officers of city, county and township governments.

First-day sessions will take place at seven sites across Minnesota and will be held concurrently with the university's property tax seminar.

In addition to the Thief River Falls session October 20, other sessions will be October 18 in St. Cloud, October 19 in Grand Rapids, October 21 in Fergus Falls, October 26 in Rochester, October 27 in Mankato and October 28 in Marshall.

The first-day sessions provide continuing education credit for realtors and fee appraisers. Second and third-day sessions offer additional continuing education credit and provide assessors the opportunity to maintain their certification.

A course brochure that includes a registration form and information on second and third-day dates and locations is available. To obtain the brochure, contact the county assessor's office or county extension office or call University of Minnesota Extension Special Programs at 612-625-1214 or 1-800-367-5363.

# Home Heating Hazards

In 1993, 3,200 people died in home fires. These fires were most often caused by heating equipment, typically a result of problems with installation, maintenance or misuse. The National Safety Council offers these guidelines to keep your heating equipment working safely:

**Central heating:**

— The National Safety Council suggests that the best way to keep your central heating system operating safely is to check it annually and have the necessary work done by qualified people. Be sure to change or clean your filters regularly to avoid overtaxing the furnace.

**Solid fuel heaters:**

— Keep at least a three-foot clearance between any kind of heaters and walls or other objects. Solid fuel heaters, wood or coal, can be a fire and carbon monoxide poisoning hazard if not installed and maintained properly. After you've checked local fire codes, get professional help when installing any heater.

Clean the stove, flue and chimney connector at least once a year to reduce creosote buildup. Fireplaces need a screen covering the entire opening to catch sparks. Wood should be well-seasoned. Be especially careful not to let clothing get too near a flame or hot surface.

**Kerosene heaters:**

— Be sure to follow owner's manuals carefully. When you choose a portable kerosene heater be sure it's the proper size for the room. Open a window about one inch for ventilation.

Use only K-1 water-clear kerosene for heaters. Never store kerosene in a can used for gasoline or other flammable liquids. When you add fuel, take the heater or its tank outdoors. But never move a heater or add fuel when it's still hot.

**Electric heaters:**

— If your portable heater is electric, be sure it bears the UL (Underwriters Laboratories) or CSA (Canadian Standards Association) mark. Don't use an extension cord unless it's designed for the heavier power-load. Never use an electric heater in a damp or wet area.

Remember, you can keep your home heat-filled and heat safe.

Anderson. "I thought we tried hard, but everything seemed to move so fast. We really did a nice job with serve receive most of the night, and we had some nice vollays with them. But they really knew how to put it away."

The Prowlers struggled to set up an offense in scoring just one point in the first game. They went up briefly at 3-1 in Game 2, but were then out-scored 11-1. Win-E-Mac finished it off with by jumping out to a 10-2 lead in the final game.

There were a couple of bright spots to the Prowlers' play, according to Anderson. "When Sarah (Huschle) and Kelly (Skeim) got a hold of the ball, it was un-returnable," she pointed out. "It's nice to have that power. I just wish we could take advantage of it more."

In preliminary matches, Win-E-Mac was a 15-13, 15-5 junior varsity winner and a 15-8, 15-0 C squad winner.

Crookston defensive end Chris Parnow reached out and grabbed Thief River Falls runningback Nick Chiodo on this first quarter carry in Friday's high school football game. The Prowlers lost their 1994 homecoming contest 14-6.

# Pirates, mistakes stop TRF

## ■ Crookston beats error-prone Prowlers 14-6

Seven turnovers, including a 97-yard fumble return for a touchdown, beat Thief River Falls Friday as the Prowlers dropped a 14-6 Section 8A high school football decision to Crookston.

The Prowlers had turned the ball over on interceptions or fumbles just four times in winning three straight games coming into their 1994 homecoming contest. But they lost four fumbles and had three passes picked off against the rival Pirates. Nine penalties added to the Thief River Falls frustration.

Crookston didn't play perfect football, either, but two turnovers and six penalties didn't stop the Pirates from winning their third straight game.

Results left Crookston 4-2 and Thief River Falls 3-3, giving the Pirates the inside track on the No. 2 seed in the upcoming playoffs behind defending champion Detroit Lakes.

"They made fewer mistakes than we did," said Thief River Falls coach Jeff Mumm. "To turn the ball over like that is uncommon for us. To be playing error-free ball like we have been, and then to have this happen is tough to swallow. Maybe we were due for one of these."

The two teams combined for 10 penalties and six turnovers in the first half. The game started in a wind-driven drizzle and the field was slick from recent rains.

Crookston did reach the Thief River Falls 1-yard in the first quarter, but had an apparent touchdown on a quarterback sneak waved off because of a penalty, and then lost the ball on the next snap on an interception.

Thief River Falls' best shot at scoring came in the third quarter when an impressive march carried the Prowlers from their own 17 to the Crookston 2-yard line. But on the 14th play of the drive, the ball squirted free and was picked off in mid-air at the 3 by Jason Bailey. A wide-open field awaited the 6-2, 215-pound senior, who headed down the left sideline for a stunning tie-breaking touchdown. Alfredo Lopez added the conversion kick for a 7-0 lead with 1:25 left in the third quarter.

However, the Prowlers wasted little time in matching the Pirates' long-range score when Steve Burslie returned the ensuing kickoff 86 yards for a touchdown. He fielded the ball at his 14, broke through the middle and into the clear. It took him 12 seconds.

However, the Prowlers' two-point conversion attempt resulted in an incomplete pass, leaving them facing a 7-6 deficit.

Thief River Falls was in position to take the lead at the start of the fourth quarter when a 24-yard punt return by Burslie set up the Prowlers at the Crookston 36. They reached the 15 before quarterback Keith Anderson was intercepted by Bobby Shimpa in the end zone with 8:02 remaining.

"Any time we did something good, we would turn around and shoot ourselves in the foot," offered Mumm.

Thief River Falls' hopes of holding Crookston defensively to get a final shot on offense was zapped when Lopez broke through the middle and got to the outside on a 46-yard run to the Prowlers' 15 with three minutes to play.

Shimpa scored on a quarterback sneak from a yard out and Lopez added the kick for the eight-point edge with just 56 seconds showing.

Rather than risk another long return, the Pirates elected to squib the kickoff, giving the Prowlers possession at midfield.

That strategy might have been questioned when a 17-yard Anderson to Nick Chiodo pass on a fourth-and-six carried the Prowlers to the Crookston 23 with 15 seconds left, but the another interception by Shimpa – this one at the 5-yard line with eight seconds remaining – finished it off.

The Pirates had a slight 146-136 edge in rushing yards, but the Prowlers wound up with a 245-146 advantage in total yards as Anderson completed 9 of 18 passes for 109 yards. Shimpa was 0-for-5 in the passing department. Burslie caught 7 passes for 92 yards. Halsa led the ball carriers with 101 yards on 19 carries. Lopez' long run hiked his final stats to 75 yards on 10 carries.

"Nothing was really smooth for us all night," pointed out Mumm, who said the Prowlers were hurt by the absence of starting center Robby Farbo, a 6-4, 210-pound junior sidelined by a back problem. "It all starts with the center and quarterback," explained Mumm. "If they're not feeling comfortable with each other, it throws the timing off everything."

# Student trainer program in place

by Sports Editor Mike Lundgren

Nicole Burns, Stephanie Henney and Angela Judd are pioneers – the first participants in the new student trainer program being offered through Lincoln High School and the Thief River Falls sports medicine program.

The students assist and receive instructions from George Judd, a certified athletic trainer who provides service to athletes at both Lincoln and Northland.

Through the office of School District 564 Activities Director Lee Alger, the student trainer program will be recognized as a letter-winning opportunity for the participants.

"It's another avenue for kids to become involved in sports," said Judd, who is in his second year as the Thief River Falls sports trainer. "We hope it's a lot of fun for the kids, but it's not just a game. We hope they are learning. It's an opportunity to learn the grass-root level medical application to sports. And it would be neat if some of the kids went through the program and went into a health occupation profession, or into the teaching-coaching field."

Student trainers must learn first aid, be CPR-certified and complete study units to earn athletic letters. Participants log their hours and must approach the time that an athlete would be putting into a sport to collect the letter award. They learn how to tape ankles, give ice treatment, measure blood pressure, attend to blisters, study nutrition, and are instructed on handling injured players.

As the students advance in their on-the-job training, they will be given increased responsibilities, freeing time for Judd and the coaches to address other matters.

"We make sure they do not overstep their bounds on what they can and can not do," said Judd. "They can not evaluate injuries, but they can apply first aid and act as a liaison between the players, coaches and trainer."

Thief River Falls' athletic training and sports medicine program has been in place for a number of years. But the expansion and remodeling project currently being completed at Lincoln added a new, larger training room, and presented an opportunity to offer students the chance to become involved in athletic training.

Judd borrowed the idea from programs used at other schools. A meeting with prospective participants last spring put the wheels in motion. A pair of four-hour evening instructional sessions and an eight-hour Saturday presentation helped prepare the students for the venture.

The original meeting drew six potential candidates. While just three decided to be the program's charter members, Judd hopes that within two years, there will be 12 to 15 student trainer participants.

A second group of student trainers will be accepted later this fall, said Judd, who will make an announcement sometime after the MEA break concerning the sign-up for the program.

They will complete a three-part program. Level I is an introduction to athletic training. Level II will present hands-on work experience with the athletes. Level III will be more intensive training as the students advance past the "band-aid" stage and actually be assigned to serve a team on the road without the certified trainer on hand.

The program also includes completion of the 30-unit workbook and training room duties involving filing, documentation and the study of anatomy and kinesiology.

Student trainers have been used in the past at Northland, where regular classes are offered in the field of athletic training and students can enter the program through work-study opportunities. The college currently has three student trainers - Josh Stromlund, Roseau; Shawn Rominski, Stephen; and Barry Dowers, Thief River Falls.

The programs are similar, but the college students are given more responsibilities to handle situations when Judd is busy dividing his time between the two schools.

"It would be kind of neat if we would be able to tie the (LHS/NCC) programs together," said Judd, who is part of the Thief River Falls sports medicine team that also includes Dr. James Langland and physical therapist Bonnie Davidson.

"I look at injuries and decide, do I handle it here, or send it to a doctor?" explained Judd. Davidson will also offer injury evaluations, with Langland, or another physician, then treating the injury. Extended treatment might mean a visit to the physical therapy department where Davidson is stationed. Steve Young is director of the Northwest Medical Center physical therapy program.

Judd, Davidson and Langland meet each Monday to discuss the sports medicine program. Langland and/or Davidson join Judd on the sidelines at many Thief River Falls athletic events.

"I really enjoy working with them," said Judd. "It's been a real positive experience. The other doctors have also be very cooperative and very supportive."

While the public might catch a glimpse of Judd or the student trainers when they are called upon to treat an athlete injured during a contest, most of their work is done in the training room. A rush of athletes arrive soon after the final school bell sounds when there is a need for a quick tape job, ice application or injury evaluation before practice starts. Once those needs are addressed, another group of athletes are serviced – the ones who require rehabilitation and are likely sidelined from competition.

"It gets to be like a zoo in there right after school," said Judd. "Athletes generally have from 3 to 3:30 to get themselves taped, etc. before the start of practice. Often we'll have 15 kids in the room at one time."

Some of the student trainers are athletes themselves. The program can be scheduled around their sports seasons, noted Judd. "The kids seem to enjoy it," he said. "It's a good experience for them. They learn responsibility, and how to handle situations. I think it (student trainer concept) will grow through the continued growth of the sports medicine program. We've had a number of kids express interest in the program."

October is being observed as Physical Therapy Month nationwide. Local observance will feature an open house at the new Lincoln High School athletic training room Friday, Oct. 14, when the Prowlers host East Grand Forks in volleyball. Throughout the volleyball matches, coffee and cookies will be served in the training room, located down the Prowler Hall of Fame hallway near the auxiliary gym. Trainers will be on hand to answer questions about the program.

An open house is also scheduled at the Northwest Medical Center physical theraphy department Tuesday, Oct. 18, from 1 to 3 p.m.

Training room at Lincoln High School is a busy place as athletes report for tape jobs, ice applications or injury evaluation before practice starts. George Judd, a certified athletic trainer who serves School District 564 and Northland Community College, is pictured taping the ankle of one of the Prowlers during the after-school rush.

### Northland Community College football vs. Vermilion ...

# Division leaders meet in Ely

First place in the Northern Division will belong to the winner Thursday when Northland and Vermilion square off in a 6 p.m. Minnesota Community College Conference football game at Ely.

The two teams shared the Northern Division title a year ago; both are off to 2-0 starts in MCCC play this fall; and they have identical 3-2 records overall.

However, despite the similarities record-wise, the Ironmen rate the heavy favorite, according to Pioneers coach Gene Klinke. Currently ranked No. 2 in the MCCC coaches poll, Vermilion bounced back from season-opening setbacks at Fergus Falls and Normandale with wins over North Hennepin, Itasca and Brainerd. The Ironmen handled the Raiders in eye-opening 40-15 fashion last week, while the Pioneers were beating Itasca 24-13.

"We just hope we can stay on the field with them," said Klinke. "They have a ton of freshmen and a ton of talent. It just took them a while to get their offense in and rolling. We will need to play the best game we've played all year just to stay on the field with them."

While the Pioneers realize the formidable task awaiting them, Klinke isn't about to wave the white flag before his team gets off the bus. "They are not invincible," he said. "We were one of two teams to beat them last year, and they have lost a couple of games this year. We just have to go out and get the job done. We have to fine-tune some things and put together one good drive each quarter."

Northland will finish the regular season schedule with games Thursday, Oct. 20, at Hibbing and Thursday, Oct. 27, at home against Brainerd. Hibbing is winless, but lost a close 7-0 decision to Mesabi last week. Brainerd is 1-1 in the MCCC and a contender for one of the two Northern Division state playoff berths.

A Northland loss to Vermilion would not eliminate the Pioneers from the playoff picture, but it would put them into a must-win situation in their final two starts, pointed out Klinke.

# NCC hosts basketball clinic

Advance registration deadline is today (Oct. 12) for the second annual Northland Community College Basketball Coaches Clinic, scheduled to be held Saturday, Oct. 15.

Guest speakers will be on hand for the program, a joint effort by Northland men's basketball coach Mark Dannhoff, Northland women's basketball Rick Nikunen and Northland Athletic Director Rick Nelson.

Advanced registration fee is $15. Late registrations will be $20. The cost includes a noon luncheon at the college and a social at the Eagles following the completion of the clinic.

To register, or for additional information, contact Dannhoff, Nikunen or Nelson at Northland by calling 681-2181.

## Sports Boosters to meet on Thursday

Les Torgerson of the Northland Community College music department and Janett Aarness of the Northland theater department will be the guest speakers Thursday at the weekly 12-noon Thief River Falls Sports Boosters Club luncheon meeting at the Elks Club.

Thief River Falls defensive end Eric Bjorgaard (6) looked for running room after intercepting a Crookston pass at the goal line to end a first quarter scoring threat by the Pirates in Friday's high school football game at Prowler Field. Crookston's Ba Parkin (42) gave chase.

# Patriots post 3-0 volleyball win over TRF

Win-E-Mac breezed to a 15-1, 15-8, 15-4 high school volleyball win over Thief River Falls Monday in McIntosh.

The loss dropped the Prowlers 12-11. They close out regular season play with matches at home Friday vs. East Grand Forks and Tuesday against Fergus Falls.

"Win-E-Mac has a nice team," said Thief River Falls coach Helen

# Blue Devils knock off Argyle

The pass is usually not a big part of the Goodridge/Grygla-Gatzke offense. But with the Argyle defense stacked against the run, the Blue Devils went to the air Saturday to beat the Eagles 26-20 in Top of the State Conference high school football at Grygla.

The winners completed 7 of 13 pass attempts for 93 yards – high figures for a ground-orientated offense. Two of those completions went for touchdowns as the Blue Devils improved to 4-2 and kept their Section 4 Nine-Man playoff hopes alive.

"The kids played pretty well," said Goodridge/Grygla-Gatzke coach Darwin Hagen. "It was a big game for us. It's one we needed to have a chance at the playoffs."

Quarterback Brady Wiseth scored on a 1-yard run and tossed a 4-yard touchdown pass to Jamie Verbout as the Blue Devils played the Eagles to a 14-14 first half tie.

Kevin Warne added a 6-yard run and Trevor Kiesow completed a 15-yard halfback option pass to Jamie Lunsetter as Goodridge/Grygla-Gatzke went ahead 26-14 in the second half.

Ryan Anderson caught a 19-yard touchdown pass from Carl Adolphson with three minutes left to make it a six-point game, but the Eagles did not threaten the Blue Devils lead on a final possession opportunity.

The Goodridge/Grygla-Gatzke running game was limited to 155 yards on 47 attempts. Trevor Kiesow carried 16 times for 73 yards and Jim Verbout had 55 yards on 17 tries.

Defensively, Aaron Miller and Shaun Verbout were both credited with 10 tackles for the Blue Devils.

Goodridge/Grygla-Gatzke will visit East Grand Forks Sacred Heart Thursday and will finish the regular season with a Tuesday, Oct. 18, game against Stephen in Goodridge.

**Scoring**

| | 1 | 2 | 3 | 4 | T |
|---|---|---|---|---|---|
| Argyle | 8 | 0 | 6 | 6 | 20 |
| Goodridge/G-G | 8 | 0 | 6 | 12 | 26 |

G/G-G - Brady Wiseth, 1-yard run; Trevor Kiesow run.

Argyle - Carl Adolphson, 2-yard run; Ryan Rivard run.

G/G-G - Jamie Verbout, 4-yard pass from Wiseth; run failed.

Argyle - Adolphson, 25-yard run; kick failed.

G/G-G - Kevin Warne; 6-yard run; pass failed.

G/G-G - Jamie Lunsetter, 15-yard pass from Kiesow; run failed.

Argyle - Ryan Anderson, 19-yard pass from Adolphson; kick failed.

## Wolverines' losing streak ends at five

A 3-0 win over Kittson County North Saturday morning ended a Goodridge/Grygla-Gatzke losing streak at five as the Wolverines stopped the Cougars 15-10, 15-10, 17-15 at Grygla.

"They played really well," said Goodridge/Grygla-Gatzke coach Tina Rode. "They worked well together. They were pretty fired up."

Hitting by junior Deanna Kotrba led the Wolverines' offense, while senior Leah Vigen sparked the defense with her efforts in covering the floor, pointed out Rode.

Goodridge/Grygla-Gatzke is 3-12 for the year.

# Mustangs win 14-7 ball game

Red Lake County Central got plenty of yards and just enough points to come out a 14-7 high school football winner over Lake Park-Audubon Friday.

The Mustangs netted 273 yards on 39 running plays, including a 21-carry, 141-yard night by Eric Reinbold and a 15-carry, 129-yard effort by Scott Lorenson, but reached the end zone just twice.

That put more pressure on the Red Lake County Central defense, and the Mustangs, led by linebacker Brett Bishop, responded. Bishop, a 5-10, 180-pound sophomore, was in on 17 tackles. His supporting cast included 5-10, 200-pound senior Matt Kolstoe with six tackles and a blocked punt, along with 6-2, 170-pound junior Scott Waldal with six tackles, a fumble recovery and an interception.

"Defensively we played pretty well, especially in the second half when we turned it up a notch," said Red Lake County Central coach Gary Brantl. "Offensively we moved the ball, but we would have liked to have scored more points."

The Mustangs finished off a first quarter drive with a 1-yard quarterback sneak by Bryce Huotari to go ahead 6-0.

A fumble recovery and return that carried the ball to the Red Lake County Central 14-yard line led to a 4-yard touchdown run by David Conrad of Lake Park-Audubon with just 33 seconds left in the first half. A Ryan Sunrum kick made it 7-6.

It stayed that way until Lorenson broke away on a 44-yard touchdown run with just under six minutes remaining in the game. A two-point conversion pass from Huotari to J.J. Johnson completed the scoring.

The 4-2 Mustangs will meet Warren-Alvarado-Oslo Friday in a 7:30 p.m. homecoming game at Oklee. They close out the regular season Wednesday, Oct. 19, in Red Lake Falls. Red Lake County Central and Warren-Alvarado-Oslo, along with Badger/Greenbush-Middle River, share third place in the Valley Plains Conference behind 6-0 Hawley and 5-1 Red Lake Falls.

# Gators 4-2 after 34-0 romp over Fertile-Beltrami

Badger/Greenbush-Middle River out-gained Fertile-Beltrami 255-53 and out-scored the Falcons 34-0 in Friday high school football.

Ross Waage had a 31-carry, 146-yard game for the Gators, who improved their record to 4-2 – good for a third place tie with Red Lake County Central and Warren-Alvarado-Oslo in the 10-team league that is headed by 6-0 Hawley and 5-1 Red Lake Falls.

The Gators will tackle the front-running Nuggets Friday at 7:30 p.m. in Hawley before closing out regular season play with a Wednesday, Oct. 19, game against Fosston in Middle River.

With Waage leading the way, Badger/Greenbush-Middle River out-rushed Fertile-Beltrami 188-48. Chris Haarstick was 3-for-5 passing for 67 yards, while the Falcons added just five passing yards to their offensive total.

The Gators failed to get on the board in the first quarter, but had a 14-0 halftime lead on a 3-yard run by Waage, a 37-yard pass from Haarstick to Richie Berger, and two Heiko Stehle conversion kicks.

Waage, Josh Kujava and Mike Halvorson added second half touchdown runs for the winners.

# Prowlers take on Otters Thursday

Looking to rebound from a 14-6 Friday loss to Crookston, Thief River Falls will take on Fergus Falls Thursday in a 7 p.m. Section 8A high school football game at Prowler Field.

The Otters are just 1-4 this fall, but the win was a shocker – a 29-27 decision over two-time defending Class A state champion Detroit Lakes, ending the Lakers' 31-game winning streak.

Fergus Falls then turned around and lost a 13-7 double-overtime game to previously winless East Grand Forks Friday.

The earlier Fergus Falls losses came at the hands of Alexandria 41-7, Orono 14-13 and Crookston 34-0. The Otters had an open date in Week 3.

Thief River Falls, after losing to Detroit Lakes 21-8 and Alexandria 32-20 to start the year, looked impressive in beating Wadena-Deer Creek 40-12, Staples-Motley 54-20 and Park Rapids Area 34-0 before stumbling against Crookston. The Prowlers will close out regular season play Wednesday, Oct. 19, at home against East Grand Forks.

Six of the 10 Section 8A teams will be involved in post-season play – based on a seeding vote by the coaches – beginning with a pair of first round games Tuesday, Oct. 20. Semifinals will be played Saturday, Oct. 29. Those games will be played at the site of the higher seeded teams. The Thursday, Nov. 3, Section 8A finals will be played at the Fargo Dome.

In other head-to-head games involving Section 8A teams last week, Detroit Lakes shut out Park Rapids Area 20-0 and Staples-Motley handled Wadena-Deer Creek 41-0.

# North Sub-Section 8AA tennis match-ups listed

North Sub-Section 8AA girls high school tennis tournament team competition was scheduled to be held today (Wednesday) at the Grand Forks Racquetball & Tennis Centre.

Individual portion of the tournament will be held Thursday. Championship team, along with the top four finishers in the singles and doubles competition, will advance to the Section 8AA tournament Oct. 18-19 back at the Racquetball & Tennis Centre.

Alexandria drew the No. 1 seed in the team competition, followed by No. 2 Detroit Lakes, No. 3 Moorhead, No. 4 Bemidji, No. 5 Thief River Falls, and No. 6 Fergus Falls.

Ruth Rhoades of Detroit Lakes is the No. 1 seed in the singles portion of the tournament, while Joy Halstead and Carrie Diffley of Bemidji were seeded No. 1 in doubles.

Thief River Falls' singles entries will be No. 5-seeded Bobbi Dahlstrom and Jami Fremstad. In doubles, the Prowlers will have No. 4-seeded Kamie Twomey-Tiffany Brouse and No. 5-seeded Anne Padilla-Shari Evenson.

**North Sub-Section 8AA Team**

- First round - Thief River Falls vs. Bemidji, 8 a.m.; Fergus Falls vs. Moorhead, 10:30 a.m.
- Semifinals - Thief River Falls or Bemidji vs. Alexandria, 12-noon; Fergus Falls or Moorhead vs. Detroit Lakes, 1:30 p.m.
- Finals - 3:30 p.m.

**North Sub-Section 8AA Singles**

- First round Upper Bracket - 1. Ruth Rhoades (Detroit Lakes) vs. bye; Tanye Wright (Alexandria) vs. Lyndal Harworth (Fergus Falls); 5. Bobbi Dahlstrom (TRF) vs. Summer Robertson (Bemidji); 4. Ning Ning Chen (Moorhead) vs. bye.
- First round Lower Bracket - 3. Erica Nansen (Detroit Lakes) vs. bye; 8. Susie Schierer (Fergus Falls) vs. Jami Fremstad (TRF); Patty Pemble (Moorhead) vs. Melissa Edman (Bemidji); 2. Julie Vanyo (Alexandria) vs. bye.

**North Sub-Section 8AA Doubles**

- First round Upper Bracket - 1. Halstead-Diffley (Bemidji) vs. bye; Hegg-Nansen (Detroit Lakes) vs. Husky-Vaughn (Fergus Falls); Melchert-Dickey (Alexandria) vs. 6. McGillverary-Broten (Moorhead); 4. Twomey-Brouse (Thief River Falls) vs. bye.
- First round Lower Bracket - Rundle-Beckerman (Detroit Lakes) vs. bye; 5. Padilla-Evenson (TRF) vs. DeBrito-Abramson (Fergus Falls); Verrano-Passon (Moorhead) vs. Saufferer-Tank (Bemidji); 2. Smidt-Shogren (Alexandria) vs. bye.

# EGF takes RLCC title

Championship match-up between two of the top teams in Section 8A highlighted Saturday's Red Lake County Central Invitational high school volleyball tournament as East Grand Forks edged Climax/Fisher 13-15, 15-9, 16-14.

Matches were played at both Oklee and Plummer.

Host Mustangs finished 0-4 with round-robin pool play losses to East Grand Forks, Lake Park-Audubon and Norman County West, plus a seventh place match defeat at the hands of Clearbrook-Gonvick-Trail.

"We played well at times, but not for a whole match," reported Red Lake County Central coach Nancy Bray. "Serving hurt us."

**Tournament Results**

- Pool play at Plummer - East Grand Forks def. Red Lake County Central 15-3, 15-5; Norman County West def. Lake Park-Audubon 15-5, 13-15, 15-11; East Grand Forks def. # TRF swimmers lose to Moorhead 111-75

Moorhead was a 111-75 winner over Thief River Falls Thursday in girls high school swimming, but the visiting Prowlers still had their moments, according to coach Ryan Lokken.

Theresa Glauque had a hand in three of the four Thief River Falls first place finishes, winning the 100 and 200 freestyle while swimming a leg on the victorious 200 freestyle relay that also included Nicole Kopari, Becky Harger and Sunny Carlson.

The Prowlers' Jennifer Olin remained unbeaten in diving.

Lokken said that Harger had a strong meet and Kopari turned in an impressive time in the 500-yard freestyle – an event she normally doesn't swim.

## Youth Hockey

**TRFAHA Registration**

Players who did not have a chance to sign up for the 1994-95 Thief River Falls Amateur Hockey Association program Thursday at the skate exchange should register as soon as possible by calling Ron Novak at 681-3959.

**Prowler Clinic**

Annual Prowler Hockey Clinic will begin for Bantams and Pee-Wees Saturday, Oct. 22, at the Old Arena.

Players who have not yet registered for the clinic can do so by contacting Ron Novak at 681-3959.

Clinic dates, times and groups will be published next week.

**Referees**

Anyone interesting in serving as a youth hockey referee should contact either Ron Novak at 681-3959, or Roger Meunier at 681-2648.

All referees must attend a clinic, scheduled to be held Sunday, Oct. 23, in Thief River Falls.

**Coaches**

Coaches are needed in the TRFAHA program. Those interested in coaching youth hockey are asked to call Ron Novak at 681-3959.

**TRFAHA Meeting**

Monthly Thief River Falls Amateur Hockey Association general membership meeting will be held Monday, Oct. 17, at 7 p.m. in the Lincoln High School cafeteria.

Discussion of the 1994-95 schedules, tournaments, coaches, and fund-raising projects will be part of the meeting agenda.

**Old Arena Opening**

Old Arena will open Thursday, Oct. 20. Public skating and open hockey sessions will be offered.

**Coaches Meetings**

Meetings for coaches in the TRFAHA Bantam, Pee-Wee, Squirt, and 7-8-year-old programs will be held at Franklin Middle School Room 275.

The meeting schedule includes Bantams and Pee-Wees Wednesday, Oct. 12 at 8 p.m.; Squirts Tuesday, Oct. 18, at 7 p.m.; 7-8-year-olds Thursday, Oct. 27, at 7 p.m.

Coaches in the 6-under program will meet Thursday, Oct. 20, at 7:30 p.m. in the city auditorium.

**6-Under Program Meeting**

A meeting for parents of players involved in the TRFAHA 6-under program will be held Thursday, Oct. 20, at 6:30 p.m. in the basement meeting room of the city auditorium.

While the parents are meeting, the players will have an opportunity

# Several thefts reported to law enforcement

Law enforcement officials responded to several reports of theft during the past week in Pennington county.

**Thefts.** On September 26 a person reported that someone took some items from his apartment at Thief River Hotel. Through an investigation, it was learned that the complainant had allegedly sold one of the items, a refrigerator, which did not belong to him. The person who bought it did not know it was stolen. A citation has been issued to Bruce Arthur Fritz, Thief River Falls, for theft and making a false police report. A citation was issued to Katherine Marie Baum, Thief River Falls, 31, for aiding in a theft.

On October 5 at 1:05 p.m. Franklin Middle School personnel reported a theft that happened sometime over the summer. Items taken had been stored in the wood shop during remodeling. Missing is a VHS Palmcorder, a regular Camcorder and two microphones. The theft loss was estimated at $2,060.

On October 7 Hugo's employees reported catching a shoplifter. A 14-year-old female from Thief River Falls faces a charge of theft.

On October 8 at 5:08 p.m. Jared Goldesberry, Thief River Falls, reported the theft of a book bag containing books, and binder. The total theft loss was estimated at $130.

On October 9 at 9:56 a.m. police received an anonymous call. He reported that a car stolen from Roseau was parked in Riverview trailer park. A 1991 red Pontiac Bonneville with a Redlake license plate was found in the trailer park. A window was broken, and the vehicle had been missing from Warroad. It was owned by Alan English of Redlake. Items were missing from the vehicle.

On October 10 at 5:45 p.m. a local resident reported their residence had been burglarized sometime since October 7. A door was forced open causing damage to the door and frame. Taken was a sum of money. A smaller amount of money was noticed missing on a previous occasion. The total loss is estimated at $150. The damage loss is estimated at $275. The incident is under investigation.

On October 10 at 6:35 p.m. Kyle Golby, Maple Lake, reported the theft of his wallet from a locker at Northland Community College. It contained credit cards, identification, and about $270 in cash.

The Pennington county sheriff's department has issued citations for issuance of worthless checks to the following individuals: (amounts listed include fees) Corey Lee Armstrong, 20, Thief River Falls, $140; Douglas Roger Maize, 33, Thief River Falls, $340.16; Jeremiah Clifford Waldner, 34, Grand Forks, ND, $101; Greg Lee Boulduc, 34, Grand Forks, ND, $120; Duane Emil Hagmun, 18, Thief River Falls, $46.50; Kieron Earl Brown, 28, Fosston, $137.67; Debra Jo Bobach, 30, Thief River Falls, $102.63; Tonia Lee Larson, 34, Thief River Falls, $90.

On October 7 at 9:20 p.m. the school district reported the theft of six gallon jugs of toilet bowl cleaner and a large fire extinguisher from a janitor's cart at Lincoln high school. The toilet bowl cleaner was later located in an abandoned locker. The fire extinguisher valued at $250 is still missing.

On October 9 at 9:06 a.m. Kathleen Bowen, Rosenburg, TX, reported that sometime overnight her cellular phone was taken from her car which was parked on Greenwood Street. The vehicle was locked. The theft loss was estimated at $300.

On October 10 at 2:44 p.m. a local resident reported food stamps didn't arrive. The value was estimated at $115.

**Accidents.** On October 4 at 7:40 p.m. police received a report of an accident at Pennington Square. A vehicle driven by Timothy James Davis, Thief River Falls, was facing east in the parking lot when Davis accidentally stepped on the gas and the vehicle hit the building. Damage to the building was estimated at $10,000. Damage to the car was estimated at $25.

On October 9 at 9 p.m. the sheriff's department received a report of a bear and car accident one and one-half miles south of State Aid 3 on County road 27. According to the accident report, Judith Aileen Blomberg, Aitkin, was driving a 1986 Buick LeSabre on County road 27 when the vehicle struck a bear in the roadway. Damage to the vehicle was estimated at $3,500.

**Consumption under age.** On October 6 at 11:45 p.m. a police officer on patrol on Highway 1 East, stopped a vehicle for a traffic violation and one of the occupants was found to have been drinking alcohol. A 16-year-old girl from Thief River Falls, was cited for consumption under age. The driver, Troy Dean Anderson, 18, Thief River Falls, was charged for allowing an open bottle.

On October 7 at 7:13 p.m. police received a report of a youth consuming alcohol at the football field bathroom. Daniel Montague, 19, Crookston, was cited for consumption under age.

On October 8 at 11:55 p.m. the sheriff's department responded to an incident at the Highlanding Dance Hall. A 16-year-old boy and two 15-year-old boys were cited for consumption under age.

**Assault.** On October 8 at 3:30 p.m. police received a report of an assault at the Eagles. A suspect allegedly threatened and assaulted a man by grabbing him by the throat. A citation was issued to Todd Richard Jon Petersen, 34, Thief River Falls, for fifth degree assault.

On October 8 at 2:09 a.m. the sheriff's department received a report of a domestic incident at a residence in St. Hilaire. Shawn Francis Livingston, 33, Goodridge, was cited for fifth degree assault. A woman who alleged she had been struck did not require hospitalization.

**Public nuisance.** On October 9 at 2:18 a.m. police received a report of a loud stereo on East First Street. A citation was issued to Jay Asp for permitting a public nuisance.

**Vandalism.** On October 10 at 3:48 p.m. police received a report of damage to the rear of the Kountry Fried Chicken building and an air conditioning unit. Someone threw paint on the wall and into the air conditioning unit.

# Vaccinations for flu available at three area sites

To make vaccination against the flu more accessible to area residents, Pine to Prairie Home Health Care will be providing flu immunization at various sites in the area. The vaccinations will be available to anyone of any age.

For those eligible, Medicare B and Medical Assistance will be billed for the vaccination. Participants in these programs must remember to bring their Medicare or Medical Assistance cards and an insurance identification number with them. For others, a fee of $10 will be charged.

Immunizations will be offered on the following schedule:

- On Wednesdays during the free blood pressure and blood sugar clinics between 8 and 10:30 a.m. at the Pine to Prairie office at the Falls Mall in Thief River Falls;
- At the community center in Grygla October 26 from 12:30 to 2:30 p.m.; and
- At the Heritage Community Center in Thief River Falls October 27 between 10:30 and 11:30 a.m.

For more information, or to make an appointment, contact Pine to Prairie Home Health Care at 681-8332 or stop by the office in the Falls Mall.

While influenza with its fever, chills, headache, dry cough and/or muscle ache is generally only a nuisance for most individuals, there is an increased risk for the elderly and people with diabetes or lung, heart or kidney diseases. These are the people who many doctors recommend receive flu vaccine.

It is recommended that children under the age of three years and women who are pregnant should consult with their family physician prior to getting the flu vaccine.

Anyone who is allergic to eggs, chickens, chicken feathers or chicken dander should not receive the flu vaccine without consulting their physicians in advance. Individuals should also consult their doctors if they have received another type of vaccine within 14 days and the vaccine will not be administered to anyone with a fever.

Injection of the flu vaccine will not give an individual the flu. The vaccine is manufactured from killed viruses, which are selected by the Office of Biologics, Food and Drug Administration and the Public Health Service.

Side effects of the flu vaccine are generally mild in adults and occur at a low frequency. These reactions may include tenderness at the injection site, fever, chills, headaches or muscular aches. Generally, these symptoms disappear within 48 hours.

The Steel Bandits will present the first concert of the 1994-95 season for the Thief River Falls Concert Association Tuesday, October 18, at 7:30 p.m. in the Lincoln high school auditorium. The group includes seven youngsters adopted off the streets of New York City by Joe and Inez George. Their music is centered around an array of steel drums, but the Bandits also perform on a variety of instruments, sing and dance in a family oriented show.

# Transportation issues discussed at meetings

To better identify the region's transportation needs, the Northwest Regional Development Commission's Transportation Advisory Committee has scheduled two meetings to gather input on state trunk highway, transit, air, rail, bridge and other needs throughout the region.

First of the meetings will be held Wednesday, October 19, at 7 p.m. in the Golden Link Community Center in Crookston for Kittson, Marshall and Roseau counties.

Second meeting will be Wednesday, October 26, at 7 p.m. in the multi-purpose senior center in Karlstad for Norman, Red Lake, Pennington and Polk counties.

As the need for transportation dollars continues to outpace revenues available, it becomes increasingly important to target the limited funding to transportation projects which will best serve the region's needs, according to Steve Lorch of the NWRDC transportation office.

The NWRDC Transportation Advisory Committee will review the input provided to it and make recommendations to the Minnesota Department of Transportation regarding improvement priorities in the region as a result of the two meetings. Considering the time required to actually get a project worked on, it is important that local concerns on particular transportation projects be presented at these meetings, Lorch said.

Officials from District 2 of the Minnesota Department of Transportation will be on hand at these meetings to discuss the Areawide Transportation Partnership (ATP) which has been created statewide in order to make transportation funding decisions at the local level. This is part of the implementation of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 which emphasizes cooperation among all modes and all state and local transportation interests.

For further information, answers to questions about these public meetings, special accommodation needs or to request an auxiliary aid, contact Steve Lorch at the NWRDC offices in Thief River Falls or call him at 218-681-2637.

Kenneth Christian Treitlins, 25, St. Hilaire, was killed in an accident sometime between 11:30 p.m. on Friday and Sunday morning when his vehicle was found submerged in the Red Lake river one-third of a mile east of Highway 32 on State Aid 3. The vehicle was apparently west bound when it left a bridge and plunged into the river.

# Manufacturing week declared

## About 2,000 people in county work for Manufacturing firms

Approximately 2,000 people in Pennington county are employed by manufacturing companies, according to information provided by the Minnesota Department of Trade and Economic Development.

The week of October 17-21 has been declared as Manufacturer's week in Thief River Falls. Joining the resolution were the Thief River Falls Chamber of commerce and Jobs Inc.

Manufacturing has the largest total payroll of any business sector in Minnesota, providing $12 billion in wages, the second highest average wage. It produced $21 billion for the state economy and is the largest single share (22 per cent) of the state's gross product. In addition, manufacturing exports brought almost $7 billion into the Minnesota economy in 1993, and provided high skill, high wage jobs, which significantly contribute to Minnesota's high standard of living and economic vitality. Last year, manufacturing contributed nearly $54 million more in corporate income taxes than any other business sector.

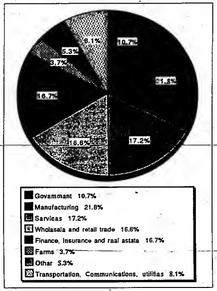
One in five workers in the state is employed in manufacturing. Manufacturing ranked as Minnesota's third largest employing sector in 1991, behind wholesale and retail trade (26 per cent) and services (25 per cent).

Manufacturing was the state's third highest paying industry in 1992, with an average annual wage per employee of $33,140.

Of the 20,300 net gain in manufacturing jobs from 1987 to 1992, 19,000 were located in greater Minnesota; only 1,300 were located in the Twin Cities metro area.

Manufacturers contributing to this success include 32 firms in Pennington county: Amundgaard's Sausage, Aretco and Arcticwear Inc. Borsheim Printing, Bridgeman's, Brown Manufacturing, Doug's Inc. Ericco Tool and Manu-

(Continued on Page 2)



The biggest slice of Minnesota's economic pie comes from Manufacturing. Manufacturing companies employ nearly one out of every five off-farm workers in Minnesota, or about 400,000 people. It has the largest total payroll of any industry in Minnesota, produces $21.8 billion worth of goods for the economy, brought $7 billion into the state in 1993, and contributes more than $141 million to the state's coffers.

# Max Grivno reenacts Civil War experience for students

David Hill
Associate Editor

Civil War history became flesh and blood for students in a Civil War and Reconstruction class at Northland Community College in Thief River Falls Monday.

Max Grivno of Crookston has taken his interest in history and the Civil War about as far as he can take it without actually turning back time. His activities include dressing up in period uniform of a private in the 1st Minnesota Infantry and giving presentations across the state.

Max said his interest in Civil War reconstruction begun after watching a television series on the Civil War. Since watching that show three years ago he has obtained a uniform, become a member of a society dedicated to reconstruction of the Civil War and has probably given more than 100 presentations. He has also participated in re-enactments of different battles.

Grivno addressed students in the Civil War and Reconstruction class at Northland as a private in the 1st Minnesota Infantry and any questions were answered as if he was still living in that time period.

In this scenario, Grivno, a patriotic member of The Wide Awake Club and supporter of Abe Lincoln and the Republicans, was a student at Hamline University when war broke out. He volunteered to serve with the Union and became one of 1,000 men in Minnesota to be the first to sign up for a three-year stint in 1861 when on April 15, Lincoln called on 75,000 volunteers to suppress Southerners rebellious "combinations too powerful to be suppressed by the ordinary course of judicial proceedings."

Grivno explained everything he went through when he joined up and some of his experiences on the battlefield. He explained that physicals at their induction consisted of a tap on the back, a look in the mouth to see if they still had all their teeth, and a few questions. Equipment consisted of shoes or Brogens, which came in sizes too big, too small or didn't fit; sky blue wool trousers; a horse collar, which consisted of a blanket, shelter tent, extra clothing and a poncho wrapped around one shoulder; a fatigue jacket; cotton shirt; identification tag; tin canteen; a haver sack, which consisted of a cotton bag painted black and which carried a coffee pot, fry pan, salt pork, hard tack and rice; and a British Enfield rifle.

Grivno said that as a private in the 1st Minnesota Infantry he thought the war would be over soon. Upon "Seeing the Elephant", a slung term for first battlefield experience, which was the Battle of Bull Run, Grivno's impression of war changed dramatically. "It was a disaster," Grivno said. The 1st Minnesota Infantry served as a rear guard and was not caught up in the hurried and disorganized retreat, but did lose 140 men.

Grivno explained that the 1st Minnesota Infantry fought in just about every major battle and by 1863 there were only 300 men left in the 1st Minnesota Infantry. In the Spring of 1863 they fought in the Gettysburg campaign. During that battle, 262 men of the Minnesota were ordered to charge about 1,600 Johnnies or Confederate soldiers who had broken through some lines. About half of those men remained after a fusillade 100 yards into their charge, and only 47 after they had slowed the Johnnies and reinforcements had plugged up holes in the lines. Shortly after this battle, they participated in Picket's Charge.

Not much was left of the 1st Minnesota Infantry, and after their three-year stint they returned to Minnesota. Grivno noted that it took two trains to bring the 1st Minnesota Infantry to the battle-

Battlefield placement of troops during the Civil War were diagramed by Max Grivno of Crookston who gave a presentation at Northland Community College on Monday.

# Okiee girl dies after jumping from parade float

Adeline Benine Chervestad, 12, Oklee, was killed Friday, October 14, when she jumped off a parade float and was run over.

Red Lake county sheriff's department received a report of the accident in Oklee at 2:06 p.m. According to the accident report, Chervestad was riding on a float with her Seventh grade class. The float was making a u-turn when she jumped off the float to get some candy and was run over by the float, which was driven by Chad Donald Parsley, 21, Oklee. Chervestad was taken to Northwest Medical Center in Thief River Falls by Oklee ambulance where she was later pronounced dead. She is the daughter of Korydon and Carol Chervestad of rural Oklee.

# Northland Theatre department to present "Count Dracula"

## Saturday's performance to be interpreted for the deaf

Northland Community College's theater department will present Ted Tiller's comedy/drama "Count Dracula" October 27, 28 and 29 at 8 p.m., and October 30 at 2 p.m. Saturday evening's performance will be interpreted for the deaf.

Cast members include: Patti Risdal, Judy Whaley, Dan Bartsch, Timothy Holmseth, John Doppler, Tyler Anderson, and Mitch Scramstad, all of Thief River Falls. Also, Lynn Van Emmerik of Red Lake Falls, and Charmin Coulombe of Roseau. Crew members include: Robin Routier, Dawn Schindler, Eddie Jones, John Shebold, Joe Gordon, Jason Abington, Carlene Jadmy, Lucy Myers, Mandi Halvorson, and Lynda Smith.

"Count Dracula" is based on Bram Stoker's novel "Dracula" and is set in Dr. Seward's Asylum for the Insane, north of London, in the 1930s. The play is a witty version of the story of a suave vampire whose passion is sinking his teeth into the throats of young women. His latest victim, Mina, is the lovely young ward of the keeper of the insane asylum outside of London, where the terrifying action takes place. The story is complicated by the arrival of Mina's fiance, by a visiting professor who tries to fight the vampire, by a sherry-tippling sister, and by an asylum inmate who is in league with the vampire. Two loyal attendants try to keep the asylum running while all around them is chaos. The play involves mysterious disappearances, secret panels, flying bats, spooky mists, and lots of scary fun.

For ticket information, contact play director Janet Haak Aarness at 681-2181. Tickets go on sale October 17 at Northland Community College. Prices are $5 for adults, $4 for senior citizens and K-12, and free for Northland Community College and Technical College students, faculty, and staff. Children under 5 are not admitted.

## Two taken to Hospital after accident

Two people were airlifted to United Hospital following an accident five and one-half miles west of Highway 89 in Roseau county after the driver of one vehicle reportedly fell asleep at the wheel.

According to the Minnesota State Patrol the accident was reported at 10:39 a.m. Sunday. Daniel Christopherson, Roseau, was east on County road 2, five and one-half miles west of Highway 89 when it was reported, that he fell asleep at the wheel. At that point a westbound vehicle driven by Millard Jensen, Roseau, tried to avoid the on-coming car by veering left. Christopherson woke up and brought his vehicle into his lane and the vehicles collided.

Christopherson and his passenger Ruth Grafstrom, Salol, were taken to Roseau hospital where they were treated and released. Jensen and wife Irene were airlifted to United Hospital where they were listed in critical condition.

field, but only two cars in a train to bring back all of the survivors.

Max has been helping reenact Civil War battles for three years by dressing in accurately reproduced equipment and learning as much about the Civil War and that period in our history as possible. Currently, he is a sophomore at St. Olaf College and is majoring in history. He is planning to become a teacher.

Max said he participated in a reenactment of a battle last Spring and that helped him to develop his descriptions of battle. Max said the one thing that has stuck with him is the noise and smoke. At one point, he said that because of the noise and smoke he became disoriented and separated from his unit.

According to statistics provided by the Minnesota Department of Jobs and Training in 1992, many more manufacturing enterprises make their home in northwest Minnesota. In Kittson there were seven manufacturing plants employing 31 people, 24 in Roseau employing 4,241, 17 in Marshall employing 165, 47 in Polk, employing 1,189, and six in Red Lake county employing 75 people.

The top three manufacturing industries in the region are food products, lumber and wood products and transportation equipment.

For these reasons, the city of Thief River Falls, the Chamber of Commerce and Jobs Inc. proclaimed the week of October 17-21 as Manufacturer's week in order to acknowledge their importance and to thank them.

## Two killed in accident on Sunday

Two people are dead and six injured in an accident reported to the Minnesota State Patrol 7:14 p.m. Sunday, October 16.

According to the accident report, five people were in a pickup northbound on County road 4 in Polk county when their vehicle allegedly broadsided a suburban. One person in the suburban was killed. Lois Highberg, 46, Bagley, was dead at the scene. Leroy Fairbanks, who was in the pickup, died later.

In the pickup was Leroy Fairbanks, 50, Waubun; Leroy Fairbanks, Jr., Robin Davis, Clarence Fairbanks, 46, and Marilyn Lopaz, 34.

In the Serbaban was Harlan Highberg, 46, Bagley, Tonya Highberg, 20, Lois Highberg, 46.

Leroy Fairbanks Jr., was taken to the hospital in Fosston, Robin Davis was transferred to Dakota Hospital in Fargo, Clarence Fairbanks and Marilyn Lopez were taken to St. Lukes in Fargo.

Fire damaged the roof of the Holtan Iron Works building on Highway 59 North Sunday morning. According to the fire department, a passerby reported the fire at 7:31 a.m. Sunday, October 16. The fire was discovered in buffalo board in the roof and the fire department had to take off about 25 feet of roof from north to south on the east end. The cause of the fire is still under investigation, but there was some welding being done on the roof the day before the fire.

## SPEAKING OF

Sherry LaCoursiere

### . . . Smaller and Stronger . . . and Costs More

The transformation has been so subtle, so sneaky, so shrewd that we hardly noticed it. Maybe some of you, like me, thought you were imagining it or that your eyes were playing tricks on you.

But it's true. Everything is getting smaller and it isn't our eyes or our imagination – it is a fact.

Think about it for a while. What have you noticed that is smaller than it used to be?

I happened to think of this while replacing a roll of tissue in my bathroom. Well – after all, the bathroom is a place where a person sits and thinks a lot, isn't it?

Nonetheless, a roll of bathroom tissue is definitely smaller than it used to be. I'm sure of it. Had I taken the time to check the amount of little squares per roll a few years ago I am sure there would have been more per roll then than there are now.

I have fancy little bathroom tissue holders that are sunken into my walls, so I can tell – the little holders are not anywhere near as full as they used to be when I replace the rolls now.

Candy bars are smaller. I remember when candy bars cost a nickel and were at least twice as big as they are now. It can't be just because I was a little girl, but now the candy bars are tiny, little things tucked in with a whole lot of paper and cardboard and they are very small – barely enough for a good bite. I used to have to eat half a candy bar at a time because they were so big. Now I can eat one in one bite.

And speaking of candy, what about those boxes of chocolates we buy for Valentine's Day and Christmas treats? Buy the box, bring it home and what do you find – a box filled with little wrinkled brown wrappers and itsy, bitsy little chocolates...

Have you noticed how few potato chips and other munchies there are in those big boxes and bags? Didn't we used to buy a pound of potato chips in the large boxes? Now we are buying seven ounces – imagine – seven ounces – not even half a pound.

Some cans of fruits and vegetables are smaller now than they used to be. Cans are no longer containing a set amount of ounces of whatever is in them. Check your cupboards – you will find the amounts range up and down from 15 ounces – mostly down.

And it is not only food that has gotten smaller. A couple of years ago, laundry detergent came out new, improved and concentrated – thus it was packaged in smaller, more powerful, boxes.

Using the detergent as an example, look at how easily we have been fooled. We now expect laundry detergent in the smaller boxes – there are no large boxes on the shelves. As to it being new, improved, concentrated detergent – is it? Seems to me I am using just as much detergent as before the improvement and am just getting a lot less for my money.

A household cleaner maker has just announced new, more powerful cleaning products. Naturally, they are packaged in much smaller bottles because they, too, are supposed to be powerfully "concentrated." Well, here we go again. Soon all cleaning products will be packaged in these new, smaller containers and we will be using just as much and paying even more and coming out at the short end of it again.

Bathroom tissue is smaller, paper towels are coming fewer sheets to a roll, and boxes of regular tissues have gotten smaller and smaller. Dryer sheets are now coming in little square boxes and I am sure that the quantity of them in each box will soon become less for the same price.

I use a lot of sewing thread because I am a quilter and I have noticed that my thread is lasting a shorter length of time. I checked and, sure enough, there is less thread on a spool than there used to be. But the spools are the same size, so a person hardly notices.

I'm sure you can think of many more items that seem to be shrinking – less hot dogs per package, less slices of luncheon meat, buns that come eight and 10 to a package instead of a dozen, packages of cookies that are mostly paper and plastic inserts separating little cookie nuggets, tiny plastic "tubs" of soups that are enough for one meal, paper containers of juice that serve one person.

Who knows where it will end? Will they soon package eggs ten to a package instead of a dozen? When will a quart of milk become smaller? Will a pound of butter shrink?

All of these miniaturized items would not be such a problem if they would cost less as they become less, but they don't. If anything, we seem to be paying more.

Things used to be bigger and better. Now they are smaller and (supposedly) stronger. The only things that are bigger and better nowadays are the prices of things.

## St. Hilaire man killed this weekend

Kenneth Christian Treitline, 25, St. Hilaire was killed in an accident this weekend.

According to the Pennington county sheriff's department, family members began looking for Treitline Saturday morning. The family organized a search and learned that he was last seen in Thief River Falls between the hours of 11:30 p.m. on October 14 and Midnight. At that time he was apparently headed for St. Hilaire.

Sunday morning the family contacted the sheriff's department and filed an official missing person report. The sheriff's office then began its search. A short time later, a Minnesota State Patrol officer discovered the submerged vehicle off a bridge one third of a mile east of Highway 32 on State Aid 3.

The Pennington county dive/rescue team, Minnesota State Patrol, St. Hilaire fire department, Thief River Falls, fire department, EMS of Thief River Falls, and the Civil Air Patrol responded. The vehicle was pulled from the water and Treitline was positively identified. Officials do not know how long the vehicle had been in the water.

The accident is still under investigation, but officials believe the vehicle was west bound on State Aid 3 when it left the bridge and entered the river. The 1978 Plymouth Volarie driven by Treitline was considered a total loss.

## Halloween safety

There is no real "trick" to making Halloween a real treat for the entire family. Halloween dangers are not from witches or spirits but rather from improper costume design that can create a "trick-or-treating" hazard. The National Safety Council offers the following suggestions:

Costume Design:

— Only fire-retardant materials should be used for costumes.

— Be sure costumes are loose enough so that warm clothes can be worn underneath and to allow freedom of movement.

— Costumes should not be so long that they are a tripping hazard. (Falls are the leading cause of accidents on Halloween.)

— Choose outfits made with light colored materials. Strips of retro-reflective tape should be used to make children even more visible.

— For youngsters under the age of 12, attach their name, address and telephone number (including their area code) to their clothes, but not in an easily visible place.

Face Design:

— Masks can obstruct vision. Facial make-up is safer, more colorful and more comfortable.

— When buying special Halloween makeup, check for packages containing ingredients that are labeled "Made with U.S. Approved Color Additives," "Laboratory Tested," "Meets Federal Standards for Cosmetics," or "Non-Toxic." Most manufacturers list ingredients and/or chemical analysis on packages. Follow manufacturer's instruction for application.

## ON MY MIND

Kim Chadwick-Quade

**Haunted By Halloween Costumes**

Yikes! My calendar tells me there are only 11 or so days until Halloween.

The word "Halloween" is synonymous with costumes. This period before Halloween can be extremely stressful for a person like me. My sewing skills are non-existent, except for mending ability; I would have flunked sewing in 4-H. And, I have a condition called costume-block. This is a quality that prevents me from whipping up astounding outfits for Halloween, kiddie parades and dress-up days.

I say stressful because we all want *our little trick-or-treaters* to be cute or scary or cool. As adults, we'd like to at least look respectable at a costume party. At best, it would be great winning a costume contest. That's a lot of pressure.

Someone like me should start creating a costume at least one year in advance. It just might take that long.

The first step is the idea. There are the traditional costumes - pumpkin, ghost, witch, fairy, Dracula, cowboy. But I always think I should be more creative than that. My problem is that I can't conjure up something original that I could actually make.

That's the second drawback - actual construction of the costume. Let's see, if I cut arms and a head hole in a plastic bag, and decorate it, I could be a...a plastic bag!

In the past, I've borrowed costumes from family and friends for our young son Zach. Thanks to someone else's creativity he's been a pumpkin twice and a bumblebee. Yet, I'm still in pursuit of the perfect costume that my child will always remember. The kind of outfit at which all the other parents will exclaim "ooh" and "aah" and say "isn't he cute." The kind of costume I can pull out of the cedar chest 30 years later (for his child to wear) and it's still a classic.

I know it would be just as easy (and probably even cheaper) to buy a costume, but every year I insist I'm going to make one. Maybe this mindset reverts back to my childhood when my mom sewed costumes for my two sisters and me. We were Peter Cottontail and the two sibling bunnies. With our floppy ears and fluffy tail, we were the cutest rabbits on the street. I have pictures to prove it. And, somewhere, my mom might actually have the costumes.

After agonizing for a couple of weeks, I usually end up throwing something together. When Halloween arrives, all the other trick-or-treaters appear so creative and unique. I whisper to myself and to my husband, "Isn't that great. Why didn't I think of that? Even I could do that."

My husband and I have dressed up for Halloween because it always looks like so much fun. We're usually making our costumes five minutes before the babysitter arrives.

Last year we masqueraded as ghosts. It's a good thing we had pillowcases on our heads and no one could tell who we were, because it looked like I had made them in two minutes. We didn't win any contests, but now we have two pillowcases with eyes and mouth cut out and two full-size sheets with a head hole in the middle.

One year, when my husband worked for Frito-Lay, we went to a party as the "Frito Banditos." We cut the logos off promotional posters and pinned them on our clothing. Then we bought little black masks for our face. Ta Da! Frito Banditos. Impressive.

Another time, we scoured garage sales and second-hand stores for clothing items that would really make us noticed. We still have that orange and brown plaid polyester sports coat and the flowered house dress.

In college, my roommate and I rented costumes. She was a nun, I was an angel, and we were escorted by the devil.

This year I think I'll concentrate on Zach's costume. I'm trying to talk him into being Bat Man; I think I could make that. Buy a black sweatsuit, attach a little bat doodad to the front, and use a dish towel for a cape.

He could dress as a fireman – red pants, white shirt and a plastic firefighter helmet. Or how about a cowboy? That would be easy. Throw on some cowboy boots, a plaid shirt, add a holster set and top it off with a cowboy hat.

But Zach insists he wants to be a pumpkin . . . again. So much for my pent-up creativity waiting to be used. He grew too big for last year's costume, and I think I sold it at a rummage sale. Now what do I do? I could buy an orange sweat outfit and paint a face on it. For his stem, I could get a green St. Patrick's Day hat. Or, I could dye a pillowcase orange, cut head and arms holes and paint a face on it.

I am still musing about what to do. Time is wasting. You'll probably see me running wildly from store to store on October 30 looking for a costume.

### Chronic Fatigue Syndrome— the Mystery Illness

It feels like the flu, but the side effects never subside. Mild fever, sore throat, body aches, chronic headaches, joint pain and general listlessness are a few of the symptoms characteristic of chronic fatigue syndrome (CFS).

CFS is a physical illness of unknown origin, distinguished only by debilitating fatigue and flu-like symptoms.

Profound fatigue — the hallmark of the disorder — usually comes on suddenly and persists or relapses throughout the course of the illness. Unlike short-term fatigue, however, which may accompany illnesses such as the flu, CFS symptoms linger for at least six months and often for years.

Chronic fatigue syndrome is not simply feeling tired. A CFS victim is not even exhausted. Victims of CFS are completely debilitated by the illness and almost all everyday activities are next to impossible. Many people afflicted with CFS find it difficult to even raise their heads for more than a few seconds and a trip from the bed to the bathroom may leave them exhausted for hours. Some CFS victims are forced to take naps during meals in order to get enough energy to eat.

"It is important to be sure to properly diagnose patients with CFS," said Jane J. Xenos, D.O., a Santa Ana, CA, osteopathic family physician and clinical professor at the College of Osteopathic Medicine of the Pacific in Pomona, CA. "It is vital for a physician to explore all the symptoms of the patient, including the degree of their fatigue and the results of physical and laboratory examinations before confidently diagnosing CFS."

Many CFS victims feel the need to slow the pace of their lives and avoid situations that are physically or psychologically stressful. Complete avoidance of activity is not healthy either so it is important for the physician and family members to encourage physical interaction at whatever level the patient can manage without exacerbating the symptoms.

"As a physician, it is critical to be on the lookout for unrelated medical problems, and avoid the danger of

## Week of the Family Child Care Provider

If young children are part of your life, please take note that the week of October 16-22 is Week of the Family Child Care Provider.

Parents want to assure that their children experience the best possible environment, both at home and away from home, in child care settings. Many child care providers lack the compensation and respect due professionals in their occupation who truly give of themselves.

When was the last time you thanked your provider for the care and nurturing they give your child?

Even if you feel you do not have the resources to increase your child care provider's compensation or offer him or her a monetary bonus, there are many other ways to let your provider know how much they mean to you and to your family.

Consider having your child make a special picture or card to thank them for everything they do. Bringing a special meal or treat for the child care is one way of recognizing the importance of your provider, but keep in mind that it is a must to let them know ahead of time.

Maybe you could volunteer to assist your provider on a field trip for the children or even take over for a few hours so that they could have a much needed break.

A gift certificate, a plant, or flowers are other ways to let your provider know that he or she is appreciated.

Is there some way you could get together with the other parents in a group effort to show your appreciation? This could be anything from a meal at a restaurant to a potluck meal at some location other than the provider's house, of course.

Maybe you would like to build or purchase a large piece of equipment for the children at the day care to share.

In the words of the best author of all time, "Our love must not be a thing of words and fine talk. It must be a thing of action and sincerity."

Brainstorm your own ideas to show that you value your child's role model, teacher, counselor, friend, beautician, and cook. Most importantly, do not forget to mention to your child that October 16-

## Turenne and Hansen wed September 17

Marci Lyn Turenne and Corey Edward Hansen were united in marriage September 17, 1994, at Trinity Lutheran church in Thief River Falls. Revs. John A. Wollenzien and D. Josh Nelson officiated at the double ring ceremony.

Parents of the couple are Ed and Lyn Turenne of Thief River Falls and Bob and Roberta Hansen of Faribault.

Special wedding music was provided by singers Nate Dalager, Les Torgerson, Ann Michels and Janine Nelson, all friends of the couple, and by Michelle Levin, sister of the bride. Scott Handy played trumpet; Cathy Hagen, piano; Dorothy Larson was organist; and Sanna Torgerson, friend of the bride, played oboe.

Serving as her sister's matron of honor was Michelle Levin of Eagan. Bridesmaids were Maja Turenne, sister of the bride from Thief River Falls, and Mauri Evans of St. Paul, Laura Beito of Renton, WA, Janine Nelson of Fargo, ND, Tanya Nelson of Minneapolis, and Lisa Tarbell from Mound. All are friends of the bride.

Trisha and Chase Holen, both friends of the bride, served as flower girl and ring bearer. Personal attendants were Dawn Prokop and Gayle Borchert. Special attendant was Julie Holen.

Serving as best man was Mike Hansen, brother of the groom from Willmar. Groomsmen were Tim Tousignant and Travis Beaupre, friends of the groom from Faribault; David Prokop, friend of the groom from Mound; Tom Moore, cousin of the groom from Kalamazoo, MI; Marty Levin, brother-in-law of the bride from Eagan; and George Jacobson, friend of the groom from Willmar.

Ushering the guests were Jon Handy of Grand Forks, ND, and Brett Turenne of Portland, ME, both cousins of the bride.

Honored guests at the wedding were Effie Handy, grandmother of the bride; Hildur Hansen and James C. Moore Sr., grandparents of the groom; Dr. Frank and JoAnn DeMarino, godparents of the bride; Pat and Kay Moore, godparents of the groom; and Robert and Marion Handy, uncle and aunt of the bride.

Presiding at the guest book was Annette Combest, aunt of the groom. Distributing programs was Sanna Torgerson, and gift carriers were Johnathon, Ryan and Michael Forney, all friends of the bride.

Following the ceremony, a reception was held in honor of the couple. Hosts and hostesses were the couple's godparents and Les and Carol Torgerson, friends of the bride.

Cutting the wedding cake and serving Kransakaka were Lucille Aasland and Marge Hanson, friends of the bride. Serving punch were Erin and Jenny Handy, cousins of the bride.

Champagne hosts were Jenny and Dave Borgen, friends of the bride. Videotaping the event was the bride's cousin, Wayne Emerson.

Following a honeymoon cruise to the eastern Caribbean, the couple is at home in Willmar.

interpreting every new sign or symptom as a manifestation of CFS," said Dr. Xenos. "The physician must always be alert to the patient's changing condition, especially because CFS typically dominates such a large portion of the victim's life and sometimes may be able to overshadow additional medical problems."

There is no universally accepted treatment for CFS. In fact, sometimes several different treatment approaches may need to be tried before the patient reaps any benefit. Although most people do recover from CFS, the route back can take months or years, and many never regain full health. The key is to recognize CFS symptoms early and schedule regular medical check-ups to monitor the illness.

## Arts Grants are available - apply by November 1

The Arts Council of the Northwest Regional Development Commission (NWRDC) is accepting applications for grants in literary, performing and visual arts. November 1 is the deadline for organizations to apply for sponsorship and production assistance grants.

Organizations may apply for a maximum of $2,500 in matching funds per grant. Each organization may still receive up to $3,500 in grant funds annually. Production assistance grants are available for the creation, performance, or exhibition of arts. Sponsorship grants provide funds to host guest artists or touring groups.

The upcoming Small Arts Grant deadline is November 1. Under this program, organizations may apply for up to $500 in matching funds for the production or sponsorship of arts events of approximately $1,000 in total costs.

Public schools are eligible to receive arts education grants in visual, performing or literary arts for projects such as conducting an artist-in-residence program, hosting a visiting artist, conducting workshops for students and/or teachers, and other activities.

Northwest Regional Development Commission announces an additional NWRDC/McKnight Small Capital Grants round. Arts organizations classified under section 501(c)(3) of the Internal Revenue Code may apply for artistic equipment or other small capital expenditures. This program is supported with funding from the McKnight Foundation. The deadline for small capital grant applications is February 1, 1995.

Application materials for all grant programs are available from Mara Lunde, Arts Council Director, NWRDC, 525 Brooks Avenue South, Thief River Falls, MN 56701, telephone 218-681-2637 or 1-800-450-2637.

## Raymond Ptacek, 76

**Thief River Falls** — Raymond Ptacek, 76, died Monday, October 10, at his home in Thief River Falls.

Funeral services for Raymond Ptacek were held at 2 p.m. Thursday, October 13, at United Methodist church in Thief River Falls with Rev. William Kerr officiating. Vi Barr was organist and soloist, with the selections "Whispering Hope" and "Just A Closer Walk With Thee."

A prayer service was held at 7 p.m. Wednesday at the Green Funeral Home.

Interment was at Greenwood cemetery in Thief River Falls with the Green Funeral Home in charge of arrangements.

Raymond Verner Ptacek was born May 23, 1918, on his grandfather's farm in Cloverleaf township, Pennington county, the son of Albert and Mary Hruby Ptacek. He was raised in the area and attended school at Mavie District 15 until the age of nine. The family then moved to Silverton township, where he completed grade school at the Banner District 53 school in 1931. He graduated from Goodridge high school in 1935.

After high school he farmed on the family farm until he was drafted into the service during World War II. He served in the United States Army Air Force. After his discharge he worked for the Minneapolis Bridge Company and helped construct the dam in Thief River Falls.

April 10, 1946, he was united in marriage to Ardith Hruby in Denver, CO. The couple returned home and began farming a rented farm near Mavie. They farmed full time until September of 1953, when he took a job as a radio technician for the *Minnesota Highway Patrol* in St. Paul. He later transferred to the Thief River Falls Highway Patrol station.

In 1968 he became a radio technician with the Department of Transportation in Thief River Falls. The family lived on the farm near Mavie until 1963, when he bought his grandfather's homestead west of Mavie.

Ardith Ptacek died August 10, 1972, and he continued to live on the farm until 1978, when he moved into Thief River Falls. He retired in 1982 and attended Northland college and the Technical College Architectural Drafting course, graduating in 1988.

He organized the Pennington County Unit of the American Cancer Society following his wife's death. He was a member of the American Legion, the Eagles club and the VFW Post of Thief River Falls.

Survivors include one daughter, Marjorie (husband, Gary) Housker, Thief River Falls; one son, Eugene (wife, Nancy), Alexandria; five grandchildren, Raymond and Jody Houskar, Carrie Genereux and Ashley and Kevin Ptacek; and two great-grandchildren, Tayler and Lindsey Genereux. He is also survived by a sister, Louise Breznay; two brothers, Harold (wife, Ione) of Babbit and Wallace of Thief River Falls; and his mother-in-law, Albenia Hruby of Goodridge.

Preceding him in death were his wife, Ardith; his parents; and one brother, Archie.

Dear Readers,
Tears are not evidence of weakness, it's okay to cry. Weeping can be a shared experience. Friends as well as the bereaved may need the opportunity to acknowledge their loss. Crying is one way people acknowledge the death of a loved one and begin to work their way out of despair. When words seem meaningless, a squeeze of the hand or an embrace can tell the bereaved how much you care.
Respectfully,
Belmont Funeral Home

## Raymond Ptacek, 76

**Thief River Falls** — Raymond Ptacek, 76, died Monday, October 10, at his home in Thief River Falls.

Funeral services for Raymond Ptacek were held at 2 p.m. Thursday, October 13, at United Methodist church in Thief River Falls with Rev. William Knrr officiating. Vi Barr was organist and soloist, with the selections "Whispering Hope" and "Just A Closer Walk With Thee."

A prayer service was held at 7 p.m. Wednesday at the Green Funeral Home.

Interment was at Greenwood cemetery in Thief River Falls with the Green Funeral Home in charge of arrangements.

Raymond Verner Ptacek was born May 23, 1918, on his grandfather's farm in Cloverleaf township, Pennington county, the son of Albert and Mary Hruby Ptacek. He was raised in the area and attended school at Mavie District 15 until the age of nine. The family then moved to Silverton township, where he completed grade school at the Banner District 53 school in 1931. He graduated from Goodridge high school in 1935.

After high school he farmed on the family farm until he was drafted into the service during World War II. He served in the United States Army Air Force. After his discharge he worked for the Minneapolis Bridge Company and helped construct the dam in Thief River Falls.

April 10, 1946, he was united in marriage to Ardith Hruby in Denver, CO. The couple returned home and began farming a rented farm near Mavie. They farmed full time until September of 1953, when he took a job as a radio technician for the *Minnesota Highway Patrol* in St. Paul. He later transferred to the Thief River Falls Highway Patrol station.

In 1968 he became a radio technician with the Department of Transportation in Thief River Falls. The family lived on the farm near Mavie until 1963, when he bought his grandfather's homestead west of Mavie.

Ardith Ptacek died August 10, 1972, and he continued to live on the farm until 1978, when he moved into Thief River Falls. He retired in 1982 and attended Northland college and the Technical College Architectural Drafting course, graduating in 1988.

He organized the Pennington County Unit of the American Cancer Society folowing his wife's death. He was a member of the American Legion, the Eagles club and the VFW Post of Thief River Falls.

Survivors include one daughter, Marjorie (husband, Gary) Housker, Thief River Falls; one son, Eugene (wife, Nancy), Alexandria; five grandchildren, Raymond and Jody Housker, Carrie Generenx and Ashley and Kevin Ptacek; and two great-grandchildren, Tayler and Lindsey Genereux. He is also survived by a sister, Louise Breznay; two brothers, Harold (wife, Ione) of Babbit and Wallace of Thief River Falls; and his mother-in-law, Albenia Hruby of Goodridge.

Preceding him in death were his wife, Ardith, his parents and one brother, Archie.

Dear Readers,
Tears are not evidence of weakness, it's okay to cry. Weeping can be a shared experience. Friends as well as the bereaved may need the opportunity to acknowledge their loss. Crying is one way people acknowledge the death of a loved one and begin to work their way out of despair. When words seem meaningless, a squeeze of the hand or an embrace can tell the bereaved how much you care.
Respectfully,
Belmont Funeral Home
Larry Belmont

## OBITUARIES

## John M. Shager, 93

**Gatzke** — John M. Shager, age 93, formerly of Gatzke, died Wednesday, October 12, at Martin Lutheran Manor in Bloomington.

Funeral services for John Shager were held at 2 p.m. Sunday, October 16, at United Lutheran church in Gatzke with Rev. Charles Anderson officiating. Organist was Melanie Lunsetter, vocalist was Shelly Gessner, and violinist, Dorian Shager.

Honorary casketbearers were Walter Lunsetter; Cheslie, Art and Roy Ruud; Alton Sparby; Elmer Severson; James Johnson; Harold Klamar; Lyle Blahauvietz; Reuben Engevik; and Robert Neslund. Active bearers were Mark, Nate, Shelly and Christine Gessner; Scott and Sara Cichoski; and Dorian and Neala Shager. Interment was at Landstad cemetery in Gatzke with the Collins Funeral Homes in charge of arrangements.

John Marthinus Shager was born June 4, 1901, in the family's homestead farmhouse in Rollis township, Marshall county, near Gatzke, the son of John J. and Martha Ruud Shager. He attended school and grew to adulthood there, and attended Park Region Academy in Moorhead. He was baptized and confirmed in the Lutheran faith.

December 5, 1940, he was united in marriage to Ello P. Neslund at Clearbrook. The couple raised three children. Until 1975, his life centered around farming in the Gatzke area on the family farm with his brother. He continued to reside and maintain the farmstead until 1989.

He was active in Landstad Lutheran church and stayed active in its successor, United Lutheran church of Gatzke. He served on the Gatzke school board, the creamery board and on the church council, and was sextant of the Landstad cemetery for almost his entire life.

He left Gatzke to live with his daughter, Mardelle and her friend, Cindy Yates, in Burnsville, and most recently lived at Martin Lutheran Manor in Bloomington.

Survivors include three children, Mardelle, Burnsville, and twins, Rebecca (husband, Al) Gessner, New Hope, and Richard (wife, Kay) of Stillwater; five grandchildren, Mark (wife, Shelly) Gessner, Sioux City, IA, Nate (wife, Christine) Gessner, Madison, WI, Sara (husband, Scott) Cichoski, Minneapolis, Neala Shager (friend, Keith Lunzer), St. Francis, WI, and Dorian Shager (friend, Rene Dailey), Grinnell, IA; and four great-grandchildren, Jackie, Daniel and Elizabeth Gessner of Sioux City, IA, and Matthew Cichoski of Minneapolis.

Preceding him in death were his wife; his parents; two brothers, Almer and Julius; and several friends and other family members.

Students and Tim Mostrom, teacher from the Grygla school learned about wetland plants and how to identify them at a wetland education training session at Agassiz National Wildlife Refuge in September. The instructor was Gary Tisher, U.S. Fish and Wildlife Service.

Local citizens learned about hydric soil, or soils that are found in a wetland. Rick Bednerick, a soil scientist with the Soil Conservation Service, was one of the instructors during a wetland education training session at Agassiz National Wildlife Refuge in September.

# Wetland Classes at Agassiz provide new opportunities

Students from Lincoln high school, Grygla, Win-E-Mac, Lafayette, Oklee, Goodridge, and Plummer school along with area citizens had the opportunity to participate in a wetland education training session at Agassiz National Wildlife refuge September 19, 20, and 21. The event was sponsored by Red Lake County Soil and Water Conservation district.

The sessions were designed to provide local citizens and students with a better understanding about wetlands. About 300 students and 30 adults participated in the event.

Agencies involved in the planning and direction of the program included: U.S.Fish and Wildlife, Board of Water and Soil Resources, the Minnesota Extension Service, Department of Natural Resources, and Soil Conservation Service.

ASK YOUR LOCKSMITH
Questions And Answers

Q I have a beautiful 150-year-old house with very ornate doors. I have the old-style skeleton key for the front and back doors. I have been to every hardware store in town and they can't duplicate them. Can you make them?

A Yes. Most locksmiths have the equipment to duplicate these types of keys. However, you will find that a good locksmith will caution you on the use of those locks as the primary way of securing you house. The old "bit key locks," as they are called, are not very secure because the construction and operation of most of the bit key locks around today do not lend themselves to large numbers of key patterns. At most, only 250 different bit key patterns are common today throughout the country, and many of the bit key locks on structures can be unlocked with a universal pass key which is shaped to open many different bit key locks.

Your professional locksmith can recommend a good auxiliary lock for the ornate doors that not only will blend in with your existing hardware, but at the same time will give you an excellent upgrade of your security.

Halloween is the one holiday where we can all act like little kids again. As we get older, many things seem less important and don't have the same meaning.

One of my fondest memories is celebrating Halloween at school. During the month of October, I would look at the calendar and count down the days. I was always excited when I arrived at school on October 31st. I always had lots to carry; everything I needed would be in my bag: candy, costume and make-up.

The morning always seemed to go by so slowly. During math class, I would keep looking at the clock; and the clock always seemed to have stopped. After lunch, we would put on our costumes and watch the other classes file through. Joining in the parade, we would walk through the other classrooms to show off our costumes. The classroom party would start after two o'clock recess by passing out different treats. The best treats were the cupcakes with piles of frosting. The party, however, always turned out to be a disappointment since it never measured up to our expectation. After the party was over, I would pack up all my stuff and head home.

When I arrived home, I anxiously awaited the second phase of Halloween. During supper, I would wolf down my food in record time.

It always seemed cold on Halloween. Sometimes it would even snow. My parents would layer on many clothes over my costume and I would complain about all the extra clothes. I would leave the house and stop first at Uncle Ray's house. Living out in the country, he never had a lot of trick or treaters. He always gave me handful after handful of candy. I almost got more candy there than from anywhere else.

My next stop would be at Uncle John's house. He always gave me the most unique treat. One year he even tried to sneak ketchup packets in with the rest of my candy. I always had to watch what he gave me so he couldn't trick me.

After trick or treating for years, I always knew which houses to stop at to get the most candy. Mom would drop me at one end of the street and meet me at the other end of the block. I would go up to the different houses, ring the bell, and shout, "Trick or Treat." The person who answered the door would tell me how cute I looked and drop some candy into my bag. By the time I was ready to go home, most of my costume would have fallen off. My cheeks would be rosy and I would be totally exhausted. Nevertheless, I would always make one last stop at Ray's house to clean out the rest of his candy.

Sitting on the living room floor later on in the evening, I would sort my candy into two piles. One was for the candy I planned on keeping and the other was the candy I hoped to trade with my brother. We would have very serious negotiations on how many Tootsie Rolls equal a Snickers bar.

I always ate too much candy and went to bed with a stomach ache.

For the most part, my stash of candy lasted until Thanksgiving. Of course, by that time, all I had left was candy I didn't like. Most of the time that would wait to be thrown out just before Christmas.

Today Halloween doesn't mean as much to me as it once did. But I wish I could get into the spirit of the past again since Halloween is the perfect time to act like a little kid.

# Lion's Club to host Halloween Party

Thief River Falls Lions Club will host its annual Halloween parties again. This year, the party will be held Monday, October 31, at the Thief River Falls Armory.

There will be two parties, one for all children from toddlers through the fifth grade from 4 to 5:30 p.m. All children are invited. Games will be played and prizes awarded for the best costumes. In previous years, over 400 young people have attended. Parents are invited to bring their children in costume to the party.

The second party, hosted by the Thief River Falls Lions, will be a dance for children in grades six through 8. This party will also be held at the Armory that same day. It will be held from 7 to 10 p.m. Music will be provided by a local disc jockey and prizes will be given for the best Halloween costumes. Free pop will be available all evening long and free pizza will be provided around 9 p.m. All middle school children are invited.

Dr. Charles Samuelson is chairman of both events and will be assisted by members of the Lions club. The Lions club has hosted this Halloween party each year since 1944, with very few exceptions. The motto of the Lions club is "We Serve". The Halloween party is just one of the many service projects of the Thief River Falls Lions.

The Thief River Falls Lions club meets every Wednesday at noon until 1 p.m. at the American Legion Club for a meal and a short program. Attendance at each meeting averages around 60 to 70 members. Total membership is about 105. The president of the club is Dan Drevlow, Curt Neuman the secretary and Bruce Keller the treasurer.

October is membership month. Anyone interested in joining the Lions club may contact any of the officers for further information.

# Area students receive UMC scholarships

First year students at the University of Minnesota, Crookston, were recognized recently for receiving scholarships.

Included in the list were: Travis Kotrba, Bradley Philipp of Goodridge, Shannon Peters of Plummer, Lisa Relerson of Thief River Falls, and Tracy Olsoe of Newfolden.

## 4-H NEWS

The Happy Acres 4-H club met on October 2 at the Heritage Community Center and held their annual fall banquet. Van Swanson welcomed everyone and led in the table grace. After dinner, the new officers were installed. Desirae Alberg presented a video. Enrollment forms were filled out and turned in. Roll call was taken by introducing parents. The secretary's report was given by Heather Torstveit. The treasurer's report was given by Cami Sorenson.

Workers at the 4-H carnival were thanked. Tickets for the 4-H awards banquet on Sunday, October 23, 5 to 6:15 p.m., are available. Dues were collected. Fourteen members, 20 parents and five guests were present.

# Sanders 4-H club cleans roads Oct. 22

Sanders 4-H club will be cleaning road-side ditches on Highway 1, west of Thief River Falls Saturday afternoon, October 22, beginning at 1 p.m. Club members will meet at the Norden church. Motorists are asked to watch for them and take extra precautions during the clean-up effort.

# Moonlighter's Lioness held Oct. 12 meeting

The TRF Moonligher's Lioness club met at 5:30 p.m. on October 12 in the reception area of Northwest Medical Center. Present were Marilyn Weir, Christine Burnham, Sharon Iverson and Breeda Pederson. President Sherry Sorenson called the meeting to order.

The president described the September 27 zone meeting in Roseau, which she attended, along with Gloria Johnson. Upcoming events include the next zone meeting, hosted by the St. Hilaire Lions, and a visit to the Goodridge Lioness club. Plans to move Lioness meeting nights to Thursday have been approved by consensus and will change after the turn of the year.

Old business involved several organizations that requested gifts of money. A motion to donate $25 to each of the following organizations was passed: Kidney Foundation, Save the Depot Campaign and The Dance Line. Discussion followed regarding ways to assist the Amateur Hockey Association, but no decision was made.

The next project of the group involves making Infan at the Heritage Center on Saturday, November 19. Sherry Sorenson reported that the club would once again be using the Heritage Center, and briefly reminded everyone what they need to bring and what they would be doing. Gift wrapping during the Christmas season was another potential fundraiser that was discussed, but no action was taken.

The president then read the list of club officers and all posed for a group picture.

The meeting was adjourned at 6:30 p.m. Next meeting will be at the Heritage Center on Saturday, November 19, beginning at 8 a.m.

# Swimmers struggle at double dual swim meet

Thief River Falls girls varsity swimmers lost a double dual swim meet in Bemidji Friday, October 14.

Swim Coach Ryan Lokken said highlights included Theresa Giauque's winning performances in the 50 and 500 yard freestyle event. Those two events are the shortest and longest races at the swim meet.

Jennifer Glin also turned in a personal best performance. Lokken said she turned in her best score of the year, but had her first loss of the year.

Thief River Falls lost both duals at the swim meet in Bemidji by losing to Fergus Falls 72-115, and Bemidji 48-138. The junior varisty also lost both duals by losing to Fergus Falls 54-112, and to Bemidji 43-129.

## Youth Hockey

The meeting of all parents of six and under youth hockey players scheduled for October 20 at 7 p.m. has been postponed due to a number of conflicts. A letter will be sent to all parents this week, with an explanation of the 6 and under program, dates when it will begin and the scheduling of a new date and time for a parent and player meeting.

Thief River Falls Amateur Hockey Association Prowler Hockey Clinic schedule has been released.

Because of the numbers this year, 30 Bantams and 30 Pee-Wees, there are too many for one group and not enough numbers for a second group in each age level. As a result, the clinic will be divided into three groups according to the players date of birth, thus some Pee-Wees and Bantams will be together in some groups. This will provide players with a maximum amount of instruction.

**Clinic Schedule —**

Saturday, October 22: Group 3 from 3 to 4 p.m., Group 2 from 4:15 to 5:15 p.m., and Group 1 from 5:30 to 6:30 p.m.

Sunday, October 23: Group 3 from 3 to 4 p.m., Group 2 from 4:15 to 5:15 p.m., and Group 1 from 5:30 to 6:30 p.m.

Monday, October 24: Group 3 from 7:15 to 8:15 p.m., Group 2 from 8:30 to 9:30 p.m., Group 1 from 9:45 to 10:45 p.m.

Wednesday, October 26: Group 2 from &;15 to 8:15 p.m., and Group 1 from 8:30 to 9:30 p.m.

Thursday, October 27: Group 2 from 7:15 to 8:15 p.m., and Group 1 from 8:30 to 9:30 p.m.

Friday, October 28: Group 3 from 7:15 to 8:15 p.m., Group 1 from 8:30 to 9:30 p.m.

Saturday, October 29: Group 3 from 10:30 to 11:30 a.m., Group 2 from 11:45 to 12:45 a.m., and Group 1 from 1 to 2 p.m.

## Red Lake County Central loses to Win-E-Mac team

Red Lake County Central was missing a few key players for its homecoming match-up against a tough Win-E-Mac volleyball team. Win-E-Mac defeated Red Lake County Central in three games: 15-4, 15-5, and 15-7.

Nancy Bray said the team played well despite the fact that they were missing a couple of key people. "Hopefully, they'll come through next week," she added. The team plays Climax/Fisher on Monday, and Clearbrook-Gonvick-Trail on Tuesday.

## Fall coaches to be at Sports Boosters

Thursday's weekly 12-noon Thief River Falls Sports Boosters Club meeting at the Elks will feature tournament/playoff up-dates from the Lincoln High School fall sports head coaches.

The public is invited.

## Gators finish fifth at Warroad

Badger/Greenbush-Middle River Gators finished 2-2 and in fifth place out of 18 teams at the Warroad Volleyball Invitational Saturday.

Gwen Borgen said the team could have played a little better, but they got to play lots of volleyball. Their next game is on October 24. The team is 10-14 on the season.

**Results —**

In the first game it was Lake of the Woods over the Gators 15-9, and 16-14. In the second game the Gators defeated Iodus 16-14, and 15-4. In the third game Kittson County Central defeated the Gators in three matches 15-7, 4-15, and 15-10. In the fourth game it was the Gators over Tri-County 15-8, and 15-11.

## Mid-September reports indicate all major commodity prices down

The mid-September index of prices received by Minnesota farmers was 121, down 3 points from last month an ddown 10 points from a year ago.

Oats, wheat, and navy beans were the only crop prices to show gains from August to September. Pinto beans and other hay showed the greatest declines of $7.60 per hundred weight and $4 per ton respectively.

Sheep and milk showed gains, eggs and turkeys were unchanged, while all other livestock prices were lower than one month ago. Barrows and gilts showed the greatest livestock price decline, down $5.40 to $38 per hundred weight.

# More Minnesotans seeing negative effects of gambling

A growing number of Minnesotans are seeing negative consequences related to gambling, according to a Minnesota Department of Human Services (DHS) study released recently.

The study found that 3.2 per cent of Minnesotans are experiencing "Increasing negative consequences" as a result of their gambling, up from 1.6 per cent in a similar study in 1990. The number of problem pathological gamblers, another category measured, remained relatively steady from .9 per cent in 1990 to 1.2 per cent in 1994.

The prevalence of problem gambling in Minnesota is the highest among the states where current problem gambling has been measured, according to J. Clark Laundergan, Ph.D., a researcher with the Center for Addition Studies at the University of Minnesota, Duluth.

The University conducted the DHS-funded study, "Adult Survey of Minnesota Problem Gambling Behavior, A Needs Assessment: Changes 1990 to 1994." The study aimed to determine the prevalence of problem gambling in Minnesota given the expansion in gambling availability since the first study was published in 1990.

Jim Stoebner, assistant commissioner for the DHS, said the findings deserve careful consideration.

"For most people, gambling is a harmless form of entertainment, but for others it becomes uncontrolled," Stoebner said. "We need to continue to take a serious look at how we can treat gambling problems and how we can best prevent them."

Other measures of gambling behavior indicate that gambling frequency among the general public has increased significantly. In the 1994 survey, 41 per cent of Minnesotans had gambled in the past month, up from 23 per cent in 1990.

The report points to two Implications of the findings:

- Programming shauld be offered for gamblers identified as experiencing increasing negative consequences. Por example, a class could be developed that is similar in format to courses DWI offenders must take. Prevention efforts shauld also be stepped up.
- There is a continuing need to provide treatment for an undiminished number of pathological gamblers.

A study released by DHS in June shows treatment can have positive results for gamblers and their families. Following treatment, there was a dramatic decline in both gambling frequency and severity. Of those who responded to the survey, 55 per cent reported no gambling after six and 12 months. When success is defined as abstinence or less than monthly gambling, 70 to 80 per cent met these criteria after six and 12 months.

DHS is involved in a number of prevention and treatment efforts statewide, including programs at six regional locations. The Minnesota Compulsive Gambling Hotline receives about 600 calls monthly. People who think they may have a gambling problem can call the hotline at 1-800-437-3641.

## AAUW "Meet the Candidates"

Thief River Falls branch of the American Association of University Women will host a "Meet the Candidates" night on Monday, October 24, 1994, at 6:30 p.m. in room 131 of the Northwest Technical college in Thief River Falls.

AAUW members, Edith Etter and Jean Heinrichs, have invited the follawing candidates: Tim Finseth and Ken Murphy, candidates for District 1B State Representative; Lemay Moe and Ken Schmalz, candidates for Pennington county recorder, Bob Carlson and Bob Jablinski, candidates for Second District County Commissioner, and Vickie Bjorgaard and Laura L. Nelson, candidates for county treasurer.

"Meet the Candidates" night is an opportunity for the public to hear from local candidates prior to the November 8 election.

# New corporate farming law

Debate in the 1994 legislative session over corporate farming ended with a new law bringing changes that went into effect August 1, accarding to Sen. LeRoy Stumpf of Thief River Falls.

"Larger groups of farmers will now be able to put their resources tagether to raise livestock—except dairy cattle," Sen. Stumpf said. "The new law will allow more outside investment, but there will still be restrictians."

The previous law restricted the number of shareholders to five and farmers had to have 51 per cent of the stock in an "authorized farm corporatian." Under the expanded law, an unlimited number of investors may join in a cooperative farm, as lang as Minnesota farmers control 75 per cent of the stock.

"Another important requirement is that 50 per cent of the farmers in a cooperative farm must also raise livestock on their own farm," Sen. Stumpf said. "The remaining 49 per cent of farmers could be those who raise only crops."

Because of concern about land ownership, the new law includes a restrictian that a farm corporotion cannot have title to mare than 1,500 acres of land.

"All of these changes came about as part of the debate about family farm survival," Sen. Stumpf noted. "Supporters of the legislation suggested these changes because they said that farmers need new ways of working together to stay competitive in today's economy."

Approximately 50 miles of roadsides, parks and playgrounds were cleaned by St. Barnard's school students and their adult assistants during the marathon for non-public education recently. Students secured pledges for the clean-up effort to help assist with school programs and equipment.

Last week, three generations of Greelis's delivered a check to the Historic Depot Preservation committee to save the historic Soo Line depot in Thief River Falls. Tom Greelis, owner of the Family Bowl, his son Thomas Michael, and father, Thomas Vincent, agree that the project has a special significance for the community. The $100,000 mile-stone in the campaign is coming up Saturday. The committee must raise $200,000 by mid-November or return the property to Canadian Pacific for demolition.

# Farm income plummets in 1993 decline

Net farm income received by Minnesota farmers in 1993 plummeted 87 per cent from 1992 levels, according to the Minnesota Agricultural Statistics Service.

Lower cash receipts from farm marketings and changes in farm inventories combined with higher production expenses to more than offset the increase in government payments.

Cash receipts from farm marketings totaled nearly $6.6 billion in 1993, six per cent less than the 1992 revised value of $7 billion. Value of crops sold declined 18 per cent from 1992. Corn, the state's largest crop in terms of cash receipts, declined 27 per cent. Soybeans slipped 12 per cent and all wheat registered a 14 per cent drop in cash receipts.

In contrast, cash receipts from livestock marketings increased five per cent from 1992. Cattle, hogs, sheep and poultry increased while dairy products declined.

Total gross income for Minnesota farms amounted to $7.1 billion, 12 per cent below the 1992 level. The cost of production increased five per cent from 1992 to $6.9 billion. All expenses were above 1992 except real estate interest payments and capital consumption charges.

Government payments to Minnesota farms in 1993 were nearly double the payments made in 1992 and totaled $823 million, the largest amount since 1988.

Net farm income decline from $1.5 billion in 1992 to only $193 million in 1993 represented a drop of 87 per cent.

The "average" Minnesota farm had gross farm income of $81, 671 in 1993. Expenses used up $79,457 of that income, leaving the typical farm with only $2,214 in net farm income in 1993, compared with $17,352 in 1992, the Agricultural Statistics Service reports.

The net farm income was not only a serious decline from the previous year, but a radical departure from the past five-year period. Net income had averaged $15,009 in 1991, $23,378 in 1990 and $24,748 in 1989.

Of total farm Income in 1993, 42.6 per cent came from all crops and 57.4 per cent from all livestock and livestock products, including 18.7 per cent dairy, 16.5 per cent cattle and calves and 13.8 per cent hogs.

## Radio station elects officers

Officers are Barrie March, chair; Mike Unhjem, vice chair; and Bob Foster, secretary.

## ng wheat growers may enter contest

Young Minnesota wheat farmers are eligible to enter an essay contest in which two $750 leadership development awards will be given away. A total of 40 grants will be awarded to participating NAWG state associations.

The program Is designed to acquaint young wheat farmers with the wheat association's organizational structure, leadership development, policy development and the educational aspects of wheat organizational meetings.

The $750 awards will help defray the costs for winners to participate in their choice of either the national convention to be held in Dallas, TX, January 25-28 or the NAWG summer leadership conference to be held at Big Sky Resort in Montana August 6-9.

Any Minnesota wheat farmer between the ages of 20 and 35 who has not previously won a trip to either of the NAWG meetings mentioned above is eligible to enter. The entries are judged by a committee and winners selected based on the content of their brief answers to three essay questions.

Entry forms may be obtained by writing the MAWG office at 2600 Wheat Drive, Red Lake Falls, MN 56750 or calling 218-253-4311 or 1-800-242-6118. Entry deadline is November 4.

## Firearms safety class graduates

Eleven young people graduated from the fall firearms safety training program sponsored by the Pennington County Sportsmen's Club and the Minnesota Department of Natural Resources division of enforcement.

The class covered gun handling, firearm safety in the home and afield, cleaning and care of firearms, marksmanship and hunter responsibility on a wide range of issues.

Final session was a field trip to the Pennington County Sportsmen's Club rifle range. Students were tested on safety in fence crossing and tree stand climbing with a firearm and in firing 15 rounds of .22 caliber ammunition at targets.

Completing the fall course were Alissa Austad, Jonathan Booth, Tyler Culkins, Dierdre Dally, Nathan Fanfulik, Jennifer Gonsorowski, Justin Iverson, Brian Loe, Chris Matson, Douglas Reierson and Nina Smith.

Program coordinator Allan Paulson and instructors are all certified in youth firearms safety training. Joining in the instruction were Vern Cleven, Alfred Hanson, Duane Langness, Gary Tischer, June Paulson and Donald Wentzel.

Paulson expressed his appreciation to all who assisted as instructors and in other ways, and to the sportsmen's club for use of the rifle range, clubhouse and grounds.

## BIBLE STUDY

### The parable of the tree

*After you read through this Bible study, go back and look up the Scriptures and highlight them in your Bible.*

Jesus taught His disciples to either make the tree good, and its fruit good; or make the tree rotten, and its fruit rotten; for the tree is known by its fruit (Matt. 12:33). To better understand this parable, let's compare it with other sayings of Christ.

"I know your deeds, that you are neither cold nor hot; I would that you were cold or hot" (Rev. 3:15). "Let the one who does wrong, still do wrong; and let the one who is filthy, still be filthy; and let the one who is righteous, still practice righteousness; and let the one who is holy, still keep himself holy" (Rev. 22:11). "Little children, let no one deceive you; the one who practices righteousness is righteous, just as He is righteous" (1 John 3:7). "You shall be holy, for I am holy." (1 Peter 1:16). "Therefore you are to be perfect, as your heavenly Father is perfect" (Matt. 5:48).

Today we would use the expression, "Get off the fence." Either start to live like Jesus Christ or continue to stay as you are! But why? What is God going to distinguish by this? He will distinguish between the righteous and the wicked, between the one who serves God and the one who will not serve Him (Mal. 3:18). How can you tell? Anyone who does not practice righteousness is not of God (1 John 3:10; 3 John 11). Then, those who practice righteousness must be the good trees with the good fruit, and the rotten trees are those who choose to remain bearers of the word (James 1:22).

Those who continually practice righteousness are truly born of God (1 John 2:29). They are the wheat, the sheep, the good trees and the righteous because they practice righteousness and are rich in good works done for God's glory (1 John 3:7). The rotten trees, the goats, the tares, the chaff and the wicked are those who claim they are followers of Jesus Christ, but don't and won't live their lives to please the Lord (Titus 1:16). They are the religious people who will put to death the righteous and think they are doing God a service (John 16:2). They will have the attitude Cain had toward Abel. "Am I my brother's keeper?" Cain asked (Gen. 4:9). Yes, you are your brother's keeper if you are like Abel, whose deeds were righteous (Matt. 25:33-46; 1 John 3:12).

# Clearwater river NPS pollution study complete

First phase of the Clearwater River Non-Point Source Pollution study was very successful, according to an article in *The Red River Messenger*, published by The International Coalition for Land and Water Stewardship in the Red River Basin. Success was attributed to interagency and public support and cooperation.

Goals of the project included identifying existing water quality status of the Clearwater river, causes of any water quality problems and strategies to address those problems. Next step for the project will be to attempt to implement strategies to try to protect and improve the water quality of the Clearwater river.

Primary funding source for these activities will be the Minnesota Pollution Control Agency (MPCA). Application deadline for the agency's Phase II funding is October 31, pending approval of the Phase I report by the project manager. Within the past year, however, the MPCA and Environmental Protection Agency (EPA) have changed their policies on Phase II funding.

The money is now given out on a loan rather than a grant basis. Due to this change, the Red Lake Watershed District—the project's lead agency—will seek additional funding sources for implementation measures to proceed.

Total funding for the project was approximately $350,000 with the Minnesota Pollution Control Agency providing approximately 50 per cent. The remainder was provided by various participating agencies including the following:

- Clearwater, East Polk, Red Lake and Pennington Soil and Water Conservation Districts;
- Red Lake Soil Conservation Service;
- Headwaters and Northwest Regional Development commissions;
- Minnesota Department of Natural Resources;
- University of Minnesota agricultural experiment station at Crookston;
- University of Minnesota extension service; and
- The International Coalition for Land and Water Stewardship in the Red River Basin.

## State develops model for HIV/AIDS disabilities

Minnesota has taken a lead role in shaping the nation's view of people with HIV/AIDS as being employable despite their disability.

A new, three-year $900,000 pilot program will bolster that effort by training 1,200 rehabilitation counselors in Minnesota and five other states. The innovative program will equip counselors with skills to meet the growing needs of this newly defined disabled population.

"Minnesota was one of the few states to do outreach and demonstrate people with HIV/AIDS can lead productive work lives," said Commissioner R. Jane Brown of the Minnesota Department of Economic Security (MDES). "We're in an excellent position of forging national policy on HIV/AIDS training and ensuring the needs of Minnesotans are met."

The MDES began addressing the issue of HIV/AIDS in the workforce in 1990, brining together staff members and those with the illness to form an HIV Advisory Council. Today, MDES has joined forces with the World Institute on Disability (WID) to pilot a national program funded by the U.S. Department of Education's Office of Special Education and Rehabilitation Services. States joining Minnesota and WID are California, Colorado, Florida, New York and New Jersey.

"HIV/AIDS is viewed as a disability eligible for vocational rehabilitation services because advancements in medical technology make it possible for people to live for years with the chronic, disabling condition," said Norena Hale, MDES Assistant Commissioner of the Division of Rehabilitation Services. "The cost to society drops dramatically when the emphasis is on rehabilitation and reaching employment outcomes. People who are working are more apt to feel they have a purpose in life. They tend to feel better and they do not need as many medical services."

Counselors will assist people with HIV/AIDs in: defining their career goals, adjusting to part-time employment, informing other about their disability, dealing with death and dying issues, and training employers about HIV/AIDS in the workplace. Training Minnesota's 167 rehabilitation counselors on HIV/AIDS issues is expected to begin in mid-1995.

The Minnesota Department of Economic Security has more than 70 program offices throughout the state, helping 1.2 million Minnesotans help themselves achieve economic security.

- Minnesota has reported 2,196 cases of AIDS through August 1994.
- 88 per cent of the people with AIDS live in the seven county metropolitan area.
- In 1992, Minnesota had an AIDS incident rate of 4.9 incidences per 100,000 people, which is in the lower 25 percentile in the nation.
- 30 per cent of the people with HIV/AIDS who were dependent on Social Security expressed thought of suicide. Of those people who received rehabilitation services, the most common feedback given was it gave them a reason to live.

## IRS seeks help in creating tax guide booklet

Internal Revenue Service has created a draft copy of a booklet entitled "Tax Guide for Churches and Other Religious Organizations" and is interested in suggestions for its improvement.

"We are making draft versions available to anyone who would like to offer thoughts and ideas for making it better," notes Inar Morics, IRS director in Minnesota.

Topics covered are tax-exempt status for churches, payroll taxes, lobbying and political activities, unrelated business income, fund-raising rules and charitable contributions and clergy income and deductions.

Free copies are available from Internal Revenue Service, Freedom of Information Reading Room, P.O. Box 795, Ben Franklin Station, Washington, DC 20044.

## Sport aviation conference in Twin Cities

Minnesota Sport Aviation conference has been scheduled for Saturday, February 18, at the Minneapolis Convention Center under the theme "Flying Is Fun."

Sessions are planned specifically for sport aircraft, ultra-lights, antique classics, aerobatics, sail planes, balloons, helicopters and youth in aviation. Aviation industries will have display booths with new products and technologies.

## Photography by Jim Blix joins Chamber of Commerce

Photography by Jim Blix became one of the newest members of the Thief River Falls Chamber of Commerce.

In a recent interview, Blix said, "I would like to offer a distinctive style of portrait photography to buyers in Thief River Falls and the surrounding area. This will include unique settings, props, posing, and lighting to fit individual needs. My biggest challenge and opportunity has been to make the most of each seasonal landscape. Summer and fall give the best outdoor settings, but look for more winter settings, especially for the skiers and snowmobilers, and some new and exciting studio work."

Blix came to Thief River Falls a year ago from Maple Grove where he worked with a private studio in graphic design and electronics. In coming to Thief River Falls Blix said his biggest surprise was the economic vitality of the area and how much business he has had. That perception was one that, he said, came from living in the Twin Cities.

Small town life is something both Blix and his wife are used to, however. Blix's wife Sara (Howick) grew up in Thief River Falls. Jim grew up in Fergus Falls.

Blix said he has been very busy with commercial photography and weddings. He also photographs portraits. His market area includes much of northwestern Minnesota, from Crookston to Greenbush, and East Grand Forks to Thief River Falls.

Photography by Jim Blix is located in their home south of Thief River Falls on Highway 32, and just off Davidson Drive. The studio can be reached by calling (218) 681-3293.

## Chipping away our tax breaks

by Philip C. Clarke

Some inside-the-Beltway types are bemoaning the high cost of so-called tax expenditures. A recent General Accounting Office (GAO) report argues that these "expenditures" deserve more scrutiny. According to the GAO, tax expenditures cost the federal government some $400 billion a year. And these costs, the accounting office says, have been growing at the rate of about 4 per cent a year, even after taking inflation into account.

If you haven't heard about this spending category, it's not surprising. A tax expenditure isn't a spending program, like welfare or health care or the space program. A tax expenditure represents the "cost" of tax breaks to the government. In other words, if the federal government lets working Americans keep more of their own hard-earned money, that's a "cost" to Uncle Sam in Washington's parlance.

Consider what the government lists as "expenditures." the single largest on the list is the tax break for money save through pension programs - amounting to $56 billion in 1993. The next largest is the deduction for medical insurance, at $46 billion, followed by the mortgage interest deduction at $44 billion. Others in the top 15 include contributions to charity, deductions for state and local income and property taxes, and Individual Retirement Accounts or IRA's. The GAO suggests that the federal government should pay close attention to the cost of these "expenditure" programs, and suggests ways for the government to control these costs.

Such semantics reveal a great deal about how some people view the role of government in society. The GAO put's it this way: "Some observers believe that labeling these provisions tax 'expenditures' implies that all forms of income inherently belong to the government." While the GAO dismisses such concerns, that is really at the heart of the matter. Saying that letting you keep your money is a cost to the government clearly implies that people labor for government, not themselves!

Such thinking leads to absurd conclusions. One could make the argument, for example, that since tax rates once topped 90 per cent, the fact that the top rate is now far lower than 90 per cent represents a tax "expenditure."

A recent article in the liberal Common Cause magazine refers to the mortgage interest deduction as "the biggest entitlement program" on the books for "the nation's most surprising special interest: the homeowner." Apparently, the chief complaint is that the benefits of the mortgage interest deduction are unfairly distributed, with home-owning Americans getting more out of it than poor Americans. "It is in fact so inequitable in its distribution as to be decidedly un-American," complains Common Cause.

Such arguments overlook several important factors, namely that the poor receive benefits in the form of welfare payments and tax credits, and that income tax rates are progressive. What's really going on here is that big spending liberals are looking for more ways to soak up more revenues without appearing to raise taxes. Cutting back on an expenditure program, therefore, can be described as a "savings." In fact, that's how most of them are depicted.

While all this may be described by Washington-types as lowering the "cost" of government, to taxpayers it means exactly the opposite. The bottom line of limiting tax breaks - without a commensurate cut in other taxes - spells higher taxes for working Americans.

## Fear of Halloween misplaced

by David Hill
*Associate Editor*

Halloween will be a little darker this year. The traditional celebration, originally a Celtic festival for the dead which was celebrated on the last day of the Celtic year, and incorporated into the Christian holiday of All Saints' Day, faces a new challenge this year - that it contributes to the moral decay of our nation.

A current edition of one encyclopedia says until recent times in some parts of Europe, it was believed that on this night witches and warlocks flew aboard; and huge bonfires were built to ward of these malevolent spirits.

Halloween's more underlying pagen background used to teach us to deal with death and fear. Today, ugly, scary, funny or unusual masks bearing little or no resemblence to inner self, cover the smiling faces of children who knock on our doors to ask, "Trick or Treat?"

In the zeal to rid our nation of crime, things which are not politically correct, do not fit into our idea of a moral society, it is remarkable that a celebration which has as part of its foundation, Christian ideals, would be described as another activity leading to the moral decay of a nation.

It could be said that this story began with keeping Christmas and religious celebrations out of our schools, or when people started putting razor blades in candy, or when we started defining who belongs by race, color or creed. It could be said that it goes much deeper, but this particular editorial began when a Fargo School Superintendent said schools should forgo Halloween celebrations this fall because it's a "devilish" holiday.

The only menacing spirits this Halloween won't be found smashing pumpkins. Yes, Halloween will be a little darker this year, but I hope we can still learn to love one another. Let the bonfire of good will and love drive away the malevolent spirits. And oh yes, let Halloween be a little darker this year because we'll be switching to Standard Time from Daylight Savings Time.

**Safety tips**

Minnesota department of public safety offers tips for adults and children to help make this Halloween a safe and fun holiday.

Among the safety tips offered by the department of public safety:

- Children should trick or treat in the afternoon or early in the evening, accompanied by at least one adult. Take a flashlight to help light the way and keep track of children.
- Trick or treating shuld be confined to children's own neighborhood.
- Drivers should watch closely for children crossing the street.
- Children should cross streets only at corners, and should walk, not run, on sidewalks.
- Costumes should permit adequate peripheral vision, and should be light colored. Reflective tape or other materials should be used to increase visibility of children.
- Costumes should be tried on before Halloween to ensure proper fit and make sure vision is not obscured.
- Once trick or treating is done, adults should inspect treats before giving them to children.

## Evans Steel Co. of TRF joins Chamber of Commerce

Evans Steel Co. of Thief River Falls is one of the Chamber of Commerce's newest members.

Evans Steel Co. of Thief River Falls has a new location and a new owner. Last year, the company was moved from the corner of Eighth and Davis in Thief River Falls to a location on Highway 32 north. As of April 1, 1994, the new owners are Clair and Suzy Ellison.

While Clair and Suzy Ellison may be the new owners, the business is nothing new to Clair. Clair was employed with the company for 17 years before taking over as its new owner.

Clair said he had discussed purchasing the business with the former owner Bud Evans many times. The opportunity to purchase the business only recently became an option.

As with any change in ownership there have been a few changes in business. The company is now known only as Evans Steel Co. It sells new and reusable steel, and grass seed, and buys scrap iron and metal, copper, grass seed, radiators, aluminum and other metal, raw furs and hides including fox, muskrat, mink and deer, wool, and grass seed.

Evans Steel Co. is now buying car bodies, combines and other agricultural equipment and household appliances.

A new 80-foot scale for weighing trucks and trailers also help the Ellisons in their not-so-new business.

Evans Steel Co. has also become a local representative for Bemidji Welders Supply offering oxygen, acetylene and other welding supplies to farmers and businesses in the region.

Clair said his first summer as the new owner was a busy one. Prices were good and Clair believes value will continue to be good, as well.

## Gambling winnings are fully taxable

Gambling winnings are fully taxable and, within limits, gambling losses are deductible, according to the Internal Revenue Service.

Winnings from all types of gambling, including charitable gambling, casinos, raffles, state lotteries, and dog and horse track betting, must be reported on the "Other income" line on the front of Form 1040. If federal tax is taken out of your winnings, you may claim credit for it on the "Federal income tax withheld" line on the back of Form 1040.

If you itemize, the IRS says you may claim gambling losses as a miscellaneous deduction on Schedule A. However, this deduction cannot be more than your winnings. So, for example, if your gambling winnings for the year are $1,000, your deduction for gambling losses cannot exceed $1,000. Anyone reporting either gambling winnings or losses cannot use the 1040A or 1040EZ short forms.

An accurate diary or similar record of gambling winnings and losses should be kept along with tickets, receipts, cancelled checks, and other documentation. These supporting records need not be sent in with your tax return, the IRS says, but should be retained in case of audit.

To listen to a recorded message on this topic, call the IRS toll-free at 1-800-829-4477 and ask for tape number 420.

—Now it develops that congress has fixed the fourth Thursday in November as Thanksgiving Day. That means the holiday will fall on November 23 this year, there being five Thursdays in the month.

—Dunking, says a colleague, may be bad form, but it's good taste.

—One sure thing is that the nation's transportation system will be relieved of part of its burden if Mrs. Dewey moves into the White House.

—It must be discouraging for the men on the battlefront to receive reports that the folks back home are cashing in their war [illegible] already [illegible] necessary.

—Simile: As secretive as a successful duck hunter is about where he got the birds.

—The Watch on the Rhine, says the Baudette Region, is beginning to resemble an alarm clock.

—We don't envy anybody the job of feeding the 563,000 Nazi prisoners captured by the Allies since the invasion.

—William Wrigley, the chewing gum tycoon, tells us advertising is to business what a locomotive is to a train.

—It would be interesting if FDR would devote one of his remaining campaign speeches to a frank discussion of the fourth term issue.

—Affairs are returning to normal. Bernie Bierman is back on the University of Minnesota football coaching staff.

—Remember way back when the American people were aghast at a federal budget of $1,000,000,000. And now the interest charges on the national debt alone amount to more than four billion dollars a year.

—A large number of Negroes from Jamaica are going to cut timber in Northeastern Minnesota. Wonder how they will like our Minnesota winters.

—Just think! It's about time to issue the annual warning against skating on thin ice.

CARD OF THANKS
The family of Harold Ritko would like to express our sincere thanks to Pastor Walter Beaman for his comforting messages at the prayer service, and also at the funeral. To John Roseland for singing at the prayer service, to Lowell Hogberg for the songs at the funeral, to the organist Marlene Jorgenson, and to the pallbearers, and to the Shriners who were honorary pallbearers. To Mike and Chuck DuBore for their kindness and help. To the Alma W.M.F. who served lunch, and for the many memorials, flowers and food sent to the house, and other kindnesses shown. For the prayers and concern from relatives and friends while Harold had been ill. To Janice and Donald, Doris and Sandy for the many times they took me to see him at an Gwah Ching. To Pastor Luedtke, Julie Osmondson and Carol Sedgeman and the members of the support group, who helped me so much. Your kindness and caring is deeply appreciated.

May God Bless You All,
Myrtle Ritko,
Dora and John Gilbert,
Joseph Ritko.

October 19, 1994
REGULAR BOARD MEETING
September 26, 1994
7:00 p.m.
S.D.S.C. Conference Room A

A Regular Board Meeting of Independent School District #564 was held on Monday, September 26, 1994, at 7:00 p.m. in Conference Room A of the School District Service Center.

The following Board members were present: Larry Belmont, Carl Clark, Hank Nelstrom, Dennis Kiesow, Jean Larson, Harry Sjulson and Darla Twomey. Also present was Dr. Robert Duncan, Superintendent of Schools.

Chairperson Dennis Kiesow called the meeting to order and Clerk Darla Twomey established that a quorum was present.

A motion was made by H. Sjulson and seconded by J. Larson to approve the agenda as amended. Motion carried unanimously.

Board members were reminded of the following area meetings: MREA Regional Legislative Action Meeting on September 27 in Plummer, the MSBA Management Services Open Meeting Law Seminar on October 13 over ITV at the Technical College and the Tech Prep National Conference scheduled for October 28-30 in Minneapolis. Members were also informed of a Teacher Compensation Task Force Public Input Session scheduled for October 10 from 7-9:00 p.m. over ITV and a Joint Legal and Management Seminar scheduled for October 18 in Moorhead. Information regarding the MSBA 1995 Outstanding School Board Member Award was distributed.

Jim Neapas, Challenger Elementary School Building Project Superintendent, updated the Board on progress of that project indicating the areas that are in the process of being completed. Don Bergstrom of the E&V Construction Management Firm updated the Board on the building project at Lincoln indicating projects on the punch list are in the process of being completed and Lanny Cyr also of E&V provided information concerning Franklin. Franklin is also nearing completion with the media center to be completed next week.

Bob Duncan reported on the PER Committee meetings held recently indicating they had held their organizational meeting and first regular meeting of the school year. The PER Roles and Responsibilities; PER Committee Policy and K-12 Curriculum Goals had been reviewed and were presented to the Board for approval.

Jean Larson reported on behalf of the Community Ed Advisory Council indicating they had met last Monday and were informed that the Preschool Open House at Challenger is scheduled for Thursday, September 29, from 4:30-7:30 p.m. Jean also reported that the Homecoming Parade is scheduled for Friday, October 7th. The Council also was informed that the city did not plan to flood the skating rink at Franklin this year so there would be no need for a warming house attendant at that site. The rink at Northrop will be opened, however, as long as it is property of the district.

Business Manager Harry Nelson reviewed the 1994-95 budget publication that will be in the Times this week. Harry also reviewed specifics of the lease with Thief River Linen for space vacated by ECFE Head Start and the Nursery School on LaBree Avenue.

Superintendent Bob Duncan reviewed the opening day enrollments which indicated 691 students at Challenger, 680 at Franklin and 723 at Lincoln. More accurate figures will be available October 1st. Bob also indicated a subcommittee of the PER Committee is working on the 1993-94 Annual Report that must be approved by the Board and submitted to the State Department. Bob updated the Board on the Graduation Rule indicating it is still scheduled to be effective for the Class of 2000.

At this point the district is reviewing the information that has been provided and attempting to align it with our district's curriculum review cycle. Board members were invited to a luncheon on October 4 to meet with representatives of Dolen and Associates regarding Shared Decisions Minnesota.

A motion was made by L. Belmont and seconded by C. Clark to approve Minutes of the August 22, 1994, and September 12, 1994, Regular Board Meetings and September 22, 1994, Special Board Meeting as presented. Motion carried unanimously.

NOTICE OF SPECIAL ELECTION
INDEPENDENT SCHOOL DISTRICT NO. 564
THIEF RIVER FALLS
STATE OF MINNESOTA

NOTICE IS HEREBY GIVEN, that a special election has been called and will be held in conjunction with the state general election in and for Independent School District No. 564, Thief River Falls, State of Minnesota, on Tuesday, the 8th day of November, 1994, for the purpose of voting on the following question:

THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564, THIEF RIVER FALLS, MINNESOTA, HAS PROPOSED TO INCREASE ITS GENERAL EDUCATION REVENUE BY $289.29 PER ACTUAL PUPIL UNIT. THE ADDITIONAL REVENUE WILL BE USED TO FINANCE SCHOOL OPERATIONS AND THE PROPERTY TAX PORTION THEREOF WILL REQUIRE AN ESTIMATED REFERENDUM TAX RATE OF APPROXIMATELY 0.0566% OF THE REFERENDUM MARKET VALUE OF ALL TAXABLE PROPERTY IN THE DISTRICT FOR TAXES PAYABLE IN 1995, THE FIRST YEAR IT IS TO BE LEVIED. THE REFERENDUM REVENUE AUTHORIZATION WOULD BE APPLICABLE FOR 10 YEARS UNLESS OTHERWISE REVOKED OR REDUCED AS PROVIDED BY LAW.

☐ YES

SHALL THE INCREASE IN THE REVENUE PROPOSED BY THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564 BE APPROVED?

☐ NO

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

Passage of this referendum will result in an increase in your property taxes.

The property tax portion of the revenue authorized will require an estimated referendum tax rate of approximately 0.0566% of the referendum market value of all classes of taxable property within the district. The annual dollar increases for typical residential homesteads, apartments, commercial-industrial properties, and other classes of property within the district, other than certain agricultural and disabled homestead properties, are as follows:

TAX IMPACT
RESIDENTIAL HOMESTEADS, APARTMENTS, COMMERCIAL-INDUSTRIAL PROPERTIES

| Market Value* | Dollar Increase |
|---|---|
| $20,000 | $11 |
| $25,000 | $14 |
| $30,000 | $17 |
| $40,000 | $23 |
| $50,000 | $28 |
| $60,000 | $34 |
| $70,000 | $40 |
| $75,000 | $43 |
| $80,000 | $45 |
| $90,000 | $51 |
| $100,000 | $57 |
| $125,000 | $71 |
| $150,000 | $85 |
| $200,000 | $113 |
| $250,000 | $141 |
| $500,000 | $283 |
| $1,000,000 | $566 |

FARMLAND

Assuming that the market value of an average farmhouse, garage and surrounding one acre on land is $51,000, the annual dollar increases for typical agricultural properties in the district are as follows:

| Market Value* | Referendum Market Value | Dollar Increase |
|---|---|---|
| $75,000 | $61,800 | $35 |
| $100,000 | $73,050 | $41 |
| $200,000 | $136,750 | $77 |
| $300,000 | $236,750 | $134 |
| $400,000 | $336,750 | $190 |
| $500,000 | $436,750 | $247 |
| $600,000 | $536,750 | $304 |
| $700,000 | $636,750 | $360 |
| $800,000 | $736,750 | $417 |

*Information regarding the market value of your property can be obtained from the County Auditor's Office.

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN, That default has occurred in the conditions of that certain mortgage date the 9th day of December, 1985, executed by Charles N. Erickson and Bonita G. Erickson, husband and wife, as mortgagors to First National Bank of Detroit Lakes as mortgagee, filed for record in the office of the County Recorder in and for the County of Pennington, and State of Minnesota on the 27th day of December 1985, at 9:00 o'clock A.M., and recorded in Book 196 of Records, Page 33; and that thereafter the said mortgagee duly partially assigned the same to Linda P. Nelson at Red Lake Falls, Minnesota on the 26th day of April 1994; and that said assignment was duly filed for record in the office of the County Recorder in and for the County of Pennington and State of Minnesota on the 16th day of May, 1994, and recorded in Book 248 of Records, Page 498 as Instrument No. 142664.

That no action or proceeding has been instituted at law to recover the debt secured by said mortgage, or any part thereof and that the assignee has elected to declare the entire sum secured by the note and mortgage to be immediately due and payable as provided in the note and mortgage.

That the original principal amount secured by said mortgage was Two Hundred Fifty-seven Thousand Dollars ($257,000.00).

That there is due and claimed to be due upon that part of said mortgage assigned to Linda P. Nelson, including interest to date hereof, the sum of the One Hundred Twenty-five Thousand Dollars ($125,000.00) and the amount of tax paid by the mortgagee or his assignee on the lands hereinafter described in the sum of N/A Dollars.

That prior to the commencement of this mortgage foreclosure proceeding, Mortgagee complied with all notice requirements as required by statute.

And, that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tracts of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

West Half of the Southwest Quarter (W1/2SW1/4), Section Seventeen (17); the East Half of the East Half of the Southeast Quarter of the Southeast Quarter (E1/2E1/2SE1/4SE1/4), Section Eighteen (18); The East Half of the Northeast Quarter of the Northeast Quarter (E1/2NE1/4NE1/4) and the East Half of the Southeast Quarter of the Northeast Quarter (E1/2SE1/4NE1/4) and the East Half of the West Half of the Southeast Quarter of the Northeast Quarter (E1/2W1/2SE1/4NE1/4) and the Northeast Quarter of the Southeast Quarter (NE1/4SE1/4) and the Southeast Quarter of the Southeast Quarter (SE1/4SE1/4) and the East Half of the East Half of the East Half of the Southwest Quarter of the Southeast Quarter (E1/2E1/2SW1/4SE1/4) all in Section Nineteen (19); the Northeast Quarter of the Northeast Quarter (NE1/4NE1/4) and the East Half of the East Half of the Northwest Quarter of the Northeast Quarter (E1/2E1/2NW1/4NE1/4) and the Southeast Quarter of the Northeast Quarter (SE1/4NE 1/4) and the East Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2E1/2/SW1/4NE1/4) and the East Half of the West Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2W1/2E1/2SW1/4NE1/4) all in Section Thirty (30); ALL of the above described property is located in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the Fifth Principal Meridian in Minnesota.

Will be sold by the sheriff of said county at public auction on the 29th day of November, 1994, at 10:00 o'clock A.M., at the Law Enforcement Center, 102 West First Street in the City of Thief River Falls, in said county and state, to pay the debt then secured by said mortgage and taxes, if any, on said premises and the costs and disbursements allowed by law, subject to redemption by the mortgagors, their personal representative or assigns within twelve (12) months from date of sale.

NOTICE TO MORTGAGORS

IF PART OF THE PROPERTY TO BE SOLD CONTAINS YOUR HOUSE, YOU MAY DESIGNATE AN AREA AS A HOMESTEAD TO BE SOLD AND REDEEMED SEPARATELY.

YOU MAY DESIGNATE THE HOUSE YOU OCCUPY AND ANY AMOUNT OF THE PROPERTY AS A HOMESTEAD. THE DESIGNATED HOMESTEAD PROPERTY MUST CONFORM TO THE LOCAL ZONING ORDINANCES AND BE COMPACT SO THAT IT DOES NOT UNREASONABLY REDUCE THE VALUE OF THE REMAINING PROPERTY.

YOU MUST PROVIDE THE PERSON FORECLOSING ON THE PROPERTY, THE SHERIFF, AND THE COUNTY RECORDER WITH A COPY OF THE LEGAL DESCRIPTION OF THE HOMESTEAD YOU HAVE DESIGNATED BY TEN BUSINESS DAYS BEFORE THE DATE THE PROPERTY IS TO BE SOLD.

## What's cooking—safely?

October 9 through 15 is Fire Prevention Week. The National Safety Council suggests that you pay attention to kitchen fire hazards, since cooking equipment causes most injuries in home fires:

- Don't lean over the burners to reach items, since your clothing may catch on fire.
- Keep broilers, ovens, vent ducts and hoods free of grease.
- If a pan on the stove catches fire, put a lid over the pot to cut off the air supply and turn off the burner. If the flames are in the oven or broiler, close the oven or broiler door and turn off the heat source.
- For minor fires, keep and know how to operate an A-B-C type fire extinguisher.

Remember, the more you know about what's cooking, the safer you'll be.

## Don't stroll in a stupor

Most motorists have heard the warning, "don't drink and drive," but the same message applies to pedestrians. In fact, the alcohol-impaired pedestrial is at great risk.

About 25 per cent of pedestrian traffic deaths involve alcohol impairment on the part of the pedestrian with no impairment on the part of the driver.

The National Safety Council urges you to call a cab or provide a ride home for an intoxicated person, rather than let him or her become an intoxicated pedestrian.

Remember this message so that you and those you love won't walk into trouble.

## Home Fire Safety

Never smoke if you are overtired, drowsy, taking strong medication or drinking alcoholic beverages. Never smoke in bed. Sit someplace where you are less likely to doze off while smoking.

Injuries in home fires are most often the result of cooking equipment, usually involving unattended cooking. The easiest way to keep cooking from being a fire hazard is to pay attention to it.

Defective appliances and overloaded circuits are major causes of home fires. Be sure appliances bear marks of recognized organizations such as UL. Check the power cords frequently, and replace them right away if they are damaged.

Home fires are most often caused by heating equipment, sometimes a result of problems with installation, maintenance or misuse. Fireplaces need a screen covering the entire opening to catch sparks.

When fire strikes, it strikes fast. Practice drills are essential. If you have an escape plan and adapt it to the emergency, you can greatly increase your chances of survival. Take your children to a neighboring firehouse to see the equipment and protective gear firefighters wear, so they won't be frightened of firefighters if they are rescued in a fire.

# Abbreviations familiar but confusing also

by Cheryl Sistad
district manager SWCD

All too often, governmental agencies use abbreviations we are familiar with, but are confusing to the general public. I'll try to explain some of them.

SCS or Soil Conservation Service is a federal agency under the United States Department of Agriculture (USDA). SCS personnel are responsible for wetland determinations if a landowner wishes to take part in federal programs. Mike Ratzlaff is a federal SCS employee.

ASCS or Agricultural Stabilization and Conservation Service is also a federal agency under the USDA. ASCS takes sign-up in federal programs and handles financial payments, etc. . . . ASCS offices are located in Warren and Bemidji.

SWCD or Soil and Water Conservation Districts are a sub-division of state government, government by a board of five locally elected supervisors. SWCD's handle wetland determinations for landowners that are not in federal programs (under the Wetlands Conservation Act of 1991). SWCD employees are Cheryl Sistad and Kathy Zavoral.

MASWCD or Minnesota Association of Soil and Water Conservation Districts is an organization of the 91 SWCD's in Minnesota.

NACD or National Association of Conservation Districts is an organization of over 2,000 SWCD's nationwide.

BWSR or Minnesota's Board of Water and Soil Resources is a state agency that provides assistance to local units of government. It is governed by a 17 member board (12 members have voting power) and staff to administer the operations of SWCD's, Watershed Districts, and Water Management Organizations. They develop the rules under which a number of our programs function.

RC&D or Resource Conservation and Development is a federal program to work with local people to reach goals for natural resources, economic development, tourism, or any projects the local community deems worthy. The Headwaters RC&D include the counties of Beltrami, Lake of the Woods, Clearwater, Hubbard and Mahnomen. The Pembina Trail RC&D includes the counties of Kittson, Roseau, Marshall, Polk, Pennington, Red Lake and Norman.

**St. Hilaire Co-op Elevator has joined the effort to "Save the Depot" with a contribution to the Historic Depot Preservation committee. Donations to save the historic structure topped $75,000 this month. Chairman of the project, Gene Baito, says more contributions are arriving daily, with a benefit breakfast October 30 at the Thief River Falls Eagles Hall.**

**Auto Hospital, a new business in Thief River Falls, received a First Dollar award from the Thief River Falls Chamber of Commerce Ambassadors recently. The Auto Hospital is a full-service automotive shop owned and operated by Shawn and Jackie Bugge. The full-service automotive shop includes auto and truck repair, engine overhauls, and automatic and manual transmission overhauls. It is located near the intersections of Highway 1 and 59 in the Altra Power building. Its extended service hours are from 8 a.m. to 7 p.m. week days and from 9 a.m. to 6 p.m. on Saturdays. # Plan river draw-down to check riverbanks

Temporary draw-down of the Red Lake River reservoir in Thief River Falls for a four-day period was outlined for the Thief River Falls city council Tuesday evening by Ron Lindberg of the city's engineering and technical services department.

Purpose of the draw-down is to allow city employees to visually inspect the flow impact of the old dam remnants above the present dam, videotape the riverbanks for future sediment consolidation references and locate any safety hazards within the river channel.

Lindberg told the council he had contacted the Corps of Engineers and that agency is willing to cooperate with the city and reduce flows through the dam at Lower Red Lake to 450 cubic feet per second to allow the temporary draw-down. Agassiz National Wildlife Refuge personnel have also indicated they are willing to cooperate by not discharging any water down the Thief river during the temporary draw-down period.

Plans for the temporary draw-down were made following Lindberg's meeting with Arlo Rude, Brent Johnson and Ron Kalinoski at the request of the council. Lindberg said it had been determined that the project can be accomplished if river flows can be reduced below average flows of 500 cubic feet per second.

The Corps of Engineers is currently discharging 900 cubic feet per second through the dam at Lower Red Lake. This flow would be cut in half to assist the city in its temporary draw-down attempt.

Schedule proposed by Lindberg to the council includes the following:

Wednesday, October 26—Corps of Engineers would begin reducing the outlet flow to 450 cubic feet per second;

Thursday, October 27—Agassiz National Wildlife Refuge would close its outlet structure gates on water flowing down the Thief river;

Friday, October 28—Gates at the power plant dam in Thief River Falls will be opened;

Saturday, October 29—The four-day low water level study will begin;

Tuesday, November 1—Army Corps of Engineers will increase the flow through the Lower Red Lake outlet dam to 750 cubic feet per second;

Wednesday, November 2—Level of the reservoir at the power plant will be raised.

Lindberg explained to the council that the schedule was established to take place over a weekend to allow property owners time to investigate their own riverbank conditions and to allow city staff and government agency personnel a working Monday and Tuesday to accomplish their project goals.

During the winter months the city and other officials will evaluate the videotapes and plan for the 60-day summer draw-down period allowed by the city's current permit. Property owners planning to work on riverbank repairs in 1995 should also have time to acquire individually needed permits from the Minnesota Department of Natural Resources.

# Hallstroms win rural beautification award

## Pennington County Soil and Water Conservation District recognizes Hank and Dolly Hallstrom's yard for 1994 award

**Along the driveway leading into the Hank and Dolly Hallstrom yard southeast of St. Hilaire are plantings of fruit trees and evergreens. The Hallstroms have split irrigation pipe and slipped it around the tree trunks to protect them from the antler rubbing of whitetail bucks that frequent the area. Deer seem to appreciate the available apple crop this year. The Hallstroms are winners of the 1994 rural beautification award of the Pennington County Soil and Water Conservation District. Selection was made this year from Area 5, including River Falls, Wyandotte, Mayfield and Deer Park townships.**

by Marvin Lundin
Times Editor

In 1879 Washington Adams established one of the first homesteads in what was then Polk county along the south bank of the Red Lake river southeast of what is now the City of St. Hilaire.

This year that site east of highway 32, now the rural home of Hank and Dolly Hallstrom, was selected by the Pennington County Soil and Water Conservation District as its rural beautification winner. Selection this year was made from Area 5 of the SWCD, consisting of River Valley, Deer Park, Mayfield and Wyandotte townships and represented by Darrow Lundeen of Trail.

"Wash" Adams wouldn't recognize the old homestead now. Gone are many of the outbuildings, including the shed in which Adams hung himself years ago. Other buildings which were built by succeeding owners since his death have also been removed or converted into attractive structures.

Hank is originally from the St. Hilaire community, as is his wife, Dolly (Kiseh). They were married in 1956 and lived in the St. Paul area, where Hank was manager of a small manufacturing plant in New Brighton and Dolly worked in Falcon Heights. Hank took courses in business management and Dolly studies cosmetology.

They came back to Thief River Falls in 1973 and purchased their 28-acre wooded farmstead from Ole and Gunhild Selmanson. Their first effort at beautification of the site was to paint the house and all the buildings. It took 55 gallons of paint.

Before long they removed a granary, two chicken houses, a machine shed and other buildings which were in various stages of disrepair. A machine shed was rebuilt and converted into a two-car garage. The hip roof barn was lowered by removing the walls and turned into a shop by pouring a concrete floor and adding a large door.

The house remains the same size and configuration it was when the Hallstroms bought the farm, but it has been maintained in good repair and the interior remodeled several times. A deck was also added on two sides of the house with the widest portion on the north side offering a scenic view across the yard of the river and the woods beyond.

Almost as soon as they acquired the property the Hallstroms began some landscaping. They have planted 250 black spruce, Colorado spruce and Black Hills spruce trees and have another 250 seedlings

(Continued on Page 2)

growing at the edge of their garden for future replanting.

About a dozen years ago they extended their yard further west and planted an orchard of plum and apple trees. This year, in particular, the apple crop was very good....to the delight of whitetail deer which slip past the house from the woods to the east and feed on the fruit which drops to the ground.

Wildlife is abundant around the yard, including a wide variety of birds and small animals such as rabbits and squirrels. The young fruit trees took a beating from deer rubbing velvet from their antlers, so Hank protected them with sections of plastic drain tile pipe, split and slipped around the trunks.

One day Hank noticed that one of a pair of birch trees he had planted and nurtured for several years near the river bank was missing. Closer inspection revealed a beaver had toppled the tree and dragged it to the river. An angered Hank vowed revenge, but he wasn't quick enough. A night later the second tree disappeared as well.

The river is generally an asset to the yard and its rural setting. Ducks and geese are frequent visitors and the water supply feeds an underground irrigation system for the yard and orchard. Hank and Dolly also occasionally canoe from their yard to Red Lake Falls and the river is used extensively in the winter for snowmobiling.

Hank is now employed by Arctco, Inc. in Thief River Falls and for many years Dolly has operated a beauty shop at her home called the Hair Cellar. She now operates the hair care center at Skylite Apartments in Thief River Falls three days a week.

For the past dozen years Hank has been a member of the School District 564 board of education and was recently appointed to the board of the Northwest Educational Cooperative Service Unit.

He is a member of the Fourtown Grygla Sportsmen Club, Thief River Falls chapter of the Minnesota Deer Hunters Association and the St. Hilaire Lions club. He has also served on the council of Black River Lutheran church and is a past member of the Thief River Falls Rotary Club.

Dolly taught cosmetology and human relations for 10 years at the technical college in Thief River Falls and serves on the Minnesota Cosmetology Advisory Council. She is also a member of the Northwest Medical Center Auxiliary, an officer of the Christian Women's Club and a member of the WELCA at Black River church.

Apart from working on their approximately five-acre yard, the Hallstroms enjoy other activities. Dolly likes to cook and entertain and Hank is an avid hunter, especially in archery.

Hank and Dolly have three children and three grandchildren. Their son Robin and his wife MaJeana live in Plymouth and have one daughter, Kasie, age 11. Daughter Shari and husband Bret Anderson live in Zimmerman and are the parents of Summer, 16 and Hannah, 7. Son Wade and wife Heidi live in Palo Alto, CA.

The Hallstroms will be recognized with an award plaque next spring at the annual banquet of the Pennington County SWCD.

Hank and Dolly Hallstrom of rural St. Hilaire have been selected as winners of the rural beautification award for 1994 by the Pennington County Soil and Water Conservation District. The Hallstrom farm yard is located off highway 32 about a mile southeast of St. Hilaire and is the site of one of the first homesteads in what was then Polk county.

# Vigness resigns from NW Med. Ctr.

Effective March 1, 1995, Les Vigness has announced his resignation as chief engineer at Northwest Medical Center, according to Richard Spyhalski, chief executive officer.

Vigness is retiring after 39 years of service, having joined the hospital's staff in November of 1955 as a maintenance employee. He was promoted to chief engineer three and a half years later.

As part of his duties as ambulance supervisor, Vigness developed the snowmobile ambulance and has served as the medical center's safety officer since 1959. He has been involved in many major construction projects since 1955 including the addition of the rehab portion of the building in 1965, addition of the mental health division and C&NC unit in 1970 and the medical office building in 1977. He has also been involved in many major facility renovation projects since then.

"Mr. Vigness looks forward to his retirement and his plans are to enjoy life," Spyhalski said. "Everyone at Northwest Medical Center wishes to express congratulations on his retirement and best wishes."

Hank Hallstrom is an avid bow and rifle hunter and a wall above a stairway in the Hallstrom home displays several of his trophies. A moose he collected with bow and arrow several years ago was a state archery record at the time. He and his son recently returned from a successful caribou hunt in Canada.

# Monthly themes for Centennial selected

Themes for the remainder of the 1996 Centennial Year were selected at a meeting of the Thief River Falls 1996 Centennial Commission recently.

Themes selected include the following: July—"Celebrate Freedom;" August—"Celebrate Rivers;" September—"Celebrate TRF 100th Year;" October—"Celebrate Homecoming;" November—"Celebrate Education;" and December, "Celebrate the Future."

Based on these themes, a list of activities for each month has been compiled. The list will be published in a future issue of *The Times*.

The Commission reminds anyone with ideas or who is willing to volunteer time and talents in doing projects relating to these themes to call the Thief River Falls Chamber of Commerce office at 681-3720.

# Lincoln class of 1940 celebrated 54 years

Members of the Lincoln high school graduating class of 1940 and their spouses held their get-together on September 30 at the Best Western Inn in Thief River Falls.

Following an afternoon of reminiscing and a 5 p.m. dinner, a program was held with Arthur Bruingrad as Master of Ceremonies. Classmates introduced themselves and their spouses and told a little bit about themselves and their activities. A moment of silence was observed in memory of departed classmates.

Those attending from a distance were Ruth Myhrer Keohn and husband, Kenneth, from Ely, Vera Rockstad Fordahl, Fargo, ND, Norma Jean Looker, Cass Lake, Rodney and Marion Brodin, Arden Hills, Herb and Blanch Goethe, Goodridge, Frances Stenberg Stromberg and husband, Clarence, Grygla, Mathilda 'Tillie' Paulson Gebhardt and husband, Henry, from Crookston.

September 29, 1995, was set as the date for the 55th class reunion. Classmates meeting the last Tuesday of the month for noon lunch at the Lantern Cafe in Thief River Falls are busy making elaborate plans for this very special 55th occasion.

Trees of many species and sizes surround the home of Hank and Dolly Hallstrom southeast of St. Hilaire. The top photo is a view from near the Red Lake River which winds past the yard. The bottom photo is taken from the southwest. The Hallstroms were selected by the Pennington County Soil and Water Conservation District as recipients of the rural beautification award for 1994. The plantings attract a great deal of wildlife, including birds, deer and even a beaver which helped itself to a pair of birch trees near the riverbank.

What once was a large hip roof dairy barn is now a comfortable shop and storage area in the Hank and Dolly Hallstrom yard. The walls were removed, the upper story of the barn lowered and a concrete floor and apron poured. Social gatherings at the Hallstroms frequently are headquartered in this building. Garden and tree seedling plantings are at left.

A rail fence extending from the farm lane adds a rustic touch to the expansive farm yard of Hank and Dolly Hallstrom southeast of St. Hilaire. The Hallstroms are winners of the 1994 rural beautification award of the Pennington County Soil and Water Conservation District.

# How to keep kids safe on Halloween night

Spooky spirits come out every Halloween, but they do not always appear as ghosts and goblins — an accident can turn a night of high spirits into tragedy. The National Safety Council offers parents these trick-or-treat guidelines:

— Tell children that treats must not be eaten until they get home. Be sure to inspect all goodies.

— Accompany youngsters and encourage older children to travel in groups and only along established routes.

— If you have to drive on Halloween, be on the lookout for children at all times. Slow down in residential areas and obey all traffic signals.

— With a little thought and planning, you can make sure your trick-or-treaters have a fiendishly fun outing this year.

— If masks are worn, they should have openings for the nose and mouth, and large eye holes for good visibility.

Accessories:

— Knives, swords and other accessories should be made from cardboard or flexible materials. Do not allow children to carry sharp objects.

— Bags or socks carried by youngsters should be light-colored or designed or trimmed with retro-reflective tape if trick-or-treaters are allowed out after dark.

— Carrying flashlights will help children see better and be seen more clearly.

With a little extra thought and planning, you can make sure that trick-or-treaters have safe outings on Halloween.

# NW Regional Enterprise Fund okays loans to Oklee and Halstad

Northwest Regional Enterprise Fund, Inc., recently approved loans to Alli's Pit Stop Cafe in Oklee and Noel's Super Valu in Halstad.

Linda Ubert and Gary Vad are reopening the cafe in Oklee which suffered severe smoke damage from a fire in another part of the building last summer. It will be the only cafe in the community when it opens and is expected to provide three jobs in the community.

Joe and Yvonne Joel operate the only grocery store in Halstad and their loan will enable them to upgrade the store, retaining about eight jobs in that community.

Financing assistance for new or expanding businesses in northwestern Minnesota is available through the Northwest Regional Enterprise Fund. Loans are available to fill the gap between the total cost of a project and the amount that is available through owner investment, bank financing and other private sources.

This loan program can finance, at a reduced interest rate, up to one-third of the total cost of a project. The program provides this funding to encourage the creation of jobs and the investment of capital in the area.

Financing for the program originated through federal funding from the Economic Development Administration in the amount of $1,025,000 and with local funds of $392,000. The Enterprise Fund is a non-profit organization which provides gap financing to businesses in Kittson, Polk, Marshall, Norman, Pennington, Red Lake and Roseau counties.

Grand Master Ray Shultz of Grand Lodge of Minnesota will be at Saturday meeting.

**FAMILY HEALTH**
Sherry LaCoursiere

**Halloween Safety**

While children across Minnesota dream of Halloween goodies and Lion King costumes, local family physicians have a message for parents: Don't forget Halloween safety.

As part of Family Health Month — an effort each October to encourage preventive health care — the Minnesota Academy of Family Physicians has issued a Halloween Safety Checklist.

Nancy Baker, M.D., President of the 2,000-member academy, described Halloween safety as a shared responsibility. Everyone who comes in contact with trick-or-treaters can take precautions to make this a safe experience," says Baker. The checklist includes safety tips for children, parents, drivers and homeowners.

Preventing illness and accidents makes good sense throughout the year, according to Dr. Baker. "Any time we prevent medical problems, that's good medicine," she explains. "Everything from home safety to eating well to regular medical check-ups is part of preventive family health care."

Recent studies show that comprehensive family medicine is the most cost-effective form of health care in the United States.

**Halloween Checklist**
(Issued by the Minnesota Academy of Family Physicians)

**Trick-or-Treat Dos and Don'ts:**
- Young children should be accompanied by a parent or responsible adult.
- Stay in your neighborhood and go only to homes that are well-lit; do not go inside a home to accept treats.
- Check treats before eating.

**Costumes:**
- Wear light-colored costumes made of flame-retardant materials. Use reflective materials in the evening.
- Avoid wigs and over-sized shoes.
- Props such as magic wands and swords should be cardboard, not metal or wood.

**Walkers:**
- Walk on the sidewalk or grass.
- Cross the street only from corners or at crosswalks; never dart between parked vehicles.

## NWRDC awards area arts grants

Northwest Regional Development Commission (NWRDC) recently awarded funds for arts programs in northwestern Minnesota. With funding provided by the Minnesota state legislature, awards totaling $5,095 were given for local regioinal arts development projects and $390 was given for a small arts project. With funding provided by the McKnight Foundation, an award of $2,500 was given for a McKnight capacity building project.

Under the local regional arts development program, Impressions Dance Company of Crookston will receive $800 for the production of "Romeo and Juliet" on November 18-19. Tri-County public schools in Karlstad was awarded $800 for the sponsorship of one performance by Climb Theater on sexual harassment in November, and Warroad Summer Theater was awarded $1,720 for the production of "Cat on a Hot Tin Roof" on March 22-26, 1995, and $1,775 for the production of "Man of La Mancha" on July 5-10 and 14-18, 1995.

Under the small arts program, the Crookston Education Foundation was awarded $390 for the sponsorship of a creativity workshop by Mary Helen Pelton on April 4, 1995.

Under the McKnight Capacity Building program, Two Rivers Area Theater of Red Lake Falls will receive first year funds of $2,500 for planning and implementation costs associated with the development of their five-year strategic plan. The Capacity Building grant is a two-year grant totalling $5,000.

November 1 in the next deadline for organizations, schools and individuals to apply for funding to support arts projects. For more information on the above programs or for information on how to apply for an arts grant, contact Mara Lunde, Arts Council Director, NWRDC, 525 Brooks Avenue South, Thief River Falls, MN 56701, telephone 218-681-2637 or 1-800-450-2637.

## The costume safety rap

On Halloween across the land,
All kids want is a costume that's grand.
So grab your cape and witch's broom,
But don't forget that danger may loom.
The National Safety Council says, "ideas abound"
To help keep you safe and sound.
Choose outfits that fit and you'll have a ball.
But not so baggy that you trip or fall.
Wear comfortable shoes when you go,
So you won't have blisters on your toe.
Make up can look really slick,
Just be sure it's nontoxic.
And, bright colored costumes are always smart,
To help drivers see you in the dark.

## NW Medical Center auxiliary activities

Members of the Northwest Medical Center Auxiliary recently attended two meetings.

Maxine McEwen, first vice president, Marge Prestebak and Bea Froelich attended the Health Care Auxiliary of Minnesota meeting held September 21 through 23 in Brainerd. The above and Evelyn Myrum also attended the District A Fall Meeting at Warren on October 11.

New furniture purchased by the auxiliary for both CNC floors is now in place and everyone is encouraged to visit the CNC units to see it.

Preparations are being made for the Christmas gift showing and Christmas tea for hospital employees.

## ECFE plans "unscary" preschool Halloween party

Preschool children and their families are invited to an "unscary" Halloween Family Night on Thursday, October 27, from 6:30 to 8 p.m. at Challenger Preschool Rooms. Cost is $2 per family and preregistration is required by October 26. All children must be accompanied by an adult.

Families may come for a few minutes or for the entire time. Games and activities are planned especially for preschool children. Costumes are welcome, but NO MASKS, please.

To register, call ECFE at 218 681-2345.

New district officers of the 13th District Horticultural Society are shown above after their recent installation. They are (front row, left to right) Beverly Carlson of Williams, publicity, and Joyce Erickson of Viking, treasurer. Also shown (back row, left to right are Ann Ole of Roseau, secretary; Lavonne Radniecki of Thief River Falls, vice president; Ione Carlson of Roosevelt, president, and John Lamberson of Baudette, district representative on the state board. Not present at the time the picture was taken were Jean Pederson of Roseau, historian, and Betty Mohrbacher of Warroad, advisor.

## Horticultural Society has annual Fall Workshop

"Autumn Splendor" was the theme of the annual fall workshop of the 13th District Horticultural Society, hosted by the NaChor Garden club of Roseau.

Ruth Swenson, master gardener of Lake Bronson, was guest speaker with a presentation on herbs. Besides telling about some of the culinary uses for herbs, she also told about legend and folk lore behind some of the herbs. She has grown all of the herbs she spoke about in her own garden.

Basil supposedly keeps evil from the home and repels flies and mosquitoes, something of special interest to gardeners this year. Borage will bring happiness and joy to those in sorrow, chives will help deter aphids and prevent mildew and is often planted between rose bushes, mints are a mouse repellant, tansy repels ants and moths, a bay leaf will keep weevils out of flour and repel big ants, and a terragon leaf in the shoe will take away foot pain.

State gardening awards were presented. Deer Park Garden club received a blue ribbon on their annual program book with 95 points. The Green Thumb Garden club of Roseau received a red ribbon with 90 points and Roseau Garden club received a red ribbon with 89 points.

## WIC celebrates 20 years

More mothers and children than ever before are taking part in the Minnesota WIC program as WIC prepares to observe its 20th anniversary.

Over 95,000 women, infants and children were taking part in the program as of last July, compared with about 88,000 participants last year at the same time. Officials are applauding the continued growth of the WIC program, which they regard as one of the great success stories of public health.

"WIC has a long track record of success," said Mary Jo O'Brien, Minnesota Commissioner of Health. "Women who take part in WIC have more successful pregnancies. Children in the WIC program are generally healthier. The effectiveness of WIC has been well documented, and it is only fitting that we take time to celebrate the many accomplishments of WIC as the program enters its third decade."

WIC — the special supplemental food program for women, infants and children — provides selected foods and other health-related services to mothers and children with special nutritional needs. WIC is a federal program, funded primarily by the United States Department of Agriculture and administered by the Minnesota Department of Health since its inception in 1974. In 1987, Minnesota became one of the first states to provide additional state funding for the program.

Over the last few years, Minnesota WIC has made a special effort to make the program more accessible to homeless mothers and children, and to provide support for women who choose to breastfeed their infants.

Those eligible to take part in WIC include pregnant women, new mothers, infants and children up to

# November WIC Schedule

The Women, Infants and Children's Supplemental Nutrition Education Program (WIC) is being held the month of November.

Infants and children up to the age of five and women who are pregnant or breast feeding may be eligible for the program. Prenatal nutrition is a vital part of producing a healthy baby and it is important to apply for WIC early in the pregnancy. No proof of pregnancy is needed.

All potential clients must write or call WIC and complete an application.

The following is the schedule for WIC clinics to be held at Redeemer Lutheran church in Thief River Falls for this month:

- Monday, November 7;
- Monday, November 14;
- Thursday, November 17; and
- Friday, November 18.

# Debra Fox and Scott Greelis wed Sept. 24

Debra Renae Fox and Scott Patrick Greelis were united in marriage in a double ring ceremony on September 24, 1994, at Immanuel Lutheran church in Plummer. Rev. Clarence Johnson officiated at the 3 p.m. service.

Parents of the couple are Donald and Scharlene Fox of Plummer, Thomas and Paula Greelis of Thief River Falls, and the late Linda Thompson of Portland, ME.

Genora Schjeldrup, friend of the bride, sang "The Gift of Love," "Longer," "Two Candles" and "The Lord's Prayer." Apollo Strings Quartet from Moorhead, which includes Coralie Carlson on viola, cousin of the bride, also played selections, and Dawn Halvorson, friend of the bride, served as organist.

"Canon in D", performed by the quartet, was the bridal processional. The wedding party processional was "Jesu, Joy of Man's Desiring," and recessional, "Prelude in Classic Style."

Reader of scripture was Jane Robbins, aunt of the bride.

Pews were trimmed with burgundy bows and stephanotis. Two brass candelabrum and the brass unity candle stand were adorned with stephanotis and ivy garland and burgundy bows. Two Boston ferns trimmed sides of the altar area, with a candle and rose on the organ. The candle was lit during the ceremony in memory of the groom's mother. Mothers, godmother and grandmothers were presented with roses by the couple.

For her wedding, the bride chose a candlelight ivory sheath gown with pearl-trimmed sweetheart neckline. Sleeves had satin bows trimmed with pearl outlines and pearl drops. The back of the gown was adorned with a bow across the buttoned neckline, with pearl drops and open back, and the bodice was trimmed with pearls and sequins.

A detachable cathedral-length train was trimmed in lace and embellished with sequin and pearl cutouts and satin and pearl bows that increased in size down the train.

The headpiece was of candlelight ivory with a satin bow in back. The elbow-length veil was trimmed with pearls sewn by the mother of the bride. The bridal bouquet was a cascade of calla lilies, japets, bridal roses, dendrobia, plumosa, ivy and beargrass.

Paula Cater of St. Paul, aunt of the bride, served as matron of honor. Bridesmaids were Tanya Vetter of Fargo, ND, and Jackie Bitz of Napoleon, ND, both friends of the bride, and Rachel Greelis of Thief River Falls, sister of the groom. They wore two-piece, burgundy brocade, princess style gowns with princess necklines, short pleated sleeves with bow accents, and straight skirts. The open back featured a button neckline. Their presentation bouquets were made up of calla lilies, green ivy, plumosa, burgundy ribbon and pearls.

The bride's personal attendants were Jody Vigness and Tori Schindler, friends of the couple.

The groom wore black tails with ivory shirt, ivory brocade vest and matching bow tie. His boutonniere was made up of bridal roses with plumosa and ivy.

Jim Vigness of Grand Forks, ND, friend of the couple, served as best man. Groomsmen were Quincy Lofberg, Thief River Falls, friend of the couple; Roger Carlson, Roseau, cousin of the bride, and David Fox, Plummer, brother of the bride. They wore black tails, ivory shirts and burgundy and black patterned brocade vests with matching bow ties. Fire and Ice roses with plumosa and ivy made up their boutonnieres.

Ushers were Jason Cater of St. Paul, uncle of the bride, and Tommy Greelis of Thief River Falls, brother of the groom. They wore black tuxedoes and black brocade vests and matching bow ties with ivory shirts, and rose boutonnieres.

The mother of the bride was attired in a two piece, hunter green suit with three-quarter length sleeves. The mother of the groom wore a two piece teal suit with long sleeves. They were presented with corsages of burgundy sweetheart roses, stephanotis, ivy and plumosa.

Fathers wore black tails, ivory shirts, and black brocade vests and bow ties and boutonnieres of burgundy roses.

Honored guests at the ceremony were Burton and Joyce Carlson of Plummer, grandparents of the bride, and Vince and Edith Greelis of Thief River Falls, grandparents of the groom.

Following the ceremony, a reception was held in honor of the couple. Robert and JoEllen Carlson, godparents of the bride, and Gerry and Jane Robbins, uncle and aunt of the bride, were hosts and hostesses. Teresa Winker and Dixie Koskela, friends of the bride, presided at the guest book.

The wedding cake was a three-tiered creation iced in white, with burgundy ribbons attached to columns leading to four surrounding cakes with calla lily tops. A flowing fountain accented the cakes and greenery with babies' breath trimmed the base. The cake was topped with a Precious Moments couple with burgundy and ivory background. It was baked by Margaret Rupprecht.

Judy Carlson and Irene Rosten, aunts of the bride, cut the cake. Lorna Huotari served coffee, and Wes and Carolyn Myhre were in charge of serving punch. All are friends of the bride.

Flower and program host and hostess were Roger and Connie Hughes, friend of the bride, and the bride's uncle, Merlin Carlson, was in charge of the gifts. Waitresses were Catherine and Tracy Rosten, cousins of the bride, and Kelsey and Cheryl Konickson, friends of the bride.

Following their wedding, the couple is at home in Plummer. The bride is a 1990 graduate of Pershing high school in Plummer and a 1994 graduate of the University of North Dakota in Grand Forks, ND. The groom is a 1986 graduate of Portland high school in Portland, ME, and a 1993 graduate of the University of North Dakota, Grand Forks, ND. He is employed in the engineering department at Arctco, Inc. in Thief River Falls.

### ... Halloweens Past

The night of goblins and ghoulies is right around the corner again, bringing thoughts of Halloweens past, when I was small and when my children were small.

I remember being so excited about Halloween night. Oh, the party in school was exciting, but it was the trick or treating in the evening that was the best part of Halloween...

...Dressing up in old clothes (we never bought costumes back in those good old days) and using Mom's make-up to become something outrageous and different.

...Setting out in the dark night, usually cold, with an old pillow case clutched in my sweaty little hand to hold all of the treats I would get.

...Seeing other scary, ghostly shapes flutter by, hearing them shriek, as I walked, trembling with fear and cold, from house to house with my friends.

...Ringing the bell and chanting the familiar, "Trick or treat, money or eats." (Well, that's what we said in those days.)

...Having the grown ups oh and ah at our costumes, sometimes inviting us in to show someone else inside the house.

...Seeing the candy, apples, cookies and other, often home-made treats, sometimes even money, dropped into my bag.

...Passing by the houses that were dark because we knew there were people living there who didn't like children, or that there was something there that was more sinister – perhaps no one living there – perhaps something living there that we didn't want to see.

...Finally coming home, tired and cold, and emptying the pillow case in the middle of the table to gloat over my treasure.

My children loved Halloween as much as I did. When the three older ones were little, they had the run of as many blocks as they and whoever went with them could travel. The bad things about Halloween night came several years later, so they were allowed to trick or treat as much as they liked.

I made them generic costumes that could become anything their hearts desired. My daughter became a ballet dancer one year, and a bum the next. The boys were often super heroes at first, and then, as they got older, horror characters, like mummies, ghosts and vampires.

I have to tell you the story of little Dracula. He spent so long getting himself ready – one of the dark generic robes, long shiny cape [that had originally been part of a Virgin Mary costume], hair slicked back with a lovely eyebrow pencil-drawn point in the front, fake blood dripping from pointed vampire teeth, wicked eyebrows, white face. His costume was a work of art.

That Holloween night was cold and the child was warmly dressed with a heavy winter jacket under his Dracula robe and cape. Needless to say, he was a very well-padded Dracula. He was so well-padded, in fact, that it was difficult for him to move down the street very fast. He would lag a little behind the others, but he was having fun – oh yes, he was, dragging his bag filled with candy behind him.

All went well until they came to one house that had an outside door and an inside door. The outside door was one of those large ones that had an automatic closing mechanism that worked really well – it closed tightly and quickly with a "snick-click."

The three children were invited into the entry and were given their treats. Then they turned to leave. Naturally, the two older children rushed out ahead of little Dracula who was so well-padded and somewhat slower. He was last out the door and the person at the house closed the inside door, not noticing that the older children were leaving little Dracula to cope with the heavy outside door.

Well, little Dracula was hurrying to catch up with his brother and sister, hurrying to get his padded body out of the door, along with a nearly full bag of candy, and not minding the rest of his costume, when the door went "snick-click" behind him.

As he started to rush down the steps, he came to a sudden, startling halt – the door had caught his cape, stopping little Dracula in his tracks by the "scruff," so to speak, of his neck.

Of course his screams brought his brother and sister back in a hurry, and nearly half of the neighborhood, as well.

No doubt they thought someone had been assaulted or half killed by the screams that were coming out of him. But at least the screams told us he hadn't been strangled or had other permanent damage done to his throat.

However, the worst of his Halloweens has now become one of those that is best remembered. Now when those three grown up "children" get together, one of the first things they talk about is the Halloween when Dracula got his cape caught in the door and nearly strangled.

Oh, what fun Halloween is – can you hardly wait?

## Alvin Christofferson, 82

**Thief River Falls** — Alvin Christofferson, age 82, died Wednesday evening, October 19, upon arrival at Northwest Medical Center in Thief River Falls.

Funeral services for Alvin Christofferson were held Monday, October 24, at 10:30 a.m. at Zion Lutheran church in Thief River Falls with Rev. Dennis Raymond officiating. Organist was Ida Nordvall and vocalist, Muriel Olin. Vocal selections were "My God and I" and "Amazing Grace." Congregational hymns were "I Love Your Kingdom, Lord" and "Lift High the Cross."

Casketbearers were Winton Forsberg, Robert Carlson, Pete Bradley, Dean Hams, Rudy Rude and Lee Alger. Interment was in Greenwood cemetery with the Belmont Funeral Home in charge of arrangements.

Alvin Christofferson was born July 9, 1912, in Thief River Falls, the son of Carl and Anne Skomedal Christofferson. He grew up and attended school in Thief River Falls, graduating from Lincoln high school in 1930.

April 5, 1936, he was united in marriage to Eleanor Carlson in Thief River Falls. He worked as a salesman for Thief River Grocery, at KTRF radio as a salesman and sports announcer, and was an inspector for the Minnesota Department of Weights and Measures. He checked and adjusted the scales used for high school wrestling programs at many high schools in the state. He also worked with the Belmont Funeral Home in Thief River Falls for many years.

He was a member of Zion Lutheran church; The Elks club, where he was Exalted Ruler in 1954 and 1955; and a member of the Thief River Falls Sports Boosters, in which he served as secretary/treasurer for many years. He was active in the scouting program and was scoutmaster of Boy Scout Troop 60 in Thief River Falls for five years. He also served on the Thief River Falls Planning and Zoning Commission. He was an avid sports fan and was recently inducted as a charter member into the Prowler Hall of Fame at Lincoln high school.

Survivors include his wife, Eleanor; one son, Gary, of St. Paul; a brother, Reuben, of Fergus Falls; two sisters, Mable Christofferson and Eleanor (husband, Pete) Bradley, both of Thief River Falls; and a niece, Susan Christofferson, of Minneapolis.

Preceding him in death were a daughter, Arlene; his parents; and a sister, Florence.

## Laurence W. Haugen, 85

**Warren** — Laurence W. Haugen, age 85, of Warren, died Monday, October 17, at Northwest Medical Center in Thief River Falls.

Funeral services for Laurence Haugen were held at 10 a.m. Friday, October 21, at Alma Lutheran church, rural Argyle. Interment was at Alma Lutheran cemetery, rural Argyle, with the Quanrud-DuBore Funeral Home of Warren in charge of arrangements. A prayer service was held Thursday evening at the funeral home.

Laurence Haugen was born July 2, 1909, at the Haugen farmstead in Foldahl township, Marshall county, the son of John and Anna Haugen. He attended District 106 country school. From 1929 until 1942, he worked for Strom Construction of Moorhead.

October 24, 1932, he was united in marriage to Gladys M. Qualey at the Newfolden parsonage. In 1942, he bought a farmstead in Alma township, Marshall county, where he farmed until he retired.

He was a life long member of the Alma Lutheran church in rural Argyle. He enjoyed hunting, fishing and camping. He also enjoyed traveling to visit relatives.

Survivors include his wife, Gladys; two sisters-in-law, Anna Haugen and Minnie Haugen; and several nieces and nephews and great-nieces and great-nephews.

Dear Readers,

After the funeral, it is proper to send thank you notes to those who extended special help, sent flowers, food, or made contributions to designated charities. While you may also wish to acknowledge letters of sympathy, it is not necessary to answer notes or cards. Many do send thank you notes to those who performed special favors, the pallbearers and others.

Respectfully,

Belmont Funeral Home

Larry Belmont

## ON MY MIND

Kim Chadwick-Quade

To give or not give an allowance? That's a big question.

Should an allowance be tied to chores or duties around the house? Or should a child receive a stipend for just being a part of the family?

How much is enough? How much is too much? When should you start giving an allowance?

Even though our son is only 4-years-old, my husband and I have been tossing these questions around. Handling finances and learning the ways of practical spending and saving are important skills needed for a lifetime. Now is when we want to shape good habits.

There is much discussion by experts and many philosophies about which is the best way to teach children about money. One professional suggests that children should receive an allowance just for being a part of the family, and that completing jobs should not be a prerequisite for obtaining an allowance. I'm not convinced this is the correct approach.

Every family has its own ideas. I talked to parents who don't give an allowance at all, but pay the child for each chore accomplished. There are no right or wrong answers to allowance, but whatever fits the family situation.

My husband and I draw from what we learned, and for the most part, we feel we learned good lessons. We were both raised in the same kind of family. Money wasn't abundant and we learned quickly that you had to earn it. Our parents taught us basic concepts of saving, budgeting and giving to the church.

My husband's father had the shiniest shoes in town. He paid each child a quarter each time they shined his shoes. He had 10 kids.

From the time they began school, the children took a turn at the paper route. Every week a part of the earnings went into the church envelope.

The same concept applied at my house. I think my first allowance was 50 cents-earned by doing cleaning chores around the house. Twenty-five cents of my weekly take went directly to the church. Then we had 25 cents to spend. Depending on what you bought, it could be up to five items from the five and dime. That's where you really understand the value of money.

My sisters and I took odd jobs and babysat to earn our money. For four dollars and tips we gave up cartoons on Saturday mornings to cook hamburgers at the local Knights of Columbus Club. We could barely see over the counter, but we were making money.

It is time to begin the groundwork for setting up an allowance system for Zach. We know that handling small amounts of money gives a child the opportunity to learn what money is about - how to spend it wisely (or not so wisely) and how to budget to save for your needs and your wants.

Most important, we believe, is saving. To some extent, that's where we've been successful. Each time we find a penny we give it to Zach to put in his Barney bank for college. "It's for my college," he says proudly as he deposits the coin. We learned not to absently leave money sitting around because it also found its way into the bank. Any money received for birthdays and holidays is immediately deposited into Barney. We purchase savings bonds when Barney is full.

At 4-years-old Zach doesn't have much concept of what college is; he will probably be disappointed when he finds out that isn't too much like a bike or a new car!

Zach has discovered the toy aisle at the discount stores and wants to "buy that." It will be difficult, but soon we have to give him the responsibility for his money so he can learn some of the lessons. Candy, video games and pop will probably be major purchases, but we hope he also will make good choices.

A suggestion I've heard frequently to teach kids about money is the "three jar system." When money is obtained from jobs or as gifts, it's divided into three equal portions-with one third being saved, one third put in a jar for tithing, and the last third for spending. The basic idea is good because it shows what we think is important-saving and giving.

The details will have to be worked out and some rules established for spending. In the meantime, we still have decisions to make. Do you have any pennies?

On the Other Hand...
By Vicki Bitzegaio

The weekend of October 15 and 16 was a memorable one for seventeen students enrolled in the Northern Expressions school of the Arts who went to the Cities for a fabulous weekend of culture and fun.

Our weekend actually began very early Saturday morning. At 5:15 a.m. heavy lidded students arrived at the school with piles of luggage and pillows. After goodbyes to parents and a few short delays, we managed to get on the road. Lulled by the muted hum of the engine, most of us were soon asleep. Sleeping most of our way there, the drive passed fairly quickly.

Once we arrived in Minneapolis-St. Paul, our trip flew by in a whirlwind of activities. Our first stop was the Guthrie Theater. The Guthrie was temporarily home to "As You Like It", an incredible play by Shakespeare. Whereas most Shakespeare is difficult to understand, the acting troupe of the Guthrie presented the story so well it was easily understood. The colors, music and wonderful acting ability created a delightful story web for the audience.

From the show we made our way to the Walker Art Gallery and the Minnesota Sculpture Gardens. Some students viewed art, old and modern alike, in the gallery. Others braved the drizzle to admire the gigantic sculptures in the sculpture garden. For those who faced the outdoors, the gigantic spoon and cherry sculpture seemed to be the favorite.

From the gallery we went to our hotel, the Rosedale Holiday Inn. There was a mad scramble as we tried to figure out rooms and keys in a short amount of time. After invading our rooms and changing our clothes, we left the hotel. we went to "the teenager's first love"-the mall. We spent an hour and a half "shopping 'till dropping." After leaving the Rosedale shopping center, we ate a yummy meal at Chili's. we had a great time there with lots of laughs. A large part of our amusement came when Angie Haugen fell out of her chair and landed in the middle of the restaurant floor.

Upon returning to the Holiday Inn, we spent some time and got to know one another much better. We were awake until "the wee, small hours" swapping stories and arguing our viewpoints. Needless to say, the next morning we slept in.

We did not get on the road again until noon. Our intended destination was the St. Paul Cathedral. Unfortunately, we got a little lost along the way. After a few extra minutes of driving, we managed to find the Cathedral. We spent almost 45 minutes admiring the awe-striking beauty of the interior. Beautiful murals and decorative gilded artwork painted a lovely harmony on the arched ceiling. We stayed for a small part of mass. A few of us lit prayer candles in the side chapels. Downstairs in the basement, however, a fund-raising carnival spoiled some of the awe and reverence inspired by the cathedral above.

When we left the Cathedral, we went to the Ordway. After we picked up our tickets, there was roughly one hour until the show started. So we roamed the streets of St. Paul, looking at shops, visiting the World Trade Center and chatting in coffee shops. Then we raced back to the theater just in time for the show. We had a little excitement, not to mention amusement, when Ben Schmitz slipped down the steps of the Theater MU. The usher asked him if he was O.K., but Ben quickly sent him on his way.

"River of Dreams" was an Asian mixture of three one-act plays with dancing and music from the viewpoints of the Vietnamese, Laotians and Cambodians. The colors and dancing were very well done, but it failed to capture the attention of the group the same way "As You Like It" did. Perhaps our inability to cross that cultural barrier was our problem.

We left the Ordway for supper, walking the three blocks to the Heartthrob Cafe. There we were greeted by Hilarious waiters and waitresses on roller skates. Our own waiter was slightly crazy, I believe, but he certainly kept our tables entertained with his singing, dancing and gabbing.

After eating we made a mad dash back to the Ordway to be in time for the next show-Native American music and dancing. We were soothed by the haunting melodies of the Indian flutes and string instruments. Then we were abruptly awakened by the wonderful twirling and dancing of the people. Brilliant colors and superb costumes splashed rainbows across the stage. We really enjoyed this show.

Afterwards we headed home. The sleepless bus ride brought us into home station at 4 a.m. The trip had to end on an unforgettable note-we hit a skunk an hour away from home, and it stuck with us and our bags for the next couple of days. But not even the putrid smell of skunk could spoil the memory of a perfect weekend.

### Tragedy Hits

Again our community is reeling, because of the tragic deaths of Joe Lallier and Seth Culkins, killed on Monday evening in a motorcycle accident. They boys were friends and neighbors and the accident reached into many homes as both boys have many relatives and friends in the Plummer area. Sincere condolences go out from everyone to their parents, Louie and Madonna Lallier, Donovan and Barb Culkins and their families. Memorial services were held for Joe at the St. Joseph's Catholic church in Brooks on Thursday and on Friday at the Plummer school for Seth and also at the Redeemer church of Plummer on Friday afternoon.

Bunny DuChamp was hostess for the Phoebe circle which met at her home on Tuesday afternoon. Bertha Hughes led the Bible study and Amelia Eskell presided over the business. Ten members were in attendance.

The Joy circle met on Wednesday afternoon at the church. Hazel Ollie led the Bible study and Jean Matt gave the report in the absence of Fern Eskell, president. Lunch was potluck.

Gert Mary of Dickenson, ND was a Monday visitor of Jean Carpenter.

Edna Hyde drove to Neche, ND on Sunday and was an overnight guest of her brother, Percy Bleir. On Monday, they attended the funeral for Nick Karel, twin brother of Lanis Karel, formerly of Brooks.

## Ayers serves off coast of Haiti

Special to The Times
by Brian R. Ellis
Navy Journalist

Marine Sgt. Randall Ayers, son of Eva Ayers-Anderson of Thief River Falls, is one of about 2,000 Marine Corps and 6,000 Navy members patrolling the waters just miles off the coast of Haiti.

A member of a Marine contingent, Ayers is aboard the USS Wasp. Homeported in Norfolk, VA, the Wasp is the largest amphibious assault ship in the world.

Ayers and the rest of the crew are part of an amphibious ready group (ARG) that has spent the last few months steaming the Caribbean waters off Haiti.

The ARG is part of a larger multi-national task force responsible for carrying out United Nations Security Council sanctions aimed at restoring democracy in Haiti. The ARG also provides additional amphibious non-combatant evacuation operation capable forces.

About 10 Navy ships and several Army and Marine Corps contingents are participating in the Operation Uphold/Support Democracy mission in Haiti.

Ayers is a platoon guide and marksman and a former Marine Corps recruiter in this area. "I counsel young Marines," he said, "and ensure the platoon functions at its highest capability during combat operations and civil disturbances."

A 1979 graduate of Lincoln high school, Ayers entered the Marine Corps two years later.

"I chose the Marine Corps because they offered me both a physical and mental challenge that I thought was better than the other services," he said.

Ayers said he's happy with his experiences in the Marine Corps thus far.

"I like always being where the action is," he said.

## Strandquist

F. Myrtle Vagle
436-2133

The Strandquist Senior Citizens woke up this morning with snow on their porches and the grass was also white. It seems sort of odd as there has been very light frost only a time or two so far this fall. Well winter will be a bit shortened as in this area, we have often had it snow a month earlier. Roy says this first snow generally doesn't stay so I'm looking for more sunshine that will make it pleasant to dig our dahlia roots to put in storage till spring. I hope he's right.

The Senior Citizens met on Thursday with 31 present for a great time with many guests from Newfolden. The 13 from Newfolden were Muriel Nelson, Vi Moen, Tillie Amundson, Elsie Berggren, Barbra Bring, Gordon Bring, Berthe Tunheim, Elmer Liedberg, Gladys Strandberg, Bernice Westman, Senora Elseth, Ruth Martin, and Lucille Skadsem. Other guests were Toni Kasprowicz from Argyle, Alyce Anderson, Marian Pederson and Wally Rud. A delicious potluck lunch was served and all had a good time playing games and visiting. The Blackout Bingo was won by Anna Rud and the door prize went to Ruth Martin.

Elphie Adlis is home again after her annual trip to Minot to the Hostfest where she not only took in the fest but spent an extra week visiting with her daughter and family, shopping and celebrating with her grandson. We are glad to see you back and wish we had been there to sample all the Scandinavian cooking.

Tuesday evening, Betsy Thompson and a group of ladies from the Assembly of God Church enjoyed supper and a time of visiting at Jim and Maureen Sundby's beautiful new apartment in Grand Forks.

Cindy Wetterlund of East Grand Forks visited at Morris Anderson's after attending the 50th wedding anniversary of Willard and Geneve Nordin at the Karlstad Center.

Toni Kasprowicz of Argyle visited with Elphie Adlis and had lunch there before the ladies went to the center for their Thursday meeting.

ASK YOUR LOCKSMITH
Questions And Answers

Q I have an old skeleton key lock. I would like to get the locks changed. Can you do that?

A Unfortunately, no. The construction and operation of most of the old "bit key locks," as they are called, are not, for the most part, rekeyable. Your professional locksmith can recommend an auxilary lock that would give you the protection you seek, and when the need might arise, the lock could be easily rekeyed.

## Haunted Mall is attraction in Red Lake Falls this weekend

Spooks and things that go bump in the night will replace shoppers when the Two Rivers Area Theatre (TRAT) haunts the Park Place Mall in Red Lake Falls from 6 to 10 p.m. October 29, 30 and 31.

Admission will be $3 for people of all ages with tickets available for purchase at the door. Those visiting are asked to use the middle entrance to the mall to get to the former Accent Floral location where the haunted mall will begin.

Organizers of the project hope to raise funds for the theater organization and promote the only shopping mall in Red Lake Falls and Red Lake county.

"We have three objectives with this project," notes Andrea Liston, president of the theater group that is coordinating the halloween event.

"We want to raise funds for future theater productions; we want to provide a fun activity for people young and old in the area; and we want to draw customer attention to the mall and businesses in it."

When it comes to what people can expect at the haunted mall, Liston is evasive. "We try to stay away from halloween cliches as much as possible," she said. "I think that people who come through our haunted mall will find it unique. And because it may be scary for some, children under seven will not be admitted without a guardian."

Liston added that Halloween is an event that many people of all ages look forward to each year. "We hope our haunted mall will make halloween even more enjoyable for area residents, all the while supporting our community theatre program."

## Strandquist

Myrtle Vagle

On Saturday, AnnaBelle Davis, Alyce Anderson, Alice Holm, Anne Setten, and Lorraine Setten wished Bessie Thompson a happy birthday. Bessie served coffee, cake and ice cream for lunch.

Sunday visitors at Frank and Judy Kleinvachter's were Kari Kasprowicz, Wayne Martinson, Claudia Berggren, Jessie and Kali, Lowell Lefrooth and Brian Nelson.

Paul, Shirley, Kristopher and Kenrick Anderson attended "College Days" at Bemidji State University on Friday and Saturday and also visited with Dale Bernard at BSU.

Visitors at Elsie Lefrooth's on Sunday were Walter Thompson, Dean and JoAnne Holmstrom, Elaine Grovum of Thief River Falls and Pearl Thompson. They all attended the surprise 50th wedding anniversary party for Bill and Geneve Nordin. All their children sponsored the party which was absolutely beautiful to see. All five sisters and three brothers of Geneva were there and had a great time.

Richard and Carol Thompson of Red Lake Falls and Robert, Cathy and Andrew Thompson visited with Isaac Thompson's Sunday evening. Isaac Thompson and Roy Vagle went to Roseau to the Fall Festival at the Assembly of God Church to hear the "Overtones" sing. The tenor singer is Roy's son Neil Vagle.

Raymond and Emphrie Hougard of Stephen visited Frank and Judy Kleinvachter on Thursday.

Vence Lefrooth visited Elsie Lefrooth on Friday.

We are happy to see George Rasmussen back here for a couple of weeks. LaVerne Rasmussen of Illinois brought him along from Minneapolis where he had been staying with his son and wife, Vergil and Ruth Rasmussen. He is getting around pretty good for a man in his 90s and today he was up to the center for dinner.

Nelson LaDoux of Thief River Falls, Robert and Andrew Thompson were Saturday dinner guests at Isaac Thompson's.

## LETTERS

To The Editor:

The Multi-County Housing Project as reported in the October 12 issue of The Times needs to be examined closely in regard to important concerns for our local community.

(1) "A moral obligation" to find a source of revenue to pay for a shortfall in operational expenses: Moral obligations have a way of becoming necessities when it comes to sources of revenue. Operational shortfalls are actually commonplace in housing rentals. There are examples on record of such shortfalls in this community, especially in student housing where adequate regulation and policing have not done a proper job.

(2) Tax revenue to be based on five per cent of rents: Five per cent of rents would fall far short of taxes currently charged on commercial rental units. As an operator of a three-unit rental apartment in Thief River Falls, I find that the non-homestead tax I am required to pay amounts to more than 10 per cent of the rents collected. Another person I have discussed this with claimed that five per cent would be only one-third as much as he actually pays.

I am sure that higher rental levels would make a difference for commercial operators, but with low wage scales, whether wage earners of our area could afford to pay higher rents is questionable. I would hope that any projects to be entered into by the City would be examined carefully so as not to compete unfairly with existing rental units. Public housing gone awry could end up increasing community taxes.

Housing should be lucrative to the extent of attracting private money. This is not happening. There must be reasons why private commercial interests have not invested in housing projects. Since taxes are charged directly back to the rental occupant, the actual percentage of rents paid to taxes plays a direct bearing on the amount of money left over for operation, profit or investment. If five per cent is an amount recognized by HUD as fair and workable, perhaps our local non-homestead taxes have gone too high, thus discouraging private commercial investors.

Sincerely,
Ormond E. Johnson

### New Arrival

Danny and LaNette Osbjornson of Glyndon are happy to announce the birth of their first child. A baby boy born on September 21, 1994 at the Merit Care Hospital in Fargo. He has been named Zachary Daniel. Proud grandparents are John and Leona Konickson of Plummer, Glen and Sandy Osbjornson of Oklee. Great grandparents are Olga Konickson, Art and Frances Schiefert of Plummer and Gladys Stromberg of Newfolden.

### Hawaii Trip

Ruth Wilkens returned on Thursday after spending 8 days in Hawaii. She accompanied son, Daryl and family of Langdon, ND. They spent 4 days in Dokata, HI and took several tours including a visit to Pearl Harbor touring the island and taking in the Kodak Hula Show. The last 4 days were spent in Maui where Daryl attended three forenoon business sessions and the rest of the group did some shopping. Due to the Tuesday earthquake in Japan, they had to leave the Condo where they were staying and go to higher ground. A 30 foot Tidal wave was expected but did not materialize. Tours on Maui took them to Botanic gardens and Dole Pineapple Fields. It was an enjoyable trip but Ruth says there's no place like home.

Friday dinner guests of Bunny DuChamp were Bertha Hughes, Amelia Eskell, Edna Hyde, Gert Marty and Clara Hesse.

Wednesday supper guests of Amelia Eskell were Eddy Eskell and Merle Jesme.

Penn Milligan, Pat and Earl Collins of Corpus Christi, TX were Friday supper guests of Burnel and Effie Byer and Lillie Halvorson.

Cheryl Greenwald, student at Jamestown College, spent the weekend at her parents, Mike and Sandy Greenwald and returned to school on Sunday. While she was home she and Sandy visited at the Demarais home with Arnie Demarais and her baby.

Harold and Marian Vatthauer arrived home on Saturday from Rochester and Lakeview where they had visited son, Neilden and family at Rochester and daughters, Ronalle and Renate and their families in Lakeville. They also spent a few days in Alexandria with friends.

Neil Huotari spent a week with his mother, Lorna and brother, Bryce. He has been employed in Phoenix for some time and is now working in Rochester.

Sheila, Mallory and Brett Gerardy were Saturday dinner guests of her parents, Lloyd and Wavell Sorenson.

Corlan and Bob Kleinschmidt of Oklee visited on Saturday evening at the Lloyd Sorenson's with belated birthday wishes for Lloyd.

Art and Gloria Fossum visited their son, Richard and family in Chippewa Falls, WI the weekend of October 8th. Enroute home they enjoyed a short visit with Larry and Laurette Van Dusen of Chetek, WI.

Howard and Myrtle LaFayette visited Mr. and Mrs. Art Hemsted of Park Rapids on Saturday.

Recent callers of Lorena Westerlund were Rick Greenwald of Stacy, Mr. and Mrs. Don Harrington of St. Paul, Howard and Barbara Tortsvelt of Middletown, OH.

George and Hazel Olie, Marian and Jerry Kaltenberg of Crookston were Sunday dinner guests of Rose and Robert Peterson of rural Mentor.

Art and Frances Schiefert, Howard and Margaret Greenwald attended the dinner at St. Bernard's Catholic church in Thief River Falls on Sunday, followed by an afternoon of visiting and cards at the Greenwald home.

Russell Carpenter and three friends from the Cities spent the weekend at the Gene Carpenter home and had a successful moose hunt. On Sunday evening, Kim and Minette Carpenter joined them for Sunday supper at Mom's.

Ruth Wilkens visited on Sunday at the home of Allen and Karen Fossell.

### Benefit for Pastor

A pie and ice cream social was held on Sunday at the Plummer Hall as a benefit for Pastor Brockopp of Redeemer Lutheran church. He had undergone a kidney transplant earlier in the summer. The social was sponsored by members of the Redeemer church with matching funds provided by the Aid to Association for Lutherans.

### Net Meeting

A team from the National Evangelization Association, based in St. Paul held a meeting for the Tri-Parish Catholic youth on Monday evening in Oklee. Several of the local youth attended and two members of the team were overnight guests at the Mike Greenwald home. They were Maria Delson of the Chicago area and Ron Ardoin of Baton Rouge, LA.

Callers this past week at the Ruth Wilkens home were Edna Hyde, Karen and Allen Fossell, Sheryl and Dennis Wilkens and Pat Collins of Corpus Christi, TX.

## North Sub-Section 8AA volleyball will start on Thursday

North Sub-Section 8AA high school volleyball tournament will start with a pair of first round matches Thursday.

Coaches of the six schools voted for seeding positions Tuesday, giving the No. 1 spot to Alexandria, followed by No. 2 Moorhead, No. 3 Bemidji, No. 4 Thief River Falls, No. 5 Detroit Lakes, and No. 6 Fergus Falls.

Thursday at 7:30 p.m., Detroit Lakes will be at Thief River Falls and Fergus Falls will be at Bemidji.

Semifinals Saturday will send Thief River Falls or Detroit Lakes to Alexandria and Bemidji or Fergus Falls to Moorhead.

Championship match will be played Thursday, Nov. 3, at the site of the highest seeded semifinal winner.

Thief River Falls finished the regular season with a 13-12 record. The Prowlers have been idle since beating Fergus Falls 3-0 Oct. 18.

## Crusaders win title to cap off unbeaten year

Our Saviour's Christian Academy closed out an unbeaten soccer season Saturday with a championship effort in the Northwest Christian School Invitational in Thief River Falls.

Larry Myhrer, Rachael Forsberg and Jonathan Lee provided the offense as the Brian Hernandez-coached Crusaders beat Roseau Christian School 6-0 in the opening round semifinals.

An early goal by Myhrer and a late goal by Shawn McIntosh produced a 2-0 Our Saviour's Christian Academy victory over Heritage Christian School of Karlstad in the finals.

International Falls defeated Roseau in the third place match.

Our Saviour's Christian School officials thanked the fans for their support throughout the 1994 season and offered a special thank-you to University Screenprint for their help with the tournament.

## Sports medicine is TRF Boosters topic

Northland-Brainerd winner will advance...

## Playoff spot is on the line

Playoffs will arrive a week early for Brainerd and Northland Thursday when the Raiders and Pioneers wrap up the 1994 regular season Minnesota Community College Conference football season with a 7 p.m. game at Prowler Field.

The winner will advance into the MCCC state semifinals.

With a 4-0 record and earlier wins over Brainerd and Northland, Vermilion has a lock on the Northern Division title heading into a Thursday regular season finale against winless Hibbing. The Raiders and Pioneers share second place at 3-1 and Thursday's winner will join the Ironmen in the MCCC playoff field that includes the top two finishers in the Northern and Southern Division regular season standings.

Brainerd is 5-2 overall, while Northland is 4-3 following a 40-12 Thursday afternoon win at Hibbing.

"It should be a fun night," said Northland coach Gene Klinke. "We match up pretty well, although they're bigger than we are."

Brainerd features runningback Jason Fehring, the leading rusher in the Northern Division. He ran for 225 yards against Northland last year, but the Pioneers won the game and clinched a division title tie by out-scoring the Raiders 27-18.

Quarterback J.T. Ness, along with receivers Lee Jackson and Matt Bicher, join Fehring in presenting a balanced Brainerd attack.

Northland's offense is also multi-dimensional. In the win over Hibbing, runningback Dan Nelson netted 108 yards on just 9 carries, while quarterback J.P. Lammers and receiver David Simmons connected for three touchdowns – covering 43, 45 and 15 yards.

"We came out flat as we've been all season," acknowledged Klinke after the Hibbing contest. "But we got the job done. Dan Nelson had a heckuva game, and we had receivers open all day. We're getting into stride offensively. Our offensive line did a nice job giving J.P. time to set up and throw the ball."

Hibbing made things easier by turning the ball over nine times on four interceptions and five fumbles. Linebacker Rick Anteau returned one of the fumbles for a touchdown.

Anteau and Brian Hofman spearhead the small, but aggressive Northland defense from their linebacking positions, while Brian Remick continues to impress in the Pioneers secondary after an early-season switch from quarterback.

While the Northern Division features a Thursday showdown for second place, the Southern Division has a first place Saturday match-up between Fergus Falls and Rochester.

MCCC semifinals Nov. 5 will have the Southern Division runner-up playing at Vermilion, the Northern Division champion, while Brainerd or Northland, the Northern Division runner-up, goes on the road to face the Southern Division champion.

"The playoffs should be a reward for your regular season efforts," said Klinke, "but I don't know how much of a reward it will be to play either Rochester or Fergus Falls."

## TRF hosts Section 8AA race

### ■ Cross country meet scheduled Thursday

State meet spots will be the prize for the top teams and top individuals Thursday when the 1994 Section 8AA boys and girls high school cross country meet is conducted at the Thief River Golf Club.

The boys' 5,000-meter race will start at 3:30 p.m. The girls' 4,000-meter run will begin at 4 p.m.

Top two teams and top five individuals in each race will earn spots in the Nov. 5 state meet at St. Olaf College in Northfield.

The Section 8AA meet will feature 15 schools, including Alexandria, Bemidji, Brainerd, Detroit Lakes, Elk River, Fergus Falls, Little Falls, Moorhead, Osakis/Sauk Centre, Princeton, Rocori, St. Cloud Apollo, St. Cloud Tech, Sauk Rapids, and Thief River Falls.

Bemidji figures to be the favorite in the girls race. Brainerd, Detroit Lakes, Alexandria, and Moorhead all have title hopes in the boys portion of the meet.

"There are a lot of teams we haven't even seen," explained Thief River Falls coach Lynn Dyer, who is the meet manager, "but it looks like it will be a terrific meet, especially for the boys."

Serving as the host school produces an avalanche of advance work for Dyer and his staff of volunteers who must handle all the paperwork and have 25 workers available to serve as judges at every turn on the course that covers both the front and back nine at Thief River Golf Club.

"As far as I know, we've never had a regional cross country meet in Thief River Falls before," said Dyer.

The Prowlers will have a full complement of seven runners in the boys race, but will go with just six entries in the girls competition. Top five individuals on each team figure into the scoring column.

Thief River Falls' young boys line-up will include seniors Dan Bjerknes and Nathan Anderson, junior Jeremy Swanson, sophomore Chris Pribula, freshman Brandon Gerardy, plus seventh graders Brady Anderson and Zach Olson.

Running for the Thief River Falls girls will be juniors Leah Helgenset and Angie Klinker, sophomores Jocelyn Helgeland and Kate Ihle, freshman Becky Mooney, and seventh grader Emily Mugaas. Ihle, who runs track in the fall, is a recent addition, joining the cross country team at the conclusion of the fall tennis season.

Mooney has emerged as the Prowlers' top runner this year and could challenge for a state meet spot.

"There are probably about ten girls you can throw in the hat and the top five will come out of that group," pointed out Dyer. "And Becky is one of them. "She is a fierce competitor who has gotten better in every meet."

High school volleyball tournament results...

## MCC, B/G-MR win first matches

Marshall County Central, Badger/Greenbush-Middle River and Argyle were winners Monday in first round Section 8A Sub-Section 4 high school volleyball tournament matches at Northland Community College.

The Nordics struggled past Kittson County North 15-8, 15-13, 6-15, 15-10; the Gators swept Stephen 15-8, 15-8, 15-1; and the Eagles stopped Goodridge/Grygla-Gatzke 15-8, 16-14, 15-8.

Quarterfinal doubleheaders will be played Thursday at Newfolden and Warroad. Play returns to Northland for semifinals Friday and finals Monday.

"It was ugly, but it was a win," said Marshall County Central coach Mark Jorgenson following the Nordics' victory over the Cougars. "We've been playing pretty well toward the end of the season, but we were really out of sync in this one. We played not to lose. We'll have to play a lot better Thursday."

The win boosted the Nordics to 16-9 for the year.

Badger/Greenbush-Middle River improved to 11-14 with the victory over Stephen while the loss to Argyle ended a 3-16 season for Goodridge/Grygla-Gatzke.

The season also came to a close Monday for Red Lake County Central in a 3-1 loss to Red Lake Falls in the opening round Section 8A Sub-Section 3 tournament quarterfinals at Crookston. The Eagles won 15-5, 3-15, 15-9, 16-14.

The Mustangs finished 2-23.

**Section 8A Sub-Section 4**

## '94 section football playoffs underway

Start of the 1994 high school football playoffs Tuesday offered Red Lake County Central an opportunity to re-focus on the game after a tragic two-week stretch in which accidents claimed the lives of three young people with ties to the Oklee/Plummer schools.

The Mustangs were 4-2 following a 14-7 win over Lake Park-Audubon Oct. 7. But football was hardly a priority as the communities struggled with the mishaps. There was little emotional reserve available as Red Lake County Central lost an Oct. 14 decision to Warren-Alvarado-Oslo 14-0 and dropped an Oct. 19 contest to Red Lake Falls 34-8.

"Because of what has happened, we're just not playing the football that we were when we were 4-2," explained Red Lake County Central coach Gary Brantl. "It's been tough."

The Mustangs couldn't be blamed for the flat effort against the Ponies, and the Eagles got them early last week.

"We weren't ready to play in the first half," acknowledged Brantl. "They (Red Lake Falls) have a nice ball club. They're quick off the line and Blaise Larson is an outstanding back."

With time to deal with the situations, the football team hoped to be able to give attention to the Section 8C playoffs and a quarterfinal draw against Mahnomen.

A very Mahnomen-unlike 4-4 going into post-season play, the four-time defending state champions still presented a major challenge for the Mustangs.

"They're still tough," warned Brantl. "They're still the champions until somebody beats them."

## Swimmers close out schedule vs. Pirates

A pair of dual meets against Crookston will wrap up the 1994 regular season schedule for the Thief River Falls girls high school swim team.

The Prowlers and Pirates will meet Friday in Crookston and again Thursday, Nov. 3, in Thief River Falls. Both meets have 5 p.m. starting times.

Section 8 swimming and diving championships will be held Nov. 11-12 in Alexandria.

Latest Thief River Falls outing was an Oct. 18 dual at Detroit Lakes, where the Prowlers lost 49-42.

Thief River Falls senior Theresa Olauque set Detroit Lakes pool records with a 2:03.95 in the 200-yard freestyle and a 5:32.55 in the 500 freestyle.

### DNR News

Hunters who wear blaze orange while pursuing grouse and pheasant are less likely to be involved in a firearms accident.

That's the upshot of a Minnesota Department of Natural Resources survey that took aim at hunting attire. The 1993 survey determine that 47 percent of grouse and pheasant hunters wear some blaze orange, typically a hat or shell vest. These hunters were involved in less than 8 percent of the accidents, according to Col. Leo Haseman, director of the DNR Enforcement Division.

"The Survey reinforces what hunters would know-that blaze orange does make a difference," Haseman said. "The smart, safe small game hunter is wearing blaze orange. Even bowhunters should consider wearing some orange."

The survey was conducted by the DNR's Advanced Hunter Education Program, which mailed a questionnaire to 1,000 randomly selected hunters. The return rate was 44 percent.

"Hunters who wore drab-colored clothing accounted for 78 percent of the grouse and pheasant hunting accidents," said Haseman. "That compares to 14 percent for those wearing red and only 8 percent for those wearing orange."

Though hunting accidents are on the decline, several accidents this fall point to the importance of "knowing your target," said Haseman. In two cases, bowhunters have been struck with shotgun blasts while sitting in tree stands. In another case, a hunter was mistaken for a squirrel and shot with .22 rifle.

"A lack of blaze orange was a contributing factor in each accident," said Haseman.

## Deer hunters must wear blaze orange in the field this fall

As Minnesota deer hunters head to sporting goods departments for last minute needs in preparation for the season opener Nov. 5, they might need to check out the clothing, too.

The Department of Natural Resources reminds hunters that the red outerwear they might have worn in the past will not be legal this season.

All hunters and trappers, except waterfowl hunters on the water or in stationary shooting locations, must wear blaze orange clothing above the waist (excluding sleeves and gloves) in areas open to firearms deer hunting.

Red is no longer a legal color, effective this season, because research has shown that red hunting clothes are not easily seen in early morning or evening, on cloudy days, or when it is raining or snowing. Although camouflage pattern *clothing of at least 50 percent blaze* orange is legal, DNR hunting safety experts don't recommend camo blaze orange because it is not as easily seen in heavy cover.

# MSHSL stresses sportsmanship

By Dave Stead
Executive Director

August 15 was the first day of practice for many of our student athletes. Others followed in the days and weeks thereafter, and it was an opportune time to think and write about an issue that must be our top priority this school year.

I began my final football season as a high school player in 1960. I've coached, officiated, been a spectator and active supporter of high school activities for more than 30 years. I think my experiences and current involvement in activity programs provide a sound foundation for my concern.

Frankly, I'm concerned about the message we send to our high school students when we allow them to criticize officials, berate their opponents "as a part of our game plan' and put winning through intimidation ahead of the basic principle of respect.

What happened to respect for our opponents? What happened to respect for the officials who work our contests? What happened to respect for the facilities in which we play our games? What happened to the respect we deserve to have from the fans who attend our games? What happened to respect?

Administrators....you hold the key for success. You establish the climate in your school community. You are responsible for administering academic and activity programs. You choose your coaches. You set the sportsmanship tone for all fans who attend contests. You must step out front and model positive leadership in your school community.

Coaches...you, more than any other individual, are responsible for the manner in which your players represent your school. You determine how they compete. You decide the game plan. You control the actions of your assistants and those who are involved in your program. Your behavior speaks volumes about the quality of your personal beliefs and your programs. Gaining an advantage over an opponent is not license to employ taunting tactics or permit unsportsmanlike behavior from your players, your assistants or yourself. You must step out front and model positive leadership in your school community.

Officials...you are in control of the game. A contract to officiate doesn't merely require showing up and going through the motions. Accepting a game contract means you have agreed to come prepared to do your best. It means that you have attended rules meetings and that you are aware of the rule changes that have taken place since last year. It means that you will enforce the rules as they are written at all times... not at selected times. Accepting a game contract means that you will do your very best to ensure that the teams that have prepared for their contest will play on a level field and that they will find all of the rules enforced equitably.

No matter what our job is, realize that perfection is impossible. Mistakes will be made. Mistakes are inevitable. Mistakes are a part of the learning process. Mistakes allow us to grow in many areas of our life. Mistakes are a natural part of involvement in anything.

Administrators may misjudge the size of the crowd and the supervision necessary to provide an orderly atmosphere. Officials may make judgments questioned by some at the time of the call which may or may not be affirmed if a videotape is later reviewed. Coaches may make obvious mistakes in their game strategy. Players may miss assignments that "blow" a play.

As members of the Minnesota State High School League, we cannot allow our players, our fans or ourselves to engage in "trash talk" or criticize officials either at the contest or to the media and our communities during or after the game. We must focus on good sportsmanship and the positive lessons gained through competition.

Therefore, the League Office, in concert with the beliefs of the member schools, must insist that:

1. Administrators monitor contests to ensure that negative behavior is not tolerated and that a positive atmosphere exists for the spectators, the participants and the officials.

2. Coaches demand that "trash talk" and other unsportsmanlike acts be stopped. Expect your players to treat opponents with respect and set personal standards that will model the behavior you expect from your players and fans.

3. Officials enforce the rules of the contest. If you hear "trash talk" or see unsportsmanlike behavior from either the players or coaches, penalize it immediately. If the penalty requires removal from the game, do so without question. Contact the administrator in charge of the contest if you need assistance.

4. Administrators, coaches and officials send reports to the League Office when positive acts of sportsmanship and conduct occur in addition to the required reports of negative behavior.

I am deeply concerned that the school activity programs I loved as a participant and coach and continue to enjoy as an administrator and spectator need our strong guidance now more than ever.

No one is more able to effect change and move programs in a positive direction than you who work with your students. You gladly give of your time so that kids can compete in activity programs and learn life's lessons...so they can grow in confidence and demonstrate the leadership skills they have learned under your direction...so that they can learn to work together...and so that they can learn to respect those with whom they compete as well as those who help them keep the playing field level.

Be positive in your approach to activity programs. Set standards

A painting by Robert Hautman of Plymouth was selected as the design for the 1995 Minnesota Pheasant Habitat Stamp.

Hautman's painting was selected from among 50 entries in the contest sponsored by the Department of Natural Resources. Hautman's painting features three pheasants on a farm field edge, with two in flight. A painting by Hautman's brother, Jim Hautman, won last year's contest and is featured on the 1994 Minnesota Pheasant Habitat stamp.

There were 25 semifinalists and seven finalists in this year's contest. the other finalists, in addition to Robert Hautman, were John Freiberg of Mounds View, who finished second; David Chapman of Hopkins, third; Jim Beaudoin of St. Paul Park, fourth; Jim Kasper of Grand Rapids, fifth; John Nelson of White Bear Lake, sixth; and Donald Blakney of Princeton, seventh.

Entries were judged by a diverse panel of experts: Cathy Fouchi, DNR roadsides coordinator, New Ulm; Chris Niskanen, outdoor writer for the St. Paul Pioneer Press; Don Dooney of Minnesota Pheasant Inc., Dave Nomsen of Pheasants Forever; and Tom Anderson, director of Rose and Lee Warner Nature Center.

The $5 Pheasant Habitat Stamp is required for Minnesota pheasant hunters, ages 18 through 64, who must also purchase a small game hunting license. Stamp sales generate between $500,000 and $600,000 per year for the development, restoration and maintenance of pheasant habitat.

The Pheasant Habitat Stamp Contest, which is open only to Minnesota artists, offers no prizes. The winning artist retains reproduction rights to the design, however.

The top entries in this year's Pheasant Habitat Stamp, Migratory Waterfowl Stamp, and Trout and Salmon Stamp competitions will be on display in the Bell Museum of Natural History at the University of Minnesota Oct. 22, 1994, through Jan. 8, 1995.

# Change made for boys basketball tournament

The so-called Sweet 16 format for the state boys basketball tournament has been approved by the Minnesota State High School League Board of Directors. The new format, in which Class A and Class AA teams will play each other, will be implemented for the current school year.

The 1995 State Boys' Basketball Tournament will the first year of a two-year experiment that is intended to increase interest in and attendance at the event. The experiment was a recommendation from the League's Basketball Advisory Committee. The Board's action included one modification to the committee's recommendation regarding pairings.

For both years of the experiment, pairings of the second-round games will guarantee at least one Class AA and at least one Class A semifinal qualifier. The advisory committee had recommended that the first-year pairings guarantee at least one Class A and at least one Class AA semifinal qualifier, but that the second-year pairings guarantee a Class A versus Class AA championship matchup.

Board members decided that a better evaluation of the Sweet 16 format could be achieved by not necessarily guaranteeing a finalist from both Class A and from Class AA.

The format will feature Class A and Class AA tournament qualifiers playing first-round games within their own class at two different sites on Wednesday, March 22. The sites will be the St. Paul Civic Center and Williams Arena at the University of Minnesota. Second-round games on Thursday, March 23, will feature two games with Class A versus Class AA matchups, plus one game with two Class A teams and a fourth game with two Class AA teams: thus the guarantee of at least one Class A and one Class AA team qualifying for semifinal play.

The two semifinal games will be played on Friday, March 24. The third-place and championship games will be played on Saturday, March 25. All consolation play has been eliminated following the first and second rounds.

The Board, among other things, considered the results of a survey of head boy's basketball coaches. The survey revealed a mere 16-vote difference between those who supported the Sweet 16 proposal and those that did not. The results: 159 voted yes; 177 voted no. Results by class: the Class AA coaches voted 70-26 in favor of the idea; the Class A coaches voted 151-89 against the proposal. Board members, however, were influenced by support of the proposal by nearly 90 Class A schools.

The new format will be reviewed on an annual basis, and will include analysis of effects on attendance, revenue, expenditures, response from players and coaches who participate, and consideration of possible changing the dates of the tournament.

### Trespass Problems

Blaze orange may be just another shade of pale to a whitetail, but to a farmer during deer season it is often enough to make him see red.

"A deer might not be able to distinguish the color blaze orange, but a farmer sitting at the kitchen table having a cup of coffee can look out the window and see that color on his land from a long ways off in November," noted Capt. Randy Evans, Department of Natural Resource (DNR) Region 4 Enforcement supervisor.

When it comes to hunter-landowner relations, trespassing is the nastiest burr under the saddle, Evans said. And when it comes to trespassing, deer hunters generate the most complaints, followed closely by pheasant hunters.

"Now, that's not to say that deer hunters are necessarily less ethical than other hunters," Evans said. "But when you combine such factors as a short hunting season, the huge number of hunters in a limited amount of deer habitat, and the fact that blaze orange is very visible, especially during that time of year, it's not surprising that deer hunters prompt the most trespassing complaints." Other hunters are not immune, however, Evans added.

While Evans said he can understand what might lead a hunter to trespass, it is never acceptable behavior. "Whether it's deer or pheasant or even squirrel hunters, it makes no difference. Trespassing usually comes down to one of two things: either the hunter did not take enough time to line up places to hunt prior to the season, or the hunter happens upon a situation and succumbs to a temptation -- becomes what I call an 'opportunist.'"

Evans said a typical opportunist scenario might be as follows: Frustrated with the area he's been hunting, the individual gets in his car and ends up road hunting while looking for another location. "This person has no intention of breaking the law, but suddenly there it is, a pheasant inside a posted area, or maybe the buck of a lifetime! All of a sudden this normally law-abiding person forgets everything about the law. There is a temptation and he gives in to it. The landowner calls the Sheriff's Department and the guy gets arrested for trespassing."

Evans said trespassing has become such a problem between hunters and landowners that the DNR has formed a committee to look into the matter. "We hope to identify the extent of the problem by area of the state and type of hunter involved," Evans said. "Then we're going to look for possible ways to ease the situation. That will involve bringing in landowners to give us their ideas."

In the meantime, Evans offers some advice of landowners experiencing trespass problems. If you do not want hunters on you property, posting signs is not a guarantee, but it does help. "And, if it is non-ag land and it's not posted, it is permissible to be on that land until asked by the landowner to leave, Evans said.

Landowners are encouraged not to become directly involved with trespassers beyond an initial request for them to leave the property. After that, get a description of the trespasser and write down the license number, make and model of the vehicle. Then leave the area and call the Sheriff's Department to report the violation.

Since DNR conservation officers generally have some 700 to 800 square miles each to patrol, "We're not always able to get there right away. But we or the Sheriff's Department will investigate if you report it."

As for hunters, Evans suggests getting serious about preseason scouting and obtaining permission to hunt private land.

# Hunter survey proves beneficial

One day this winter a hunter is going to stride to his mailbox, thumb quickly through the junk mail, sneer at the bills, and eventually discover a postcard form the Minnesota Department of Natural Resources.

It won't look like much.

In fact, it will pale in comparison to the gaudy, official-looking envelopes that suggest you are 29 cents and one small check away from winning millions of dollars.

But the DNR Section of Wildlife survey postcard is important. It measures the pulse on the hunting public; it provides wildlife managers with the nuts and bolts that build a better understanding of yearly and periodic changes in animal populations.

"Minnesota has been surveying hunters for 75 years, " said Roger Lake of the DNR's Section of Wildlife. "This state is fortunate to have one of the longest-running hunter and trapper survey programs in the nation."

During late winter, state wildlife officials compile the results of roughly 15,000 survey mailings that were sent to a sample of hunters and trappers. The goal is to learn how many game animals such as ducks, grouse and pheasants were killed and where they were taken. Throughout the rest of the year, the DNR conducts wildlife surveys to gather additional information on wildlife biology and population trends. Combined with the wildlife surveys, the hunter surveys, provide invaluable information for setting seasons, managing wildlife populations and protecting habitat, said Bill Berg, a DNR wildlife researcher.

"The postcard survey is really important because it provides information on the number of days hunted, the number of hunters after each species and the number of animals taken," said. "Responsible wildlife management is dependent upon accurate field information. Hunters and trappers who return surveys are contributing to the quality of our data so that we can do the best possible job of managing wildlife."

The results of the hunter surveys tell wildlife managers much about the previous fall hunt conditions and wildlife populations. An unexpected increase in total harvest or success rate could indicate that certain wildlife populations were larger than expected, for example, or that the weather favored hunters.

Although hunter surveys tally what is dead rather than what remains alive, when added to wildlife indexes such as ruffed grouse drumming counts, surveys provide a picture of what's a field from year to year. The surveys also provide an index showing changes in harvest from year to year. The surveys also provide an index showing changes in harvest from year to year that biologists can compare to other information, such as weather or land use changes to better understand why animal numbers rise and fall.

For example, the DNR has plotted the pheasant harvest - calculated using pheasant harvest and population trend information -- over the past 30 years against the amount of land set aside in Minnesota under various annual and agricultural programs such as the Soil Bank of the early 1960's and present Conservation Reserve Program (CRP). The comparison shows a higher population during periods when land was retired for three or more years in row rather than just annually. Similarly, the survey shows that fewer sharp-tailed grouse are killed each year. Which further documents the habitat loss of this magnificent game bird.

The DNR randomly selects names and sends surveys to 5,000 small game hunters, about 3,000 trappers, and thousands who partake in special goose hunts, such as the one held in the Twin Cities metro area. The goose season survey, for example, asks questions about the gauge of gun used, shell size, shot size, number of birds killed and retrieved, and the number of birds knocked down but not retrieved.

"The surveys provide us with a portrait of the Minnesota hunter," said Berg. " Clearly, not all hunters are alike. Some buy a license and hunt hard all fall. Others rarely take the gun off the wall. Some never go. The survey provides us with a composite picture of the average hunter."

Another benefit of the hunter surveys has been to show the success of the DNR's improvements in deer management. In 1971, the deer herd was so low that the hunting season was closed statewide. Today, the size of the deer herd in the fall is more than 1 million animals, while hunter success exceeds 40 percent and the total kill has been over 150,000 since 1990.

"That information tells us that we are right on track with deer management," said Lake.

## Outdoor News

As you're crouched down in a duck blind watching an approaching flock of mallards you might want to recall the words of Tom Landwehr, wetlands specialist for the Minnesota Department of Natural Resources: "All the combined efforts of federal, state and private organizations over the past 50 years palaa in comparison to what the Conservation Reserve Program has done for waterfowl production in the prairie pothole region during the past nine years."

Or maybe it's early November and you, your kid and your dog are rousting pheasant from the grassy edge of a marsh. Consider what Dick Kimmel, a DNR research biologist, had to say: "The ringneck pheasant population in Minnesota is at least 75 percent higher right now than it would have been at this time without CRP."

And it's not just ducks and pheasants that have prospered from CRP. It's estimated that some 40 wildlife species have had substantial population increases since CRP was incorporated into the 1985 Federal Farm Bill.

Ten-year CRP contracts begin to expire in 1996, the year after Congress rewrites the current farm bill. There is growing concern that Congress may either end CRP or drastically cut it back.

Kimmel has been studying 15 separate, nine-square-mile areas in the south-central Minnesota counties of Redwood, Brown, Cottonwood, Blue Earth, Watonwan, Jackson, Martin and Faribault. Each area has a different amount of CRP land.

"We've long known that pheasants benefit greatly from farm programs such as the old Soil Bank, which emphasize long-term set-aside with permanent grass cover," Kimmel said. "But there was also a lot we didn't know about how such programs affected pheasants and other wildlife."

For instance, wildlife managers did not have much information about how wildlife species other than pheasants respond to these kinds of programs. Meadowlarks, gray partridge and pheasants are being studied under the present project to give a wider perspective on wildlife impacts. "Each of those species prefers a different type of nesting cover, so the study should hep us determine the best mix for each," Kimmel said.

Several other CRP studies have been undertaken in other areas of the country. "The study we're doing will dovetail nicely with a pheasant alementary study in Iowa, for instance, and will provide a more regional look at pheasant habitat needs, " Kimmel said.

As for ducks, Landwehr said recent data verifies that CRP has been a tremendous boon for certain species. In North Dakota, for instance, mallard nesting success was between 10 and 15 percent prior to CRP. "Since CRP has come into play, nesting success has improved to 25 percent or greater," Landwehr noted. That seeing moderate difference can make a huge difference in waterfowl numbers.

"If mallard nesting success is below 15 percent, the population isn't replacing itself and is in decline," Landwehr said. "When nesting success is at 25 percent or more, which it now is in North Dakota, you have good population growth. The instant you lose CRP, however you're right back at 10 percent and the population immediately begins to drop.

"CRP is the number one program ever implemented for waterfowl," Landwehr said. "There's no question about that. While the wet weather of the past few years has prevented us from realizing the full potential of CRP for pheasant production, it has been great for ducks. Waterfowl production this year in Minnesota and the Dakotas has been phenomenal."

You don't, however, need to be a hunter to appreciate the impact of CRP on wildlife. "While CRP has been grate for game bird species like ducks and pheasants, there is also research to show that it has been very beneficial for nongame species," Landwehr said.

# Deer hunters must buy license by November 4

Minnesota firearms deer hunters who plan to hunt this fall must buy their licenses by Friday, Nov. 4, according to Margaret Winkel, Department of Natural Resources License Bureau administrator.

"Every year there are a few disappointed potential hunters who don't realize that deer hooting license sales close the day before the firearms deer season opener," Winkel said.

All firearms deer licenses (including those for the special muzzleloader season) must be purchased by Nov. 4. Hunting license applicants must appear in person in order to purchase a license. Archery licenses may be purchased throughout the deer hunting season. There is a five-day waiting period, however, for archery licenses purchased after the Sept. 17 archery opener.

Licenses are sold at county auditors offices and their license agents, such as stores that sell sporting goods.

# Thefts and other incidents in law enforcement news

Law enforcement officials responded to a variety of incidents during the past week, including several thefts.

**Thefts.** On October 17 at 8:48 a.m. Ace Hardware reported the theft of a cordless drill from a display. Awhile later they found the charger and extra battery taken. A second display was set up and the cordless drill and battery charger and extra battery were also taken. The total theft loss was estimated at $360.

Pennington county sheriff's department has issued charges for issuance of worthless checks to the following individuals: (amounts listed include fees) David Jon Wallenberg, 35, Goodridge, $257.27; Sherrie Dawn Boucha, 20, Thief River Falls, $140.40; Domita Jean Boman, 28, Thief River Falls, $204.58; Holly Renee Nelson, 23, Argyle, $663.67; Scott Lawrence Nelson, 30, Argyle, $432.

On October 19 at 8:40 p.m. Tim Olson, route 1, Viking, reported a black leather jacket taken from Northland Community College locker room sometime between 5 and 7 p.m. that day. Theft loss was estimated at $100.

**Assault.** On October 17 at 8:22 p.m. police received a report of an assault. A man complained of a bruise to the side of the face. A 17-year-old man is being charged with fifth degree assault.

**Criminal damage to property.** On October 17 police received a report of an incident on October 14. A landlord reported that there was $1,130 damage to a mobile home. Damage was caused during an argument at the residence. A person allegedly punched a hole in the wall and another person was pushed into a wall. Twenty-seven year old Kevin John Beaulieu, Thief River Falls, was cited for criminal damage to property.

**Accidents.** On October 19 at 12:48 p.m. police received a report of an accident that happened at 7:30 a.m. According to the accident report, a car driven by Jerard Novak, Thief River Falls, was going north on Pennington Avenue and when he attempted to turn into a private driveway a bicyclists traveling south on the same road collided with his vehicle. The bike rider, Mitchum Troy Johnson, Thief River Falls, 29, complained of a bruised knee, and lower back discomfort. There was no damage to either vehicle.

On October 20 at 4:02 a.m. police received a report of an accident on North Main. According to the accident report, a pickup driven by Brian Lhotka, Salol, was going south on the 800 block of North Main when he allegedly fell asleep, and his vehicle struck a Blazer owned by Johnson Greenline which was parked facing south, pushing it into a Ford pickup owned by Concrete Inc. Damage was estimated at over $1000 to the vehicle driven by Lhotka, over $1,000 to the Johnson Greenline vehicle, and over $200 to the Concrete Inc. vehicle.

**Driving while intoxicated.** On October 18 at 11:04 p.m. police arrested Paul Brian Amsbaugh, Bottineau, ND, age 29, for driving while intoxicated.

**Consumption under age.** On October 19 at 12:59 a.m. police received a report of a loud party in a local apartment building. Citations for consumption under age were issued to: Cory Graves, Redlake, 19, Gary Smith, Redby, 18, Kathline Halling, Hayfield, 18, Morris Benaise, Redlake, 20, Angie Fuglseth, route 2, Fertile, 18, Dan Holm, Jamestown, ND, 18, Cory Thorpe, route 1, Mahnomen, 20, and a 17-year-old male from Redlake.

On October 20 at 10:53 p.m. police on patrol stopped a vehicle for a driving infraction and the driver was found to have been drinking alcohol. Beer was found in the vehicle. A 17-year-old youth from Thief River Falls was cited for consumption under age and the driver, also 17, was charged with allowing open bottle.

**Vandalism.** On October 21 at 6:30 a.m. Michelle Lemky reported someone had smashed the windshield of her car while it was parked on North Kinney. It appears that someone ran over the vehicle from front to back leaving foot prints and causing scratches and a broken windshield. The total damage loss was estimated at $350.

On October 21 6:33 a.m. Kent Olbson reported that while his vehicle was parked on North Markley someone smashed the windshield, nearly identical in manner to the same mentioned in previous case. Damage was estimated at about $200.

On October 21 Wes Stenzel reported that while his vehicle was parked on South Kendal someone smashed the windshield of his vehicle in the same manner as mentioned above. Damage loss was estimated at about $200.

On October 21 Tony Bever reported that while his vehicle was parked on South Kendal someone broke a vent window on his late model pickup. The vehicle was entered and a small amount of change was taken. Damage loss was estimated at about $50, and $2 to $3 in change taken.

**Drugs.** On October 18 at 3:34 p.m. police received a report of a letter being sent to a wrong address and it was found to contain a small amount of marijuana. A citation has been issued to Sherry Lynn Huffman, route 4, Roseau, age 34, for possession of a small amount of marijuana. She is the person who allegedly mailed the letter.

Rob Sweetgall
fitness expert

# Sweetgall to present workshop on Exerstriding

Rob Sweetgall, national fitness walking expert, will present two activity-oriented workshops in Thief River Falls.

Participants will learn the correct technique for doing a muscle-firming exercise called Exerstriding workout, and how to develop the best Exerstriding workout to achieve optimum fitness.

Sweetgall's presentation will also include: the six "M"s: Mind, Mouth, Muscle, Metabolism, Movement and Motivation; how to become motivated to exercise more, eat without guilt and avoid dumb dieting; a 14-step walking-weight loss program; the easiest way to flatten your stomach; how to develop the best personal cross-training program for cardiovascular conditioning and weight loss; how to burn 100 extra calories of stored fat.

Sweetgall is president of Creative Walking Inc., of St. Louis, MS, often called the "Pied Piper of American Walking", has walked seven times across America (and twice across Minnesota). He has presented workshops and seminars to over 500,000 people since 1982 and has authored and co-authored eight books on walking and wellness. He has helped over 5,000 schools and school systems start walking-wellness programs. Sweetgall walks regularly (30 miles a week) and tours the country presenting motivational workshops and seminars in support of school, corporate and hospital wellness programs.

Workshops have been scheduled for Monday, October 31, at 7 p.m. in the Lincoln high school cafeteria in Thief River Falls, and again at 7 p.m. on November 3, at the college theatre at Northland Community College. All seats cost $3 or $5 for both workshops.

Tickets are available from the Pennington county extension office, 681-2116.

# Federal Crop Insurance reform program explained

At a meeting scheduled by U.S. Rep. Collin Peterson in Red Lake Falls Thursday, October 20, Ken Ackerman, manager of the U.S. Department of Agriculture's Federal Crop Insurance Corporation, discussed with about 100 farmers in attendance the crop insurance reform recently signed into law by President Clinton.

According to Ackerman, the Federal Crop Insurance Reform Act of 1994 combines crop insurance and disaster assistance into one program. for insurable crops, assistance will no longer be tied to political uncertainty or disaster declarations.

"The political reality was that disaster aid would not continue," Rep. Peterson said. "Those of us who understand the unpredictable nature of farming had to develop a program that would protect farmers and provide adequate risk management."

Catastrophic level coverage will be linked to participation in USDA programs such as commodity price supports and certain FmHA loans. Catastrophic coverage will be premium-free. However, there will be a processing fee of $50 per crop. This will provide coverage for damage over 50 per cent at 60 per cent of the market price election.

The program will also provide incentives for farmers to purchase higher levels of coverage. Ackerman explained that money usually directed into ad hoc disaster relief has been included in the crop insurance program to make higher levels of coverage more affordable.

During the meeting, USDA announced that the wheat market price election was raised to $3.35. This is good news for area producers, Rep. Peterson said. He had sent a letter to Secretary Espy in September urging the department to raise the wheat rate.

"I wanted to see a wheat price election that was more reflective of the current market," the Congressman said. "Producers insuring crops at rates well below market price is meaningless."

Anyone with questions regarding the program should contact their local crop insurance agent or USDA county office.

# Public joins in duck banding experience

## Personnel at Agassiz National Wildlife Refuge invite interested persons to help in netting and banding mallard ducks

by David Hill
Associate Editor

Local residents recently received a unique opportunity to participate in a project to band ducks. While wildlife officials could probably accomplish their objective a lot quicker on their own, each year they invite local residents to participate in the banding program. This gives them an opportunity to learn more about wildlife habitat in their region and wetlands. It also gives them the satisfaction of participating in a valuable study and as taxpayers and inhabitants of the world, perhaps a feeling of title or interest in that they return something to the environment. It also gives the individual an idea of the kind of work wildlife officials perform.

For many participating in the banding program at Agassiz it is their first close-up experience with wildlife. Some have been hunters interested in learning more about wildlife and returning something back to their sport. Some of them are students or Boy Scouts satisfying requirements. Many have never had an opportunity to look at ducks and wildlife in such close quarters. Most come away from the experience with new knowledge.

Jack Haymond, instructor at Northland Community College in Thief River Falls, takes his students in Environmental Problems on several field trips, including the power plant and hospital. Several students were with him at Agassiz National Wildlife Refuge participating in the duck banding. Students in the class look at how the human condition impacts their environment and how it telescopes to various levels in the environment. During this field trip they learned what a wetland was, its importance, and what impacts humans have on wetlands.

Haymond said the students enjoyed the field trip. "There's something special about hands on," Haymond said.

Haymond said as a teacher he was very pleased with the field trip. Wildlife staff were very professional and upfront with the students. They showed them how to identify the different species, how to determine their approximate age, and sex. He said he hopes they plan to continue these events.

Haymond said the students reach some conclusions: they were not aware of how diverse wetlands are; were not aware that what wildlife officials were doing was so broad that they are actually doing what nature used to do years ago; and that the introduction of plant and animal species into such an environment can have an immense impact.

Haymond said he was also impressed with how wildlife officials accomplished their objective. They didn't spend a lot of money. Rockets were constructed with a piece of pipe and some powder. That's the kind of creative problem solving that he tries to impress upon his students.

Wildlife experts at Agassiz Refuge do many things to maintain a balance and diversity of wildlife habitat at Agassiz. Their activities include water level maintenance, prescribed burning and winter brush mowing, farming for migratory waterfowl and also duck banding.

Each year Agassiz is given a quota of ducks to band. This year their quota was 1,200 out of 4,400 in all of Minnesota. Duck banding, however, is something that is performed throughout North America.

Jack Haymond, Northland Community College professor, had students in his Environmental Problems class, participate in a duck banding program held at Agassiz National Wildlife Refuge.

Metal bands were carefully slipped around the leg of each duck caught during a duck banding program at Agassiz National Wildlife Refuge recently. Wildlife officials also record each duck's relative age (mature or immature), sex and condition.

The waterfowl banding program in North America is a cooperative effort among federal, state, and private organizations. Approximately 200,000 ducks are banded each year, primarily just before and just after the hunting season.

The primary method of banding ducks in the United States is by launching rockets which pull a net over the ducks, a method which is believed to have been invented by Herb Dill, who used to work at Agassiz National Wildlife Refuge. The ducks are then placed into small cages from which they can be extracted and banded.

In addition to placing a small band around the leg of the duck, location, approximate age, sex and condition of the ducks banded are also collected. Individuals participating in the banding operation learn to identify characteristics of different types of ducks and how to determine sex and age. Once the information is collected and the ducks banded, they are released back into the wild.

For many species, banding is the first step in discerning something about the movement of animals. For harvested species, such as waterfowl, there is an increased probability that a banded animal will be "recovered," compared to those species that are not harvested (e.g., songbirds). The location of the recovered bird and the date it was recovered, combined with its banding location and date it was banded, provide information about the general direction the bird travelled and the maximum amount of time it was in transit.

Waterfowl band-recovery information provides information for: describing migration routes, assessing harvest pressure, measuring vulnerability of age/sex classes to harvest pressure, estimating waterfowl production rates, and estimating survival rates of young and adults.

This information is collected at the Bird-Banding Laboratory in Laurel, Maryland. Bands placed on ducks direct those who recover the bands to send them to the bird banding laboratory. Bands are recovered in a number of ways, primarily from hunters.

The number of birds recovered divided by the number of birds banded is the recovery rate, which is the proportion of the banded birds recovered, assuming the banded sample is representative of

### BIBLE STUDY

## Christ's simple message

*After you read through this Bible study, go back and look up the Scriptures and highlight them in your Bible.*

Christ's simple message was, "Repent, for the kingdom of God is at hand." (Matt. 4:17).

God wants to build a new heart in you, but you must be willing to repent or change (Ezek. 18:31; 36:26; Zech. 7:9, 12). You must be willing to turn around and go another way (Matt. 13:15). You must live God's Way—the Way of peace. God's Way is not the way of evil, but the way of good.

Wouldn't it be something if God said He was good but He never did any good? He wouldn't really be good then; nor would He be God, would He (Psalm 145:17)? Wouldn't it be something if someone claimed to be a disciple of Jesus Christ and didn't continually live a life of doing good as Jesus did? He really wouldn't be a disciple then, would He? God is good because He does good continually, just as a true disciple of Christ does (Acts 9:36).

Yes, a true disciple of Jesus Christ is one who does deeds of kindness and charity continually, day by day. He is a "do-gooder" for God, rather than a "good-for-nothing" for Satan (3 John 11; 1 John 3:10).

God wants you to imitate Him so He can form Jesus Christ's nature in you and, at the same time, crush Satan's nature in you and bring it under control (Eph. 5:1; 1 Cor. 11:1; Gal. 4:19; Rom. 16:20). It's an easy and pleasant process, but it does require obedience on your part (Matt. 11:30; Acts 5:32). After all, a faith with no obedience is no faith at all (James 2:20, 22, 24, 26).

The world is full of people who have no light in them because they are into so much sin. They are full of darkness. God is making people who never had light into 1,000 watt light bulbs. God wants them to practice righteousness daily for Him. He wants people to glorify Him by doing good works so their lights will begin to shine for others to see (Matt. 5:16).

Granted, when you start a life of overcoming evil by continually doing good works, your light may only be 25 watts, but eventually it will increase and increase as your old nature fades. God's new nature will then begin to be formed in you, with your cooperation, of course!

Be careful not to do your good works for reasons of being noticed by men. Instead, do your good works so people notice God in you (Matt. 6:1; Eph. 6:6). Do all that you do in the name of Jesus Christ, as we have been commanded (Col. 3:17).

God bless you as you begin to live a life that is a blessing to others—your new life in Christ!

**Ducks caught in a banding program at Agassiz National Wildlife Refuge spent no time trying to escape their captors once they sensed they were about to be released.**

# Public joins in duck banding

(Continued from Page 1)

the population and the proportion of banded birds reported to the laboratory remains constant through time.

The recovery rate serves as an index to harvest rate. Presumably then, the effects of changes in harvest regulations on harvest rates can be assessed. Analysis of a drop in waterfowl population during the 1980s and restrictive regulations, indicate that the recovery rate of mallards decreased.

Data from several studies indicate that the band-reporting rate (32 per cent) has been relatively constant in recent years. Data from 1979 to 1990 show that recovery rates for adult male mallards went from 0.055 per cent to 0.031 per cent. The recovery rate for young male mallards went from 0.087 to 0.058. the recovery rate for adult female mallards went from 0.044 to 0.023. the recovery rate for young female mallards went from 0.068 to 0.043.

Most banding is conducted immediately prior to the hunting season because the possibility of bias is lowest and utility of recovery-rate information is highest. Recovery rates of mallards banded throughout North America in 1993 suggested that approximately 12 per cent of adult males and 6 per cent of adult females were harvested during the 1993 hunting season, whereas about 18 per cent of young males and 11 per cent of young females were harvested. Records from 1992 indicate very similar results.

Information collected tells researchers many things, including migration habits and survival rate.

This information is used by wildlife officials in their management techniques. For example, to project the fall age ratio for the current year, wildlife officials relied on the historic relationship between observed fall age ratios and indices of production and pond abundance. Fall age ratios from previous years were estimated using harvest and band-recovery information. This information is used in setting harvest limits.

Most of the ducks banded by officials this year were mallards. Other species included teal and black ducks. Other birds, including swans, geese and herons are also banded. Anyone finding a dead animal with a band is encouraged to send in the band.

**About the Refuge**

Agassiz National Wildlife Refuge was established in 1937. It is comprised of 651,449 acres, 40,043 acres of wetland, 10,000 acres of shrub land, 7,000 acres of forestland, 4,106 acres of grassland, and 300 acres of crop land. It is one of over 470 national wildlife refuges totaling 93 million acres throughout the United States.

Natural and managed habitats at Agassiz Refuge provides a haven for many wildlife species. The bird list includes 280 species, about half which are resident nesters. Forty-nine species of mammals, 12 species of amphibians and 9 species of reptiles also inhabit the refuge.

The refuge supports 17 species of breeding ducks as well as giant Canada geese. In an average year 10,750 pairs of ducks and 250 pairs of Canada geese nest at Agassiz. Colonial nesting birds include Franklin's gulls, great blue herons, great egrets, black-crowned night herons, double-crested cormorants, and eared and western grebes.

One of the greatest visitor attractions is the opportunity to view moose in the wild. The best times to see moose are in the late summer or fall during early morning or late afternoon hours. The moose population is estimated to be 250 on the refuge and adjoining state wildlife management areas.

White-tailed deer are abundant and may be seen throughout the refuge.

Refuge headquarters is located 11 miles east of Holt on Marshall County road 7. Additional information can be obtained by contacting: Refuge Manager, P.O. Box 74, Middle River, MN 56737; or by calling (218) 449-4115.

Mr. and Mrs. Neil Liedberg received a phone call from Mr. and Mrs. Clarence Selter of Vaughn, WA on Sunday evening.

Saturday afternoon visitors at the Nathan Liedberg home were Mr. and Mrs. Neil Liedberg, Jodi Gustafson, Mike Kazmierczak, Randy Johnsrud, Mr. and Mrs. Justin Dahlen and Mr. and Mrs. David Dahlen.

Rocket's explosive charge carried nets over feeding ducks. The ducks were then put in cages that allowed wildlife officials and volunteers to handle them and put a band on each.

# Rev. Erling Huglen inducted into Augsburg Hall of Fame

Erling Huglen began his parish ministry at Harvey, ND, in 1957, and came to Moe Lutheran in Roseau in 1962, where he has lived since. He has at various times served seven other congregations and presently preaches twice a month at Salem Lutheran in Wampum, Manitoba, in addition to his duties at Moe.

Erling Huglen is the son of the late Rev. and Mrs. R.J. Huglen. He is married to the former Rhoda Monseth and has watched their five children - Mark, Steve, Mary, Sara and Mike - participate in high school athletics and all but one in college. Mike, the youngest, is currently playing football and hockey at Bethel College in St. Paul. Steve is coach of the Rochester Mustangs in the United States Hockey League.

Golf and horseshoe are games for the summer and Huglen manages a softball team in the Roseau summer leagues. He coaches the 8th grade girls' basketball team and writes a weekly column on sports for the Roseau Times Region.

Huglen has had a lifelong interest in sports and feels that interest helps him get next to people. The award at Augsburg humbles him and he feels honored to have been selected for the award.

At Newfolden, Huglen was a four-year starter on the Nordic basketball team, the only sport the school offered during his high school career. The closest his teams came to a title was in his junior year, 1949, when they lost to Karlstad in the district finals.

Teammate George Fricker, Jr., then of Holt, and now an attorney in the Cities, attended the induction ceremony for Huglen.

Locally, Erling Huglen began playing baseball with the Newfolden independent team at age 15. When the Newfolden team became inactive he played for Viking.

Highlight of his local baseball career was his 18-inning victory for Viking over Thief River Falls, 2-1. For the last nine innings he gave up no hits. Gene Loestie, for Thief River Falls, played nearly as well, going all 18 innings, too. Huglen remembers who some of his opponents were that day: Joey and Jack Poole, Sid Vraa, Durwood (Swede) Lund and Wayne Goethe. When he lived Elemer Poole, father of the boys, used to recall that game in 1954 when he talked with Erling.

In his independent baseball career, right-handed Huglen twice struck out 22 batters in the 10-inning games.

He pitched for farmington in 1952 while working that summer for 7-Up Bottling in Minneapolis.

Rev. Erling B. Huglen, Roseau, and a 1950 graduate of Newfolden high school, was inducted into the Augsburg College (Minneapolis) Athletic Hall of Fame on October 6. Five others were given the same honor at that time.

Erling Huglen was chosen because of his participation in basketball and baseball for the Auggies. As a senior he was captain of the basketball team and named its most valuable player. Also, as a senior he was selected as the college's honor athlete, the highest award given. Augsburg is a member of the Minnesota Intercollegiate Athletic Conference.

One of Huglen's teammates during part of that career was Lute Olson, graduate of Grand Forks Central high school, who is also a member of the Hall of Fame and presently coaches basketball at the University of Arizona.

In basketball Erling played guard and in baseball was a pitcher. In baseball he had the experience of pitching in the old Nicollet Park, home of the Minneapolis Millers, and playing in games in which Paul Giel, baseball and football star, and Bob (Badger Bob) Johnson participated for the Minnesota Gophers. The latter coached the Pittsburgh Penguins to the Stanley Cup championship before his untimely death several years ago.

Target Senior Citizens?
Collin Peterson says NO!
NO to Higher Taxes on Social Security
Collin Peterson opposed last year's budget bill, which included a tax increase on Social Security benefits.
NO to Caps on Benefits
This year, Collin opposed the amendment (to H.R. 4604) that would have capped Social Security benefits.
NO to Cuts in Medicare
Collin strongly opposes Medicare cuts. In fact, he's working to expand Medicare to cover prescription drugs.
Collin knows we need to close the budget deficit. But senior citizens didn't cause the deficit problem. Social Security's been running a big surplus. That's why Collin voted YES to making Social Security a separate, independent agency — to protect that fund and our senior citizens.

## Another Hats-Off To 4-H Club Members

Sunday evening at the Eagles club rooms in Thief River Falls a number of hard-working 4-H club members from Pennington county received recognition for their efforts. The annual 4-H awards dinner and program is one of the highlights of the club year and one of the rare times when club members are receiving instead of giving.

The 4-H club program is unique in that it truly has something for everyone. No young person can go through the list of project offerings in the 4-H club program without finding at least one topic of interest. The problem for most of those who become 4-H club members is that they find so much of interest that they must make choices or find themselves without time to get everything done.

And while 4-H in this community frequently is still thought of as a farm organization, the total membership across Minnesota is much more city than rural. Youngsters don't need to have livestock or fields available to get involved in 4-H. They can learn about everything from foods to sewing to rocketry and fishing. As they learn and show what they have learned by keeping records, exhibiting or giving demonstrations, they can qualify for recognition like that received by many members Sunday night.

On a personal note, this editor wants to thank the Pennington county 4-H program for the "Friend of 4-H" award received at the program. It was totally unexpected but greatly appreciated. The 4-H program and 4-H members and leaders obviously have many friends or they would not be successful. The award is accepted in recognition of and on behalf of all of them.

## Barkley Says What People Are Thinking

Dean Barkley has about as much chance of being elected to the U.S. Senate as bird dogs have of learning how to fly. A third party candidate sandwiched between the established two major party candidates, he has little money, little public exposure and little public support.

And that is too bad, because he claims to stand for what most voters seem to want in someone to represent them in government. The unfortunate part of the two-party system which our government has become is that it often leaves voters with a choice of the lesser of two evils rather than the best of all candidates.

We don't know enough about Barkley to vouch for his integrity or motivation in seeking office. But what he says about the situation in our country is dead on and the likelihood of positive change with either of the two major parties is virtually nil. Here are some of his thoughts and observations:

"....I am often asked why I don't run as a Democrat or Republican. The answer is simple. I am no longer willing to defer to the parties that are ruining our children's future. I am doing this today because I do not want to ache with regret tomorrow when our children ask, 'Mom and Dad, why did you allow the government to destroy our chance at the American dream?'

"Republicans and Democrats have placed a $4.7 trillion public debt on our children and now spend $1.49 for each $1 of tax revenue. Last year alone they raised the federal debt ceiling $1 trillion. Each man, woman and child in America now has a $17,500 share of public debt. We must stop supporting the two parties that are doing this to us.

"Your 1994 major party U.S. Senate choices are Ann Wynia, a left-wing liberal, and Rod Grams, a right-wing conservative, both taking millions in special interest money. Is this what you want? Do you think either one will represent your interests ahead of the special interests that finance their campaigns?

"Our Democrat and Republican representatives had a great year in congress. While debating health care for months, they collected millions from special interests attempting to influence the outcome and decided nothing. Next year they can do it again and receive another pile of money. They also protected themselves by defeating campaign finance reform. Then they go home and shamelessly spend their big money to promote themselves as reformers!

"The Democrats and Republicans have become two sides of the same coin. To win elections they work only to make the other side look worse than their own. In addition to bankrupting our nation, the two major parties have destroyed trust and produced a public cynicism that is undermining our democracy.

"In a three-way race, the wasted vote notion becomes a factor, especially in a race like this where three candidates so clearly represent the liberal left, moderate middle and conservative right. Mainstream citizens, who outnumber the left and right combined, are tempted to vote for their second choice, afraid of 'splitting the vote' against the extremist they most dislike.

"This is exactly what the major parties want you to believe. Having little integrity themselves, they encourage you to vote against your own first choice. Think about it. Talk of one candidate taking votes away from another is yet another case of major party arrogance. Candidates do not own votes. Candidates earn votes. Your vote belongs to you, not them. The only wasted vote is the one you cast that does not express your true choice."

Barkley points out that polls show 53 to 59 per cent of the voters now support a third party alternative. If people voted that level of support he would win in a landslide. But they won't and he won't and the same will apply to other third party candidates. Barkley says reform must come from the outside. He may be right....but it won't happen in this election.

## LETTERS

To The Editor:

I grew up in Thief River Falls until I was 17. Recently, I moved back and plan on making this town my home again. I'm 23 years old and, in my opinion, this town has not changed for the better. There are a few issues that really irk me and I would like to express my opinion on them:

(1) The shop in TRF attitude. If the stores here would handle the products we need, at a decent price, we would not feel the need to go elsewhere. I personally have spent over $600 on building products alone in Grand Forks and have estimated (including gas) a saving of over $200 because Thief River Falls is higher on these items.

(2) The ever rising cost of living in this town. I bought a trailer house and before it could be moved to my rental lot, I had to buy a building permit. Why? The trailer was already built. I can see if I was to build a garage from the ground up, but not to back a trailer into a prepared lot.

When I received my first utilities billing, I was also very disappointed. I was only on the lot for three days but I was charged for the full amount of refuse, water and sewer. Three gallons of water was $10; for garbage I didn't even generate or put out; it was $12.

I do not think this City of TRF imprinted garbage bag plan is very fair, either. The recycling plan is okay as well as separating our garbage, if it's not shoved down our throats. If more recycling bins were put around town, I think most residents would do it, but don't force us to do it. I think it is not only a community but a rural problem as well. I feel we are being punished; we should be able to buy and use any bag on the market.

(3) Save the Depot vs. Where's the Swimming Pool?" I think it's all well and good that we have a "historical" cause that our community can rally to, but what can our kids do with this building? Who is it meant to serve?

A few years ago our whole town, organizations and individuals alike, put a lot of time, effort and money into the hopes of a new, safer swimming area in the form of an outdoor pool. What happened to the funds as well as the enthusiasm for this project? How many days out of the summer would your kids say, "Hey, let's go to the depot," or would they rather say "Hey, let's go to the new pool." Maybe our local politicians know the answers to those questions. Maybe we should start asking them before November's elections.

(4) The school levy referendum. I hope everybody votes "no" on November 8. Sure, the voters wanted a new school, which I don't think we needed. Now we have a building that looks like a federal penitentiary. Now we're shoving too many children in one class, and the children who really need help will be passed by.

I really believe we should start teaching our elementary students a foreign language....as if they can read, write and speak English at their age. GET SERIOUS! Education should be a concern, but not new programs that are not beneficial. If we have too many programs, these students are going to be confused.

We need to stick to the basics, but teach them better with more updated material. (Hooked on Phonics). The most important time is elementary school; let junior high and high school do the foreign language bit.

If this levy does pass, those people who already put their children through school and young couples starting out families just cannot afford a tax increase for the next 10 years. I already know there will not be social security for my age group. Let's try and think about the future realistically.

I hope that everyone understands that these are my opinions and I believe they have merit. I also wish more people in my age group would speak up, too. Ask questions, demand answers and VOTE!

Thank-you.
Sincerely,
Janell Nygaard
Thief River Falls

**Can God Make a Difference in Everyday Life?**

It's no secret that the pressures of life are exerting a great deal of force on everyone of us. Doctors tell us that two thirds of their patients come in with stress-related illnesses. People from every walk of life, from teacher to farmer, parent to senior citizen, experience the tension of the life in which we live. Is there any relief to be found?

A great number of people report that having a relationship with God has been a tremendous relief to the stress of life. We believe that this is true. In fact God has promised that He will be there in times of stress.

Our Saviour's is having a series of meetings dealing with this very subject of our relationship with God and how it can benefit our everyday life. Rev. Thomas Olson, from Cumberland, Wisconsin, will be speaking at these meetings, encouraging people to partake in this relationship that God is so willing to give to those experiencing the pressures of life. Come and see that God's involvement in your life can make a difference.

The Newfolden Area "*Gospel String Band.*" will begin Friday's service with a vocal and instrumental concert.

**Real Estate Taxes Due By November 1**

"County property owners during the past week visited the office of County Treasurer A. R. Johnsrud in a steady stream to pay the last half of their 1943 real estate taxes which are now due. The taxes must be paid by October [illegible] in order to avoid the penalty which will be added for late payment."

**TRF Boy Scouts To Collect Tin Cans Oct. 28**

"Thief River Falls Boy Scouts will swing into action again in the interest of the salvage campaign Saturday afternoon when they will make a house-to-house canvass of the residence district to pick up accumulations of tin cans urgently needed in the war effort. Kern M. Olson, Pennington county salvage chairman, requested householders to set out along the curb boxes containing the properly flattened tin cans, and added that the drive by the scouts is supplementary to the collection of cans through the grocery stores."

### VOLUNTEER OPPORTUNITY

Twenty years ago, when Hospice first came to America, volunteerism was a Hospice fundamental. Most Hospices were staffed only by volunteers. Today, the Hospice movement has joined the health care industry, but the core values instituted by those volunteers have remained intact. Pine To Prairie Hospice, Inc. is looking for committed individuals to become a part of the Hospice Team as volunteers. Volunteers help by making visits, reading to patients, running errands, meal preparation, hair care or sharing quiet moments.

Training is being offered November 15th, from 7:00 p.m. to 9:00 p.m. for four consecutive weeks at our Karlstad location. To register or need more information please call (218) 436-2273 or 1-800-494-6081.

OFFICIAL PROCEEDINGS
BOARD OF COMMISSIONERS,
PENNINGTON COUNTY
SEPTEMBER 15, 1994 - 10:00 A.M.

Pursuant to adjournment, the Pennington County Board of Commissioners met in the Commissioners room in the Courthouse in Thief River Falls on Thursday, September 15, 1994 at 10:00 a.m. Members present: Jensen, Murphy, Naplin, Swenson and Comstock. Members absent: none.

Liz Bergman, representing the Tri-Valley Heartland Express, presented their 1995 budget and request for a 1995 appropriation. Total request was for $5,752.70 for operation and $729.65 for capital purchase of a new bus if the State funding becomes available.

Commissioner Swanson moved, seconded by Commissioner Jensen to approve a 1995 appropriation of up to $6,482.55 to Tri-Valley Heartland Express payable in 1995. Motion unanimously carried.

Howard Person discussed SWISCorp's progress in obtaining a Solid Waste Permit and the need for a fluorescent bulb policy since beginning 8-1-94 all fluorescent bulbs must be recycled. Howard is working on updating our County Solid Waste Plan and also discussed County-Wide Solid Waste pickup.

Howard Person then made a request to attend the National Ag Agent Conference in Casper, Wyoming. Next year the conference will be held in Minnesota and Howard is on the Committee setting up the conference in Minnesota. Howard noted that he would pay the mileage and meals. Commissioner Naplin moved, seconded by Commissioner Comstock to authorize Howard Person to attend the National Ag Agent Conference in Casper, Wyoming. Motion unanimously carried.

The following resolution was introduced by Commissioner Jensen, seconded by Commissioner Comstock and upon vote unanimously carried.

WHEREAS, under Minn. Stat. 260.094 (1992) a county or a group of counties is authorized to purchase, lease, erect, equip, and maintain a county home school for boys and girls, and under Minn. Stat. 260.101 (1992) a county or a group of counties is authorized to purchase, lease, erect, equip, and maintain a detention home for boys and girls; and

WHEREAS, the Northwestern Minnesota Juvenile Training Center was established under a joint powers agreement (as authorized by the Joint Exercise of Powers Act, Minn. Stat. 471.59) among Beltrami County, Cass County, Clearwater County, Hubbard County, Kittson County, Lake of the Woods County, Pennington County and Roseau County (collectively, the "Counties") for the purpose of operating a county home school for juveniles for the benefit of each of the Counties; and

WHEREAS, the Juvenile Training Board, the governing body of the Northwestern Minnesota Juvenile Training Center, has proposed the construction of a new juvenile detention and training facility (the "Facility") to be owned and operated by the Northwestern Minnesota Juvenile Training Center; and

WHEREAS, under 1994 Minn. Laws ch. 643, Section 7, subd. 11 (the "Appropriations Bill"), the Minnesota Legislature appropriated $3,435,000 to the Minnesota Commissioner of Corrections to make a grant to Beltrami County, as fiscal agent for the Northwestern Minnesota Juvenile Training Center, for the purpose of financing the design, construction, equipping, and furnishing of the Facility; and

WHEREAS, because the total cost of the Facility is approximately $4,000,000 it will be necessary to borrow approximately $565,000 to obtain sufficient funds to complete the Facility; and

WHEREAS, the Board is not authorized to borrow to obtain the funds necessary to complete the Facility but the Counties are so authorized; and

WHEREAS, the general obligation debt proposed to be incurred by the Counties would be expected to be paid from the net revenues derived from the operation of the Facility and, in the event such revenues were ever insufficient to make timely payment of the debt service on such date, each County would be responsible only for the portion of the debt allocated to each such County (in accordance with a method acceptable to all of the Counties);

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the County of Pennington that:

1. The proposal to design, construct, equip, and furnish the Facility, and to borrow the funds needed to complete the Facility, is hereby approved in concept.

2. The Juvenile Training Board of the Northwestern Minnesota Juvenile Training Center is hereby authorized to: (i) investigate the least expensive and most appropriate means of borrowing the needed funds to complete the Facility and make a recommendation to this body; (ii) determine the most appropriate means of allocating the general obligation debt among the Counties and make a recommendation to this body; and (iii) investigate the available sources from which to borrow the funds needed to complete the Facility and make a recommendation to this body.

3. The law firm of Mackall, Crounse & Moore, PLC is hereby designated as bond counsel with respect to the general obligation indebtedness that this County may incur to finance the Facility. The fees of bond counsel will be paid from the proceeds of the debt incurred to finance the Facility.

County Assessor Adeline Olson briefly reviewed the progress on the appraisal of the Arctco property by Mike Arno, St. Cloud Appraisal, Inc. and reviewed information being requested by the City of Thief River Falls.

The following resolution was introduced by Commissioner Swanson and moved its adoption.

WHEREAS, the Pennington County Board of Commissioners have reviewed the 1995 budgets submitted by the various County Departments.

NOW, THEREFORE BE IT RESOLVED, that the proposed budgets for 1995 are approved and that the following proposed tax levies be presented at a public hearing to be held Tuesday, December 13, 1994 at 5:00 p.m.

Levy before HACA-HACA, Levy after HACA; Revenue 1,700,000-317,599, 1,382,302; Road and Bridge 600,000-112,129, 487,871; Welfare Fund 1,060,600-199,094, 861,906; Solid Waste Fund 213,750, 39,946, 173,804; Bonded Debt Fund 151, 500, 28,312, 123,188; Total 3,725,250,696,179, 3,029,071.

(HACA) Homestead and Agricultural Credit Aid is to be distributed proportionally among all levies.

The foregoing resolution was seconded by Commissioner Naplin and upon vote was unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Jensen to place a notice in the paper regarding the vacancy on the Board of Directors of the Northwest Minnesota Multi-County Housing and Redevelopment Authority. Motion unanimously carried.

The County Board then reviewed the Oakland Park Home Union Contracts. Commissioner Jensen moved, seconded by Commissioner Naplin to approve the contracts and to authorize the Chairman to sign the contracts when the final draft is delivered. Motion unanimously carried.

The County Board then discussed the wages for the Non-Union employees in the Revenue and Road & Bridge Departments. Commissioner Jensen moved, seconded by Commissioner Comstock to authorize a 3% increase in salaries for all Non-Union Revenue and Road & Bridge employees retroactive to the first payroll in January of 1994 and that the pay schedule be adjusted accordingly. The motion does not include elected officials, Ag Inspector, County Veterinarian, County Health Officer or seasonal employees. Motion unanimously carried.

The County Auditor was asked to publish as required by law a notification that Verner Arveson's appointment to the Red Lake Watershed District Managers will expire at the end of the year and that reappointment or appointment of an individual will need to be done before that time.

Commissioner Naplin moved, seconded by Commissioner Jensen to set the time for the County Truth in Taxation Hearing at 6:00 p.m. on December 13, 1994 and the continuation meeting, if needed, at 5:00 p.m. on December 20, 1994. Motion unanimously carried.

TO THE HONORABLE COUNTY BOARD

I hereby present you with a full and accurate statement of the receipts and expenditures for the year 1993 together with a full statement of finances of the County for the Calendar year 1993 including all debts and liabilities and assets to discharge them.
Kenneth Olson, Auditor

Commissioner Jensen left the meeting to attend the Northwest Minnesota Juvenile Training Center Board meeting.

Meeting with the County Board was Bill Cowman from Foss Associates regarding their proposal to provide Architect and Engineering services to make the Courthouse accessible according to the Americans with Disabilities Act. It was indicated that they would provide these services for $5,000. Commissioner Swanson moved, seconded by Commissioner Naplin to request Foss Associates to submit a contract for County Board review indicating the services to be provided. Motion unanimously carried.

The County Board then reviewed the following bids that were opened on September 13, 1994 at 10:00 a.m. for SAP 57-598-19, replacement of Bridge #L0239.

| | |
|---|---|
| Plummer Excavating | 49,190.00 |
| Lian Construction | 50,416.00 |
| Korby Contracting | 51,460.00 |
| Zimpel Construction | 55,630.00 |
| Midwest Contracting | 59,150.00 |
| Davidson Construction | 60,990.00 |
| J.R. Freche Excavating, Inc. | 72,768.50 |

Upon recommendation of the County Engineer, Commissioner Swanson moved, seconded by Commissioner Naplin to accept the bid of Plummer excavating of 49,190.00 as the lowest and best bid received for S.A.P. 57-598-19. Motion unanimously carried.

The following resolution was introduced by Commissioner Naplin, seconded by Commissioner Swanson and upon vote was unanimously carried.

WHEREAS, The County of Pennington has applied to the Commissioner of Transportation for a grant from the Minnesota State Transportation Fund for the construction/reconstruction of County Bridge No. L0239 Sections 22/27 on an unnamed creek.

WHEREAS, The amount of the grant has been determined to be $47,490.00 by reason of the lowest responsible bid.

NOW, THEREFORE, BE IT RESOLVED: That the County of Pennington does hereby affirm that any cost of the bridge in excess of the grant will be appropriated from the funds available to the County of Pennington, and that any grant monies appropriated for the bridge but not required, based on the final estimate, shall be returned to the Minnesota State Transportation Fund.

BE IT FURTHER RESOLVED: that whereas Federal monies are being used to participate in the cost of the bridge, grant monies as matching funds shall be transferred directly to the agency account and that the records of the County of Pennington shall so state.

Commissioner Swanson moved, seconded by Commissioner Comstock to approve Widseth Smith and Nolting's proposal to survey and generate a right-of-way plat of lands needed to be acquired for the Highway #59 and #32 connector road and authorize the Engineer to sign such agreement in the amount of $2,876.00. Motion unanimously carried.

The County Engineer discussed the request of Maybelle Solney that the County participate in the cost of a culvert in the field crossing along the east line of Section 11 of Norden Township. Commissioner Naplin moved, seconded by Commissioner Comstock to authorize the County's participation by providing 30' of 24 inch CMP at a total cost of $216. Motion unanimously carried.

Discussion was held on cleaning of the North Ditch along CR #68 from SA #17 west to the Red Lake River. This item was to be placed on the September 27, 1994 County Board Agenda.

Jerry Hasnedl is requesting a permit for installation of an approach in Section 16 of River Falls Township. The Highway Department would provide the elevations at the approach location with Mr. Hasnedl providing the pipe and doing the installation. Commissioner Naplin moved, seconded by Commissioner Comstock to authorize the permit to Jerry Hasnedl for installation of the approach into the SW1/4SE1/4 of Section 16 of River Falls Township. Motion unanimously carried.

Commissioner Swanson moved, seconded by Commissioner Naplin to have the County Engineer investigate ways to finance repairs needed to Barzen Avenue in the vicinity of the west outlet gate of the Arctco Property. Motion unanimously carried.

The County Engineer informed the County Board that the cost of paving CR #55 in the City of St. Hilaire was $3,483.75 compared to the estimate of $4,167.50. This had been approved December 14, 1993.

Commissioner Swenson moved, seconded by Commissioner Comstock to approve of the Assistant Engineer George Broadwell being placed at step 4 of the pay schedule effective October 24, 1994. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to approve the Commissioner warrants as follows. Motion unanimously carried.

OFFICIAL PROCEEDINGS
BOARD OF COMMISSIONERS
PENNINGTON COUNTY
SEPTEMBER 20, 1994 - 5:30 P.M.

Pursuant to adjournment, the Pennington County Board of Commissioners met in the Commissioners room in the Courthouse in Thief River Falls on Tuesday, September 20, 1994 at 5:30 p.m. Members present: Jensen, Murphy, Naplin and Swenson. Members absent: Comstock.

The County Engineer reviewed the contract received from Foss Associates for Architectural and Engineering Services. Commissioner Naplin moved, seconded by Commissioner Swanson to authorize the Chairman and Auditor to sign the contract with Foss Associates for $5,000 to do the following:

1. Conduct an ADA survey of the existing County Courthouse and submit a report identifying the deficiencies and corrective actions.

2. Design options showing how a handicap accessible entrance/elevator could be accommodated within the envelope of the existing building.

3. Design options showing a three level addition between the existing Pennington County Courthouse and the City Auditorium connecting both buildings and incorporating a common public entrance and handicap accessible elevator connecting all levels of each building.

Motion unanimously carried.

At this time, County Sheriff Gerald Moe, Ralph Wernecke, Linda Wernecke and Teresa Joppa joined the meeting. Ralph Wernecke submitted his resignation of his position as Dispatch/Jailer stating he would be leaving the area for other employment. He requested any earned vacation pay be paid and that the County pay their usual portion of his health insurance for October 1994. Commissioner Jensen moved, seconded by Commissioner Naplin to accept the resignation of Ralph Wernecke and to pay the County's portion of his health insurance for October 1994. Motion unanimously carried.

OFFICIAL PROCEEDINGS
BOARD OF COMMISSIONERS
PENNINGTON COUNTY
SEPTEMBER 27, 1994 - 5:00 P.M.

Pursuant to adjournment, the Pennington County Board of Commissioners met in the Commissioners room in the Courthouse in Thief River Falls on Tuesday, September 27, 1994 at 5:00 p.m. Members present: Naplin, Jensen, Murphy, Swanson. Commissioner Comstock joined the meeting at 5:30 p.m.

Deb Zak, County Extension Director, met with the County Board to review their budget for 1995. It was noted that the proposed budget was included in the budget passed by the Board on September 15, 1994. Commissioner Naplin moved, seconded by Commissioner Jensen to approve the 1995 County Extension Budget and the Memorandum of Agreement Between the University of Minnesota Extension Service and Pennington County for Employing County Extension Staff. Motion unanimously carried.

The following resolution was introduced by Commissioner Naplin, seconded by Commissioner Swanson and upon vote was unanimously carried.

BE IT RESOLVED: That the sum of $87,938.00 be set apart from the General Revenue Fund and appropriated subject to the order of the Dean and Director of the Minnesota Extension Service of the University of Minnesota for the support of county extension work in Pennington County for the year beginning January 1, 1995, in accordance with Minnesota Statute, Section 38.33 - 38.38, 1990.

Celine Graham, a Grant Development Specialist with the Northwest Technical College, gave the County Board an update regarding the Enterprise Community Application Process. The key objectives of the project are to Promote Economic Self-Reliance Strengthen Public and Private Partnerships; Involve Low-Income Residents; Balance Human, Institutional, Economic and Physical Development and Promote Innovative Solutions. Mrs. Graham has written the application and submitted it in behalf of the Cities of Bemidji, Thief River Falls and the Counties of Todd and Wadena. Thirty of these plans will be accepted throughout the United States each being awarded $2.9 million. It will be some time before we will know if our application is approved.

Sandy Warner-Coltom met with the County Board informing them she had resigned her position at the Northwest Regional Development Commission but has been contracted to finish writing Pennington County's Base Work Plan for 1995 to obtain the Comprehensive Water Planning funds.

Sandy Coltom also presented the Region I Transit Needs Assessment and a Transit Service Directory for Pennington County. Commissioner Swanson moved, seconded by Commissioner Jensen to approve the Transit Needs Assessment for Pennington County as presented. Motion unanimously carried.

At this time, the County Engineer Dalton Schulz and Assistant County Engineer George Broadwell met with the County Board concerning the following Highway Department matters.

Commissioner Swanson, Commissioner Naplin and the County Engineer will meet with the affected landowners regarding cleaning the north ditch of County Road #68 to discuss the cost of doing this and who will pay for the work.

The County Engineer informed the County Board that a possibility exists whereby County State Aid funds from Pennington County's 1995 allocation could be used for Right-of-Way acquisition for the Highway #59 connector road if MNDot approves the written request. Commissioner Comstock moved, seconded by Commissioner Jensen to authorize the County Engineer to write a letter of request to the District State Aid Engineer to allow the use of 1995 County State Aid Highway funds for acquisition of Right-of-Ways. Motion unanimously carried.

The County Board then discussed the extension of C.S.A.H. #3 east to the Pennington County line. The following resolution was introduced by Commissioner Jensen, seconded by Commissioner Naplin and upon vote was unanimously carried.

WHEREAS, the Red Lake Band and the Bureau of Indian Affairs are presently extending BIA #19, commonly known as River Road, directly in line with an extension of the existing Pennington County CSAH #3, which extension as known as the River Road Phase Three project;

WHEREAS, the existing roads County 56, County 100 and County 55 that connect to the River Road have several right angle turns; this present condition would not be safe for the increased traffic that the BIA #19 extension will create, and would not connect with the completed River Road Phase Three Project;

WHEREAS, it is in the public interest and safety to connect said River Road Phase Three project and Pennington County CSAH #3 in a straight line with a single gradual curve leading to the point of connection of the two roads for both safety reasons and to assist with better drainage than currently exists;

## Legal Notices

NOW, THEREFORE, BE IT RESOLVED, that the Pennington County Board of Commissioners instruct the Pennington County Attorney and Pennington County Engineer to take whatever steps necessary to obtain all right-of-way easements to complete said project;

BE IT FURTHER RESOLVED, that the County Engineer survey and do soil borings along a line between Star Township and Hickory Township, including land situated between Section Thirty-six (36) Star Township and Section One (1) Hickory Township;

AND BE IT FURTHER RESOLVED, that the Pennington County Attorney be instructed to commence condemnation actions on any land that cannot be obtained by normal purchasing of right-of-way.

The County Board was reminded that Road Inspection was scheduled for Wednesday, September 28, 1994 at 7:00 a.m.

The following resolution was introduced by Commissioner Naplin, seconded by Commissioner Comstock and upon vote was unanimously carried.

WHEREAS, Contract No. 9400! has in all things been completed, and the County Board being fully advised in the premises,

NOW THEN BE IT RESOLVED, that we do hereby accept said completed project for and in behalf of the County of Pennington and authorize final payment as specified herein.

Moved by Commissioner Comstock, seconded by Commissioner Jensen to authorize the County Engineer to contract with XCEL to digitize the Pennington County Highway Map for the cost of $500. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Jensen to approve the minutes of July 26, 1994. Motion carried.

Commissioner Swanson moved, seconded by Commissioner Naplin to approve the minutes of September 6, 1994. Motion carried.

Commissioner Comstock moved, seconded by Commissioner Swenson to approve the minutes of September 8, 1994. Motion carried.

The following resolution was introduced by Commissioner Naplin, seconded by Commissioner Comstock and upon vote was unanimously carried.

BE IT RESOLVED, that the Quin County Community Health Service Budget for 1995, including the budget for Pennington County, be approved according to the budget before the Pennington County Board.

The County Board reviewed the request from the County Sheriff to post the open position of Dispatcher/Jailer. The County Board asked that the Sheriff hold off on filling this vacancy and asked that the Sheriff meet with them at the next County Board meeting.

Commissioner Naplin moved, seconded by Commissioner Comstock to authorize the County Board Chairman and County Sheriff acting as the Emergency Management Director to sign the Application for Emergency Management Assistance for Federal Fiscal Year 1995. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Jensen to authorize St. Cloud Appraisal, Inc. to do a self-contained appraisal of the property owned by Arctco, Inc. Motion unanimously carried.

The County Board then reviewed the applications received for the position of Head Custodian. Commissioner Jensen moved, seconded by Commissioner Swanson to appoint Commissioner Comstock, Commissioner Naplin, County Auditor Ken Olson, County Sheriff Gerald Moe and Welfare Director Phyllis Schmidt to a committee to interview the applicants for the Head Custodian position. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to adjourn the meeting to October 11, 1994 at 10:00 a.m. Motion carried.

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN, That default has occurred in the conditions of that certain mortgage date the 9th day of December, 1985, executed by Charles H. Erickson and Bonita G. Erickson, husband and wife, as mortgagors to First National Bank of Detroit Lakes as mortgagee, filed for record in the office of the County Recorder in and for the County of Pennington, and State of Minnesota on the 27th day of December 1985, at 9:00 o'clock A.M., and recorded in Book 196 of Records, Page 33; and that thereafter the said mortgagee duly partially assigned the same to Linda P. Nelson at Red Lake Falls, Minnesota on the 26th day of April 1994; and that said assignment was duly filed for record in the office of the County Recorder in and for the County of Pennington and State of Minnesota on the 16th day of May, 1994, and recorded in Book 248 of Records, Page 498 as Instrument No. 142664.

That no action or proceeding has been instituted at law to recover the debt secured by said mortgage, or any part thereof and that the assignee has elected to declare the entire sum secured by the note and mortgage to be immediately due and payable as provided in the note and mortgage.

That the original principal amount secured by said mortgage was Two Hundred Fifty-seven Thousand Dollars ($257,000.00).

That there is due and claimed to be due upon that part of said mortgage assigned to Linda P. Nelson, including interest to date hereof, the sum of the One Hundred Twenty-five Thousand Dollars ($125,000.00) and the amount of tax paid by the mortgagee or his assignee on the lands hereinafter described in the sum of N/A Dollars.

That prior to the commencement of this mortgage foreclosure proceeding, Mortgagee complied with all notice requirements as required by statute.

And, that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tracts of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

West Half of the Southwest Quarter (W1/2SW1/4), Section Seventeen (17); the East Half of the East Half of the Southeast Quarter of the Southeast Quarter (E1/2E1/2SE1/4SE1/4), Section Eighteen (18); The East Half of the Northeast Quarter of the Northeast Quarter (E1/2NE1/4NE1/4) and the East Half of the Southeast Quarter of the Northeast Quarter (E1/2SE1/4NE1/4) and the East Half of the West Half of the Southeast Quarter of the Northeast Quarter (E1/2W1/2SE1/4NE1/4) and the Northeast Quarter of the Southeast Quarter (NE1/4SE1/4) and the Southeast Quarter of the Southeast Quarter (SE1/4SE1/4) and the East Half of the East Half of the East Half of the Southwest Quarter of the Southeast Quarter (E1/2E1/2SW1/4SE1/4) all in Section Nineteen (19); the Northeast Quarter of the Northeast Quarter (NE1/4NE1/4) and the East Half of the East Half of the Northwest Quarter of the Northeast Quarter (E1/2E1/2NW1/4NE1/4) and the Southeast Quarter of the Northeast Quarter (SE1/4NE1/4) and the East Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2E1/2SW1/4NE1/4) and the East Half of the West Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2W1/2E1/2SW1/4NE1/4) all in Section Thirty (30); ALL of the above described property is located in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the Fifth Principal Meridian in Minnesota.

Will be sold by the sheriff of said county at public auction on the 29th day of November, 1994, at 10:00 o'clock A.M., at the Law Enforcement Center, 102 West First Street in the City of Thief River Falls, in said county and state, to pay the debt then secured by said mortgage and taxes, if any, on said premises and the costs and disbursements allowed by law, subject to redemption by the mortgagors, their personal representative or assigns within twelve (12) months from date of sale.

NOTICE TO MORTGAGORS

IF PART OF THE PROPERTY TO BE SOLD CONTAINS YOUR HOUSE, YOU MAY DESIGNATE AN AREA AS A HOMESTEAD TO BE SOLD AND REDEEMED SEPARATELY.

YOU MAY DESIGNATE THE HOUSE YOU OCCUPY AND ANY AMOUNT OF THE PROPERTY AS A HOMESTEAD. THE DESIGNATED HOMESTEAD PROPERTY MUST CONFORM TO THE LOCAL ZONING ORDINANCES AND BE COMPACT SO THAT IT DOES NOT UNREASONABLY REDUCE THE VALUE OF THE REMAINING PROPERTY.

YOU MUST PROVIDE THE PERSON FORECLOSING ON THE PROPERTY, THE SHERIFF, AND THE COUNTY RECORDER WITH A COPY OF THE LEGAL DESCRIPTION OF THE HOMESTEAD YOU HAVE DESIGNATED BY TEN BUSINESS DAYS BEFORE THE DATE THE PROPERTY IS TO BE SOLD.

### NOTICE OF SPECIAL ELECTION INDEPENDENT SCHOOL DISTRICT NO. 564 THIEF RIVER FALLS STATE OF MINNESOTA

NOTICE IS HEREBY GIVEN, that a special election has been called and will be held in conjunction with the state general election in and for Independent School District No. 564, Thief River Falls, State of Minnesota, on Tuesday, the 8th day of November, 1994, for the purpose of voting on the following question:

THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564, THIEF RIVER FALLS, MINNESOTA, HAS PROPOSED TO INCREASE ITS GENERAL EDUCATION REVENUE BY $289.29 PER ACTUAL PUPIL UNIT. THE ADDITIONAL REVENUE WILL BE USED TO FINANCE SCHOOL OPERATIONS AND THE PROPERTY TAX PORTION THEREOF WILL REQUIRE AN ESTIMATED REFERENDUM TAX RATE OF APPROXIMATELY 0.0566% OF THE REFERENDUM MARKET VALUE OF ALL TAXABLE PROPERTY IN THE DISTRICT FOR TAXES PAYABLE IN 1995, THE FIRST YEAR IT IS TO BE LEVIED. THE REFERENDUM REVENUE AUTHORIZATION WOULD BE APPLICABLE FOR 10 YEARS UNLESS OTHERWISE REVOKED OR REDUCED AS PROVIDED BY LAW.

☐ YES

SHALL THE INCREASE IN THE REVENUE PROPOSED BY THE BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 564 BE APPROVED?

☐ NO

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

Passage of this referendum will result in an increase in your property taxes.

The property tax portion of the revenue authorized will require an estimated referendum tax rate of approximately 0.0566% of the referendum market value of all classes of taxable property within the district. The annual dollar increases for typical residential homesteads, apartments, commercial-industrial properties, and other classes of property within the district, other than certain agricultural and disabled homestead properties, are as follows:

TAX IMPACT
RESIDENTIAL HOMESTEADS, APARTMENTS, COMMERCIAL-INDUSTRIAL PROPERTIES

| Market Value* | Dollar Increase |
|---|---|
| $20,000 | $11 |
| $25,000 | $14 |
| $30,000 | $17 |
| $40,000 | $23 |
| $50,000 | $28 |
| $60,000 | $34 |
| $70,000 | $40 |
| $75,000 | $43 |
| $80,000 | $45 |
| $90,000 | $51 |
| $100,000 | $57 |
| $125,000 | $71 |
| $150,000 | $85 |
| $200,000 | $113 |
| $250,000 | $141 |
| $500,000 | $283 |
| $1,000,000 | $566 |

FARMLAND

Assuming that the market value of an average farmhouse, garage and surrounding one acre on land is $51,000, the annual dollar increases for typical agricultural properties in the district are as follows:

| Market Value* | Referendum Market Value | Dollar Increase |
|---|---|---|
| $75,000 | $61,800 | $35 |
| $100,000 | $73,050 | $41 |
| $200,000 | $136,750 | $77 |
| $300,000 | $236,750 | $134 |
| $400,000 | $336,750 | $190 |
| $500,000 | $436,750 | $247 |
| $600,000 | $536,750 | $304 |
| $700,000 | $636,750 | $360 |
| $800,000 | $736,750 | $417 |

*Information regarding the market value of your property can be obtained from the County Auditor's Office.

The precincts and polling places for this election will be as follows:

Precinct-Polling Place, Polling Hours respectively: Ward 1-Heritage Center, 7:00 a.m-8:00 p.m.; Ward 2-Zion Church, 7:00 a.m.-8:00 p.m.; Ward 3-Skylite Apartments, 7:00 a.m.-8:00 p.m.; Ward 4-Knox Elem. School, 7:00 a.m.-8:00 p.m.; Ward 5-Redeemer Church, 7:00 a.m. - 8:00 p.m.

Chamber of Commerce members were invited to attend a Business After 5 club function at Northern Lights Books and Crafts. Patty Chiodo explained the function of the store to employees who have mental illness. The work site is owned by Northwest Medical Center and is used as work therapy for individuals who have mental illness. The store sells new and used books, and collectors cards. Chiodo said there aren't very many work sites like this, which is a credit to this community. Recently, the store received a Northwest Minnesota Initiative Fund grant to help find a unique product to add to the store which does not compete with other stores in the community. Pictured from left are: Cliff Swenson, Shirley Swenson, Bob Bergan, Dave Strong, Sharon Paggen, Patty Chiodo, and Deb Eagen.

Robbie Anderson of Newfolden was the winner of the Fire Dept. raffle. Anderson won the top prize, a 1995 Arctic Cat Jag Deluxe. About 2,000 tickets at $5 each were sold. Money raised from the raffle will be used to purchase firefighting equipment. Pictured above presenting the snowmobile to Anderson is Tom Pappe of the fire department. Second prize, an ice fishing trip to New Moon Lodge in Morson, Ontario, Canada, was Chad Peters of Viking. Third prize, a 26-inch television, was won by Larry Forsberg of Thief River Falls. Fourth prize, $200, was won by Mike McLean of Thief River Falls. Fifth prize, $100, was won by Art Erickson. Sixth prize, $50, was won by Gerald Richter of Thief River Falls. Last week's celebration was held in honor of the fire department's 100th anniversary.

The Strandquist Senior Citizens met at the Center on Thursday with 11 members and three guests. Time was spent putting out and pricing the crafts for Saturday's sale. A free foot care and blood pressures were given by Marshall County Nursing Service, Ivan Kimbrough was host for the day and the door prize was won by Helen Jacobson. It was raining on Saturday the 8th, so there was not as good a sale as was expected.

The Seniors met again on the 13th with 12 members and two guests. the day was spent visiting and working on crafts. Gilmen Stennes was the host and also won the door prize. Next week they have invited the Newfolden Seniors and the day will bring out the Bingo players. Some of the "Lucky Bingo players" from Karlstad may show up for the fun.

Yvonne Gray of San Francisco, CA; Sharon Learned of Los Angles, CA and Denice Nelson of Oakdale visited with Lorraine Setten, October 1st.

Monday afternoon, Judy Kleinvachter brought Alyce Anderson birthday greetings. Monday evening Marie and Bud Steffan of Stephen and Claudia Berggren visited Frank and Judy.

Douglas Holmstrom and Steve Opime from the Cities spent the weekend at Dean Holmstrom's doing some goose and duck hunting. Tuesday evening, Douglas treated his folks, Dean and Joanne and his grandmother, Elsie Lefrooth to supper at Ken's Kitchen. Doug and Steve returned home on Wednesday.

Ida, Bruce and Lorraine Setten visited with Robert Strandbergs in Radium recently.

LaVoi Thun and Vangie Carlson returned home Monday from a trip to Colorado Springs, CO to visit Vangie's daughter, 1st Lt. Xam Stephanson and family at the U.S. Airforce Academy. She is a nurse at the hospital there. Her husband is in the Army at Fort Carson.

Isaac Thompson and Pearl Thompson accompanied Roy Vagle to Vamdale Saturday, October 8th to the wedding of Doug Vagle and Peggy Fisher.

Monday evening, Claudia Berggren brought Kalie and Jessie to Frank and Judy Kleinvachter's so they could help celebrate her 1st birthday. Bud and Marie Steffan brought the birthday cake.

JUST WHO DOES TIM FINSETH REPRESENT?

On Tuesday, November 8th, folks in this area will have a great opportunity to elect a much needed, new voice for them in the Minnesota House of Representatives. That voice? Clearly, Ken Murphy. Why?

Let's check the official voting record of his opponent:

VOTING RECORD: STATE REPRESENTATIVE TIM FINSETH
VOTES TAKEN: 1994 LEGISLATIVE SESSION

| ISSUE | SCORE | GRADE | |
|---|---|---|---|
| Children | 40% | F | Voted against children 60% of the time |
| Workers | 69% | C- | Voted against workers 31% of the time |
| Farmers | 60% | D | Voted against farmers 40% of the time |
| Families | 50% | F | Voted against social concerns 50% of the time |

State Representative Tim Finseth is OUT OF TOUCH. We need a change. Do yourself a favor, and tell a neighbor:

## Dennis Kiesow, Board Chairman

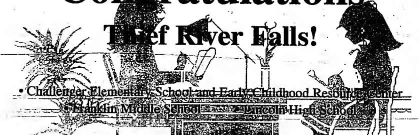
*School District 564 is about to dedicate one of the finest elementary schools in the state. We also are about to celebrate the completion of major renovations to Franklin Middle School and an addition to Lincoln High School. These are exciting times in the history of the school district. It is important that residents take this opportunity to see what you, the voters, have provided for our children and future.*

*As with most exciting times it is important to take a short look to the past so we appreciate more what this project has to offer in the future. When we look back we see we now have buildings that are:*

- ***A quiet and modern environment for learning;***
- ***Designed for team teaching and sharing of ideas;***
- ***Free of asbestos pollution;***
- ***Handicapped accessible;***
- ***Much more efficient to heat and maintain;***
- ***Affordable because of state equalization;***
- ***Safe and within fire codes.***

*Many people have been instrumental in making this a reality for our school district and the students. I wish to thank the voters, the citizen groups involved in the planning, the teachers and staff, the administration and the board of education members. If it were not for you, none of this would have been possible.*

*Again, I wish to invite everyone to attend the dedication and open houses. Open houses are scheduled October 30 at Franklin and Lincoln and the dedication for Challenger will be November 6. I hope to see you there.*



Congratulations
Thief River Falls!

*The residents of our school district have much to celebrate as we dedicate Challenger Elementary and Preschool plus hold ribbon cutting ceremonies for the remodeling and additions at both Franklin Middle School and Lincoln High School. These three projects are quite an accomplishment. They certainly reinforce the idea that education is very important and well worth community investment.*

*A building by itself can enhance teaching and learning. However, in combination with teachers and students, a well-planned facility certainly enhances teaching and learning. Because of the commitment people made to build and improve their educational facilities, our students and teachers will have quality facilities to learn and teach now and well into the future.*

## Terry Soine, Lincoln Principal

To Members of the Thief River Falls-St. Hilaire School Community:

A special invitation to you to share and celebrate the OPEN HOUSE at Lincoln High School on Sunday, October 30th.

The essence of this Open House is the improvement of the facility and of instructional program. The high school has new and remodeled spaces for the Social Studies department, for Art and Drama classes and an exceptional Music Suite.

The spaces for athletic dressing rooms, athletic storage and an accessible weight room and training room are a complement to our many athletic programs.

The food service program has a new kitchen and cafeteria while the Guidance Suite is putting together a Career Center for the Guidance-Counseling services for Lincoln High School students.

Improving facilities allows Lincoln high to continue to be a place where young people enjoy learning and going to school. Updated learning areas and improved curriculum address a student education that suggests a societal readiness which speaks positively to our community and its positive attitude toward education.

We Applaud Our Community For A Job Well Done.

## Bill Hahne, Franklin Principal

Franklin Middle School is extremely pleased with the new additions—Media Center Music Suites, Multi-Purpose Room and Stage—and the remodeling that has taken place over the summer. The project should be completely finished by Christmas break.

The "New Franklin Middle School" has many more educational benefits for both students and staff than it ever had before. The students are enjoying a new commons, a remodeled cafeteria and a new school store. They are also enjoying a new, spacious Media Center with marvelous technology, completely new science rooms with 21st Century conveniences, new computer labs, new art rooms and soon to come....a new and spacious music suite with practice rooms. Also built was a multi-purpose room that can be used for many things including community events, dances, physical education courses and, of course, plays, since the room also has a stage. The sixth graders are also enjoying their new "pod" or home....formerly Mark Twain elementary school.

Staff members will be able to get together easier than in the past and plan for meeting individual student needs in their new team meeting rooms. These rooms are an integral part of middle school philosophy and will enable staff to work to their fullest potential, enhancing the delivery system for our students. The office area has also been remodeled for both staff efficiency and parent/visitor comfort. The students and staff would like to thank the entire community for backing the bond referendum a year ago that made all of this possible! We really appreciate your support. Thief River Falls should be proud of its great school system.

## Glenn Espe, Challenger Principal

The name Challenger for our elementary school and preschool was selected to encourage students to accept the challenges of the 21st Century, and the Challenger school itself was designed to begin preparing students for the 21st Century.

Some of the advantages of this new and innovative building are as follows:

- Early Childhood Education, Early Childhood Special Education, Thief River Falls Nursery School and Head Start are located in the same building.
- The administrative structure includes one principal, one assistant principal and schoolhouse leadership teams.
- Wherever possible, technologies have been planned into Challenger programs to provide additional preparations for students as they are educated to face the future.

Staff members who are interested in utilizing various teaching styles and strategies have the opportunity to use and develop those styles. As a result, students will have enhanced learning opportunities that will begin preparing them for future lives in a highly competitive global society.

The administration, faculty and staff at Challenger Elementary and Preschool welcome members of the public visiting the school during the Open House Sunday, November 6, from 1 to 5 p.m.

## Myrna Erickson, Food Service Supervisor

The new kitchens at Lincoln High School and Challenger Elementary School are great! Reports from students indicate that they like the additional choices of meals that are now available at all grade levels. Choices were not previously available at the elementary level because of space limitations at the serving and cafeteria areas.

We now have four serving lines at the elementary school and students not only go through the lines quickly, but also have choices of the main meal or a bag lunch. A third choice is also being looked at as an option. All lunches meet the nutritional standards set by the National School Lunch Program.

At Lincoln High School, the "scatter system" of serving has allowed for more student choices as well. Under this system, the students do not have to wait in line to be served, but can go directly to the meal choices they desire for that day.

The Franklin Middle School serving line has also been revamped to cut down on the "waiting in line to be served" time. We are happy to now be better able to met the needs of the students.

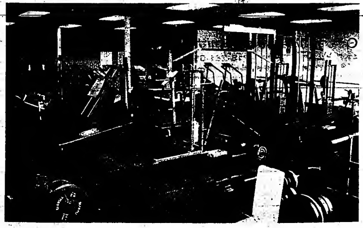
Art department at Lincoln high school is one of the areas to benefit from the recent expansion and remodeling project. This area is adjacent to the main art room and provides a great deal of storage area. The windows were decorated by the art students with the permission of the custodial staff.



Lincoln high school's weight and training room is considered to be one of the best equipped in the state of Minnesota and is used extensively by Lincoln athletes. It is also available for use by the general public at specified times for a modest use fee. This facility has evolved from a modest beginning in one of the two old quonset type buildings south of Lincoln. Those two buildings were removed to make room for the additions to the school.

# Open houses set for local schools

School District 564 of Thief River Falls and St. Hilaire is issuing a community-wide welcome to open houses to be held Sunday, October 30, from 1 to 4 p.m. at Lincoln High School and Franklin Middle School.

The public is also invited and encouraged to attend an open house and dedication for the new Challenger Elementary and Preschool building on Sunday, November 6, from 1 to 5 p.m.

Principals Terry Soine at Lincoln and Bill Hahne at Franklin said the concurrent open houses at those two schools will include building tours, mini-ribbon cutting ceremonies and serving of refreshments.

Mini-ribbon cuttings at Lincoln will begin at 1:15 p.m. to ceremonially open the new cafeteria and food service area, vocal and instrumental music suite and the team locker room addition. Student volunteers will serve as hosts and guides.

At 2:30 p.m. Franklin school will have a mini-ribbon cutting for the new media center/library. Franklin students will be on hand to help guide visitors through the expanded and remodeled middle school.

To assist people in making visits to both schools and view each of the ribbon cutting ceremonies, a shuttle bus will run on the half hour between the two buildings.

"The school district's transportation department is providing the shuttle service," notes Lincoln Principal Soine, "and that really has turned the two open house events into one celebration. The remodeling and new additions are spectacular at both buildings, and we don't want anyone out there to miss a thing."

Tours of the Franklin and Lincoln schools will be building-wide, according to Franklin Principal Hahne. "For some folks in the community it's been a while since they've seen the inside of Franklin or Lincoln," he said. "This combined open house will be a chance for them to become reacquainted and take a look at some of this exciting new construction."

Elementary Principal Glenn Espe said the staff and administration at Challenger Elementary and Preschool are looking forward to showing the all new building to the public on Sunday, November 6. "Although we are in the building ahead of the time originally scheduled, it seems that it has taken a long time for the construction process," Espe said. "That is probably due to the anticipation and eagerness we have all had to be in place in the new building. It is certainly thrilling to see what has taken place for education in our school district."

Water level of the Thief River Falls reservoir was lowered last week. Officials were trying to determine the extent of the obstruction to a proposed draw down of the river by the old dam. The old dam was never really demolished. The present dam was built behind it causing the old dam to become submerged. The city of Thief River Falls is considering whether to draw down the river. A draw down would allow the sediment in the river to settle and the city to make repairs to various locations along the river. The draw down had been scheduled for last summer, but due to some conflicts and the uncertainty of what problems the old dam would create, the draw down was postponed. City officials examined the effects of the temporary draw down on Monday. Preliminary observations indicate that a full draw down could be possible if some rock and debris were removed from one side of the old dam (far side of picture).

# Challenger open house and ceremony Sunday

Thief River Falls School District 564 will hold a building dedication and open house at Challenger Elementary school and preschool Sunday, *November 6. The open house* will be from 1 to 5 p.m. with the dedication ceremony beginning at 2 p.m.

The event will include a ribbon cutting ceremony at 1 p.m. followed by tours, a community open house, and a special dedication ceremony in the Challenger gymnasium at 2 p.m.

The program includes a performance by the Lincoln high school jazz band, presentation of colors by the Thief River Falls American Legion Post 117, a welcoming address by Dennis Kiesow, chairman of the district's board of education, and Mark Larson, chairman of Citizens For Education. Ann Malben will give a special address titled "We Named Our School Challenger".

Special guests will include Congressman Collin Peterson, State Senator LeRoy Stumpf, and State Representative Tim Finseth.

Dr. Robert Duncan, superintendent of schools, will give a special address entitled "It Takes A Whole Community".

The presentation of Challenger Elementary and preschool will be made by Griff Davenport, principal, Dana Larson, Roubal & Associations Architects and Engineers, and Bill Huttinga, senior project manager, E & V Construction Services.

Near the conclusion of the program, a performance by the Lincoln high school orchestra will be followed by a VFW flag pole presentation and retiring of the colors by the American Legion.

A reception will follow in the Challenger commons and cafeteria.

Administration, staff, students and the board of education will issue a special welcome to the community to attend the dedication and tour the new elementary and preschool.

In 1992, voters in School District 564 approved an $18 million bond issue to improve school facilities and decrease the number of buildings maintained by the school district. Construction at Challenger elementary school began in the spring of 1993, the fall of 1993 at Lincoln high school and last spring at Franklin Middle school. Three-quarters of the project has been funded by the State of Minnesota through debt service financing. The remainder, about $4 million, was added to local tax rolls in 1993.

Challenger elementary school includes students in preschool to grade five. It is actually four schoolhouses - preschool, kindergarten/first grade, second/third grade, fourth/fifth grade. Each school house is color-coded, and has its own bathrooms, computer

## Brandon Poole dies after shooting accident Sunday

Sixteen-year-old Brandon Poole of Thief River Falls was killed Sunday when his ATV tipped over and he suffered a single gunshot wound to the abdomen.

Beltrami County sheriff's department is investigating the incident and provided the following news release Monday, October 31: "On October 30, 1994, at approximately 10:20 a.m., the Beltrami County Sheriff's department received a report of an ATV accident in Minnie Township north of Fourtown. Beltrami County Sheriff's deputies responded and found the body of Brandon Poole, 16, of Thief River Falls laying along side of an ATV that had apparently went off a trail. Subsequent investigation of the scene revealed that Mr. Poole appeared to have suffered a single gunshot wound to the abdomen. Deputies also were able to recover a 22 calibre handgun from the accident scene. Assistance was requested and granted from the Minnesota Bureau of Criminal Apprehension.

"Beltrami County Sheriff's department, Minnesota Bureau of Criminal Apprehension and the Beltrami County Coroners Office are continuing their investigation into this incident."

# Interest builds in general election Tuesday

Because voters will be given a choice between several candidates for elected office, and because school district 564 residents are being asked to vote on an excess levy referendum, turnout at the polls in Pennington county could be high.

Residents excercising their right to vote on November 8 in Pennington county are being given the choice between local candidates running for second district county commissioner, county treasurer, and county recorder, and on an excess levy referendum for the school district, and on several state offices.

Local candidates vying for the same office include: Bob Carlson and Bob Joblinske for district 2 county commissioner, Vickie Bjorgaard and Laura L. Nelson for county treasurer, Lemay Moe and Ken Schmalz for county recorder. Unopposed candidates for elected office include: Arden "Bud" Comstock for district four county commissioner, Kenneth Olson for county auditor, Gerald Moe for county sheriff, David Olin for county attorney, Richard Heinrichs for county coroner, and Harry Hanson for Soil and Water Supervisor District 4.

Candidates vying for state office will also give local voters an opportunity to vote in this election. Tim Finseth (IR) and Ken Murphy (DFL) are vying for state representative District 1B. Bernie Omann (IR) and Collin Peterson (DFL) are vying for U.S. Representative District 7.

Much has been said about the excess levy referendum for school district 564, but the statement on the ballot reads: "The board of Independent School District 564, Thief River Falls, MN, has proposed to increase its general education revenue by $289.29 per actual pupil unit. The additional revenue will be used to finance school operations and the property tax portion thereof will require an estimated referendum tax rate of approximately 0.0566 per cent of the referendum market value of all taxable property in the district for taxes payable in 1994, the first year it is to be levied. The referendum revenue authorization would be applicable for 10 years unless otherwise revoked or reduced as provided by law."

The question posed to voters, which they will be asked to vote yes or no to, states: "Shall the increase in the revenue proposed by the board of Independent School district 564 be approved?"

Three people are also running for school board in Pennington county: Larry Belmont, Hank Hallstrom, and Cheryl Lee. Their stories appear on the front page of the second section in this edition.

Residents of Pennington county who send their children to school in Goodridge will be asked to vote on a similar measure in their school district.

The preamble to the question states: "The board of Independent School District no. 561 (Goodridge) has proposed to increase its general education revenue by $208.02 per actual pupil unit. The additional revenue will be used to finance school operations and the property tax portion thereof will require an estimated referendum tax rate of approximately 0.0323 per cent of the referendum market value of all taxable property in the district for taxes payable in 1995, the first year it is to be levied. The referendum revenue authorization would be applicable for 10 years unless otherwise revoked or reduced as provided by law."

The question being proposed to voters states: "Shall the increase in the revenue proposed by the board of Independent School District No. 561 be approved?"

Voters in Pennington county will also have an opportunity to vote for judges. Pennington county is in the 9th Judicial district. Judges running for a seat in the 9th judicial district include two that regularly sit on the bench in Thief River Falls: Dennis J. Murphy, and Larry G. Jorgenson. Other 9th judicial district candidates include: Terrance C. Holter, Robert E. Kautz, John Leitner, and John M. Roue.

Of course, voters will have an opportunity to vote for many other offices, including governor and lieutenant governor, secretary of state, state auditor, state treasurer, and attorney general.

A constitutional amendment has also been added to the ballot. The issue before voters is, "Shall the Minnesota Constitution be amended to permit off-track wagering on horse racing in a manner prescribed by law?"

Whitetail deer like pumpkins, so they should love these specimens grown by Alden Hugg (left), president of the Thief River Falls chapter of the Minnesota Deer Hunters Association. At right is Everett Langelett, who coordinated distribution of more than 200 free packets of vegetable seeds for planting deer food plots in 1994.

# Deer prefer pumpkins

## Deer Hunters chapter provides seeds for food plots

When it comes to planting food plots for deer, the Thief River Falls chapter of the Minnesota Deer Hunters Association doesn't stop with corn and sunflowers. It goes much deeper into the vegetable production field.

During the past year the local chapter distributed more than 200 free packets of vegetable seed weighing from one-half ounce to two or three ounces each to members for planting wildlife food plots. Everett Langelett, who has been experimenting with a number of potential deer foods on his farm, coordinated the seed distribution.

The chapter is planning to make free packets of seed available again next year. To encourage greater production, it plans a contest for the largest cabbage, carrots, kohlrabi, parsnip, pumpkin, squash, rutabaga, turnip and winter radish.

Langelett says that pumpkins are one of the deer's favorite foods and also one of the richest sources of Vitamin A. "One pound of canned pumpkin contains 100,048 International Units (IU) of Vitamin A," he said, "while one pound of raw carrots contains only 44,406 IU of Vitamin A."

In an article written for and published in *White Tails* (Spring Issue, 1993), the official publication of the Minnesota Deer Hunters Association, Langelett quoted a book called *Feeds and Feeding* by Morrison as follows:

"Vitamin A is required by all animals and can only be made in the body from carotene, which is contained in plants. The chief form of carotene is betacarotene and the lesser are alphacarotene, gammacarotene and a compound called crypt oxanthine as is found in yellow corn.

"Carotene is converted into Vitamin A by the walls of the small intestine and the liver. Vitamin A is so important for normal growth of animals that at first it was called the growth vitamin. A deficiency of Vitamin A causes degeneration of the nervous system and deficiency in the normal bone growth which can cause permanent blindness of the offspring because of constriction of the optic nerves where they pass through the skull.

"A severe lack of Vitamin A prevents successful reproduction. Females fed rations seriously deficient in Vitamin A may not conceive, and if they do, the young are usually born dead or so weak that they perish. Studies also show that a deficiency of Vitamin A decreases the amount of Vitamin C in animal bodies."

Langelett and others who have planted vegetable plots have noted the preference shown by deer for pumpkins.

## Finseth....

(Continued from Page 1)

Election Day, I will continue to be a strong voice and advocate for District 1B.

Northwestern Minnesota has always been my home. I was born and raised on a farm south of Oklee and still farm with my brother. I am currently employed with the Marshall County Soil and Water Conservation District, and live in Angus with my wife Ruth and our son Cameron. In addition, I am a member of the Warren Jaycees, Warren Snowmobile Club, the Minnesota Deer Hunters Association - Thief River Falls Chapter and the Warren Evangelical church.

During my first term in the Minnesota legislature, I was appointed to the following House committees: Judiciary, Judiciary Finance Division, Housing, and Local Government and Metropolitan Affairs. Although I did not serve on the Agriculture Committee, I was named a "Friend of Agriculture" by the Minnesota Farm Bureau and received the "Freshman of the Year" award in the area of agriculture by the House Minority Caucus for my legislative efforts concerning farmers and our agriculture industry.

While out knocking on doors in this district for the past six months I have heard many concerns from area residents. These concerns reflect my legislative efforts last session. I authored legislation that set out to reform Minnesota's workers' compensation, welfare and juvenile justice systems; protect the American and Minnesota flag from intentional mutilization; create stricter penalties for repeat offenders; institute term limits for elected officials and constitutional officers; limit PAC contributions/gifts to legislators; and allow Minnesota to vote on a constitutional amendment for the right to keep and bear arms.

Our agriculture industry is crucial to our economic vitality. I understand the needs and concerns of farmers. Recognizing that over regulation and excessive wetland legislation threaten farmers' over their lands, I authored an amendment to exempt Type 6 wetlands of two acres or less from the Wetlands Act and make those wetlands eligible for the permanent wetland preserve program.

One issue of great concern to our area that is also echoed throughout Minnesota is the high level of taxation we are subjected to by our state government. State government should not be allowed to spend more than we can afford and must be able to live within its means - just like District 1B families do every day. I opposed tax increases and consistently voted to eliminate wasteful and unnecessary government spending.

Another issue that needs to be addressed during the 1995 legislative session is property tax reform. We must develop an equitable formula for rural and metro schools - we can't afford to fund metro schools at the expense of rural Minnesota.

My first legislative priority is you, the residents of District 1B. By working together, we can keep northwestern Minnesota a great place to live, work and raise our families.

Thank you for your support.

## Murphy....

(Continued from Page 1)

tinue to grow and compete with the metro area and other regions of our state, we need active, full-time representation for District 1-B.

I have served on many state boards and commissions with metro people who are very strong in their support for metro concerns. Unless we are equally strong and determined to speak out for our interests, rural concerns will not be addressed. That is why I have become a candidate for state representative.

This November 8th is an important date for our future. Very often we view an election as a contest between two or more persons or the challenge's of two political parties. The real issue is how well will you represent those that elected you. If your goal is just the title of Mayor, Senator or State Representative, and not a commitment of service, then you have failed in your promise to the people.

Whatever the issue, our voice must be part of the discussion. Whether it's education, property tax, senior citizens', transportation, agriculture or our quality of life, we must be heard. I have always taken an active role on issues that affect Northwest Minnesota by my participating on state, regional and local committees. I don't think that is exceptional, but rather what the public expects of its elected officials.

It is with this same commitment, that I would serve you as your state representative. I would use my many years of experience working with people to educate other legislators to our needs. In this sense, experience and dedication will be a great asset for us all.

Wanda and I have two sons Kim and Kevin. We also have three grandchildren. Kim is a deputy sheriff with Cass County and Kevin is a special education teacher in Grand Forks. We live in Thief River Falls and I am retired from US West, where I was employed for over 36 years. I am a member of St. Bernards church, the American Legion, Minnesota Deer Hunters and the Fourtown-Grygla Sportsman Club and Kiwanis.

Presently I am the chairman of the Pennington County Board of Commissioners. Before my election to the county board I served as the Thief River Falls second ward Alderman for nine years. Previous to that I was on the Thief River Falls school board for 12 years. I am also chairman of the Minnesota Office of Waste Management MDCC committee, a member on the Lt. Governor's commission on local and state government relations and was also director of the League of Minnesota cities. I serve on several other state, local and regional committees. I have always been an active member of my church and community.

There are a great many issues and concerns that effect us, that could be discussed here, but the important thing is that I have the time, concern and the commitment to serve as your DFL State Representative. Thank you for your support this November.

November 8, 1994 is an important date for the future of Northwest Minnesota . . . Your vote is important!

people in the field of agri-business on a one-to-one basis in 11 counties in Northwestern Minnesota for nine years. I am also in the supervisory position for this area, that collects statistical information that is very personal.

This requires leadership, understanding governmental manuals, accuracy, public relation skills and self discipline. All qualifications to serve in this public office.

I grew up on a farm just on the edge of Pennington county, and graduated from Goodridge high school. Later on, I graduated from the Minneapolis Business College and began my career in the field of accounting, payroll, and taxes. I have continually updated my education by attending computer, business courses at the college and I have had practical experience in professional accounting throughout my career.

My husband and I have three children, Heather, Lance and Andrea. We have operated a family farm in Smiley township since 1968. Our activities have revolved around our farm, children, school, church and 4-H. Now that our children are grown, I would like to be involved with serving the people of Pennington county.

The office of county recorder is a position I have been interested in for several years. With my past and present work experience I am qualified for the job.

I will dedicate myself to the important duties of preserving real estate documents, verifying the titles of homes, farms, business, military discharge records, births, deaths and marriage records, personal property records, State and Federal tax liens and many other miscellaneous records that are to be maintained.

My family, friends, and I have had the most enjoyable experience visiting with so many pleasant people. If elected to the position of county recorder I will assure you courteous, prompt and accurate service.

I would like to close by asking you to vote in the general election on November 8 and to consider me for your next county recorder.

I would like to thank The Times for giving me this opportunity to present my views.

## Schmalz....

(Continued from Page 1)

Experience in this office is extremely important. This is a unique position in that this office encompasses such a broad range of areas so that the ideal person for the job must be trained from within in addition to having related training and experience rather than from totally outside experience or other sources. The head of this department must be qualified in the area of real estate law, accounting, personal property records, vital records and computers. It is difficult to find a person that has all of these qualifications from outside this office.

I have worked within this office since September of 1988 and have recently been appointed by the Pennington County Board of Commissioners as Acting County Recorder and Registrar of Titles. This experience has given me the opportunity to become very familiar with all areas that this office encompasses. As acting county recorder I am currently responsible for recording and providing information concerning all land titles, mortgages, estate and various other documents that affect your land title. I am responsible for the duties of Registrar of titles

under the Torrens system of land documentation which has a certificate of title in place of an abstract. In addition to these responsibilities, this office also handles personal property liens under the Uniform Commercial Code laws, State and Federal tax liens, birth, death, marriage, and military discharge records.

When I receive a request for information from our records, it is important that the person responding is very familiar of what representations can or cannot be made, and in the case of vital statistics, what information can or cannot be given out. We must also be able to use experience to obtain information that may be difficult to find, depending on the amount of information available. In many cases, it is very helpful to have a working knowledge of what has happened previously to this record or legal description.

I am a graduate of the accounting program and a past computer software utilization instructor for the Northwest Technical College and intend to use this training to keep this office up-to-date with the opportunities of utilizing computers to maintain this office in the most modern methods of maintaining these records.

I have been a resident of Pennington county for over 15 years and currently reside within the City of Thief River Falls. It is my intention to make the position of county recorder a lifetime career.

The records within your county recorder's office are some of the most important that you will ever have. The job of preserving and protecting them should be left to someone with the experience and qualifications to properly handle them.

I would appreciate your support and would urge you to exercise your right to vote in the upcoming general election on November 8th.

Pennington county as their county treasurer since elected to the post in 1987. Prior to my election, I served as deputy treasurer for eight years and have been employed with Pennington county since 1973. My position as county treasurer involves serving the Citizens of Pennington county in tax-related matters; acting investment officer for Pennington county; the mailing of tax statements, collecting taxes, following procedures for collection of delinquent mobile home taxes set by the state, working on the computer with tax statements and receipts; helping senior citizens with their property tax refund forms when possible; working with ledgers in accounting; reconciling bank statements; making deposits of county monies collected; issuing and signing all county payroll and warrant checks; working with Deeds, Deed Tax and Mortgage Registration tax; working with the county board and other county departments relating to matters in my department, and preparing reports for the state auditor's office for county audits.

I am a member of the Minnesota Association of County Treasurers in which I have been certified. I have also received the title of Accredited County Treasurer completing all requirements in a course related to the duties of county treasurer. For three and a half years I served as chairperson for Region 1 County Treasurers which consists of 12 counties. I am also a delegate of the Association of Minnesota Counties.

I was born in Thief River Falls and have lived in this area all my life. I am a graduate of Marshall County Central in Newfolden and the Northwest Technical college in Thief River Falls. I am married to Bruce W. Bjorgaard who is employed at Independent Machine Service in Thief River Falls and part-time at Hydra-Mac Inc. We have one daughter, Holly, who is 14 and attends 9th grade at Lincoln high school. I am on the Supervisory Credit Committee for the Pennington County Credit Union, a member of the Thief River Falls American Legion Auxiliary, the Spikedown Club and serve as a Sunday School teacher.

I feel that all county officials should be accessible and responsive with knowledge to better serve the needs of the people and I will continue to do my best as county treasurer if re-elected. Your continued support and vote for me in the general election on Tuesday, November 8, will be greatly appreciated.

feel that holding county office is the ultimate in community service. If elected to the treasurer's office, two of my goals are the enhancement of office service and to strengthen the relationship between county office and the public.

Over the last 23 years I have acquired a variety of office experience. The most valuable has been with Westside Motors, for 15 years, in the areas of computerized payroll and accounting, and customer service. As a customer service professional my experience, training, and viewpoint will benefit the citizens of Pennington county. I've learned that people thrive in a sincere, friendly atmosphere, where service and individual needs come first. A friendly voice on the phone, a smile over the counter, and an open attitude backed by honesty, reliability, and competency. I want you to feel welcome at the treasurer's office.

Real commitment means community involvement, and that has always been important to me. As a young person I was active in church and 4-H. I've continued active participation in many groups and organizations, including a third year on the Calvary Lutheran Church Council, and as current president of the Thief River Falls Quilters Guild.

Family is also important to me. My husband and I grew up on farms near St. Hilaire. We started school together at St. Hilaire Elementary school and graduated Lincoln high school together. My mother told me when I was in the Eighth grade that I would marry Joe. I remember doubting her at the time! Joe and I celebrated our 25th anniversary this past June. We have one adult son, Jerry.

I extend a thank you to The Times for this opportunity to express myself. Remember to vote November 8th.

of World War II serving in the U.S. Navy from 1943 to 1946. I have had the honor of serving the Citizens of the City of Thief River Falls as a councilman and mayor. I hold membership in the Elks Lodge, American Legion, VFW, and my wife and I are members of Zion Lutheran church.

My qualifications for seeking the office of county commissioner for district 2 are from having served for many years as a councilman and mayor of this city. I work well with people and care about how county government is run. I will be a strong city voice for your county government. I know the problems Pennington county is faced with and feel best qualified to deal with them. I have the time, experience, and the strong desire to serve you, the citizens of the second district. Again, I am the best qualified and ask for your support and vote on Tuesday, November 8.

My thanks to the editor and staff of The Times for the opportunity afforded me in this article.

years with the United States Army. I am employed by the city of Thief River Falls and have been for over 27 years. My wife works at the Heritage Community Center. We have three daughters, Laurie (Randy Harger), Pam (Dale Toren), Deb (Jim Trautner). They, along with our five grandchildren, work and live in the community of Thief River Falls.

After my discharge from the military in 1964, I drove a truck over the road, until 1967, when I started for the City Sanitation Department. In 1981, I became Sanitation Superintendent, a position I hold today. From 1970 to 1981, I also farmed part-time with my father (Alvin) southwest of Thief River Falls, in Sanders township.

Over the years I have worked with many different city councils and county boards. In doing so I have learned how to get things done. I am also very familiar with needs, wants, and wishes of the budget process.

With solid waste being one of the nation's major concerns, I feel that my background of over 27 years in this field will be a great asset.

Thief River Falls and the surrounding area has become known over the state as a great place to live and raise a family, and I would like to help keep it that way. We need to move forward, but at the same time we need to keep sight of the things we now have. We need to continue to provide the quality of services we now have if possible but try to hold down costs. This is hard to do with inflation as it is, but I believe it can be done.

I would like to say Thank You to The Times and staff for giving me this opportunity to address the residents of district 2.

Children in Colleen Bergeron's daycare program were provided with special Halloween lunches Monday, including a noon meal of roast wild boar (baked ham), goblin giblets (wheat stuffing), witches' teeth (whole kernel corn) and bat wings (sliced pears turned yellow by the magic of witch Colleen). Even the milk was orange colored. The afternoon snack included cheese "sandwitches" and witch's brew, made from a mixture of orange and grape Kool-Aid (it turns black) with 7-Up for fizz and orange sherbet for a smoky look. Youngsters in the photo from left are Chaz Abrahamson, son of Charlene and Brad Abrahamson; Shae Johnson, son of Howard and Edie Johnson; Maagan Abrahamson, daughter of Charlene and Brad; Marcus Daniels, son of Scott and Sharry Daniels; and Jacoby Bergeron, son of Dale and Colleen Bergeron. Later the daycare youngsters wore costumes including two witches, a black cat, black spider, grey mouse, clown, Ninja turtle, Barney and Thumbelina.

## FAMILY HEALTH

### Strep Throat

One of the most common illnesses that flares up among school-age children every winter is acute streptococcal throat infection, more commonly known as strep throat.

According to Cynthia Hobbie, pediatric nurse practitioner at Children's Hospital of St. Paul, strep throat is a self-limited infection, which means the symptoms will eventually go away whether or not the infection is treated. If left untreated, however, the bacteria that cause the infection may settle in other parts of the body, causing potentially serious conditions such as infected lymph nodes, rheumatic fever or severe kidney disease. Less severe complications include ear infections or acute tonsillitis.

A child with strep throat may have any combination of the following symptoms: sore throat, fever, swollen glands in the neck, headache, nausea, vomiting or stomach pain. Because these symptoms are typical of any number of infections, a throat culture is needed to make a positive diagnosis.

If the throat culture is positive, the child's health care provider will prescribe antibiotics to treat the infection. The child may feel well as soon as a day after starting antibiotics. However, Hobbie says it's absolutely essential that the child be given the full prescribed course of medications. "It can be difficult to remember to give medications to a well child, but don't stop until the prescription runs out," she says.

To ensure the child is no longer contagious, she should stay home for 24 hours after medications have been initiated and she no longer has a fever.

To soothe a sore throat that accompanies strep, try giving the child cool liquids such as juice or popsicles, or soft foods such as gelatin or soup. Increasing the humidity in the child's room with a cool mist vaporizer may also help. Acetaminophen (such as Tylenol) may be used to treat the child's discomfort and fever.

If you have questions about strep throat or any other questions relating to your child's health, call Children's On-call, a free pediatric health information service staffed by pediatric nurses at Children's Hospital of St. Paul. The number is 612-220-6868 or 800-869-1320. The service is available daily from 7 a.m. to 10 p.m.

## Psychologist to speak on grief in Oklee, Plummer

Dr. Stephen Olson, licensed psychologist from Northwest Mental Health Center in Crookston, will present "Community and Families Coping with Grief" in Oklee and Plummer. There will be time for discussion following the program. The event is sponsored by Rural Life Outreach and Northwest Mental Health Center in Crookston.

Dr. Olson will appear in Oklee on Thursday, November 3, from 7 to 8 p.m. at the Oklee public school library. He will appear in Plummer on Thursday, November 10, from 7 to 8 p.m. at the Plummer public school library.

When there is a crisis, parents often wonder whether they should talk to their children or shield them from what is happening. The fact is, children pick up on all kinds of messages, and they take most things literally.

The program will discuss the differences in the grieving process between adults and children. Understanding the stages of grief and going through them is key to getting past the loss and into a fulfilling future.

For more information call Northwestern Mental Health Center, Crookston, at 218-281-3940 and ask for Arlene, Rural Life Outreach coordinator.

Rural Life Outreach is funded by Catholic Charities, NW MN Initiative Fund and Bremer Foundation.

## Memorials received by area American Cancer Society

Recent memorials to the American Cancer Society include those in memory of the following persons:

Candace Roisland, Oeorgo Wikstrom, Sr., Alma Brown, Bill Mears, Don D. Olson, Oertrude Koop, Clarence E. Peterson, Russell Swanson, Oladys Hanson, Oscar Shervold, Barbara Lendobeja, Lydia Horachek and Pete A. Borgstrom.

When friends, family or fellow workers are lost to cancer, it is a very sad time, sometimes a frustrating time. A person wants to do something, but what?

A memorial gift to the American Cancer Society is an appropriate way to remember that friend or family member. The memorial gift also honors life by helping to fight cancer.

Costume contest winners at the Heritage Center Halloween party held Monday are shown above. They are, left to right, third place winner Vi Olson dressed, more or less, as a pretty elegant potato sack lady; first place winner Marietta Jorgenson, who is wearing bright red long johns and plenty of fore and aft padding; and second place winner, Arlene Hyland, an indian lady carrying her little papoose on her back.

The Area I Minnesota Special Olympics Bowling tournament was held Sunday at Family Bowl in Thief River Falls. Over 80 bowlers participated in the tournament, with teams from Hanson's Boarding Home and the Falls DAC in Thief River Falls, East Polk County, Mahnoman, Kittson County, Greenbush-Middle River, Roseau and East Grand Forks. Some participants will go on to take part in the state Special Olympics Bowling Tournament which will be held in the Twin Cities in November. Anyone who would like to volunteer for Special Olympics events, call Kay or Lowell Burkel at 681-2622.

## Professor seeks early Red River Valley poetry

Lawrence Moe, a literature professor at Metropolitan State University in the Twin Cities, is searching for poetry written in the Red River Valley of the North during the early phases of its settlement. He is particularly interested in locating poetry written by the pioneers themselves, or by their children.

"The Red River Valley is a beautiful and distinctive region, fit to inspire poetry at any time, perhaps especially during settlement days," he said. "I am writing a book on the pioneer poetry of the region, and am looking for poems on any subject, in any style or language, whether previously published or not."

Working with historical organizations, Moe said he has already found good examples of 19th and early 20th Century verse. But he believes that there is much more early Red River Valley poetry still to be found both in public and private records.

"Anyone knowing of old poetry written in the Red River Valley is invited to write me at Metropolitan State University, Minneapolis Campus, 730 Hennepin Avenue, Minneapolis MN 55403-1897," Moe said. "This is an aspect of our literary heritage worthy of study and preservation."

In addition to writing about this subject, Moe plans to use the poetry he finds in his literature classes and community presentations.

A net of approximately $1,300 was realized for the Save the Depot fund in Thief River Falls Sunday as a pancake breakfast was served at the Eagles hall by the Pennington county 4-H leaders council, Thief River Falls Rotary Club and the Save the Depot committee. More than 400 people attended the breakfast for which much of the food was donated by local businesses.

## Radon research will be done in area this fall

Basement radon research is being sponsored this fall and winter in Pennington county by extension educators Deb Zak and Howard Person, cooperating with the University of Minnesota and the Minnesota Department of Health.

Ten households in each county in the state have been selected at random to represent similar households in the region. The residents are being asked to keep track of the time they spend in their houses and place two radon measuring devices in their homes.

Information obtained from the study may be used in deciding the best way to measure radon in houses in this region.

## Jane Olson weds Murray Anderson

Jane Olson and Murray Anderson were united in marriage October 1, 1994, at Trinity Lutheran church in Thief River Falls. Rev. John Wollensien presided at the 5 p.m., double ring ceremony.

Parents of the couple are Mrs. Wilma Olson and the late Oordon Olson and Roger and Palma Anderson, all of Thief River Falls.

Wedding music was provided by a quartet composed of Laura Toren, Ruth Christensen, Jim Orindley and Les Torgerson, playing "The Gift of Love" and "Old Irish Blessing," with narration by Key Teeters Asp. Cathy Hagen presided at the piano, playing selections of "Ashokan Farewell" by Jay Ungar and "Wedding March" by Mendelssohn. All are friends of the bride.

Candelabrum with greenery decorated the church, with altar flowers in shades of pink, purple and maroon.

For her wedding the bride chose a floor length gown of ivory satin with detachable train. Her headpiece was a tiara with ivory veil.

Kathryn Olson served as her sister's maid of honor. Bridesmaids were Heidi Burstad, sister of the groom, and Beth Olson, niece of the bride. All are from Thief River Falls. Bridal attendants wore navy blue brocade in different styles. To compliment their gowns, they wore arm bouquets in shades of pink, mauve and purple.

Ana Olson of Thief River Falls, niece of the bride, was flower girl. She wore navy blue brocade and carried a basket of assorted flowers in shades of pink, mauve and purple.

Karen Seaworth, cousin of the bride, served as her personal attendant.

The groom was attired in a gray, double-breasted suit. Serving as best man was his friend, David Waale of Fargo, ND. Groomsmen were Bob Kinsman of Fargo, ND, and Joel Peterson of Burnsville. Both are friends of the groom.

Oraham Burstad of Thief River Falls, nephew of the groom, carried the rings.

Ushering the guests were Cayler Olson of Thief River Falls, nephew of the bride, and Dan Schoonhoven of West Fargo, ND, friend of the groom.

Honored guests were Harold and Kate Anderson, grandparents of the groom, and Hannah Zavoral, grandmother of the bride. Mothers of the couple were presented with corsages of pink roses.

Following the ceremony, a reception was held in honor of the couple. Host and hostess were Pat and Laura Brickson, friends of the couple.

Tricia Janousek, cousin of the bride, presided at the guest book, and Margie Trickle, friend of the bride, was flower hostess.

Highlighting the serving table was the pink-frosted, three-tiered, traditional round wedding cake. It was trimmed with fresh flowers and fresh strawberries, and served with strawberry ice cream. The cake was made and cut by Janet Berg, cousin of the bride. Joyce Olson, cousin of the bride, and Rhonda Downs, cousin of the groom, also cut the cake.

The kransekake was made by David Beito and served by Dayna Holland, both friends of the couple.

Coffee servers were Ordella Haugen, aunt of the groom, and Alice Nelson, aunt of the bride. Rynae Haugen and Tabitha Downs, cousins of the groom, presided at the punch bowl.

Tyler Downs and Jenna Haugen, cousins of the groom, and Seth Seaworth, cousin of the bride, were in charge of the gifts. Waitresses were Lindsay and Rozlyn Haugen and Heather and Alisha Downs, cousins of the groom, Meaghan Klegstad, cousin of the bride, and Kelsi Holland, friend of the bride.

Following a wedding trip to Winnipeg, the couple is at home in Thief River Falls. The bride, a 1979 graduate of Lincoln high school and a 1983 graduate of Bemidji State University, is employed as special needs instructor at Northwest Technical College. The groom is a 1980 graduate of Lincoln high school, a 1984 graduate of the University of Oregon and a 1988 graduate of Pacific University College of Optometry. He is a doctor of optometry at Midwest Vision Center.

## Serger Network to meet on Tuesday, November 8

Serger Network will hold their monthly meeting on Tuesday, November 8, at 7 p.m. in room 131 of the Northwest Technical College in Thief River Falls. The meeting will be on Christmas sewing.

A major change in meetings was made at the October meeting. Instead of arranging a topic and instructor for each class, it has been decided to turn the serger guild into a help session with new and different ideas. Members are asked to bring projects they are working on and use the serger club to obtain help or show a new idea or technique.

The Serger Guild will continue to meet the second Tuesday of each month, but meetings will not be structured. The guild will start a Bird's Eye quilt in January with each member making their own quilt. For more information or comments, call 681-3339.

### THE TIMES' WEDDING POLICY

The Times wishes to publish wedding stories as soon as possible following the event. We have forms that can help you prepare information for these stories. Following is The Times' policy on publishing wedding stories.

- Full story with photo will be published if material is received at The Times within one month after wedding.
- Short story with photo but no description of gowns, flowers, etc. if material is received one to three months after wedding.
- Photo only with caption listing names of couple, parents, date and place of wedding and where couple is residing if material is received three to six months after wedding.

## Steven Wasley and Mary Pederson are engaged

Steven Wasley and Mary Pederson, both of Thief River Falls, together with their parents, Esther Vick of Warren, the late Harold Wasley and the late Mr. and Mrs. Maurice Maurstad are happy to announce the couple's engagement. No wedding date has been set.

# Andrea Nelson and J. Grosz wed Sept. 10

Andrea Mae Nelson and Jonathan David Grosz were united in marriage in a double ring ceremony on September 10, 1994, at the Evangelical Covenant church in Thief River Falls. Rev. Neil Bonkoski officiated at the 3 p.m. ceremony.

Parents of the couple are Duane and Veronica Nelson of Northome and Morris and LaDonna Grosz of Goodridge.

Wedding music was provided by Dale and Tami Schneider and Jill and Danac Dekkers. Helen Dahlstrom presided at the organ and Vonda Visser was flautist.

Serving as her sister's matron of honor was Jeannie Coonce. Bridesmaids were Dalaine Swang, cousin of the bride, and Tessa Koisti and Christy Schmittel, friends of the bride.

Megan Nelson, cousin of the bride, was flower girl. Susan Rieger served as her friend's personal attendant.

The groom's brother, Peter Grosz, was best man. Groomsmen were Stephen Grosz, brother of the groom, and Brian Hernandez and Brian Ramola, friends of the groom.

Ushering the guests were Brent Oie, Donwin Braun and Matthew Wallace, all friends of the groom.

Presiding at the guest book was Michelle Nathe, friend of the bride. Joe Gosline, uncle of the bride, was videographer.

Following the ceremony, a reception was held in the couple's honor in the church hall. Host and hostesses were Dianna and Vohn Decker, aunt and uncle of the groom, and Kayleen Vieburg, aunt of the groom.

Wanda McDonough and Kayleen Vieburg, aunts of the groom, cut the cake.

The couple is at home in Bemidji after a brief wedding trip. Both are students there.

"Being kissed by a goat tickles and isn't scary at all, says Cheyenne Horien. Cheyenne and the goat got to know one another when she and other children from Discovery Place visited Jim and Robin Bitzegaio's Pine Tree Farm to take part in the annual Halloween open house. She is the daughter of Randy and Lynn Horien. The Bitzegaios have had their Halloween open house for the past three years, inviting children's groups to their farm to pick out a pumpking and enjoy other traditional Halloween activities and sights. A feature story on Pine Tree Farm ran in Saturday's editin of the Northern Watch.

The boys from Discovery Place checked out the chickens at Pine Tree Farm when they visited the farm for Halloween last week. Jim and Robin Bitzegaio plant pumpkins on their Christmas tree farm, decorate for Halloween and escort groups of children around, allowing them to pick out their own Halloween pumpkin. Over 300 youngsters from the area visited the Bitzegaio's farm this year. Last week's Northern Watch had a feature story on the Bitzegaios and their farm.

"TO GRAM AND GRAMP ROLY"

Another year of marriage..
Quickly the years pass.
Raising four wonderful children,
Nurturing countless foster children,
Still watching grandchildren grow.
I'm fortunate that my children (the "great ones") know you when I share with them the rich memories of you in my heart;
Nobility upon a John Deere, clad in overalls, Cenex cap off to one side.
Contentment at day's end,
sharing an "Oly" and a joke with a neighbor. Creativity in woodworking;
making many Christmas presents.
Charming in the way you made me feel like a million, when you told me I looked "pretty sporty. Grace in her garden boots.
Beauty with a bandana tied around her dark brown hair. Love in smiling eyes with "Come, take a taste," of Rommegrot" we have begged her for. Generosity outstanding–never forgetting to tuck a "treat" in our Birthday cards. Humor–with a laugh so contagious, our tums hurt before we even know what we're laughing about. So, you see–we are the lucky ones–your family and the many friends you have, that are blessed with every year of marriage the Lord bestows.

### Some Days Are Just Better Than Others

Something happened a couple of weeks ago that made me seriously question my parenting ability. The incident made me want to wave a little white flag while yelling, "I give up. I'm no good at being a parent; I don't deserve the responsibility! Take my child back."

Four-year-old Zach and I were on our way to the Twin Cities. I planned a lunch break at a fast food restaurant with an indoor play area. We entered the playroom after we received our order. As usual, Zach immediately ran off to play without taking a bite of his chicken or sip of his pop.

I watched Zach ride around and around on the merry-go-round. I preface this story by saying that I watch him closely because I know small disturbances can erupt over who gets to push the start or stop button. Zach is not a mean-spirited child, but can be a little aggressive at times. I carefully enforce our rules at such a playground.

As Zach rode in circles, I observed a little girl get off, leaving Zach the only rider on a machine that seats four. Then I noticed a boy, a little bigger than Zach, walking around the merry-go-round talking to Zach. It was then I had a sense of foreboding, but all looked calm, so I sat.

All of a sudden, a woman (I'll call her woman #1) started hollering, "Whose ever boy this is, he's being a mean brat!"

I jumped from my seat and ran over, thinking, "She can't be talking about Zach. I didn't see anything happen."

Woman #1 barraged me, "Your son just did something to hurt my little girl's finger and he slapped that other boy in the face!"

"I'm sorry. I'm sorry," I stammered, not knowing what to say. At the same time, I saw this other boy still talking to Zach. I asked what he wanted and he said he wanted to sit on the animal Zach was riding. Just then, woman #2 approached (mother of the boy talking to Zach) and asked what was wrong. Woman #1 started yelling again, "Her little boy just slapped your little boy in the face!"

"I really apologize," I said again, rather confused and stunned. "I didn't see what happened."

Woman #1 didn't stop; she just kept yelling at me -- in a fast food restaurant. If there was a time I felt extremely humiliated, this was it.

So I scooped up Zach and brought him to the table. Behind my back, woman #1 kept berating me and telling everyone around her that my son was a mean brat.

And what did I do? I felt like screaming back; I didn't. I do what I always do when I feel stressed. I cried. I sat and cried and hugged my child. Woman #1 still didn't quit. I could hear her saying, "Look, she's sitting over there crying when her kid just beat up other kids."

What did she want me to do? Beat him while the whole restaurant watched? Call the police?

Our meal was ruined and I left the restaurant with a self esteem as big as a penny. I asked myself, "Where have I erred in raising Zach? Did my parenting somehow cause this outburst?" Sign me up for counseling.

In the car I asked Zach why he acted naughty. He denied injuring the little girl and then he said, "Mom, that big boy bit me. See, right here on my arm."

I fumed about the encounter all day; I wanted my chance to retort. I even took a wrong turn and was headed to St. Cloud before I realized I had veered off in the wrong direction.

I'm not telling this story to prove my son's guilt or innocence. This episode proves how quickly an incident can be blown out of proportion and how quickly a child can become labeled. I do not let Zach get away with hitting other children. But, I try to understand that children will sometimes react that way.

I would rerun that day if I could. I might actually tell woman #1, calmly, how I felt about her actions. There was no need to belittle me.

There are three statements I want to make. First to woman #1: Please forgive me. If the situation was reversed, I would have accepted your apology and then commented how kids will sometimes be kids and sometimes my child also misbehaves. It's a part of maturing and learning appropriate behavior.

Second, I want to say to Zach: Please forgive me. I should have asked your side of the story first. Hitting in retaliation is not proper, but I would have better understood what happened.

Third, I want to say to myself: Please forgive me. Pat yourself on the back; you are a good parent. Some days are just better than others.

## Gully ........

Relatives and friends who were callers at the Elmer Brovolds and to wish Millie a Happy Birthday were Esther Rindahl, Mrs. Bergin Sordahl and Helen, Arnold and Sanna Brovold, Arlie and Luvern Fore, Bruce and Mary Brovold and Stacy Nordlund. They brought birthday cake and served the lunch. It was a great day, Millie and many more Happy Birthdays.

Several people were decked out in their Halloween costumes at Monday's Heritage Center Halloween bash. Those attending took part in special Halloween activities, including games and pumpkin carving. Some of the "costumed characters" are pictured above. They are (front row, left to right) Margaret Oss, Heritage Center Director Shannon Olson, Arlene Hyland and Goldie Weckwerth. Back row, left to right, are Dolly Davidson, Ida Rupprecht, Corrine Haugen, JoAnn Bauer, Vi Olson, Olive Lunke, Marlis Gillespie, Mariette Jorgenson and Owen Weckwerth.

Several "characters" took part in the Halloween games at the Heritage Center Monday. Above, Arlene Hyland, Victor Ames and Ida Rupprecht are participating in a relay race in which they try to carry pieces of candy between their knees and drop it into a bucket. Arlene and Ida didn't have too much trouble, but Victor ended up tossing his candy into the bucket by hand.

## Ernest Hegland, 59

Thief River Falls — Ernest M. Hegland, age 59, of Thief River Falls, died Tuesday, October 25, at McIntosh Manor Nursing Home in McIntosh after a long illness.

Funeral services for Ernest Hegland were held Saturday, October 29, at 2 p.m. at Salem Lutheran church, rural Oklee, with Rev. Robert Dahlen of Goodridge officiating. Music was provided by vocalists Donna Sherman and LaVonne Enerson, with Marian Marquis on the organ.

Casketbearers were Einar Kvasager, Edward Larson, David Johnson, Selmer Christianson and Charles and Rodney LaCoursiere. Interment was at Salem Lutheran church cemetery, rural Oklee, with the Patterson Funeral Home of Oklee in charge of arrangements.

Ernest Merle Hegland was born December 26, 1934, in Garnes township, Red Lake county, the son of Gunder and Anna Lande Hegland. He grew up in Deer Park township, Pennington county, and attended school in Oklee. He was baptized and confirmed in the Lutheran faith at Salem Lutheran church, rural Oklee.

He had worked as a farm hand in Montana for several years, and also did some construction work. He never married. He was a veteran of the United States Air Force.

Survivors include one sister, Diane (husband, Charles) LaCoursiere, of Crystal; two brothers, Melford (friend, Eileen Christiansen) both of Oklee, and Gene (wife, Wendy) of Minneapolis; three nephews, Rodney (wife, Kelly) LaCoursiere, Brooklyn Center, Kelley LaCoursiere (friend, Sarah Davis) of Norfolk, VA, and Richard Hegland of California; and a grandniece, Kaitlyn LaCoursiere.

Preceding him in death were his parents and one brother, Bernel.

Dear Readers,

Most people do not like to think about their own death, or the death of a close family member. However, some forethought and planning can be helpful to survivors. Many problems are eased by open discussion and pre-planning. Decisions made now involving funeral service or alternatives, final disposition, and financial provisions can be less burdensome than when death occurs.

Respectfully,

*Belmont Funeral Home*

Larry Belmont

## Alva Montgomery, 90

Thief River Falls — Alva A. Montgomery, age 90, died Wednesday, October 26, at the Karlstad Memorial Nursing Home.

Funeral services for Alva Montgomery were held at 1 p.m. Saturday, October 29, at First Lutheran church in Middle River with Rev. Charles Anderson officiating. Lois Peterson provided special music, "In the Garden" and "Just a Closer Walk with Thee." Congregational hymns were "Battle Hymn of the Republic" and "Stand Up, Stand Up for Jesus."

Casketbearers were Dean, David and Darin Gram; James Tostrup; and Floyd and Martin Nelson. Military honors were provided by the Middle River American Legion Post, with the Collins Funeral Homes in charge of arrangements.

Alva A. Montgomery was born February 22, 1904, at Laurel, NE, the son of David and Hattie Montgomery. He attended school and grew to manhood in Nebraska, and served with the United States Army during World War II. In 1944, he moved to Grand Forks, ND.

In February of 1944 he was united in marriage to Alice Wonser at Grand Forks, ND. The couple farmed near Thompson, ND, until 1950, and then moved to a farm in New Maine township of Marshall county, near Newfolden. As well as farming, he was employed at the Land O'Lakes turkey plant in Thief River Falls for several years.

Alice Montgomery died June 22, 1960. In 1974, he moved to Thief River Falls and then to the Valley Home there in 1989. He had resided at the Karlstad Memorial Nursing Home since February, 1991.

Local dignitaries participated in a ribbon cutting ceremony last Sunday at Lincoln high school. The ceremony commemorated the completion of a remodeling project at the school. Remodeling included work to the school fitness center, music rooms and cafeteria. An open house was also scheduled during the ceremony to give residents an opportunity to see some of the changes. Pictured from left are: Dennis Klasow, school board chairman, Michelle Benton, chamber ambassador, Mayor Robert Reeves, Hank Hallstrom, board member, Larry Belmont, board member, Myrna Erickson, food service, Regan Rohl, chamber ambassador, and Tim Olson, Lincoln high school faculty member.

Ribbon cutting ceremonies celebrating completion of construction projects at Lincoln high school and Franklin Middle school were held last Sunday. The ceremony also provided citizens an opportunity to look at the remodeling. At Franklin Middle school, the ceremony was held in the new Media Center. Pictured from left are: Troy Miller of DLR Associations, the architectural firm for the district, Taya Hunt, student, Andrea Olin, student, Bill Hahne, principal, Lisa McKercher, student, Darin Bjerknes, student, Dennis Klasow, school board chairman, Cliff Swanson, chamber ambassador, and Jan Nyflot, chamber ambassador.

## Job Service hosts meeting

In order to redesign its business processes, Minnesota Job Service is attempting to hear what employers and job seekers need from their employment service.

As part of this effort, focus groups will meet at the Best Western Inn of Thief River Falls Thursday, November 3. First session at 9 a.m. will be for employers. Second session at 12 noon will be for job seekers.

For additional information call Patricia Balstad at (218) 281-3593.

## Auto drive at Agassiz now closed

Lost Bay auto drive at Agassiz National Wildlife Refuge northeast of Thief River Falls closes today (Wednesday, November 2) and will remain closed until spring of 1995, according to Gary Tischer, refuge operations specialist.

Visitors to the refuge may continue to observe wildlife along Marshall County Road 7 which bisects the southern portion of the refuge. Species to be observed during the winter months include moose, deer, ravens, magpies, northern shrikes and several other species of birds.

"The refuge staff hopes that everyone who visited the refuge during this year enjoyed the wildlife and scenery along the drive," Tischer said. "A news release will be issued in the spring of 1995 to announce the reopening of the Lost Bay Auto Drive for the summer and fall season."

## SPEAKING OF

Sherry LaCoursiere

... Where's the Good Stuff?

I'm so happy it is nearly time for elections. Just one more week and we can go to the polls and vote for our favorites – and get rid of all of those horrid campaign ads.

Radio, television, even delivered to my very own door – personally – ads that say John Doe is ever so much better than Mary Jones, or vice versa. Worse yet are the commercials that say John Doe (or Mary Jones) is a really rotten person and has done such and such in the past that was really wrong and bad and so he definitely should not be elected to whatever position he is seeking.

Am I wrong or is this the year of negative campaigns? All I have heard is how bad the other guy is and what poor decisions were made in the past. Taxes will surely go up if so and so is elected, according to the ads. Jobs will be in jeopardy because businesses will leave the state, gun ownership will be restricted, small farms will suffer, small businesses will suffer, everyone will suffer – if so and so is elected.

And the other so and so is so much better than the first so and so. Oh, he is wonderful. Everything he does is the best thing ever for the people and the country. He will be the most perfect person to represent us in whatever position it is that he wants us to elect him to.

And it doesn't seem to matter if I am listening to North Dakota or Minnesota ads. Both are harping about the same thing – how bad the other guy is and how great the candidate is. It is getting to where I am hearing about so much of North Dakota's politics that I will surely be shocked to death when I get to the voting booth and do not see Dr. Ben or Sen. Conrad or some of the other North Dakota candidates on the ballot.

Whatever happened to letting the voters know what good things the candidate will do for us? This year has been so bad that I hardly know who I should vote for. Who is going to be the best candidate? Who will do the best job? I don't even know.

I haven't heard anything about what good things they are going to do for me. Are they going to bring in more jobs, and good health care? Are they going to fight for the family farms and rural Minnesota? Are they going to do something about crime, and unemployment, and bring about lower taxes and higher salaries?

It seems that I know everything that is wrong with all of the candidates (according to the ads), but I don't have the slightest idea what is right about them.

### Jackie Helms Typesetter

Jackie has worked at The Times for six years. She typesets most of the single ads for The Times and Northern Watch with a 3.3 Quark XPress program on a Macintosh computer. When she isn't typesetting ads, Jackie helps in the print shop, getting newspapers ready to be mailed.

Jackie is single and has four children, John, 30; Craig, 28; Janel, 27; and Marty, 25. She also has three grandchildren, Joshua, who is four, and Emily and Aleeza, who are both one year old.

Her favorite hobby is singing, which she does at church and sometimes with a band. She also likes to bowl and do oil painting, but not at the same time. Jackie says her grandchildren take up a lot of her time, which is just fine with her.

## ON THE OTHER HAND

Jennifer Halling
Lincoln High School

Halloween is gone, along with the excitement and fright of the evening. The word Halloween alone conjures up wild ideas in the minds of young children. The fact that I had a house full of people filling my head with spooky stories made the night even more scary for me. I vented my fright by sharing the stories with friends. My favorite was the Wook-a-Lore, who sucked your brains out through your nose. I once kept two kids form playing outside for a month by telling them the Wook-a-Lore lived in the woods near their house for years later they still hold a grudge. I guess at five a sense of humor is not completely developed.

Although my homemade Halloween costumes made look innocent, behind the whiskers and nose of a cute, black kitten lurked a sneaky, black cat waiting to spring on unsuspecting friends. I worked at perfecting my ghost stories and told them year-round. Halloween seemed to the be the perfect opportunity to mix them with the mystic atmosphere of the evening. It usually turned out that I was the one most scared and sat up the entire night clutching my blanky.

I usually made it home from trick-or-treating just in time to watch "Halloween "1", "2" or "3." But it was never the "Freddie" or "Jason" characters that frightened me; it was the stories that made me wonder whether they could be true or not. My first memory of a sleepless night caused by a horror movie was after watching "Poltergeist." Every clown in the room had to be packed away after seeing the scene with the toy clown. After that I seemed to developed a craving to be scared.

Now, my favorite spooky movie "Don't Fall Asleep." There is particular scene with a pizza cutter that I will never forget. This movie is not gory it is more suspenseful. I become more frightened if my mind is allowed to work instead of being shown everything. Two years ago I rented "Communion," which based on fact. I went to bed that night feeling comfortable, but suddenly I felt like someone was watching me. Peeking out from behind my shield of blankets, I though I saw little faces watching me. In a cold sweat, I lay frozen convinced aliens were in my room. From 1 to 1:30 a.m., I hid under my blankets strangling my Pound Puppy. I decided I had to get out of my room.

On the count of three I leapt out of my bed. I don't think I touched the floor once on my way to the spare bedroom. I covered my head and turned toward the wall, relaxing slightly. Then I rolled over, and above the door I thought I saw something hovering. I ran out of the room and turned on every light I could find. I eventually fell asleep watching television.

I had to laugh at myself the next morning seeing piles of clothes that could look like just about anything at 1:30 a.m. in the dark. Even at seventeen I tend to let my imagination get the best of me.

Reading horror books also sends my mind racing. I was especially frightened after reading "Amityville Horror." It was so fascinating it only took me a day and a night to get through it. That night of reading was what really got to me. I kept imagining red eyes watching me through my window. When I finally did fall asleep, I dreamt a marching band was trampling me as it marched across my bed.

I think my love for horror began when I was very little and would spend a lot of time at my grandma's house. She had many ghost stories that she never hesitated to tell me on my visit. One of the most memorable was about my great-grandmother who died when my grandmother was about eighteen-years-old. At the moment of her death, the family heard a knock on the door, but no one was there. Since then a knock on the door has meant someone has died. Also, after her death, the Wake was held at her home. During that time my great-grandmother was heard walking up and down the stairs at night. These stories may be true, or they may not. It doesn't really matter because they are just fun to hear.

Halloween is one of the most exciting nights of the year, especially for children. But I try to keep the spirit year-round by watching movies, reading books and listening to family tales. Everyone gets curious about the unknown, and it's always fun to get a good scare.

## PRAIRIE RAMBLING

Gretchen [illegible]

You are sitting in a lake. Yes, you are reading this is the Thief River Falls area, you are actually in an ancient lake bed. Here Lake Agassiz rippled in the sunlight over nine thousand years ago.

The most significant fact for us is that the old lake bed is one of the richest soils in the world, black as can be, composed of fineground rocks and decayed animal and plant life deposited over a several thousand year period. A similar ancient lake bed in the Ukraine also has fertile black soil.

*Our region was visited by four* great invasions of ice, with intervening periods of melting. About 12,000 years ago the last glacier's meltdown created ancient Lake Agassiz, the largest body of fresh-water ever to exist on the North American Continent. In fact, Lake Agassiz was larger than all five Great Lakes rolled into one.

From what is now called Lake Traverse on the borders of South Dakota and Minnesota, Lake Agassiz stretched northward far to the north, way past Lake Agassiz Winnipeg. Lake Agassiz encompassed what is now International Falls and extended as far east as Lake Kabetogema and Rainy Lake. To the west it reached to Riding Mountain National Park in western Manitoba and up to Lake La Ronge in Saskatchewan. It is named for the celebrated Swiss-American, Louis Agassiz, who helped establish the theory that at different times the greater part of Europe and other northern continent were covered by vast sheets of ice.

Some of Lake Agassiz remnants are in our area--Upper Red Lake, and Lake of the Woods. And the Red River, flowing north to Hudson Bay, continues to drain the gigantic lake basin. Our Red Lake River, which begins in lower Red Lake, is one of the major Red River tributaries.

This river sometimes gouges out enough lake bed to expose the glacial deposits beneath. At several exposures along the Red Lake River a few kilometers west of Red Lake Falls, a time of warm climate is represented by organic rich sediments lying beneath glacial till. At one of these exposures a log enclosed in silt and clay was found. Radiocarbon datings revealed this log to be more than 40,000 years old. This log apparently came to rest on a lake bed or floodplain.

Next, glacial advance from the northwest brought till rich in boulders of igneous and metamorphic rock derived from the Canadian shield. Boulders washed out of this drift furnish splendid stretches of rapids along the Red Lake River Below St. Hilaire.

Many ponds and marshes left after Lake Agassiz drained way remained into the time land was homesteaded here. Some of these marshes, vestige of the old lake, were drained away in 1915 when the U.S. Army Corps of Engineers constructed miles of ditches in the Thief River Falls area. The Thief River Project was the largest drainage project ever undertaken to that date by the army engineers.

## One injured in accident

One person was injured when her vehicle collided with another vehicle at the intersection of Highway 59 and Red Lake County road 1 near Plummer.

Minnesota state patrol received a report of the accident at 3:41 p.m. October 28. According to the accident report, Forest Melton, Avon, was driving a Chevrolet pickup south on Highway 59 and pulling a boat when a 1990 Oldsmobile driven by Jady Morinville, Brooks, allegedly failed to yield the right of way while driving west on Red Lake County road 1 and the vehicles collided in the intersection.

Morinville was taken to Northwest Medical Center in Thief River Falls and then transferred to a United Hospital in Grand Forks. According to nursing administration in Grand Forks, she was listed in satisfactory condition Monday morning.

According to the state patrol, the accident is still under investigation in regards to any charges being filed. Melton's vehicle was considered a total loss.

In Tough Times Collin Fights for Us

We've been through some tough times lately. Flooded crops—a total wipeout for a lot of farmers around here.

But when times are tough, Minnesota farmers have a special friend in Collin Peterson. Collin grew up on a farm, in Clay County, so he knows about weather disasters. And, just as important, he knows the disaster program.

This year, Collin was instrumental in getting the disaster program renewed in Congress, so local farmers can get the help they need.

We'll need Collin's assistance next year, too, when the whole Farm Bill is up for renewal. His leadership position on the Agriculture Committee means he can work effectively for farmers here at home. This is no time to send in a rookie.

Collin Peterson is the friend we need, to ensure that our farms will still be here for future generations.

# Klingons repay part of loan in one dollar bills

Red Lake Falls City Administrator Todd Bodem (left) and William Muldoon, city attorney, are shown here counting over $1,600 in one-dollar bills which made up the payment of a loan made by the city two years ago to the Interstellar Language School of Red Lake Falls. Glen Proechel, director of the school, explained that the one-dollar denomination was chosen to emphasize the honorable nature of those contributing the funds to pay this obligation.

Under normal circumstances a business owner's payment of a bill is not news, but as Red Lake Falls City Attorney William Muldoon stated yesterday afternoon, "one only meets someone like Olen Proechel once in a lifetime."

At 4 p.m. on October 31 the Red Lake Falls city administrator's office was visited by three of the Klingons involved with the Interstellar Language School, owned by Proechel. They were in full Klingon ceremonial regalia. At this time approximately half of the loan Proechel had received two years ago from the Red Lake Falls city council was repaid, $1,641.45, almost all in one-dollar bills. Proechel was accompanied by Doug Nolan, the Canadian ambassador for the Interstellar School, known in Klingon circles as Duy'a' qarraS, and Mike Henderson, the head of security for this event, aka K'meH.

Proechel, a professional linguist and language instructor, had organized a summer language camp two years ago to teach fans of Star Trek and the fictious Klingon space aliens an artificial "Klingon" language created by Dr. Marc Okrand for Paramount Studios several years ago. Unfortunately the camp operated at a loss of about $3,000 during its first year but, according to Proechel, broke even the second time it was offered. He is already making plans for a 1995 camp (or camps), but prefers not to make an announcement on a location or schedule at this time. It is, however, safe to say that it won't take place in Red Lake Falls.

Todd Bodem, who was named city administrator in September, stated that all of this is "interesting to say the least" as he and Moldoon completed counting the money and issuing a receipt. Some of the money used to make this payment was donated by 15 new members of a "Klingon High Council" which will operate in an advisory capacity to the school. These members are from California, Arkansas, Pennsylvania, Florida, Manitoba, and various cities in Minnesota. Proechel explained that the organization "is in better shape with support from fans than if it had to rely on the whims of the city government."

Following the presentation and acceptance of the payment, "Ambassador" Nolan made a statement of his own expressing regret that the city council of Red Lake Falls should have taken the attitude it did and destroyed what could have been a promising future association. After referring to the payment as ransom, he pointed out that he felt he would be doing as his conscience dictated by letting his fellow Canadians as well as fellow Star Trek fans know that they and their tourist dollars are obviously not welcome in Red Lake Falls.

It may have been a coincidence that all this took place on Halloween, but probably not!

On the afternoon of October 31 the city administrator's office in Red Lake Falls was visited by space aliens: (left to right) Doug Nolan, as Ambassador qarraS, and Mike Henderson, security chief K'meH, both of Winnipeg, MB, and Glen Proechel, director of the Interstellar Language School in Red Lake Falls. The object of the visit was the payment of a loan made by the city council to the school two years ago.

"RE-ELECT VICKIE BJORGAARD
Pennington County
TREASURER"

*"In 8 years as my Deputy Treasurer, I found Vickie to be loyal, dependable and knowledgeable in all aspects in the office of Pennington County Treasurer."*

# Candidates vie for office

**Arden "Bud" Comstock**
**for 4th district commissioner**

My name is Arden (Bud) Comstock, candidate for Pennington County Commissioner, fourth district.

I was born in Thief River Falls and have been a life-long resident of this community and county.

I enlisted in the United States Navy in 1971 and spent three years as an engine mechanic. I also worked on an aircraft refueling team, and as a ground support equipment operator. My three-year tour of duty took me to Whidby Island, WA, Midway Island in the South Pacific, and San Diego, CA.

After returning home, I worked as a mechanic for a few years. I then met my wife to be, Jessie Boyer. We were married in November of 1979 and we now have three children: Carson, age 11, Parker, age 8, and McKenzie, age 6. I now own and operate a concrete construction firm called A.B.C. Construction.

My reasons for running for county commissioner are very simple. Being a home owner I am concerned about raising costs of energy, taxes, law enforcement and education. I also believe that Pennington county has room to expand its industrial sector, education and small business in general.

Having three children coming up through our educational system, I have to be concerned not only with their education, but also sports activities. I believe that it is not only important, but a must to keep our children active in all kinds of sports activities.

I also believe that I can be a voice that can be heard on behalf of our voting public. I would be committed to the concerns of the people of Pennington county and act on their thoughts and concerns in their best interests.

**Gerald Moe**
**for county sheriff**

I'm Gerald B. Moe and I am seeking election for the position of Pennington County Sheriff. I have held this position of Pennington County Sheriff since being appointed by the Pennington County Board of Commissioners in March of 1993.

Prior to accepting this position, I was a Deputy Sheriff for the Waseca County Sheriff's office; police patrolman of Yellow Medicine, Wadena and Pope counties. I was appointed Chief of Police for the City of Glenwood (1975 - 1979); and then appointed Pope County Sheriff (1979 - 1993) when I accepted the position of Pennington County Sheriff. I have 24 and one-half years of law enforcement experience.

I graduated from the two-year law enforcement program at Alexandria Area Technical college, which I completed in 1970. Since that time I have attended many schools and seminars in continuing my education in law enforcement. I am a state licensed Peace Officer, member of the Minnesota State Sheriff's Association, member of the National Sheriff's Association, member of the Minnesota Police and Peace Officer's Association, member of the Minnesota Crime Prevention Officer's Association, member of the Paul Bunyan Task Force and on the advisory board of the Northwest Juvenile Training Center.

My wife, Paulette and I have two sons. Paul is 19 years old and is a second year law enforcement student at Northland Community College. Luke is 18 years old and is a senior at Minnewaska Area high school. I served three years in the U.S. Army and was honorably discharged in 1965. I am currently a member of the Thief River Falls American Legion Club, Thief River Falls Lions Club and Thief River Falls Elks Club.

Since moving to Pennington county I have enjoyed the challenge of a larger department and added responsibilities. The cooperation and friendly welcoming of the whole county has made the move to Pennington county much more enjoyable. I feel I have been very fortunate to come into a young, dedicated, cooperative and supportive law enforcement staff. I would like to take this opportunity to thank Chief Ken Froschheiser and all of the city officers and staff for their support and help they have given me in the past year and a half.

One of my future goals will be to form a volunteer sheriff's posse to assist the Pennington County Sheriff's department, Thief River Falls police department and the communities of Pennington county. They will assist in community events, weather watches, any disasters that may occur and would be trained in search and rescue, first aid and CPR. I feel this would be a benefit to all.

The position of a county sheriff is one that requires knowledge, experience, fairness and a common sense approach to law enforcement. I feel I have those qualifications to serve the people of Pennington county.

**Dave Olin**
**for county attorney**

I am Dave Olin. I have had the privilege of serving as your public servant for 20 years. Why then would I desire to be re-elected for a sixth term as county attorney? There are several reasons for this decision.

First, I love the opportunity to use my legal knowledge and feel for community attitudes to assist the county board and department heads in running county affairs. I advise the board on what they can and can not legally do and what the projected results of their decision may be. I have often found that the law and reality of what will happen in the legal system can frustrate the board and myself, but still as county attorney, I must recommend to the board they do as the law dictates.

Second, much of what I personally do as county attorney involves dealing with youth who are having problems with the law themselves or whose circumstances cause them to be in trouble or in danger. Youth, whether it be those with legal problems or those without, are the future of our country. We need to assure all youth have a chance to become the best person possible. For this reason, I consider this aspect of my job the ultimate responsibility and one I take very seriously. (Hopefully, over my years as county attorney, I have impacted several youth positively.)

Third, and most important, is that county attorney is a position that needs experience to act in the best interests of you, the citizens. It is not a position taught in law school or one that you can walk into and know all the in and outs. The experience of 20 years insures that you have a person on the job that has gone through all the growing state regulations and never ending increases in paperwork necessary to do the job.

Fourth, this job is not, nor could it ever be with all the state guidelines and requirements, a one person job. I am fortunate to have a person who I feel is one of the best assistants in the state. That person is Al Rogalla, a graduate of Lincoln high who grew up in the rural Thief River Falls-Goodridge area, giving him insight into Pennington county problems that a stranger would not have. Al is chief prosecutor. He is diligent, hard working, and effective in this work as I am sure law enforcement will verify if you ask them. Al and his wife, Kelly, have three children — Alyssa, Lauren and Robert, and are active in several community activities.

My wife Muriel and I have two lovely and very active girls — Jennifer, a junior, and Andrea, a 7th grader. I have been active in community events ranging from church president, Sunday school teacher, and youth board treasurer to Jaycee officer to Elk officer to Sports Boosters officer. I am presently a member of the Pennington County Child Protection Council and am on the board of directors of the Minnesota County Attorneys Association. Muriel has been a Mrs. Jaycee officer, Northwest Medical Center Auxiliary officer, church youth choir director and youth board member. Both of us have been in numerous other activities and organizations.

I moved to Thief River Falls in 1972. I became county attorney on January 1, 1975. I love Thief River Falls and Pennington county. I am delighted to serve as your county attorney. I would like to thank The Times for allowing me to share a few of my views with you. I would appreciate your vote on November 8 and urge you to take the time to exercise your right to vote in what is a very exciting election year.

**Kenneth Olson**
**for county auditor**

I would like to thank The Times for allowing me the opportunity to present myself to the citizens of Pennington county.

I have served you as your county auditor since September of 1981 and I am seeking re-election in the November 8 General Election.

The position of county auditor is a very demanding one which involves being the executive secretary to the county board, management of county finances, handling of budgets and tax levies, knowledge of computer processing, running of county and state elections and responding to the people of Pennington county as a source of information. I believe I have the knowledge and experience which one acquires while on the job to continue serving you as your county auditor.

I am a graduate of Ada high school and the University of Minnesota at Crookston with a degree in computer business systems. My wife Janet and I have one son, Corey, who is a freshman at the University of North Dakota and one daughter, LeAnn, who is a sophomore at Lincoln high school. I have been a resident of Thief River Falls and Pennington county for the past 19 years. We are members of Redeemer Lutheran church.

I am a member of the Thief River Falls Noon Lions club and have served as its president. I have previously served on the United Way board, United Way Allocation committee and as secretary and director of the Thief River Falls Jaycees. As your county auditor I am presently serving as the following: delegate to the Association of Minnesota Counties, delegate to the Minnesota Counties Computer cooperative (MCCC), Region No.1 representative on the MCCC executive board and member of the Minnesota County Auditor's Association.

I feel that all county officials should be accessible and responsive to the needs of their constituents. My office is always open and I will try to be available to listen to your concerns. I would encourage everyone to vote in the November 8 general election. Your support for me will be greatly appreciated.

Thief River Falls 20-6 winner over Crookston in football semifinals...

# Prowlers reach Section 8A finals

Crookston struck the first blow, but it wasn't a knock-out punch. Thief River Falls, after falling behind 6-0 on the second play of the game, shut down the Pirates the rest of the afternoon Saturday with a workmanship-like effort that produced a 20-6 season-extending Section 8A high school football playoff semifinal win at breezy Les Dreschel Field.

The victory advances the 7-3 Prowlers into Friday's Section 8A finals against 8-1 Detroit Lakes at 8 p.m. in the Fargodome. The Pirates ended the year 6-3.

Crookston's Matt Wallace popped through the line and turned a dive play into a 55-yard touchdown run just 1:07 into the game. But a missed conversion – a kick that floated off to the side – did more for the Prowlers than the touchdown did for the Pirates, according to Thief River Falls coach Jeff Mumm.

"Missing the extra-point made a big difference," said Mumm. "Instead of coming off the field trailing 7-0 and their heads down, the kids figured we'd come back, score, get the extra-point and take the lead."

And that's exactly what happened as the Prowlers responded with an impressive 11-play, 60-yard touchdown drive that showcased the physical, hard-running style that has been Thief River Falls' 1994 trademark.

Tony Halsa, who had a 14-yard run midway through the drive, reached the one when he charged off right tackle for 13 yards on a fourth-and-two call. The next snap was a game-tying quarterback sneak by Keith Anderson, and a little luck on the conversion produced an 8-6 Thief River Falls lead when a mishandled snap on a placement attempt was picked up by kicker Brian Howe, who ran over a defender at the corner of the end zone for the two-pointer.

Thief River Falls made it 14-6 when a 31-yard run by Halsa with 5:31 left in the first half put a quick finish to a 10-play, 80-yard touchdown march. The drive was aided by a pair of Crookston penalties, including a key 15-yard unsportsmanlike conduct call against the Pirates' bench that turned a Thief River Falls punt on fourth-and-two from the Prowlers' 40 into a first down at the Pirates' 45.

Outside of the game-opening strike, Crookston accomplished little offensively against a strong Thief River Falls defense. The Pirates, with Alfredo Lopez breaking away on a 25-yard run, reached the Prowlers' 18 midway through the third quarter before running out of downs. They finished with just 131 yards worth of offense (55 of those yards coming on the touchdown run), and five first downs, two of which came on Thief River Falls penalties.

"I anticipated Crookston scoring more points than that," said Mumm. "They have a nice team. But defensively we played really well. With the wind blowing like it did, it became a one-way football field. You just hope to get some field position out of it. I think the weather probably benefitted us and hurt Crookston."

While the Thief River Falls defense came up big, the offense did its share, too, with a 254-yard game and no turnovers – a major factor since the Prowlers lost the ball seven times (four fumbles, three interceptions) in a 14-6 regular season loss to the Pirates.

Thief River Falls clinched it with an 11-play, 46-yard touchdown drive after Crookston came up just short on a fourth-and-two effort with 7:04 remaining.

Halsa, who had a 20-carry, 130-yard game, scored from six yards out with 2:11 left to wrap it up.

Howe complemented Halsa with a 22-carry, 85-yard afternoon. Those two got most of the calls after halfback Nick Chiodo, who had a 171-yard game in a 48-12 first round playoff win over Fergus Falls earlier in the week, went down with a second quarter ankle injury.

The strong wind kept the passing game in check as the two teams combined to complete just 4 of 16 attempts for 31 yards.

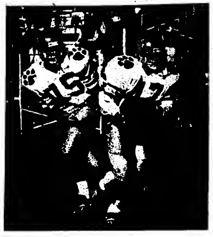
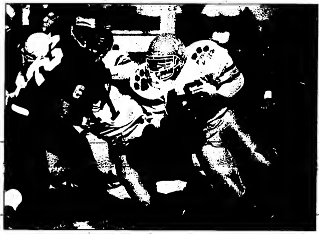
TRF - Keith Anderson, 1-yard run; Brian Howe run.

TRF - Tony Halsa, 31-yard run; run failed.

TRF - Halsa, 6-yard run; run failed.



A backfield exchange between Thief River Falls quarterback Keith Anderson (15) and runningback Tony Halsa (47) was a frequent, and successful, call for the Prowlers Saturday in a 20-6 Section 8A high school football playoff win over Crookston. Halsa netted a game-high 130 yards on 20 carries as the Prowlers moved into the Friday finals against Detroit Lakes at the Fargodome.



Turning up the field, Thief River Falls fullback Brian Howe was about to meet Crookston defender Chris Bruggeman during Saturday's Section 8A high school football playoff semifinal game. The Prowlers beat the Pirates 20-6.

# TRF, Lakers will play for title

Detroit Lakes remains the favorite. But this time the challenge could be for real as the Lakers, after their fifth straight Section 8A high school football playoff title, take on Thief River Falls in an 8 p.m. Friday championship game showdown at the Fargodome.

The two teams met in the 1992 finals in the cold and snow at Detroit Lakes, with the Lakers winning 48-13 en route to the first of their two straight Class A state championships.

Detroit Lakes was an overwhelming favorite the last two years. The goal for the others was simply to reach the finals. This time the Prowlers have their goals set a little higher – their first ever state playoff appearance.

Fergus Falls gave the rest of Section 8A a glimmer of hope when the Otters upset Detroit Lakes 29-27 in Week 5 this fall, ending a 31-game win streak for the Lakers.

That, combined with the fact Thief River Falls has proved itself to be a good football team, has created the feeling that the Prowlers may wrestle the title away from the Lakers this time around.

The two teams met in the 1994 season opener, when the host Detroit Lakes took charge in the second half of a 21-8 win.

The Lakers added wins over Brooklyn Center 41-19, Crookston 33-13 and East Grand Forks 21-6 before turning the ball over seven times and losing to Fergus Falls. They bounced back with regular season wins over Park Rapids Area 20-0, Wadena-Deer Creek 26-12 and Staples-Motley 47-8 to once again earn the No. 1 seed in Section 8A.

After receiving a first round bye, Detroit Lakes shut out Park Rapids Area 27-0 in the Section 8A semifinals Saturday.

Facing the two best teams on the schedule to start the season, Thief River Falls opened 0-2. The loss to the Lakers was followed by a 32-20 defeat at the hands of Alexandria, a team that is 10-0 and in the finals in Section 8AA. The Prowlers came back to hammer Wadena-Deer Creek 40-12, Staples-Motley 54-20 and Park Rapids Area 34-0 before they copied the Lakers' mistake-filled outing against Fergus Falls with seven turnovers of their own in a 14-6 loss to Crookston. They finished with convincing wins over Fergus Falls 35-3 and East Grand Forks, then smoked the Otters 48-12 in first round post-season play, and handled Crookston 20-6 in the Saturday semifinals.

Friday's Detroit Lakes-Thief River Falls winner will advance into the Class A state quarterfinals, where they go on the road to meet the Section 4A winner, either Hutchinson or Dassel-Cokato. The 9-1 Tigers and 10-0 Chargers meet Friday.

State semifinals and finals in all five football classes will be played in the Metrodome in Minneapolis.

Section 8A Football

■ Semifinals Saturday, Oct. 29 - Thief River Falls 20, Crookston 6; Detroit Lakes 27, Park Rapids Area 0

■ Championship Friday, Nov. 4 - Thief River Falls vs. Detroit Lakes, 8 p.m., Fargodome.

## Eagles, Wolfpack play in title game

Argyle defeated Norman County East 48-20 and Kittson Central outscored Clearbrook-Gonvick-Trail 38-30 Saturday in the semifinals of the Section 4 Nine-Man high school football playoffs.

The Eagles and Wolfpack will meet in the Section 4 finals Friday at 3 p.m. at the Fargodome.

# Northland draws Normandale

## ■ MCCC state football playoff semifinal at Bloomington

Minnesota Community College Conference state football playoffs start Saturday with semifinal games matching Northland vs. Normandale in Bloomington and Fergus Falls against Vermilion in Ely.

Both games have 1 p.m. kickoffs. The winners will meet in the state finals Saturday, Nov. 12, at St. Cloud State University.

The playoffs involve the top two finishers in the MCCC Northern and Southern Divisions. Vermilion had long ago locked up the Northern Division title, and Northland's 24-12 Thursday win over Brainerd settled a second place tie between the Pioneers and Raiders. But the Southern Division post-season lineup wasn't settled until a coaches vote Sunday broke a three-way first place tie between Normandale, Fergus Falls and Rochester. The Lions got the No. 1 seed, the Spartans No. 2 and the Yellowjackets were left out of the playoff picture.

It's the second straight post-season appearance for the Pioneers, and their third trip to the playoffs, overall. They lost to Rochester 21-0 in the 1993 state semifinals.

Northland coach Gene Klinke might have preferred a trip to Fergus Falls simply because of the shorter travel distance, but he doesn't dislike the Pioneers' chances against Normandale.

"If we are ever going to be in the state championship game, this is probably our best shot," said Klinke. "Normandale has a very good football team, but we feel very confident that we can match up with them. They like to throw the ball, but with our defense, that doesn't intimidate us at all."

Comparative scores help to boost the Pioneers' confidence. The Lions lost to Brainerd 21-12 and fell to Fergus Falls 34-33 during the year. Northland beat the Raiders with a playoff game on the line, and lost a 32-7 decision to Fergus Falls in a game that was closer than the final score would indicate.

Northland is 5-3 overall, which includes four wins in five Northern Division starts to finish the regular season. Normandale is 4-4, but that includes forfeit losses to Hibbing and Vermilion. The Lions beat the Cardinals 51-6 and knocked off the Ironmen 38-26, but had to give up those two season-opening wins when it was discovered they used an ineligible player.

Quarterback John Blanchard leads the Normandale offense, throwing for 1,530 yards in the Lions' first seven games. Top runningbacks are Ben Turner with 555 yards and Nate Fryberg with 385.

"They have an outstanding quarterback and two good runningbacks," explained Klinke. "They have some skilled people on offense, but they give up some points. The key is, we can't afford to fall behind early."

Northland's offense is directed by quarterback J.P. Lammers and David Simmons, a big-play receiver. The ground game has been effective at times, but misses the potential of Brent Miller, a promising freshman from Mahnomen who has been slowed all year by injuries.

"We need to have Brent healthy," said Klinke. "We haven't lost faith in him, but his body is a mess. You can't play in this league on one leg."

Maybe the best part of the Northland game is its defense, headed by linebackers Rick Anteau and Dave Hofman, and ends Rick Ostby and Darin Fish.

"Our linebackers and ends are as good as anybody in the conference," said Klinke. "We know they'll play well for us. The real key on defense, is the front three. If those interior linemen do their job, we'll be in great shape."

That group includes a rotation featuring Ray Reinhart, Jim Mertens, Jeff Pesch, John Lee, and Scott Stauffenecker.

The game will be played at Bloomington Stadium.

"We're looking forward to the opportunity," noted Klinke. "There's no pressure on us. Number two seeds aren't suppose to win. We'll just go out, hopefully play well, and see what happens."

Before 1993, the only other Northland state playoff appearance came in 1986 when the Pioneers lost to Vermilion 28-13 in the opening round semifinals in the snow and cold at Ely.

MCCC State Football Playoffs

■ Semifinals Saturday, Nov. 5 - Northland vs. Normandale at Bloomington; Fergus Falls vs. Vermilion at Ely.

■ Championship Saturday, Nov. 12 - at St. Cloud State University.

## Recreation Skating lesson registration will be on Thursday

Registration for Session II of the Thief River Falls Recreational Skating program will be held Thursday from 4:30 to 7 p.m. in the basement of the Old Arena.

Lessons will be held Monday and Thursday evenings.

Snow Flow Sam, the Tot program, has a $15 fee for skaters within the Thief River Falls city limits and $20 for those with a rural address.

Basic test program is $25 for residents and $30 for non-residents.

Session II starts Nov. 7 in the Old Arena. Participants should check the arena schedule each week for lesson and practice times.

# Fargodome will host seven section finals

Capped by Friday's 8 p.m. Thief River vs. Detroit Lakes Section 8A final, the Fargodome will be the site of seven Minnesota sectional high school football playoff championship games Thursday and Friday.

Thursday's schedule includes Swanville vs. Browerville at 3 p.m. in Section 5C; Hawley vs. Bertha-Hewitt at 5:30 p.m. in Section 6C; and Red Lake Falls vs. Mahnomen at 8 p.m. in Section 8C.

On Friday it will be Wheaton vs. Verndale at 12:30 p.m. in Section 2 Nine-Man; Kittson Central vs. Argyle at 3 p.m. in Section 4 Nine-Man; Breckenridge vs. Dilworth-Glyndon-Felton at 5:30 p.m. in Section 8B; and Thief River Falls vs. Detroit Lakes at 8 p.m. in Section 8A.

"Our kids are really excited about the opportunity to face Detroit Lakes in the dome," said Thief River Falls coach Jeff Mumm. "I think the two best teams in the section are playing for the title."

Admission is $2 for students and $4 for adults. There is also a $2 parking fee per car in the Fargodome lots.

The Prowlers, along with the other dome participants, will be scrambling this week to purchase footwear for the indoor surface since their regular football shoes can't be used. There are special turf shoes available, but coaches are advising the players to instead purchase a tennis shoe because of the cost factor.

Mumm said the Prowlers will dress all players in the program, grades 10-through-12, for the game.

Because of the tight schedule, there will be just 25 minutes between games – 20 minutes to warm up and five minutes for introductions. Teams will do their stretching in the hallways before the players take the field.

An awards ceremony will follow each championship game.

Thief River Falls Touchdown Club will sponsor a fan bus to the game. The trip will cost $5. Register for the bus at the Lincoln High School activities office. Sign-up deadline is 4 p.m. Thursday.

In other Class A sectional finals this weekend, it's Farmington vs. Northfield in Section 1A; Mankato East vs. St. Peter in 2A; Totino Grace vs. Mahtomedi in 3A; Hutchinson vs. Dassel-Cokato in 4A; Mora vs. Princeton in 5A; Sauk Centre vs. Sartell in 6A; and Crosby-Ironton vs. International Falls in 7A.

In the opening round Class A state quarterfinals the following week, Section 1 will be at Section 7 and Section 8 at Section 4 in the Upper Bracket; Section 3 at Section 5 and Section 6 at Section 2 in the Lower Bracket.

Semifinals and finals will be played at the Metrodome in Minneapolis – the semifinals Nov. 17 or 18 and the finals as part of the annual Prep Bowl Nov. 25.

Tricia Pederson of Marshall County Central (13) spiked the ball against two Roseau defenders Monday during the Section 8A Sub-Section 4 high school volleyball tournament finals at Northland Community College. The Rams won 3-0.

# Strong Alex team sweeps TRF

Powerful Alexandria swept Thief River Falls 15-2, 15-1, 16-14 Friday in the North Sub-Section 8AA high school volleyball tournament semifinals.

The loss ended a 14-13 season for the Prowlers, while the Cardinals, ranked No. 3 in the final regular season Associated Press Class AA poll, moved into the Tuesday finals against Moorhead with a 22-3 record. The 20-5 Spuds were No. 9 in that same poll.

"Even though we lost the match, we still felt good because we could take pride in the fact that we stayed right with them to the end and did our best," offered Thief River Falls coach Helen Anderson.

The Prowlers did some good things in Games 1 and 2 to gain side-outs, but couldn't come up with the point-producing plays when they had the serve.

Alexandria flooded the court with serves to start Game 3, but the Cardinals' starters reappeared when the Prowlers overcame an 8-4 deficit to take a 14-11 lead.

"I was very pleased that everyone played, and they all did their jobs the best they could," said Anderson. "Kelly Skeim, Sarah Huschle and Maren Thorson really did a super job at the net; Jenny Drury did a beautiful job with her passes to the setter; Lisa Odegaard played front row and did a nice job; and I was also pleased with the serving and back row play by Erica Owens. All the girls deserve a lot of credit. I couldn't ask for a better group of kids."

North Sub-Section 8AA Volleyball

■ Semifinals - Alexandria def. Thief River Falls 15-2, 15-1, 16-14; Moorhead def. Bemidji 15-1, 15-6, 15-9.

■ Finals Tuesday Nov. 1 - Alexandria vs. Moorhead.

TRF Scoring

■ Kills - Sarah Huschle 8, Kelly Skeim 7, Maren Thorson 3, Kendra Dimich 1.

■ Last touch points - Skeim 5, Dimich 4, Erica Owen 3, Huschle 2, Michelle Mathson 2, Thorson 1.

■ Assists - Dimich 12.

■ Ace serves - Owen 3, Mathson 2.

Section 8A Sub-Section 4 high school volleyball...

# Nordics lose to Rams in finals

Come-from-behind efforts that netted Marshall County Central an unexpected berth in the Section 8A Sub-Section 4 high school volleyball finals failed to materialize in Monday's championship match as the Nordics dropped a season-ending 3-0 decision to Roseau at Northland Community College.

Graduation losses took most of the players from last year's sub-section runner-up squad and the Nordics struggled through much of the season before putting together a late-season run that suddenly projected them into title-contending status.

Marshall County Central was just 10-9 before winning the Warroad Invitational and beating Crookston in the regular season finale. The Nordics advanced in tournament play with a 3-1 first round win over Kittson County North, a surprising 3-0 quarterfinal sweep of Kittson Central and a 3-1 semifinal upset over Lake of the Woods Friday when they overcame a 12-2 third game deficit and trailed 8-1 in Game 4 before completing a 14-16, 15-12, 15-13, 15-13 win.

In Monday's Halloween Night final against Roseau, Marshall County Central started strong, taking an 11-5 lead on three consecutive ace serves by Tricia Pederson and, after a side-out exchange, another ace by Amanda Myhrer.

But after riding a wave of emotion, the momentum turned against the Nordics, who struggled the rest of the night against a strong Roseau squad that put together a 15-11, 15-10, 15-6 win.

A rocky start in Game 2 produced a 7-3 deficit for the Nordics, who did rally to within 14-10 before a missed serve gave the ball back to the Rams for a kill by hard-hitting Erin Habstritt.

Roseau took firm control of the match with a quick 5-0 start in Game 3 to set the stage for the sweep. Habstritt was the individual standout down the stretch with a series of five kills to turn a 9-5 lead into a 14-5 spread, and Kylee Johnson's spike ended it.

"The comeback kids didn't come back tonight," acknowledged Marshall County Central coach Mark Jorgenson. "We played a heck of a match against Lake of the Woods in the semifinals. We were able to come back from some huge deficits. But Roseau kept the pressure on us all night. We got off to a good start, but then for some reason we seem to lose our intensity. We started to fall apart and we couldn't seem to do much of anything."

Still, an 18-10 finish and another sub-sectional runner-up effort were above and beyond what Jorgenson had projected for his 1994 Nordics.

"It hurts to lose, but I'm really proud of the kids," he said. "They made a lot of progress this year. You can't fault them at all."

# Thursday dual ends swim season

Final meet of the 1994 regular season schedule for the Thief River Falls girls high school swim team will be a 5 p.m. Thursday dual against Crookston at the Franklin Middle School pool.

Section 8 swimming and diving championships will be held Nov. 11-12 in Alexandria.

The Prowlers took part in the Pirate Invitational Friday in Crookston, where Detroit Lakes won team honors with 379 points, followed by Crookston 301, Park Rapids Area 284, Thief River Falls 171, and Warroad 71.

Thief River Falls standout Theresa Glsuqoo missed the meet while on a college visit.

"I thought it was an exceptionally good meet for us," reported Thief River Falls coach Ryan Lokken. "Our divers were 1-2, our relays did well, and our individual performances were exceptional. It was a very positive meet for us."

Thief River Falls received first place finishes from eighth grader Nicole Kopari in the 50 freestyle and junior Jennifer Olin in diving.

# TRF baseball group will be reorganized

by Sports Editor Mike Lundgren

Baseball, usually not at the forefront of Thief River Falls sports in late October or early November, will need to capture some off-season attention if the game is going to be part of the city's summer scene.

Money, or rather lack of it, is the problem. Legion baseball, a staple part of the Thief River Falls summer schedule for years, managed to get through the 1994 season with fund-raising activity and community contributions after Post 117 was forced to reduce its financial backing because of a drop in charitable gaming funds.

The situation isn't expected to be any different in 1995, and unless funds are raised, players ages 16-18 may not have the opportunity to play baseball next summer.

First step in addressing matters came recently when the Thief River Falls Youth Baseball Association, the governing body of the baseball program for 13-15-year-olds, agreed to expand its operation to cover baseball for 13-18-year-olds – a single board to help direct the entire summer baseball program, especially in money matters.

The group is headed by John Rokke, president; Pete Solem, vice-president; Mary Reierson, treasurer; and Diane Beste, secretary.

A meeting will be held Wednesday, Nov. 16, at 7 p.m. at the Legion to begin formulating plans for operation of the new baseball network. The meeting will be open to the public. Anyone interested in baseball is invited, with parents of the players urged to attend.

Summer baseball is a long ways away, but the foundation has to be put into place now if the program is going to operate this summer. That will happen only if there is enough interest and public support to address the financial problems the sport faces.

If volunteers don't come forward, summer baseball for 13-18-year-olds will be a memory.

Becky Mooney, a Lincoln High School freshman, came off one of the bridges at the Thief River Golf Club Thursday in the girls portion of the 1994 Section 8AA cross country meet. She was the top Thief River Falls finisher in the event with a ninth place effort.

# Swimmers win dual at Warroad 193-112

A recent addition to the Thief River Falls schedule resulted in a 193-112 girls high school swimming win at Warroad Oct. 25.

The Prowlers won 11 of 12 events against the first-year Warroad varsity program.

"We had a lot of good times," said Thief River Falls coach Ryan Lokken. Some of the biggest time drops, according to Lokken, belonged to Mandy Johnson and Sarah Harger.

Alexandria had five runners among the top eight finishers Thursday en route to team honors in the girls portion of the 1994 Section 8AA high school cross country meet at the Thief River Golf Club. Counting five of their seven runners for the team scoring, the Cardinals beat second place Rocori by a 21-61 margin. The Alexandria squad included, front row left to right, Cassie Thoen, Stef Lenz, Cindy Carstens, and Kari Breitkruetz, who was fifth individually; back row left to right, Katie Kobbermann, Kellie Glover, eighth; Katie Reif, the winner of the 4,000-meter race; Kelli Howell, third; and JoAnne Kuhnau, fourth. The top two teams and top five individuals qualified for the Class AA state meet Saturday at St. Olaf College in Northfield.

Team title in the boys portion of the 1994 Section 8AA high school cross country meet Thursday at the Thief River Golf Club went to Alexandria by a 45-100 margin over second place Elk River in the 15-team field. Top five runners on each squad figure into the scoring. The winning Cardinals included, left to right, Brian Jones, tenth individually, and Jeremy Schultz, 16th; middle row left to right, Andy Cavers, sixth; Jeff Gesell, Matt Tuil, 13th, and Eric Johnson; back row left to right, Eric Quam and Jeremy Estenson, the winner of the 6,000-meter race. Top two teams and top five individuals earned state meet berths.

# Section 8A volleyball starts Friday at UMC

# Law Enforcement respond to many accidents

Law enforcement officials in Pennington county responded to several reports of accidents along with some other unusual incidents during the past week.

**Accidents.** On October 25 at 5:30 p.m. police received a report of a hit and run accident. A car driven by Suzanne Ledbetter, Thief River Falls, was going east on Third and a vehicle described as a four-door tan Buick LeSabre, entered Third from Barzen and collided with the Ledbetter vehicle and then left the scene. The left rear of the hit and run vehicle was damaged and part of the bumper is missing. There was $2,000 damage to the Ledbetter vehicle. The accident is under investigation. Police are asking that anyone with information about the hit and run vehicle to contact the police department.

On October 14 at 4:09 p.m. police received a report of an accident in Riverview *Trailer court*. According to the accident report, a car driven by Jeffrey Kulvak, route 1, Newfolden, was parked facing north in Riverview trailer court, and Mark Gerardy, Thief River Falls, was in the process of backing up his pickup when his vehicle struck the parked car. Damage was estimated at $1,459.60 to the Kulvak vehicle.

## School board and referendum issue on ballot

Three candidates have filed to fill the three positions on the school board in School District 564 that will be on the ballot this year.

Hank Hallstrom and Larry Belmont, incumbents, have filed to fill two three year positions on the ballot. Cheryl Lee filed to fill the remaining two years of a three-year position she vacated last year because a potential conflict of interest. in the meantime, that position was filled by Harry Sjulson, a former board member, who decided not to run for election.

Each candidate was asked by The Times to provide background information, and positions on important issues, in a letter to voters in the county. These letters and pictures are being printed in The Times as a public service and at no cost to the candidates.

While this election might not generate much interest because of a lack of competition for the positions, voters in the school district are expected to turn out in great numbers because of an excess levy referendum on the ballot.

The statement on the ballot reads: "The board of Independent School District 564, Thief River Falls, MN, has proposed to increase its general education revenue by $289.29 per actual pupil unit. The additional revenue will be used to finance school operations and the property tax portion thereof will require an estimated referendum tax rate of approximately 0.0566 per cent of the referendum market value of all taxable property in the district for taxes payable in 1994, the first year it is to be levied. The referendum revenue authorization would be applicable for 10 years unless otherwise revoked or reduced as provided by law."

The question posed to voters, which they will be asked to vote yes or no to, states: "Shall the increase in the revenue proposed by the board of Independent School district 564 be approved?"

The office of the Secretary of State has issued the following news release regarding commonly asked questions about the general election.

**Q. Where do I go to vote?**

A. You vote at the polling place designated for the precinct in which you reside.

**Q. When will my polling place be open for voting?**

A. Most polling places will open at 7 a.m. The polling places in a few townships located outside the Twin Cities metropolitan area will not open until 10 a.m. All polling places in Minnesota will remain open until 8 p.m.

**Larry Belmont**
**for school board**

The time has arrived once again for candidates for local public office to present themselves in the local newspaper. This year there are no challengers for any of the positions on the board of education. I still very much appreciate, however, the opportunity afforded by the Thief River Falls Times to express not only my desire to serve the district for the next three years, but to also thank the residents of the district for having given me the opportunity to serve for the last three. I truly enjoy the work of the school board.

I believe that I should say a few things about myself for those readers who might not know of me. I have been a resident of Thief River Falls since 1973. I am the owner and operator of the Belmont Funeral Home. My wife Cathy and I have three children ages 24, 22 and 16. We are members of St. Bernard's Catholic church and consider ourselves to be active members of the community. We care very much about preserving and nurturing the quality of life which this area offers. I am in my seventh year as a member of the school board. I have served the board as clerk, vice-chairman and chairman.

The last three years have been eventful, to say the least. This fall saw the opening of an elementary school building that is unequalled anywhere in the state. Challenger elementary school will be a great place in which to be a kid. I also think it will be a great place in which to work. Students and staff alike should take delight in belonging to Challenger. Franklin Middle School is now actually beginning to look like a middle school. Lincoln high school continues to grow and evolve to meet the changing requirements of a high school of tomorrow. These improvements to

**Hank Hallstrom**
**for school board**

My name is Hank Hallstrom. My wife Dolly and I live south of St. Hilaire. All three of our children graduated from School District 564, gone on to school, and are gainfully employed from the Twin Cities to California.

For the past five years I have been employed at Arctco, Inc., as safety coordinator. All of my adult life I have taken an active role in community affairs. This includes from coaching Little League to serving on church councils. As a member of Black River Lutheran church I get a strong feeling of the rural concerns of our district. The Big Brother Program was an eye opener and I feel that I am the one who has benefited. After five years with the same boy, I truly do have a little brother. In recent years my interests have had emphasis on education.

As we approach school board elections and the positions go unopposed, I hope it is because people are satisfied with the school board and not because of lack of interest.

During the past 12 and one-half years I have been on the school board, there have been many changes. We have moved from a district of poor labor relations and teacher strikes, to one where everyone can negotiate with a feeling of trust which makes for excellent labor relations. in the last round of negotiations all units took a pay freeze in an attempt to help the district with the current financial struggle. I think we all can be proud of our district employees on an everyday basis, but especially for the great job during the construction phase.

We have moved from a district of old, outdated buildings to state-of-the-art facilities that we can all be proud of!

As you know, there will be a ref-

**Cheryl Lee**
**for school board**

I, Cheryl Lee, am running for the two year school board position. I resigned from the Thief River Falls school board in March 1994 to preclude any conflict of interest in the remaining construction the school district was undertaking, according to Minnesota state statute. Since the construction and remodeling of the schools is virtually concluded, I have decided to complete the two year term.

Challenger Elementary school, in conjunction with the remodeling and additions to Franklin Middle School and Lincoln high school afford school district 564 with one of the best building facilities in the state of Minnesota. Improved technologies in these facilities will give the students of this district the opportunities to learn and compete in this new age, the technology age.

The adoption of the Thief River Falls Project 2000 strategic plan provides the school board with its guidelines for the coming years. I believe the district's mission of a community partnership focused education to ensure quality learning within a challenging environment is an essential component in all decisions made by the school board. As a contributor to the formulating of the strategic plan, I feel a strong ownership and motivation to implement the plan.

Being a member of the PER (Planning, Evaluating, and Reporting) committee has afforded me with an in-depth look at the ISD 564 curriculum. The curriculum review cycle has given this school district the opportunity to evaluate, update, and change its curriculum to better serve the students of this school district, Kindergarten through grade 12. This is an integral part of accomplishing the strategic plan, in my opinion.

Having children in the school

## Whole Wheat BIBLE STUDY

### Alcoholism

*After you read through this Bible study, go back and look up the Scriptures and highlight them in your Bible.*

Our modern society calls alcoholism a disease. Logic demands that if alcoholism is a disease, so are smoking, eating disorders, and drug addiction. Let's consider that alcoholism is not a disease. Then what is it?

Alcoholism is a penalty. It is a just effect caused by abuse or misuse of a privilege. Alcohol by itself does no harm to anyone. Guns by themselves do no harm to anyone. Food by itself does no harm to anyone. Salt, pepper, and spices in moderate amounts do no harm to anyone. But what would be the result of abuse of these products?

Great amounts of pepper can kill a person. Too much food can kill a person. Guns can kill people, yet they also can do a lot of good.

It becomes evident that we are the culprits. God has given us this world and all it contains to use and enjoy, not to abuse and destroy. Yet, we can't help but destroy because the word of God says we were born with an evil, destructive nature (Gen. 8:21; Eph. 2:3; Rom. 7:18-19). God's word says we are being held captive by Satan to do his will (2 Tim. 2:26). Our nature is out to destroy us, but we must master it (Gen. 4:7).

Jesus came to destroy the works of the devil by performing the works of God daily in His life (1 John 3:8). This is a very easy thing to do (Matt. 11:30). Just overcome evil by doing good (Rom. 12:21). Resist Satan and he will flee from you (Rom. 16:19-20; James 4:7). Who is there to harm us if we prove zealous for good deeds (1 Peter 3:13)?

Jesus Christ drank wine (Luke 22:18; 7:34). He made wine from water and in the future, He will serve wine at the wedding supper for the saints (John 2:6-10; Is. 25:6). There are many Scriptures that support the wise, moderate use of alcohol (Eccl. 9:7; 8:15; 2:24; 5:18; Prov. 20:1; Eph. 5:18). Yet, the New Testament warns us not to become drunk (Gal. 5:21; Rom. 13:13; 1 Thess. 5:7). The Bible teaches us we are to be controlled by God's Spirit, not alcohol (John 16:13; Rom. 8:14; 1 Tim. 3:3).

Those who love God are told to practice moderation in all things (Prov. 11:1). So, if you are going to abuse alcohol, don't use it. If you have abused it and are receiving your just penalty, then don't use it anymore. There is much more to life than alcohol.

# School board, referendum on ballot Nov. 8

(Continued from Page 1)

**Q. How can I find out the location of my polling place?**

A. You can contact your county auditor or city clerk to find out where you vote.

**Q. Can I get time off from work to vote?**

A. Yes, you have the right to be excused from work before noon in order to vote, without loss of salary or wages, as provided by state law.

**Q. Who is eligible to vote?**

A. Any U.S. citizen who is at least 18 years old and has been a resident of Minnesota for the last 20 days may vote.

**Q. Can I register to vote on election day?**

A. If you are not currently registered or have moved or changed your name since last voting, you may register at your polling place.

**Q. What identification will I need to register?**

A. You will need a valid Minnesota driver's license or Minnesota identification card that contains your current address in the precinct. A receipt for either of these forms is also acceptable if you have renewed your license recently.

**Q. What if I don't have a current driver's license or ID card?**

A. You may also bring a person who is registered to vote in your precinct to the polling place with you to vouch for your residency.

**Q. Can I watch the voting in the polling place?**

A. No, you may only be present in the polling place during the time that you are voting.

**Q. What will be on the ballot?**

A. You will have the opportunity to vote for U.S. Senator, U.S. Representative, State Senator (districts 19 and 31 only), State Representative, Governor and Lieutenant Governor, Secretary of State, State Auditor, State Treasurer and Attorney General. In addition, there will be several state judicial offices on the ballot and a proposed amendment to the state constitution. Also, you will be voting for most of your county officials and many municipal officials as well.

**Q. Can I accept a ride to the polling place from a candidate?**

A. Yes, but the candidate is not permitted to attempt to influence how you will vote.

**Q. Can I receive assistance in marking my ballot?**

A. If you have difficulty reading or marking the ballot, you may bring someone with you to provide assistance as long as the person is not your employer, an agent of your employer or your union, or a candidate. If you cannot find anyone to assist you, you may request the assistance of two election judges at your polling place.

**Q. Can I get into the polling place if I am disabled?**

A. State law requires all polling places to be fully accessible to disabled voters. If you are unable to leave your car, you may request that the election judges bring the ballot to you at curbside.

the physical assets of the district — the buildings — are exciting and I would rank the realization of those improvements as the highlight of my current term.

Another milestone reached over the last three years is the development of a strategic plan. Named Education Project 2000, this plan was recently presented to, and accepted by the board of education. Like building projects mentioned above, this plan is an example of the community's commitment to and involvement in its schools and its interest in the welfare of its children. Over 200 people, most of whom are not district employees, worked very hard over a period of three years putting together strategies designed to benefit the children of the district. Although this plan was for the school district, it involves the entire community and I am proud of the way in which the community helped to formulate it.

I would be less than honest, however, if I were to pretend, and expect you to believe, that everything was working flawlessly in the district. Budget tightening is never fun, especially where programs are concerned. We are currently faced with some very difficult decisions. Funding for primary and secondary education in Minnesota has not increased in four years. The cost of delivering education has continued to escalate in those same four years and we have cut about as much as we feel is wise. Last year's round of contract talks with staff resulted in wage freezes which were greatly appreciated and needed. With that in mind, I would ask you to remember that another question on the ballot this year is one for the additional funding for the operation of our schools. I am asking you to carefully study the referendum question which you will be asked to approve on November 8. I honestly feel that the funding is needed and with the state's equalization aid (81.3 per cent of the funds would be supplied by the state) the impact on local taxpayers would be minimal.

Again, I am pleased and honored that you have allowed me to serve on the school board in the past and I am hopeful that you will do so again this year. We have a great group of kids in this district, being taught by a great group of teachers. I would be very thankful for the opportunity to remain a part of the board.

Over 100 choral students from 15 area high schools attended the Third Annual Vocal and Choral Festival at Northland Community College on Wednesday. The guest clinician this year was Larry Bach from North Central Bible College. Bach worked with the high school students in the morning and the students performed a concert at 2:30 p.m.

erendum levy on the ballot November 8. The problem is the state has made the school finances so complicated that unless you have invested a considerable amount of time on the issue, it is very difficult to understand. You as a taxpayer must listen closely to understand the actual tax impact and know that it really does make sense! Please take the time to look at the Tax Impact Charts and vote November 8. Thank You!

system, as well as one in college, I am acutely aware of the outcomes desired for graduation. As a business owner, I see the essential skills and interpersonal skills needed to enter the world of work. The Tech Prep program has begun to address these needs. The school board will have an impact on the forward progress of this through its policy making and following state mandates. I look forward to the challenge.

The education of our young people will have a tremendous impact on our future society. The goal of the school board, in my opinion, is to ensure a safe, disciplined learning environment for every student. The board has the responsibility to set achievement goals, provide resources and incentives, and ensure accountability. In serving on the school board, I intend to do my best to fulfill the duties of an elected board member.

Learning takes place when given time, resources, and positive experiences. The Thief River Falls community is on the right track in providing these components. With no increases in the state per pupil funding, we must procure the additional financial resources needed to maintain and develop programs that enhance learning. We can do this by voting for the levy referendum. Please vote "yes" on the levy referendum on November 8.

## HATS OFF TO 4-H

### New Solum

New Solum 4-H club met October 13 at the clubhouse. The meeting was called to order by president Kelly Natvik. Flag pledges were said and roll call was taken to "What's your favorite song?" No secretary or treasurer reports were given.

Kelly Natvik and Katie Jorde reported on the 4-H carnival. Workers are needed for the 4-H awards banquet. Colette Voecks volunteered to bring two quarts of dill pickles and Cory Jorde and Karen Beaver will bring four dozen buns.

A Christmas party committee of Colette, Jared and Justin Voecks, Katie and Sam Jorde, Kelly Natvik, Jenny Klaven and Randiae Hall was formed.

New officers were installed and members initiated. Officers are Nikki Bulger, president; Wayne Johnson, vice president; Katie Jorde, secretary; Beth Olson, treasurer; and Kelly Natvik, reporter. New members include Sam Jorde, Alicia Beaver and Jared Voecks.

Meeting was adjourned. There were 10 members and six parents present. Next meeting will be held on November 10 at the Colette Voecks home.

### Highlanding

Highlanding 4-H club met October 13 at the Goodridge Senior Citizen Center. The meeting was called to order by president Michael Lovly. Flag and 4-H pledges were said. Roll call was taken on the subject of fire safety tips.

Secretary's report was given by Chancey Halvorson and treasurer's report by Adam Kassa. Congratulations were extended to all Highlanding members for 100 percent completion of 4-H records and thanks were given to Paula Mutnansky, Deb Swanson, Jean Halvorson, Marcella Hanson and Dawn Hanson for record judging.

The 4-H carnival went very well and thank you was given to the Goodridge Lioness club for letting the club use its hoop shoot game.

New business included the 4-H awards banquet to be held October 23 at the Eagles hall with meal from 5 to 6:15 p.m. and program to begin at 6:30 p.m. Dawn Hanson will be selling tickets for $1 each. They will be $1.50 at the door.

Election of officers was held with the following results: Carl Dahlen, president; Marshall Tanner, vice president; Ben Hanson, secretary; Adam Kassa, treasurer; Nina Smith, reporter; and Gabrielle Lee, song leader.

Hot Dog Award went to Ben Hanson and Carl Dahlen for receiving purple ribbons at the State Fair. The club issued a special welcome to new members Jessie Nelson, Christian Solberg, Penny Frederick, Pamela Frederick and David Frederick. Meeting was adjourned and recreation was singing Halloween songs. Lunch was served by Deb Swanson.

There were 22 members, nine parents and two guests present. Next meeting will be held on November 10 at the Goodridge Senior Citizen Center.

Nina Smith, reporter

### Kratka

Kratka 4-H club met October 10 at the Kratka hall. Meeting was called to order, flag pledges said and roll call taken. Secretary and treasurer reports were given. Thank-yous were given to some of the 4-H families for helping with the 4-H carnival.

Discussion was held on the awards banquet to be held Sunday, October 23. Kratka club will provide pickles and one dozen buns.

Members turned in their enrollment forms and talked about the Save the Depot breakfast on October 30 at the Eagles club. Workers are needed for that project.

Discussion was also held on having a halloween carnival and plans were made for the next meeting. Meeting was adjourned and recreation consisted of games.

There were 13 members and five parents present. Next meeting will be November 14 at the Kratka town hall.

Stephanie Johnson, reporter

### Steiner

Steiner 4-H club met on October 10 at the Steiner hall. Vice president Andrew Solem called the meeting to order. Flag pledges were led by Nathaniel Muzzy. Roll call was to name one new friend made this year. Treasurer's report showed a balance of $417.80 in the checking account and $13.60 in petty cash. There was no old business to discuss.

New business included a discussion on the Save the Depot breakfast on October 30, the awards banquet on October 23 and signing up for committees members want to serve on. Meeting was adjourned.

Recreation consisted of picking three letters out of a hat and seeing how many things in the club could be found that started with those letters. Lunch was served. There were 10 members and six parents present. Next meeting will be November 14 at Steiner hall.

Rebekah Solem, reporter

### Smiley

Smiley 4-H club met on October 10 at the Smiley hall. The meeting was called to order by new president Laura Steiger. Flag pledges were said and roll call response was to the question, "What's your favorite fruit?" Having a birthday in October was Melissa Clark. Treasurer's balance was reported at $355.32.

Old business included noting that record judging is done. Thanks were given to 4-H carnival worker.

New business included the 4-H awards banquet Sunday, October 23, at the Eagles hall. Meal will be served from 5 to 6:15 p.m. with program starting at 6:30 p.m. Meal tickets are available through October 14 for $1. Price at the door will be $1.50.

Cloverbuds (K-3) will begin soon with time and place to be announced. There will be a pancake breakfast for Save the Depot on October 30 at the Eagles club. Helpers are needed to fill out club program books and are to meet November 6 at Helgeland's at 2 p.m.

4-H enrollment forms are to be turned in by November 1. Chairpersons for the halloween party are Lori Sorteberg and Becky Sorteberg. They will call with information.

Chelsey Helgeland made a motion to adjourn the meeting with second by Brandi Larson. Motion carried.

Make-up demonstrations were given by Bryanna Helgeland of plants, Jocey Helgeland on rabbits and Carissa Holechek on embroidery. There were 18 members and 12 parents present.

SHOP LOCALLY SHOP

## New driver's license system now complete

Completion of installation of the new driver licensing system has been announced by the Minnesota Department of Public Safety.

All driver license application stations now have the equipment to take applications for the new license, which is designed to be more secure and resistant to counterfeiting and alteration.

The new system is designed to allow faster issuance of license. In the near future, licenses will be issued within two weeks. Licenses are currently being issued about 50 days after application.

The first installations were plagued with equipment and computer problems which caused some pictures to be lost and a number of drivers asked to return to have a second picture taken. Letters to those drivers were mailed last week.

Katherine Burke Moore, director of driver and vehicle services, apologized for the inconvenience and said she expects issuance to improve within the next few months.

"We are working overtime to reduce the backlog and to contact those drivers who need a second picture," she said. "As soon as that hurdle is passed, we will be issuing licenses within two weeks."

Lyn Turenne and Effie Handy were Thursday supper guests at Robert Handy's in Fosston.

My son-in-law, Howard Johnson from Shoreview, came up two weeks ago to be with his mother, Viola Lee when she had eye surgery at the Fosston hospital. Howard also visited with Esther Rutkowski at her home.

Esther Thorssen and Emma Nyland were Friday afternoon visitors at Effie Handy's.

Phyllis and Bob Anderson from Flint, MI were Saturday evening visitors at Judy and Forrest Knudson, Wallace and Esther Rutkowski were also callers. We had a great time reminiscing.

Norman Emerson and Delores Spencer were Sunday forenoon callers at Effie Handy's.

Deloris Ringstad and Esther Rutkowski were Wednesday evening visitors at Judy and Forrest Knudson.

Esther Rutkowski says "I'll miss Darin Carlson, I always called him my boy too because I would get him to help me with my lawn work and then he would come in the house and visit with me."

In Tough Times Collin Fights for Us

We've been through some tough times lately. Flooded crops—a total wipeout for a lot of farmers around here.

But when times are tough, Minnesota farmers have a special friend in Collin Peterson. Collin grew up on a farm, in Clay County, so he knows about weather disasters. And, just as important, he knows the disaster program.

This year, Collin was instrumental in getting the disaster program renewed in Congress, so local farmers can get the help they need.

We'll need Collin's assistance next year, too, when the whole Farm Bill is up for renewal. His leadership position on the Agriculture Committee means he can work effectively for farmers here at home. This is no time to send in a rookie.

Collin Peterson is the friend we need, to ensure that our farms will still be here for future generations.

Most of the leaf piles in Thief River Falls are getting smaller, with at least one exception. This large pile of leaves was found last week on North St. Paul. City Sanitation Supervisor Bob Jablinske said that city crews have picked up about 90 truck loads of leaves. He said the yearly average is about 110. Most of the leaves have been picked up, but Jablinske said crews will continue to pick up leaves at least through next week.

## *Election Predictions*

General election in Minnesota and Pennington county November 8 will have a number of interesting races on the state, district and county levels. Despite taking a few falls in the primary election predictions, we are going out on a limb again to see if we can guess what the voters will do next Tuesday.

Once again we emphasize that our guesses are not endorsements of those we expect to win nor opposition to those we predict won't win. They are merely a statement of what we think the voters will decide. We encourage anyone interested to make their own predictions and compare their results with those we present.

Here is what we predict:

**U.S. Senator:** Major party candidates are Ann Wynia of the Democratic-Farmer-Labor party and Rod Grams of the Independent-Republican party. There is little choice for middle of the road voters here. Wynia is considered ultra-liberal and Grams fits the mold of ultra-conservative. We're going to give the nod to Grams in a narrow victory.

**U.S. Representative, 7th District:** Two years ago Collin Peterson and Bernie Omann went down to the wire in this race with Peterson having a narrow margin. As opposed to the U.S. Senate race, the Seventh District contest gives the voters a choice between two moderates. Rep. Peterson has one of the most conservative voting records of any Democrat and Omann is mostly a middle of the road Republican. We expect Peterson to win again, but with a greater margin than two years ago.

**State Representative, District 1A:** Rep. Jim Tunheim of Kennedy seems to have a lock on this office and shouldn't have any trouble being reelected over Republican challenger Rob Bowen.

**State Representative, District 1B:** Tim Finseth of the Warren area was elected in a special election over Thief River Falls DFL candidate Joel Swanson. This is his first general election test and his opponent is Thief River Falls DFL candidate Ken Murphy. More than any other state race, provincialism enters into the state legislative races. Many voters favor local candidates over party candidates. Murphy has held local offices on the school board, city council and county board but has not enjoyed outstanding voter support over the years. He will need a strong Thief River Falls and Pennington county majority to win. We predict a Finseth reelection in anticipation of a strong showing in the southern and western part of the district.

**Governor-Lt. Governor:** John Marty is a young, ambitious politician with strong commitment to his views—and a campaign that has broken down in total disarray. His incumbent opponent, Gov. Arne Carlson, has been rejected by his own party leaders despite a successful term in office. The voters will stay with Gov. Carlson for another term, but the outcome may be closer than many pundits predict.

**Secretary of State:** Joan Growe has lived in that office for 20 years. Nobody is about to evict her now.

**State Auditor:** Donald Moe, DFL candidate and brother of Senate Majority Leader Roger Moe, ran strong in the primary. Unless the Marty gubernatorial campaign drags him down with it, he should prevail over IR candidate Judi Dutcher.

**State Treasurer:** Flip a coin for this one, but this is Minnesota. We'll take an Olson (James C. "Jim, IR) over a McGrath (Michael, DFL).

**Attorney General:** Even with a traditional Minnesota name, Sharon Anderson (IR) doesn't stand a chance against a legendary Minnesota name, Hubert H. Humphrey (III, DFL).

**Constitutional Amendment:** There will be a lot of people not voting on this proposal to allow off-track wagering on horse racing. Failure to vote counts as a vote against. This amendment will be defeated, even with the unlikely chance it receives more "yes" than "no" votes.

**Pennington County Treasurer and Recorder:** These are the kind of political races that are the good news/bad news variety. The good news is that the voters win no matter who is elected. The bad news is that all four candidates can't be elected. We will opt for predicting incumbents to win in both races—Vickie Bjorgaard over Laura Nelson for Treasurer and Ken Schmalz over Lemay Moe for Recorder.

**County Commissioner, District 2:** Former Mayor and City Council member Bob Carlson is seeking election to the county board with opposition from Bob Jabiinske, a long time city management employee. Carlson has proved to be an effective campaigner in previous elections and we would look for him to be successful again.

**School District 564 Levy Referendum:** We don't think enough voters fully understand this referendum for school district operating funds to support it. Some will confuse it with the bond referendum for buildings, others will not understand the need or that the district will only need to invest $135,842 annually to obtain $590,739 a year in equalization funds from the state. Our reluctant prediction is that the referendum will fail and that there will be a lot of stress in the next year before it can be presented and passed at the next general election.

There our guesses are for all to see. Now let's see what the voters decide next Tuesday.

To The Editor:

On Tuesday, November 8, the people of Minnesota will have the opportunity to vote on whether or not our state constitution should be amended to permit the establishment of Off Track Betting (OTB) parlors. Proponents of the measure are posing this as a "jobs and agriculture" issue, and are arguing that since pari-mutuel betting on horse racing is already legal in Minnesota this does not represent an expansion of gambling within the state. But these are half-truths at best.

For while the OTB bill does not specify the number of sites to be established if the question passes, both Minnesota Public Radio and WCCO have reported that the legislature will be lobbied to approve the opening of parlors in 25 locations by the bill's supporters if they are successful. It is true that pari-mutuel betting is not a new form of gambling in Minnesota. But with 17 tribal casinos already operating within the state, the addition of 25 OTB parlors would represent yet another major expansion in access to gambling.

Furthermore, it is imperative that we also weigh the anticipated social costs of any new jobs that would be created by such an expansion of gambling within our state. Two recent studies, one by the University of Minnesota and the other from the University of Massachusetts in Amherst, estimated that "casino gambling alone costs Minnesota $250 million per year in outlays to deal with all the effects caused by pathological gamblers who commit crimes to feed their compulsion" (9/22/94 *Star Tribune*). And this does not include any similar costs incurred by those who play the lottery or pulltabs.

Minnesota's Compulsive Gambling Hotline began receiving calls in April of 1990 and was logging 50 calls a month by June of that year. But by 1993 the Hotline was frequently receiving nearly 500 calls for help per month! At the same time calls to Gamblers Anonymous, a separate entity, have tripled in the last year!

Worse yet as we contemplate a future with increased opportunities and inducements to gamble, studies in Minnesota, California and Connecticut have found that adolescents are four times more likely than adults to become compulsive gamblers, and that nearly 20 per cent of teens are a serious risk of developing a gambling problem.

Are the few jobs that would be created by passing the OTB bill worth these costs? I don't think so. In 1992 Minnesota was second only to Nevada in per capita betting. Let's not become No. 1.

We should vote NO on the Constitutional amendment to permit Off Track Betting on November 8!

Sincerely,
Pastor Bill Kerr
Thief River Falls

## LETTERS

To the Editor:

For the first time the Republican party has the opportunity in this November's elections to finally swing the power from the left to the right in our nation's governing body. We will have a change that is true, a change that is right, and more importantly a change that is needed. The change I talk about is an optimistic one, one that is full of vision, a change that takes government out of our lives, and a change that will hold our leaders accountable.

We have a party that has formed a contract with you and with me and the rest of America. It promises to bring to a vote a balanced budget amendment, a get tough crime bill, welfare reform, tax cuts for families, restrengthen defense and to keep it strong, raise the earning limit that our senior citizens are allowed to make while still on social security, cut government regulations, legal reforms and term limits. This isn't a change of idle words, false promises or politics as usual, but a change for the better and thereby providing a foundation for a better future.

We need a change from a party that is stagnant and can't pass a thing, even with overwhelming majorities, from expensive haircuts to postal theft, and the Senator Rockefeller type politics of "The American people will have health care whether they want it or not."

It's time for a change from Whitewater, cattle futures, Kennedy and a change from victimizing the criminal and criminalizing the victim. Oh yes, we need change from 40-plus years of control of congress by one party; we need to change the empowering of government. "Government is part of the problem not part of the solution." (Reagan)

The time is ripe for change from defense cutbacks, the acceptance of homosexuality as a viable lifestyle, revisionism of the eighties, the "I feel strongly both ways about everything" mentality from the White House. It's time for our leaders to be decisive and take a stand.

I firmly believe in a leader and a governing body that makes us proud, and this pride will seep into every pore in this country and excite us and move us to proudly say, "God Bless the United States of America." It's time for the American people to rise up and seize the moment, go to the polls and elect a new governing body and a new leader in 1996. America, rise up and let your voice be heard.

Proudly Conservative,
Ross J. Dalzell

To The Editor:

As a conservative independent voter, there is a titmus test a candidate must pass in order to get my vote. Among them, he/she must:

- Support business and agriculture in my district;
- Be willing and available to listen to his constituents in order to better represent them;
- Work to make our communities and state safe without resorting to taking guns away from sportsmen and law-abiding citizens;
- See that highways in District 1A are repaired and/or improved when necessary;
- Provide funding for the schools in our district so that they can produce students who can effectively compete in the marketplace and so that school plants can be renovated or expanded as the need arises;
- Support legislation that reflects my beliefs and values.

I watch how my elected officials vote, and Jim Tunheim has consistently passed my titmus test. He is a man who quietly and effectively represents us in St. Paul. As a parent, a former elementary teacher, a small business owner and a conservative voter, I find his views largely match my own. He is pro-life, feels that promoting any kind of sexual activity by minor children is irresponsible and has the endorsement of the National Rifle Association. Although his opponents have spread misleading information about him, he is a man of integrity and stands firmly behind his principles.

Respectfully,
Celeste M. Colson

St. Hilaire, Polk County, Minnesota October 31, 1894

*From Newspaper Files Of One Hundred Years Ago*

***From the Editorial Page***

"County division, county division - only one week more and we are glad of it. Of all the senseless schemes that were ever concocted by brain of man; the dividing of Polk county into four is about the worst. Men of all sizes, nations, creeds, and political beliefs are trotting all over this county telling the cussedest lies ever invented in the interest of county division. Men who never paid over a dollar of taxes in all their lives are screeching about the heavy tax burden of Polk county. Little they care how much it will be increased. It will make more offices and they are looking for a job. Taxpayers, if you vote for the best interests of your property you will vote NO."

## LETTERS

To The Editor:

On moving to this northwestern corner of Minnesota from California last year, I had occasion to speak by phone with Mrs. Jim Tunheim, our local State Representative's wife. I like to be informed of what my local representative is doing, what he/she is for, or against, and to get a feeling for his/her personal views in general. I felt, at that time, pleased with Mrs. Tunheim's representation of her husband's endeavors.

Recently, I received a "Voters Guide" made by the Minnesota Family Council. In this guide, 13 questions are asked by questionnaire of all those people running for office. The incumbents' responses are tallied from the 1993-94 House voting records.

I was not surprised to see that in certain areas Mr. Tunheim's record was not the way I would have liked. But when seven of the 13 questions were in direct opposition to my beliefs, I checked Mr. Rob Bowen's (his opponent) views. Mr. Bowen's responses followed mine 100 per cent.

I absolutely refuse to have my children taught in school that the homosexual lifestyles are "viable" or "acceptable alternatives." How have we as a nation allowed such a miniscule portion (less than two per cent) of our population worm its insidious anti-social behavior into our public educational programs, I ask you?

And to find that Mr. Tunheim voted (Journal—House, page 6525, April 11, 1994) to allow this abnormal sexual education made me write to you, the editor, in hopes that your readers will take notice, and stand up to be counted on November 8th at the polls by voting for Mr. Rob Bowen.

Sincerely,
Penelope Knight
Karlstad, MN

**(Editor's Note: In keeping with our policy, The Times has offered Rep. Tunheim the opportunity to reply to the above letter. Following is that reply.)**

To The Editor:

I am surprised that Mrs. Penny Knight would write such a derogatory letter without calling me, writing, or even going to the library to get a copy of the House Journal to verify if this organization was telling the whole truth. Earlier in the year she spoke to my wife, but did not get in contact with me about these important issues.

First of all, any organization can say that it is non-partisan and non-profit. Any group can send out any information that it chooses, rating legislators. These groups are not always what they appear to be. As in this case this Voter's Guide did not judge the incumbent on the merits of the bills but most votes were procedure votes on amendments that were introduced for political purposes only.

I was not familiar with the Minnesota Family Council so I decided to check out this non-partisan and non-profit organization. The organization is led by Darrel McKigney, a former Boschwitz and Grunseth aide who ran unsuccessfully for the 1992 Republican nomination in Senate District 43. Mrs. Knight, do you really think the people of District 1A will believe that the leader of this organization is non-partisan?

I disagree and resent that Mrs. Knight would say that I don't represent the people of my district. You can look at my accomplishments and you will see that I do. I believe in the U.S. Constitution and the Minnesota Constitution and I take an oath to uphold our constitutional rights.

If you want facts, I will give them to you and I am also sending copies of the House Journal pages to the newspapers so people can see the documented facts.

**School curricula promoting homosexuality:**

Anyone who knows me knows that I don't promote homosexuality in school curriculum. I didn't vote for the Human Rights Bill that allows homosexuals the rights as different creeds or colors, and I did not vote for the state to pay for sex changes either. My record is clear on this subject.

The vote in question was a vote on an amendment on an amendment. My vote was to support curriculum that doesn't promote any sexual activity by minors. I am very concerned with any organizations that would promote curriculum that supports "sexual activity by minors." I really believe that children need to be taught that abstinence is the wisest choice, not only for health reasons but for moral reasons, too.

**I voted for the final amendment as amended House Journal 6527. This is to prohibit curricula promoting any sexual activity by minors. The vote on this bill was 124 yes and seven nay. Voters can check the Education Bill; there is nothing in the bill that promotes homosexuality.**

I am very surprised at this organization. If it is pro-family, why would it criticize my vote?

I have been involved in politics for many years and I have never used scare tactics to win. Yes, it does bother me when any organization comes out and tries to deceive the voters with half-truths.

If these were such important votes on such important issues, why weren't they discussed earlier in the campaign, not two weeks before the election? If these accusations were true, why would the National Rifle Association endorse me?

I have included the pages of the House Journal along with this letter. Anyone who questions my votes on these issues can go to the newspaper and read the House Journal. I am surprised that a person who tries to be so informed would not check these things out. What kind of a person would use half-truths at the end of an election campaign to blemish the reputation of another person?

I have always had a special relationship with the voters of District 1A. I don't like negative campaigning. At the end of this campaign I will have been to every community in district 1A and have sent out numerous letters. My letters, newspaper ads and radio ads always tell what I have done for my district and what I want to do. I do defend my actions and feel that voters of District 1A have the right to know the whole truth. I take an oath to uphold our Constitutions and I take this action very seriously. The voters of District 1A won't be fooled by half-truths. I believe on November 8 the people will have a choice and they will support me because I support our constitutional rights whether it's the right to vote for a candidate of the voter's choice, or the right to bear arms. This is why the voters of District 1A have given me 12 years of seniority.

A Unfortunately, no. The construction and operation of most of the old "bit key locks," as they are called, are not, for the most part, rekeyable. Your professional locksmith can recommend an auxiliary lock that would give you the protection you seek, and when the need might arise, the lock could be easily rekeyed.

Janet and Charlie Hebert and daughters, Katie and Kirsten of Excelsior visited at their parents home, Goodwin and Lucille Kveasger, over MEA vacation leaving for their home on Sunday.

### Birthday for Inga

Leonard and Margaret Johnson, Otto and Ethel Johnson and art Johnson, also Edna Hyde, helped their sister and friend, Inga Linder celebrate her birthday at her home on Friday. She also had many telephone calls from California, South Dakota, North Dakota and Iowa. On Saturday evening, she and her children gathered for another party which included Orrin and Phyllis Linder and their family, Jane and John Kolstoe and their family. Congratulations, Inga!

Bertha Hughes, Howard and Joy Geiger of Cavalier attended a craft and food sale at Saron Lutheran church of rural Erskine on Saturday and were visitors at the home of Edna Hyde on the way home who treated them to Blueberry pie and coffee.

Lowell, Karen and Nick Johnson of New York Mills spent Saturday at the home of her mother, Amelia Eskell.

### Family Reunion

The Hesse family joined their mother's family in Morton to celebrate the 150th anniversary of her father's birth. August Lothert was born in Berkenbuegge, Germany in 1844 and came to America in 1872. Arlaen Slick of Baudette drove down with Sylvester Hesse and Harriet Hesse Norman. Also attending were Melvin and Peggy Hesse, Dean, Sandy and David Hesse and cousin, Shawn Larson, also Donnie Hesse of Elk River.

Don, Shar and David Fox spent several days last week visiting Herbert and Aileen Anderson of Park City, IL. Enroute they also visited with Jane and Gerry Robbins in Pine City and Paula and Jason Cater of St. Paul The Andersons sent greetings to their Plummer friends.

Edna Hyde spent the weekend in Neche, ND and attended the funeral for old time friends and neighbor, John Guenther.

### Wedding

Ruth Wilkens attended the wedding of her daughter, Olene Johnson to Lowell Rosenberg on Saturday at their home near Mentor. A reception was held at the Senior Citizen's Hall in Mentor following their ceremony. Also attending were Daryl, Cathy and Becky Wilkens of Langdon, Paula and Jon Praska, Sheila and Greg Hall of Thief River Falls.

Herb and Esther Walter were supper guests of Ray and Reinette Walter of rural Thief River Falls on Sunday along with Mr. and Mrs. Duane Walter and family of Minot, Roger and Janel Walter and family of Plummer. Barbara Pino of Hastings, Renee, Brittney and Ashley Lindgren of Climax. The birthday of Duane was celebrated at the family gathering.

Ron and Kathy Junes visited at the Byer home on Sunday following the potluck dinner at Immanuel.

### Funeral

Russel Sorenson of Roseau, Wavell Sorenson, Art and Avis Froiland left on Sunday morning for Dodgeville, WI after receiving word of the death of Charles Hill, brother-in-law of the Froilands. They were overnight guests on Sunday and Monday at the home of Avis's sister, Edna Hill and the funeral was on Monday. Enroute on Sunday they visited at Osakis with Mike and Ginger Foster and on the return trip they visited Lane Zeffka at Spring Grove, former pastor here at Immanuel. He sent greetings to his friends in the area from him, wife Mary and children, Andrew, Isaac and Peter. Also attending the funeral were Marie Foster and Bill Swick of St. Paul.

Burnel and Effie Byer were Sunday evening visitors of Hazel and George Olie. The Larson brothers had visited in the afternoon.

### Birthdays

Saturday supper guests at the Arnold Arlt home to celebrate the birthday of Lowell and Lee's birthday were Lee, Mary, Jeremy, Aaron and Dusty Arlt; Lowell, Cindy, Ross and Gary Arlt; and Aaron Rosten. Earlier visitors were Amy Arlt and Ace.

Pastor Brockopp of Redeemer Lutheran church has been hospitalized in a Canadian hospital for tests.

Gladys and Don Whitaker of Maple Valley, WA spent a week here at the home of Loren and Helen LaFayette, and visited other relatives, too. The four of them were supper guests at the Howard LaFayette home on Thursday and Sunday and also went to Park Rapids to visit with Art and Norman Hemstad.

Edna Hyde spent Sunday at their son, Dennis's home on Sad Medicine Lake. As also enjoying the day with Dad and Grandma were Greg and Stacy Swanson of Fargo, Steph and Jon Dietz of Minnetonka and Corey Hyde of Moorhead.

Clara Hesse and Lorena Westerlund were supper guests of Herb and Esther Walter on Sunday evening. Sunday visitors of Clara Hesse were her son, Martin, wife Val and twin daughters of Fargo.

Margaret Greenwald attended a kitchen and gadget party at the home of Lisa Casavan of Mentor.

Connie Hughes and Shar Fox were Tuesday afternoon visitors of Deb Greells.

### Birthday for Sheena

Sheena Greenwald celebrated her 12th birthday on Tuesday with special friends, Lindsey Hemley, Tiffany Holmes and Alicia Larson as guests. The girls had a pizza at the newly opened Recreational Center and later shared cake with grandparents, Howard and Margaret Greenwald, aunt and uncle, Chuck and Jolayne Simpson. Her sister, Cheryl called from Jamestown with greetings.

### 55 Alive

A "55" Alive class was held at the Plummer Hall on Wednesday and Thursday for a large class of drivers. Most of the group enjoyed the noon meal along with the regular Senior Citizens at the hall as the class was scheduled from 10 a.m. to 3 p.m. Marvin Bronken of Oklee was the teacher, bringing in the "Rules of the Road."

Edna Hyde joined Gerry and Della Jenson and Margaret Norling of Erskine at third Base of Brooks on Wednesday evening to celebrate Gerry's birthday.

### Blood Pressure

Readers are reminded that blood pressures are being read on the 3rd Wednesday of the month at the Plummer bank.

### Plummer Recreation Center

Remodeling and final details are being completed in order to finish the preparations for the Recreational Center Grand Opening located in the former Hardware Building. As of October 24th the Center has been open for business with hours being from 3 to 10 on Monday thru Thursday and 3 to 11 on Friday and Saturdays. A big thank you goes out to all those who have donated their time and labor for this to happen. Currently the Center is being run on an adult volunteer basis. If you would like to volunteer, please call Melody Brustad (465-4526) as soon as possible as we need workers.

The excitement is building and many in the community have been participating in the fun at the Recreation Center. Join us any time! A Grand Opening is scheduled for November 12 from 7- 9 p.m. Bryce Huotari and other students are currently selling chances on a pork raffle to raise funds as well as aluminum cans for the fund drive. Governing board of the Center is: Chairman-Jim DuChamp; Vice Chairman Roger Walter; Secretary Barbara Schmitz; and other members include: Lori Tillett, Aaron Rosten, Rick Lorenson, Eldon Vigstol, Bryce Huotari, Gary Brentl, Dan Gagner, Steven McMullen, Catherine Rosten, Perry Greenwald, Ross Arlt, Karl Vigstol, Wade Westlake and Melody Brustad.

**CARD OF THANKS**
A great big "Thank You" to friends, neighbors and relatives who have been so thoughtful and kind to me and my family during my stay at United Hospital and after I came home. Your telephone calls, cards, visits, flowers, gifts and food brought to our home have all been greatly appreciated. Thank you too, for help with farm chores. Without your prayers, I to believe I would not be here today.

Thank You, Most Sincerely,
Kermit Finstad.

## Pennington Co. board meeting

(October 11, 1994)

■ The county board declared October 12 to be Purple Ribbon Day to promote public awareness of domestic violence.

■ Melissa Fox expressed her concern about children walking on the highway to get to the front entrance of Challenger Elementary school. The sheriff and engineer were directed to look into signing and safe access and possibly changing the speed limit along this route.

■ The board discussed watercraft safety on the river. Sheriff Moe said his office had received 25 complaints regarding the river, 10 regarding debris and 15 regarding wet bikes and boats.

November 2, 1994
OFFICIAL PROCEEDINGS
BOARD OF COMMISSIONERS
PENNINGTON COUNTY
OCTOBER 11, 1994 - 10:00 A.M.

Pursuant to adjournment, the Pennington County Board of Commissioners met in the Heritage Senior Citizen Center Conference Room in Thief River Falls on Tuesday, October 11, 1994 at 10:00 a.m. Members present: Jensen, Murphy, Naplin, Swanson and Comstock. Members absent: none.

Deb Zak, County Extension Director, representing the Domestic Violence Task Force, informed the Board that October has been proclaimed Domestic Violence Awareness Month. To make people aware of domestic violence, the Task Force has created the Purple Ribbon Campaign and declared October 12, 1994 as Purple Ribbon Day.

Deb stated that Climb Theatre would be presenting a play on Respect on Wednesday, October 12, 1994 at the school. The Theatre Group would be going to the classrooms on Thursday and Friday to give presentations on sexual harassment.

The following Proclamation was introduced by Commissioner Naplin, seconded by Commissioner Swanson and upon vote unanimously carried.

WHEREAS, there is a great concern within county government and among community groups for a violence-free community, and

WHEREAS the County of Pennington working closely with the Pennington County Domestic Violence Task Force to obtain a widespread zero tolerance attitude toward domestic violence among all people in our community and

WHEREAS, this will be a great service to the entire community and to the welfare of all adults and children;

NOW THEREFORE, the Pennington County Board of Commissioners proclaims October 12, 1994 to be PURPLE RIBBON DAY to promote public awareness of domestic violence and further encourages residents to participate by obtaining and displaying a purple ribbon. Ribbons can be picked up at the Thief River Falls Law Enforcement Center.

Robert Duncan, Thief River Falls Superintendent of Schools, presented the 1994 Referendum Levy to the Board and discussed the need for the levy. His presentation showed how the levy referendum would affect taxpayers.

At this time, Sheriff Gerald Moe presented the resignation of Darla Swanson, Assistant Sentenced to Serve Crewleader. He recommended that the County Board accept this resignation. Commissioner Comstock moved, seconded by Commissioner Swanson to accept the resignation of Darla Swanson. Motion unanimously carried.

Sheriff Moe stated that the State recommended interviewing the top 3 applicants off the last list. We would not have to advertise because only a short time has passed since the applications were received. Commissioner Naplin moved, seconded by Commissioner Comstock to refill the Assistant Sentenced to Serve Crewleader position. Motion unanimously carried.

Melissa Fox discussed her concern regarding foot traffic along C.S.A.H. 17, known as Pennington Avenue. She stated that children are walking on the highway to get to the front entrance of Challenger Elementary School. Superintendent Duncan had stated that a hard surface walking path is being put in from Evergreen Street to the bus parking area on the north side of the school. The Sheriff and Engineer were directed to look into signing and safe access and possibly changing the speed limit along this route.

Moved by Commissioner Jensen, seconded by Commissioner Naplin to approve the minutes of September 13, September 20 and September 27, 1994. Motion carried.

Mike Amo of St. Cloud Appraisal appeared before the Board to explain his appraisal of the Arctco, Inc. property. Discussion was held on the appraisals of the property. Also present for this discussion was Paul Ihle of the City Attorney's Office. Mr. Amo stated that he would be available to be present in court if he was needed.

Jim Fay, Area Green Thumb Representative, gave a presentation to the Board stating how Green Thumb functions. Green Thumb places people over the age of 55 in private non-profit or public agencies at minimum wage to get these people into the job market. Green Thumb also provides for classroom training and updating of skills of qualified persons.

Discussion was next held on watercraft safety on the river. Present were Ron Kalinoski and Edward Gus Holmes, concerned citizens, Paul James, Arctco, Inc., Sheriff Gerald Moe and Chuck Schwartz, DNR Area Supervisor, as well as other concerned citizens. Sheriff Moe stated that there have been 25 complaints this summer regarding the river, 10 regarding debris and 15 regarding wet bikes and boats. He stated that the County receives about $1200 per year for Boat & Water Safety enforcement but that is not enough to provide sufficient manpower to police the river on a regular basis. Paul James from Arctco stated that Arctco is willing to support any reasonable restrictions on watercraft usage to make the recreation safer. It was suggested by the Commissioners that the various user groups get together to come up with some recommendations for safe usage. Commissioner Murphy suggested that courtesy rules be posted at the boat landings.

Sheriff Moe discussed the Boat and Water Audit. The only claim which was disallowed on the audit was the charging of snowmobile expenses to boat and water. The only time snowmobile expense can be charged is when it is for patrolling the river.

Sheriff Moe next discussed the Jail's temporary extension to 22 beds. He stated that an inspector was coming on Friday, October 14, 1994 to check the facility and record the population. The Sheriff stated that he would like to maintain 22 beds with the 90 day temporary permits. Maintenance needs to be done to the facility but the Sheriff would like to see what the inspector recommends before making any repairs. Moved by Commissioner Comstock, seconded by Commissioner Naplin to recommend continuation of a 22 bed facility.

Sheriff Moe discussed the Dispatcher/Jailer position vacated by Ralph Warnecke. Currently, it is being covered by a part-time dispatcher who also covers the part-time deputy's position. Sheriff Moe would like to leave this position as such until January when it will be reviewed and any changes that would be necessary be made at that time. Moved by Commissioner Swanson, seconded by Commissioner Jensen to leave the Dispatcher/Jailer position as part-time with a shared part-time Deputy Sheriff. Motion unanimously carried.

Chuck Tuthill and Jerry Wigness came before the Board requesting assistance in completing the Golf Course roadway from Highway 32 to the Golf Course and the parking lot. The Board stated that the County could possibly provide some Class 5 Gravel and a motor grader for a few days. Sentenced to Service people could also possibly be provided depending on what other projects they are involved in at the time when work is being done.

Delton Schulz, County Engineer and George Broadwell, Assistant County Engineer, met with the Board to discuss County Highway Department Matters.

Delton Schulz requested that a registered land surveyor be retained to prepare a right-of-way plat for lands proposed to be acquired for the extension of State Aid #3. Estimated costs for the preparation of the plat and perhaps some field work was $800 to $1000. Upon recommendation of the County Engineer, Commissioner Murphy moved, seconded by Commissioner Naplin to retain Gary Thompson of Widseth, Smith & Nolting as Registered land Surveyor to prepare the plat. Motion unanimously carried.

The County Engineer informed the Commissioners that the footing for the Crosswalk light at the intersection of Nora and Pennington was poured on October 6, 1994. The necessary anchor bolts and conduit for electrical wiring was placed in accordance with the plans. Delivery of the post is scheduled for November 1, 1994. Installation of the post, in cooperation with the City Utilities Department, would be accomplished soon after the material becomes available.

The County Engineer next discussed the request of LaVerne Hamre, Al Asp, Peter Erickson and Gary Lane to investigate J.D. #25-2 from the West Line of Section 15, Easterly and Northerly to the South Line of Section 11 in Numedal Township. The Engineer stated that Ron Adrian of the Middle River Snake River Watershed in Warren was contacted regarding this request and the concerns of the group. Mr. Adrian stated that he would inspect the ditch and possibly have their survey crews run some profiles of the ditches.

The Polk County Highway Department has suggested that a cooperative endeavor be pursued with the Pennington County Highway Department on 8 miles of roadway asphalt overlay in Polk County extending from Gully north to the Pennington County line and Pennington County S.A.P. #57-625-02, asphalt surfacing approximately 4 miles, extending from the south Pennington County Line, north to S.A. #3. Pennington County would be responsible for advertisement of construction bids and construction inspection. All work charges by Pennington County Personnel, on work done in Polk County, would be reimbursed by Polk County. The arrangement should yield a cost savings to both Counties. An Agreement for the foregoing was presented to the Board by Delton Schulz, County Engineer.

The following resolution was introduced by Commissioner Jensen, seconded by Commissioner Swanson and upon vote unanimously carried.

WHEREAS, Polk County is proposing to contract for construction of Bituminous Surfacing and Aggregate Shouldering on Polk County State Aid Highway No. 2 between Gully and the Pennington County Line; and,

WHEREAS, Pennington County is proposing to do similar work on Pennington County State Aid Highway No. 25, between the South Pennington County Line and Pennington County State Aid Highway No. 3 and,

WHEREAS, the aforementioned roadways are within seven (7) miles from one another, a more efficient use of personnel and monies are anticipated to be employed through a joint effort of the two Counties whereby Pennington County, through its Highway Department, is designated the Party to advertise for construction bids and provide for construction inspection on the two projects.

NOW THEREFORE BE IT RESOLVED, by the Pennington County Commission, that it directs its County Engineer to work with the Polk County Engineer, and conduct such efforts as may be necessary for construction of the aforementioned projects in the best interest of Pennington and Polk Counties.

The County Engineer informed the Commissioners that the 41st Annual Asphalt Conference was scheduled for November 21, and 22, 1994. The County Engineer and the Assistant County Engineer stated that they would like to attend but a County Board Meeting was scheduled for November 22, 1994. The Board instructed the Engineer and his Assistant to attend the Asphalt Conference.

Merle Dagen requested, through the County Engineer, that the County provide him with an approach in E1/2SW1/4 and the W1/2SE1/4 of Section 18 of North Township. The Commissioners agreed to pay 50% of the cost of the first 30' of pipe with Mr. Dagen covering the costs of the rest of the pipe and the installation of such pipe.

The County Engineer next informed the Board that Susan Nelson, currently a seasonal employee, was to be sent to certification classes for Grading & Base I and Grading & Base II. It was pointed out to the Board that Ms. Nelson had been used for the County's gradation analysis for several years in the past and certification for gradation analysis had become a requirement on all State Aid Projects. The Board approved sending her to the respective classes with the County covering the costs of tuition and expenses.

Delton then presented the statement for Dues of $100 for the Partnership for Greater Minnesota. Commissioner Naplin moved, seconded by Commissioner Comstock to approve payment of the Dues. Motion unanimously carried.

The County Engineer then informed the Commissioners of the scheduled flu shots to be administered on October 19 and 20, 1994. He requested that the County make available and pay for the flu shots for County Employees. Commissioner Jensen moved, seconded by Commissioner Comstock to cover the cost of the flu shots. Motion unanimously carried.

The Engineer next informed the Commissioners that the County Ditch #1, South Branch, account was in the negative and additional work was needed, consisting of cleaning and beaver dam removal. It was suggested that the County Engineer prepare a petition and present it to Tom Wold for obtaining necessary signatures for the additional work.

The County Engineer informed the Commissioners that an analysis of the drainage area for County road #58 North Ditch had revealed that there were in excess of 58 landowners within this drainage basin. The County Engineer was instructed to inform all known landowners of the meeting to discuss cleaning of the road ditch scheduled for 9:00 a.m. on October 20, 1994.

Howard Person, County Solid Waste Officer, next appeared before the Board. He stated that the grant application to the Pollution Control Agency for a Waste Oil Tank requires that a person be designated to implement the grant resolution for the storage tank program.

The following resolution was introduced by Commissioner Swanson, seconded by Commissioner Comstock and upon vote was unanimously carried.

WHEREAS, the Minnesota Office of Environmental Assistance (OEA) administers a Used Oil Storage Tank Grant Program under Minnesota Statute 115A.9162;

WHEREAS, Pennington County applied to the OEA for a grant under the Used Oil Storage Tank Grant Program and was awarded a grant in the amount of $2,500;

NOW THEREFORE, Pennington County approves entry into the Grant Agreement and authorizes Howard Person, County Solid Waste Officer, to sign the Grant Agreement on its behalf.

Mr. Person also stated that, if necessary, SWISCorp. will purchase the whole piece of land on which they wish to construct their plant with the agreement that the County will buy back the portion needed for right-of-ways for the Highway #59 and #32 connector road.

Mr. Person also stated that the 30 day public comment period on SWISCorp's permit starts next week. SWISCorp. has ordered equipment and will be starting site prep shortly.

Mr. Person discussed the requirement for fluorescent lightbulb drop sites. He sent letters to Hardware Hank, Ace Rent-all, K-mart and Pamida requesting that one of them become the drop site for fluorescent bulbs. As of this time, he has not received any responses. It was suggested that he send another letter with a return letter and check sheet enclosed.

Howard Person stated that the Household Hazardous Waste Facility in Bagley needs a paint can crusher. It was stated that we have Score Funds available which could be used to purchase this crusher and the County would then lease the crusher to the facility. Commissioner Swanson moved, seconded by Commissioner Naplin to use Score Funds to purchase a paint can crusher to be used by the Household Hazardous Waste Facility as needed. Motion unanimously carried.

Commissioner Naplin moved, seconded by Commissioner Comstock to appoint Regan Rohl to the Northwest Minnesota Multi-County Housing and Redevelopment Authority Board. Motion unanimously carried.

Commissioner Jensen moved, seconded by Commissioner Comstock to approve the Commissioner warrants as follows. Motion unanimously carried.

## S.D. 564 school board meeting

(October 10, 1994)

■ The board received an update on progress at Franklin Middle school.

■ Open houses for the schools were approved.

November 2, 1994
REGULAR BOARD MEETING
October 10, 1994 7:00 p.m.
S.D.S.C. Conference Room A

A Regular Board meeting of Independent School District #564 was held on Monday, October 10, 1994, at 7:00 p.m. in Conference Room A of the School District Service Center.

The following Board members were present: Larry Belmont, Carl Clark, Hank Hallstrom, Dennis Kiesow, Harry Sjulson and Darla Twomey. Also present was Dr. Robert Duncan, Superintendent of Schools.

Chairperson Dennis Kiesow called the meeting to order and Clerk Darla Twomey established that a quorum was present.

A motion was made by C. Clark and seconded by L. Belmont to approve the agenda as amended. Motion carried unanimously.

Board members were reminded of the MSBA Management Services Open Meeting Law Seminar scheduled for October 13 from 7-9 p.m. over ITV at the Technical College. Information was distributed concerning the MREA Annual Fall Conference scheduled for November 9-10 in Alexandria, the 1995 MSBA Annual Leadership Conference scheduled for January 19-20 in Minneapolis and the Goals 2000 and Graduation Rule Teleconference scheduled for October 27 from 9:30-noon in Detroit Lakes.

Jim Hespes, Challenger Elementary School Building Project Superintendent, updated the Board on progress of that project indicating the media center has been carpeted, all windows are expected to be in by next Thursday, landscaping and sodding is underway and workers will start on the gym floor on Monday.

Don Bergstrom of the E & V Construction Management Firm updated the Board on the building project at Lincoln indicating projects on the punch list are still being completed and plans are being put together for the Career Center.

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN, That default has occurred in the conditions of that certain mortgage dated the 9th day of December, 1985, executed by Charles H. Erickson and Bonita G. Erickson, husband and wife, as mortgagors to First National Bank of Detroit Lakes as mortgagee, filed for record in the office of the County Recorder in and for the County of Pennington, and State of Minnesota on the 27th day of December 1985, at 9:00 o'clock A.M., and recorded in Book 196 of Records, Page 33; and that thereafter the said mortgagee duly partially assigned the same to Linda P. Nelson at Red Lake Falls, Minnesota on the 26th day of April 1994; and that said assignment was duly filed for record in the office of the County Recorder in and for the County of Pennington and State of Minnesota on the 18th day of May, 1994, and recorded in Book 248 of Records, Page 498 as instrument No. 142864.

That no action or proceeding has been instituted at law to recover the debt secured by said mortgage, or any part thereof and that the assignee has elected to declare the entire sum secured by the note and mortgage to be immediately due and payable as provided in the note and mortgage.

That the original principal amount secured by said mortgage was Two Hundred Fifty-seven Thousand Dollars ($257,000.00).

That there is due and claimed to be due upon that part of said mortgage assigned to Linda P. Nelson, including interest to date hereof, the sum of the One Hundred-Twenty-five Thousand Dollars ($125,000.00) and the amount of tax paid by the mortgagee or his assignee on the lands hereinafter described in the sum of N/A Dollars.

That prior to the commencement of this mortgage foreclosure proceeding, Mortgagee complied with all notice requirements as required by statute.

And, that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tracts of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

West Half of the Southwest Quarter (W1/2SW1/4), Section Seventeen (17); the East Half of the East Half of the Southeast Quarter of the Southeast Quarter (E1/2E1/2SE1/4SE1/4), Section Eighteen (18); The East Half of the Northeast Quarter of the Northeast Quarter (E1/2NE1/4NE1/4) and the East Half of the Southeast Quarter of the Northeast Quarter (E1/2SE1/4NE1/4) and the East Half of the West Half of the Southeast Quarter of the Northeast Quarter (E1/2W1/2SE1/4NE1/4) and the Northeast Quarter of the Southeast Quarter (NE1/4SE1/4) and the Southeast Quarter of the Southeast Quarter (SE1/4SE1/4) and the East Half of the East Half of the Southwest Quarter of the Southeast Quarter (E1/2E1/2SW1/4SE1/4) all in Section Nineteen (19); the Northeast Quarter of the Northeast Quarter (NE1/4NE1/4) and the East Half of the East Half of the Northwest Quarter of the Northeast Quarter (E1/2E1/2NW1/4NE1/4) and the Southeast Quarter of the Northeast Quarter (SE1/4NE1/4) and the East Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2E1/2SW1/4NE1/4) and the East Half of the West Half of the East Half of the Southwest Quarter of the Northeast Quarter (E1/2W1/2E1/2SW1/4NE1/4) all in Section Thirty (30); ALL of the above described property is located in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the Fifth Principal Meridian in Minnesota.

Will be sold by the sheriff of said county at public auction on the 29th day of November, 1994, at 10:00 o'clock A.M., at the Law Enforcement Center, 102 West First Street in the City of Thief River Falls, in said county and state, to pay the debt then secured by said mortgage and taxes, if any, on said premises and the costs and disbursements allowed by law, subject to redemption by the mortgagors, their personal representative or assigns within twelve (12) months from date of sale.

NOTICE TO MORTGAGORS

IF PART OF THE PROPERTY TO BE SOLD CONTAINS YOUR HOUSE, YOU MAY DESIGNATE AN AREA AS A HOMESTEAD TO BE SOLD AND REDEEMED SEPARATELY.

YOU MAY DESIGNATE THE HOUSE YOU OCCUPY AND ANY AMOUNT OF THE PROPERTY AS A HOMESTEAD. THE DESIGNATED HOMESTEAD PROPERTY MUST CONFORM TO THE LOCAL ZONING ORDINANCES AND BE COMPACT SO THAT IT DOES NOT UNREASONABLY REDUCE THE VALUE OF THE REMAINING PROPERTY.

YOU MUST PROVIDE THE PERSON FORECLOSING ON THE PROPERTY, THE SHERIFF, AND THE COUNTY RECORDER WITH A COPY OF THE LEGAL DESCRIPTION OF THE HOMESTEAD YOU HAVE DESIGNATED BY TEN BUSINESS DAYS BEFORE THE DATE THE PROPERTY IS TO BE SOLD.

Sincere sympathy goes out to Korydon Chervestad and his wife, Carol and their family in the death of their daughter, Adeline in a tragic accident. Carol graduated from Plummer high school and has many relatives and friends in our area. Many from here attended Adeline's funeral on Wednesday at Oak Park Lutheran church.

Russell Sorenson of Roseau came for the funeral for his cousin, Adeline Chervestad. He and his parents, Lloyd and Wavell Sorenson attended the prayer service and the funerals, as well as the family gathering at the Chervestad home.

Howard and Joy Geiger of Cavalier arrived on Thursday to spend a few days with their aunt, Bertha Hughes.

**Senior Citizens Meet**

The Plummer Senior Citizens club of Plummer met on Wednesday with members A-L furnishing the meal. Following the meal Pam Karsson of McIntosh, who works for First CARE Services out of Oklee, spoke on the services available through the Home Health Agencies for Seniors and others in the County. Pam, who is an RN, explained the different ways that Home Health Aids can be used to help elderly people in poor health live in their own homes following hospitalization. It can be Physical Therapy, house work, errands, checking medications, etc. This can be through Medicare or private pay. She is available on Mondays thru Fridays from 8 to 4:30. Phone 1-218-796-4525.

The business meeting was called to order by Edna Hyde, VP, in the absence of President John Helley. Birthdays in October are Helen LaFayette, Helen Hagge, Willis Champagne, Loren LaFayette, Harold Hanson, Inga Linder, and Clare Hanson. Various reports were given. Howard Greenwald expects to start wood craft work about November 1st and extends an invitation to members who enjoy woodworking to come and get items ready for sale. There was no old or new business. Door prizes went to Myrtle Hamrum and Effie Byer. Dorothy Myhre read an article about Sears Roebuck, Then and Now and Effie had a poem entitled "Tender Memories." The rest of the time was spent playing Bingo. Karen Schirrick and her staff had given flu shots in the morning and also took Blood pressures. The next meeting will be on November 16th with members M-Z serving. Heading the entertainment will be Joyce and Burton Carlson.

**Immanuel Church Receives Funds**

Immanuel Lutheran church, in Plummer recently received $450 from Lutheran Brotherhood, a fraternal society, through the Society's Congregational Matching Funds program.

Lutheran Brotherhood matched the amount that the congregation raised through a Turkey supper, which took place on October 1.

Immanuel will use the funds it raised and the matching funds from Lutheran Brotherhood for a new furnace for the parsonage.

Friday supper guests of Ruth Wilkens were Della Rewertz, Allen Hanson and Margie Prestebak. Evening callers were Paula and Jon Praska, Sheila and Greg Hall, Dennis and Sheryl Wilkens.

Art and Alma Hanson, Willie and Mary Jane Good of Trail went to Grand Forks recently to visit cousin, Geraldine Samuelson of Aneta, ND a patient at United hospital.

On Saturday evening, Bunny DuChamp hosted a wild game dinner for Brent and Linda Hemley, Lindsey and Riley, Randy and Jeanine Pahlen and Chad, Jim and Deb DuChamp, Chris and Marci.

Herb and Esther Walter, accompanied Ray and Reinetta Walter to Climax, where they visited at the home of Renee and Dan Lindgren and family on Sunday.

Vay Rewertz, Sylvia and Earl Berg of Red Lake Falls visited at Della Rewertz home on Tuesday.

Diane Johnson and Lowell Rosenberg of Mentor were Tuesday dinner guests of her mother, Ruth Wilkens.

Chester Hanson, Woody Hanson and Alice Carlson spent a few days here visiting relatives and friends, and left for their homes in the Cities on Sunday.

Burnel and Effie Byer visited at the Ray Vigstol home of rural Thief River Falls on Sunday afternoon.

Wavell Sorenson visited at the Culkins and Lallier homes this past week.

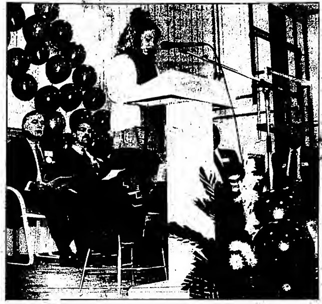
# Challenger school dedication held on Sunday

## More than 1,000 people visit the new elementary and preschool during a program and open house



**Third grader Ann Marben joined the grown-ups on the podium during the dedication program for Challenger Elementary and Preschool Sunday afternoon and read a review of how the name of the new school was selected. She needed a chair to reach the microphone but faced the crowd of about 500 people with a big smile and without a quiver. The sweatshirt on the back of her chair was presented to Bill Desrocher, former principal at Washington and Northrop schools, who suggested the Challenger name selected by the elementary students. Grown-ups on the podium (left to right) are Dr. Robert Duncan, superintendent of schools; Griff Davenport, representing the architectural firm; Roger Olson, commander of VFW Post 2793; and Mayor Bob Reeve. Ann is the daughter of Kurt and Brenda Marben.**

**Melissa Skjerven, fourth grader and daughter of Mr. and Mrs. Corey Skjerven, cut the ribbon to officially open the new Challenger Elementary and Preschool building during open house and dedication ceremonies Sunday. Also pictured are second grader Nicholas Jorsted, principal Glenn Espe and former school board chairman Larry Belmont. The ribbon cutting was held in front of the school at 1 p.m. with the dedication program at 2 p.m. in the gymnasium.**

More than 1,000 people visited the new Challenger Elementary and Preschool Sunday afternoon during an open house held from 1 to 5 p.m. Estimates by school administration were based on attendance at the dedication program and number of pieces of cake served during the reception in the school cafeteria.

"All of my expectations for the open house were exceeded," stated Glenn Espe, Challenger principal. "I was very pleased with the turnout of people and gratified by the number of positive and upbeat comments that I heard from so many of the visitors."

Espe said that he knew a number of people from other school districts were among the visitors and that several had told him they were "overwhelmed by what you have here in this building."

Afternoon activities officially opened with a ribbon cutting at 1 p.m. outside the entrance to the building located off the airport road on the south edge of Thief River Falls. Brief opening comments were made by Dr. Robert Duncan, superintendent of schools, and the ribbon was cut by Espe and fourth grade student Melissa Skjerven, daughter of Mr. and Mrs. Corey Skjerven.

At 2 p.m. in the school gymnasium the dedication program was conducted. It was the first activity in the gymnasium which was just completed and would be used by the students for physical education for the first time on Monday, November 7, the day after dedication.

Approximately 500 people attended the dedication program with many standing although additional seating was provided and there were a number of empty chairs in some areas of the audience.

Principal Espe served as master of ceremonies for the program. Music was provided by the Lincoln high school jazz band prior to the program and for singing of the "Star Spangled Banner" and the Lincoln orchestra during the program.

Welcome and introductory comments were presented by Dennis Kiesow, chairman of the board of education.

Mark Larson, chairman of the Citizens for Education group which researched school district building needs and recommended building a new elementary school, spoke on "A Field of Dreams." A narrative of his presentation is published in today's issue of *The Times*.

Stealing the show was diminutive Ann Marben, a third grader and the daughter of Kurt and Brenda Marben, who stepped up on a chair to reach the microphone and read a background of the naming of the new school. The text of that talk is also published today.

Greetings and comments were presented by U. S. Congressman

# Profitable Ag Stewardship topic of conference in TRF

Profitable Ag Stewardship is the title of an all-day conference to be presented Friday, November 18, at the Best Western Inn of Thief River Falls. Registration will be from 8 to 9:30 a.m. and the final session is scheduled for 6:30 p.m.

The workshop is open to anyone but registration will be limited to 120 people. Cost will be $10 for individuals and $15 for couples, including meals and breaks. To register, contact the East Polk County extension office at 218-563-2465. For more information contact your local county extension office.

"Agriculture is often seen as the proverbial 'bad guy' when it comes to land stewardship," comments Vince Crory, East Polk county extension educator. "While it is well known within the industry that farmers probably have the greatest stake in preserving the land they farm, the message hasn't been clear to those outside the farming circle."

"Farmers are looking for the best methods of producing good quality and quantity commodities while remaining profitable, socially acceptable and minimizing environmental impact," adds Rhonda Amundson, Red Lake county extension educator. "However, many of the methods are not seen as profitable."

The conference is intended to help area farm families look at ways to use their farm resources differently. Those resources may include buildings or land, machinery or even simply the farmer's management skills or time.

Keynote speaker for the conference is Dr. Don Wyse, executive director of the Minnesota Institute of Sustainable Agriculture (MISA), a joint project of the University of Minnesota's College of Agriculture and the Sustainer's Coalition. His presentation will center on the philosophy that farmers need to promote sustainable agriculture systems but the system must also lead to a sustainable lifestyle for the farm family.

Following the keynote address, participants will have the opportunity to attend different small group sessions focusing on alternative production systems. Each session will be led by someone who has taken the resources available to him or her and used them creatively. These alternatives pose minimal threat to the environment while allowing farmers to continue to make a living from agriculture.

Each workshop will be 40 minutes in length. Three will be conducted concurrently and repeated once immediately afterward, giving those in attendance an opportunity to attend two of the three.

Sessions at 10:15 a.m. will include "Organic Marketing" with Will Schill of Northern Plains Organic Marketing Co-op; "Aquaculture" with Curt Nyegaard, Kittson county extension educator; and "Precision Farming" with Harold Stanislowski, Otter Tail county extension educator. At 11:15 a.m. these workshops will be repeated.

Following a poolside luncheon, the afternoon session at 1 p.m. will include workshops on "Vegetable Alternatives" with Terry Nennich, Clearwater county extension educator; "Buffalo as an Alternative Livestock Enterprise" with Dale Ringsdore of Park Rapids; and "Dried/Cut flower Production" with Cindy Bailey of Detroit Lakes Technical College. These workshops will repeat at 1:45 p.m.

A break will take place at 2:30 p.m. and at 3 p.m. another series of workshops is scheduled. They include "Hybrid Poplar Production" with Wendell Johnson, UMC hybrid poplar project coordinator; "Marketing: The Last Farming Frontier" with Roy Grabanski of Progressive Ag; and "Rotational Grazing" with Dennis Johnson of the dairy department of the Morris experiment station. These workshops will be repeated at 3:45 p.m.

An open time is scheduled at 4:30 p.m. with an hour allowed for persons interested in working on the formation of a sustainable agriculture association for this area.

Buffalo steak supper with "all the fixings" will be served at 5:30 p.m.

Capnote speaker at 6:30 p.m. will be former Vietnam Prisoner of War Charles Joseph Plum, speaking on "Dream Farming—Looking at Your Resources and Using Them Creatively."

"Those who listen to him will go home saying to themselves, 'If he can do that, I can do anything,'" Amundson adds. "He will help each individual assess his or her resources and put them to work toward a brighter future."

# Garbage rates face review

Thief River Falls city council was expected to discuss garbage rates at its regular meeting Tuesday night. Last week, the public works committee agreed to recommend to the city council that rates should be increased as of January.

The sanitation rate increase would reflect an increase in tipping fees at SwisCorp (Future Fuel) that is expected to go into effect January 1. Rates at the waste resource facility are expected to increase from $45 per ton to $55 per ton.

At the public works committee meeting last week, several different proposals were considered. One proposal suggested a $1 rate increase across the board. Another proposal suggested a rate increase that begins at the low end with 25 cents and gradually increases to a $2 increase at the top end. The third proposal, which received the blessing of the committee, began with a 50 cent increase at the low end and gradually increased to a $1.50 increase at the top end of the scale.

There are eight rates in the sanitation rate structure. Theoretically, those rates are based on volume generated by the rate payer. Current rates and the corresponding number of rate payers, in order are: rate 1 at $5 with 146 rate payers, rate 2 at $7 with 72 rate payers, rate 3 at $10 with 159 rate payers, rate 4 at $12 with 2,662 rate payers, rate 5 at $18 with 116 rate payers, rate 6 at $24 with 47 rate payers, rate 7 at $30 with 1 rate payer, rate 8 at $36 with eight rate payers. The current rates generate about $38,532 or $458,652 per year.

Under the third proposal which was expected to be recommended to the city council, rate one would be $5.50, rate 2 would be $7.50, rate 3 would pay $11, rate 4 would pay $13, rate 5 would pay $19, rate 6 would pay $25.50, rate 7 would pay $31.50, rate 8 would pay $37.50. The rate increase would expect to generate $497,178 instead of $458,652.

If the rate increase is approved for January 1, it could appear on bills in February.

Thief River Falls might participate in construction of a parking lot and road at the golf course. The latest change at the Golf Club involves excavation and backfill of a parking lot. Representatives of the Golf Club, Jerry Wigness, Chuck Tuthill, and Tom Kays, explained that the county had pro-

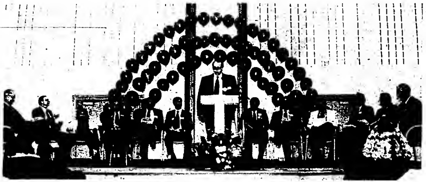
## Election results in Northern Watch

Although The Times is distributed on Wednesdays, it is actually printed on Tuesdays. As a result, election results cannot be compiled in time to be printed in The Times. Results from local and area elections will appear in the next edition of the Northern Watch.



School board chairman Dennis Kiesow gave the welcome Sunday afternoon to dedication ceremonies for the new Challenger Elementary and Preschool building. Others on the podium from left are Glenn Espe, principal; Mark Larson, chairman of Citizen for Education; Ann Marben, third grade student; U.S. Congressman Collin Peterson; State Sen. LeRoy Stumpf; State Rep. Tim Finseth; Dr. Robert Duncan, superintendent of schools; Griff Davenport, architect's representative; Marty Elzinga, construction management representative; Roger Olson, Commander of VFW Post 2793; Mayor Bob Reeve; and Ken Murphy, county board chairman. Approximately 500 people attended the dedication program in the school gymnasium.

Dedication program for the new Challenger Elementary and Preschool was held at 2 p.m. Sunday, November 6, in the gymnasium. Dedication was the first activity in the gymnasium which was just completed and was to be used for the first time Monday for physical education classes. Principal Glenn Espe, who presided at the program, is show at the microphone at right in the photo. Approximately 500 people attended the program and more than 1,000 visited the school during open house.

Collin Peterson, State Senator LeRoy Stumpf and State Representative Tim Finseth.

Supt. Duncan—whose talk is also published today—drew on the theme of the Project 2000 committee that "It takes a whole village to educate a child." The statement is drawn from an African proverb and applied to the entire local school district community.

Presentation of the building to the school district was made by Griff Davenport, a principal in the architectural firm of Dana Larson, Roubal & Associates Architects and Engineers and by Marty Elzinga, president and chief executive officer of E & V Construction Services, the management firm employed by the school district to supervise construction.

Commander Roger Olson of Post 2793 of the Veterans of Foreign Wars informed the audience that the VFW Post donated the flag and flagpole and will donate a plaque engraved with the Pledge of Allegiance to be placed near the flag.

A reception in the school cafeteria followed the program with cake, coffee and punch served by school food service personnel, adult volunteers and students. Tours of the school were also provided with staff, school board members and some volunteers serving as guides.

Espe thanked Key Teeters Asp and Carol Ihle for handling many of the arrangements for the dedication and open house and the residents of the school district for their support of the project and time and effort in planning and helping.

The dedication program included a quote from 1980 of a statement by Ellison S. Onizuka, one of the astronauts on the Challenger space ship. The quotation states:

"Your vision is not limited by what your eye can see, but by what your mind can imagine.

"Many things that you take for granted were considered unrealistic dreams by previous generations.

"If you accept these past accomplishments as commonplace then think of the new horizons that you can explore.

"From your vantage point, your education and imagination will carry you to places which we won't believe possible.

"Make your life count—and the world will be a better place because you tried."

## NCC auditions for Christmas variety show

Northland Community College Theater department is auditioning for Reflections of Christmas, a Christmas variety show to be performed December 15-17, 1994.

The production will be staged Thursday through Sunday, November 10-13, at 7:30 p.m. in Kiehle Auditorium on the UMC campus.

## LinkAGE Line lists services for area seniors

Persons looking for service for senior citizens in the northwestern Minnesota area are invited to call the Senior LinkAGE Line at 1-800-333-2433, according to Rose Carriere, aging program assistant at the Northwest Area Agency on Aging.

Senior LinkAGE line is a telephone information and referral service which is intended to make it easier for older adults and their families to find community resources close to home.

"When people call us for any kind of service for seniors and are wondering who to call, we provide them with information about agencies providing services in their area," Carriere said.

"Some of the services we can refer them to include help managing health care, resources for seniors with disabilities, low cost legal assistance, support for caregivers, transportation, financial assistance programs, continuing education classes, employment and volunteer opportunities, home delivered meals and much more."

If the Senior LinkAGE Line doesn't have an immediate answer for a question, it will seek out the information and return the call. It also has a follow-up service, if requested, to make sure the caller receives the services he or she needs and is trying to find.

Carriere said the Senior LinkAGE Line is made possible by the federal Older Americans Act and NWRDC Area Agency on Aging, under a plan approved by the Minnesota Board on Aging.

### November is National Alzheimer's Disease Month

Alzheimer's disease is one of the most devastating illnesses affecting American's today. There is no way to prevent the onset of this age-related brain disorder, and no cure for those who become afflicted.

Alzheimer's disease is an irreversible and terminal degenerative disorder that impairs the brain's ability to function normally. It strikes most frequently with advancing age and as it progresses causes loss of memory, judgment and abstract thinking. Eventually, Alzheimer's leads to complete disorientation and incontinence. in the final stages of Alzheimer's individuals are incapable of caring for themselves.

Currently more than four million elderly Americans have been diagnosed as having Alzheimer's disease and 250,000 new cases are reported every year. It has been estimated that the cost of care and treatment of Alzheimer's patients has reached $82.7 billion a year, and as more Americans live longer, the impact of this disease on society will continue to increase dramatically.

For those suffering from Alzheimer's, and for those who are providing care, dealing with Alzheimer's disease can be overwhelming and debilitating. But according to those familiar with the disease, this is the time when people need to take control of the situation.

"Alzheimer's disease is a terrible burden for everyone involved," says Eugene Michaels, president of the American Health Assistance Foundation, a nonprofit organization committed to funding research on and educating the public about age-related and degenerative diseases.

"The caregivers particularly are facing the most difficult time of their lives. If they are going to make it through, they need to arm themselves with the latest information on dealing with Alzheimer's and be willing to take it one day at a time."

Increased awareness of Alzheimer's has made more sources of information on the disease available to Alzheimer's sufferers and their families. The state Area

# Farm Woman of the Year chosen

The Minnesota and North Dakota Agri-Women are pleased to announce that Pauis Swenson of Richland county has been named the 1994 Red River Valley Farm Woman of the Year. The announcement was made at the 12th annual Harvest of Knowledge Conference held Friday, October 28, at the Comfort Inn in East Grand Forks.

Swenson was selected from a 24 county region on the basis of her farm and community involvement, as well as her individual development and promotion of the agricultural industry.

She and her husband, Dean, run a diversified farming and ranching operation near Walcott, ND, which includes small grains, soybeans, corn and sunflowers. Their ranch consists of two herds of angora goats which they use in leafy spurge control projects and shear for the animals' mohair.

From the wool from the 2,500 goat herd Swenson has started a new business, sewing and selling mohair vests, jackets and coats. To add to the list of commodities produced on their farm, she also sells sweet corn to area groceries.

As an industry promoter, Swenson has been a director for the North Dakota "Make It Yourself With Wool" competition; served on committees for the North Dakota Lamb and Wool Producers and its Auxiliary; and is active as a leader in her 4-H club.

The award for the Red River Valley Farm Woman of the Year is an expense-paid trip for two to the 1995 National Agri-Women's Conference.

Runners-up to this year's Farm Woman of the Year were Donna Ulseth of Folk county and Linda Perrine of Otter Tail county. Both will be attending the annual Agri-Women's Fly-In in Washington, D.C. in early 1995.

Other county Farm Women of the Year were Lori Aakre of Cisy county, *Janice Larson* of *Marshall county*, Cindy Fayment of Red Lake

Thursday, November 17 — D-Day Don't Smoke Day. A day when individuals make a commitment not to smoke.

Friday, November 18 — Day of Harmony. A day to foster harmony in our communities through a variety of events and activities that we hope will extend beyond MCHW.

# Public Library will celebrate Children's Book Week Nov. 14-20

The Thief River Falls Public Library invites children of all ages to "reach for the world" with activities to celebrate Children's Book Week November 14 through 20.

Two special displays are planned for the week. Newly purchased books on countries of the world will be featured in the children's room.

The entry display case will play host to an African display which is owned by Don Nygard. Included in the display are two leopard skins, an elephant tusk, an African hammock and an 18-foot rock python snake skin, complete with an unbelievable real-life story.

Pastor Dennis Raymond will present a program on his trip to Africa on Tuesday, November 15, at 3:30 p.m. in the library meeting room. The program is geared for children of all ages, but interested adults are also welcome.

Pastor Raymond of Zion Lutheran church had journeyed to Africa in 1989 for a month-long adventure in the African culture. "I think what has stayed with me most about the trip was the sense of Christian community," said Pastor Raymond. "The love of every person for each individual and the feeling of every human being an essential part of the whole of their community — no matter what their age."

Pastor Raymond's program will include African artifacts, a video, slides and song. There is no charge for the program.

Children ages three to five are encouraged to attend preschool storytime on Wednesday, November 16, from 11:15 to 11:45 a.m. in the

# Rebecca Melby and Darin Solberg united in marriage

Rebecca Jean Melby and Darin Alan Solberg were united in marriage in a 5 p.m. ceremony on October 15 at Zion Lutheran church in Thief River Falls. Rev. Dennis Raymond officiated at the double ring ceremony.

Ida Nordvall, the bride's piano teacher, was organist, playing "To a Wild Rose" as honored guests were ushered into the church. Prior to the ceremony, the bride's brother, Michael, and Mrs. Nordvall played a piano and organ duet, "How Great Thou Art.

Call to worship solo was "We Have Come into His House" by Rev. Dennis Raymond on guitar. Processional was "Canon in D" and "The Bridal March." Other solos were Naomi Raymond singing "We Have Been Told" after the scripture readings, Randy Heibel singing "the Wedding Prayer, and Naomi Raymond singing "One Hand, One Heart" during the lighting of the Unity Candle and presentation of roses to mothers and grandmothers and "Go Ye Now in Peace" as benediction.

Scripture readers were Michelle Johnson of Karlstad and Eric Oroslle, both friends of the couple.

The church was decorated with a wedding banner made by the mother of the bride, and hurricane lamps trimmed with ivory tulle along the aisle. Satin hearts trimmed with ribbon and pearls adorned the pews.

The altar featured two candleabra trimmed with ivory bows and greenery. There was a garland of plum roses and ivy with satin hearts decorating the communion rail. Bouquets of white gladioli, mum daisies and ferns decorated the altar in memory of grandparents of the bride, W. Lloyd Spray, Alfred Bergh and Orin Melby, and grandfathers of the groom, Carl Ericksrud and James Solberg. A single yellow rose on the altar was in thanksgiving for Alex Solberg.

Escorted to the altar by her father, the bride wore a gown designed and made by her mother, who also made all of the other dresses in the wedding party. The gown was of white satin and featured a Queen Anne neckline, long puffed sleeves with pointed wrists, keyhole back and heavily beaded bodice and sleeves. A floor-length, pearl and sequin-appliqued skirt fell from a basque waist, adorned with a large bow in the back, with chiffon ruffled, cathedral length train.

She wore a waist length veil with small pouf held by a traditional Norwegian Sorje wedding crown. For her jewelry, she wore a Norwegian Solje given to her grandmother by her grandfather on their 30th wedding anniversary. All beading on the dress was done by the bride's grandmother, Ellen Spray.

The bridal bouquet was a white creation with lilies, gladiolus, Hawaiian wedding flowers and ivy.

Serving as maid of honor was the bride's sister-in-law, Beth Melby of Thief River Falls. Bridesmaids were LuAnne Maslowski of Topeka, KS, Kendra Hutton of Manville, ND, and Toni Dahlen of Grand Forks, ND, friends of the bride, and Kristi Solberg of Wahpeton, ND, sister of the groom.

They wore gowns with black velvet tops featuring Queen Anne necklines and keyhole backs, long sleeves and floor length, midnight blue gathered skirts. Their necklaces were gifts from the bride. They wore arm bouquets of large plum lilies and pale yellow gladiolus accented with pearls, ribbons and ferns.

Flower girl was Alayna Olson of Roseau, cousin of the bride. She wore a floor length white satin gown with sweetheart neckline, short puffed sleeves with chiffon overlay and a full gathered skirt with chiffon overlay. She carried a basket and scattered pink rose petals.

Baby flower girl was Kylie Melby of Thief River Falls, niece of the bride. She was attired in a white satin, floor length gown with square neckline and short puffy sleeves and sequin appliques on the bodice. The full gathered skirt featured an irridescent chiffon drape overlay. She carried a pearled balloon tied to her wrist and was escorted down the aisle by her father, Michael Melby.

The groom was attired in white tails. He wore a white rose boutonniere.

Serving as best man was Darrin Berndt of Grafton, ND, friend of the groom. Groomsmen were Jon Hudson of Wahpeton, ND, Chris Trana of Fargo, ND, Travis Oberg of Minneapolis and Randy Heibel of Wahpeton, ND, all friends of the groom. The gentlemen wore black tails with black vests and midnight blue bow ties and plum rose boutonnieres.

Serving as ringbearer was Joshua Oberg of Minneapolis, friend of the couple, dressed in white tails like the groom and wearing a white rose boutonniere. He carried a heart shaped pillow.

Ushers were Michael L. and Mark Melby of Thief River Falls, brothers of the bride, and Mark Tisler of Wahpeton, ND, and Scott Langston of Foxhome, friends of the groom. They wore black tuxedoes and plum carnation boutonnieres.

The mother of the bride wore a floor length black velvet gown with irridescent fitted jacket. The mother of the groom wore an off white, two piece suit with pleated shirt and tapestry jacket. They were presented with corsages of plum and yellow roses and carnations. Fathers wore plum carnation boutonnieres, and grandmothers received corsages of miniature lilies and roses in plum color.

Distributing programs were Stephanie Olson, cousin of the bride, and Whitney Schill, friend of the couple. Heather Erickson, cousin of the groom, presided at the guest book. Serving as flower hostesses were Shelva Johnson, who made all flowers for the wedding, along with Kendra Hutton, both friends of the couple, and Susan Koland, godmother of the bride.

Honored guests at the ceremony were Ellen Spray of Thief River Falls, Alvin and Grace Olson of Roseau, grandparents of the bride; Gladys Anderson of Thief River Falls, adopted grandmother of the bride; Jim and Gail Rude and Susan Koland, all godparents of the bride from Thief River Falls; Jeanette Erickson and Enid Solberg, both grandmothers of the groom; Christine Hatton, great aunt of the groom, and Bob and Sharon Schmidt, godparents of the groom, all from Lakota, ND, and Alexander James Solberg, son of the couple.

Following the wedding a reception was held for the couple in the church fellowship hall. Tables were decorated with lace and pearl-trimmed rose bowls.

Highlighting the serving table was a three-tired white cake with stairways leading to layer cakes topped with candelabra. A Bible with a sleeping baby angel lay in front of the cakes, and a fountain was underneath the tiers. The cake was topped with a bridal couple in a gazebo on the top tier and wedding party replicas along the stairs. The cake was made by Margaret Rupprecht.

Gail Rude, godmother of the bride, and Sharon Schmidt, godmother of the groom, cut the cake. Krensakaka was baked by the bride's mother and served by Gladys Anderson and Connie Erickson. Presiding at the punch bowl were Tom and Peggy Hawkins, friends of the couple.

Gift hosts and hostesses were Aaron and Rhonda Bartsch and Kevin and Michele Kistner, cousins of the bride. Joshua Kistner, cousin of the bride and Brody Hutton, friend, distributed candy kisses.

Waitresses were Shelley and Sarah Koland, Melonie and Emilie Fayette, Jennifer and Andrea Olin, Leah Cleven, Christine Halloway and Amy Kistner. The dinner was catered by Darlene and Marge Olson of Newfolden.

Videographers were Aaron Bartsch, Verne Olson and Aliza Olson, with photography by Jim Solsten.

A wedding dance was held that evening at the Thief River Falls country club and the following day a brunch was held at the home of the bride's parents to open the gifts.

The couple is at home in Wahpeton, ND. The bride is a 1991 graduate of Lincoln high school. The groom is a 1990 graduate of Wahpeton high school and a graduate of the aviation mechanic program of Northwest Technical College. He is employed by Ottertail Power in Fergus Falls.

# Stacy Anderson to teach English in Madagascar

Stacy Anderson

Stacy Anderson, a member of Zion Lutheran church of Viking, has been given a special assignment by the Division of Global Missions of the Evangelical Lutheran church.

Anderson, a 1992 graduate of Marshall County Central high school in Newfolden, is presently a junior at Moorhead State University. She is the daughter of Gary and Jean Anderson of Viking.

Through the Lutheran World Missions Volunteer Program, Anderson will be sent to Madagascar off the east coast of Africa for three months. While in Madagascar, she will teach English to children and adults. Since her appointment begins December 2, she will be taking a leave from her college studies during winter quarter.

Paul Chell, pastor of the Viking Lutheran parish, has designated October 20 as "Stacy Anderson Sunday" at Zion Lutheran church. On that day, special prayers will be shared for Stacy during the worship service.

A coffee hour will follow the service so that she can receive good wishes from church members and friends after the service.

Since she is a volunteer and paying her own expenses, Pastor Chell says contributions to help defray her expenses are welcome. Gifts can be sent to Zion Lutheran Church in Viking to the "Stacy Anderson Fund."

# Michelle Swanson weds Brian Benitt

Michelle Lynn Swanson and Brian Jon Benitt were united in marriage in a double ring ceremony on September 24 at Zion Lutheran church in Thief River Falls. Rev. Gary Johnson officiated at the 5 p.m. ceremony.

Parents of the couple are Steven and Laurel Swanson of Thief River Falls and Bruce and Geri Benitt of Holt.

Wedding music was provided by Jennifer Lindberg, friend of the couple. Organist was Phyllis Dalager, friend of the couple.

Kristen Reuter, friend of the couple, was maid of honor. Bridesmaids were Christy Holthusen, friend of the couple, and Kimberly Benitt, sister of the groom. Kari Anderson, friend of the couple, was the bride's personal attendant and flower hostess.

Serving as best man was Corey Johnson, friend of the couple. Groomsmen were Phil Sillanpaa, also a friend of the couple, and Jeremy Swanson, brother of the bride. Eric Swanson, cousin of the bride, was ring bearer.

Ushering the guests were Anthony Johnson and Jason Melin, both cousins of the groom.

Honored guests were Beverly Houston, Harvey and Fay Ness and Chester and Janet Swanson, grandparents of the bride; Orvus and Aileen Benitt and Norman and Sophie Johnson, grandparents of the groom; Julie Bauer and Jim Thune, godparents of the bride; and Val Melin and Wyman Johnson, godparents of the groom.

Following the ceremony, a reception was held in the couple's honor. Hosts and hostesses were Rick and Char Swanson, uncle and aunt of the bride, and Tom and Val Melin, uncle and aunt of the groom.

Tracy Melin, cousin of the groom, presided at the guest book. The wedding cake was cut by Linda Johnson, aunt of the groom, and Karla Thompson, aunt of the bride. It was baked by the groom's grandmother, Aileen Benitt.

Serving coffee were LuAnn Lusignan, aunt of the bride, and Judy Mager, aunt of the groom. Tara Melin, cousin of the groom, served punch to the guests.

Gift bearers were Jordan Bauer and Ryan Swanson, both cousins of the bride. Kent Benitt, uncle of the groom, was gift coordinator.

# Girl Scout Council seeks volunteers

The Girl Scout year is underway. Once again, Pine to Prairie Girl Scout Council is searching for more volunteers to meet the needs of all the girls who have registered.

Volunteers are needed as both troop leaders and co-leaders.

Volunteers are not only needed as troop leaders. They are also needed to promote Girl Scouting, to share their cultural history and traditions with troop members and to provide financial assistance to girls in their community for handbooks, uniforms, and programs.

Temporary volunteers in positions such as banking, computer programming and health services can serve as resource persons for troop activities. Additional volunteers can assist with specific local and council activities and can translato written or spoken material for other volunteers, girls and their families.

Pine to Prairie Girl Scout Council encompasses 34 counties in eastern North Dakota and western Minnesota. As a division of Girl Scouts of the U.S.A., the program is adapted to meet the developmental, educational, emotional and social needs and interests of girls ages five through 17.

Girl Scouting promotes cooperative learned experiences and encourages girls to develop into responsible citizens.

For more information or to volunteer, please contact the council office nearest you. The Grand Forks number is 701-772-6679, and the Fargo number is 701-293-7915.

## SPEAKING OF

Sherry LeCoursiere

### . . . Deer Hunting Is Just Not My Cup of Tea

For the life of me, I can't understand what pleasure people get from hunting deer. Although you may think I am so soft-hearted that I can't bear the thought of shooting such a dear creature as a deer, that isn't it at all.

I grew up in a hunting home — we thought of the deer as game — venison — meat for the table, and I still think of it as such. I prepare and we eat whatever game my children hunt and we enjoy it. No one turns up their nose at a nice venison roast, steak or stew.

The reason I cannot understand the pleasure people get from deer hunting is that it seems so doggone much work for such a short amount of fun.

Weeks before the hunting season begins, guns are brought out to be admired and petted like a new puppy in the house. They call it "getting them ready," but I think it is themselves they are getting ready. The smell of gun oil lingers in the air, permeating the house for weeks even after the hunt.

Of course the guns have to be "sighted in," and this entails making targets, carefully drawing them, coloring them in, and placing them on stiff cardboard so they can go out and shoot them full of holes. They are so proud when they get them filled with holes, especially in the middle, they just have to bring them home to show me.

Hunting clothing is brought out — never washed for fear the deer will smell it — but brushed, holes and tears mended, buttons resewn, and pockets checked. This is, perhaps, the only time I see my sons take up needle and thread to actually sew something. But hunting clothes are something special — they must be done by the person who will wear them, you see.

Boots are checked and innersoles put in place. Gloves are examined and tried on to see how well the finger fits the trigger this year.

Lunches are discussed for weeks — who will bring what, whether breakfast will be bought and eaten on the road or fixed at the camp site, how many cookies, chips and sandwiches will be needed, and where are the thermoses?

The morning before the hunt, they are up before 5 a.m. to "get used to it" for the following morning. They wander around in a fog the entire day, scarcely daring to sit down for fear they will fall asleep and ruin the "getting used to it."

Comes the night before the hunt and they are so excited and worked up about tomorrow that they can't get to sleep. They are bouncing through the house like rubber bands. I finally gave them each a sleeping pill and they bounced off to bed about 8 p.m.

The morning of the hunt is unbelievable. Anyone who is trying to sleep in a house filled with deer hunters may just as well give up on it.

Lights were blazing all through the house, water was running, coffee perking, doors slamming. I stumbled from my bed to confront the pumpkin-colored poltergeists and was greeted by a hyperactive dog racing in circles throughout the house. Evidently the dog caught a whiff of whatever hunting bug was in the air.

The draft from the open door was frigid. All I could think of was my warm bed with my electric blanket set on high. The draft crept up my pajama legs and froze my whole body.

They didn't seem to mind the cold at all. They ran in and out, loading up the vehicle, perky and lively, looking nothing like they did the previous morning. Come to think of it, I was the one who looked like they did the previous morning.

Off they went, loaded for . . . deer, I guess. Suddenly the house was utterly silent. I closed the dog in the kitchen with a bone and went back to bed, glad it was them out in the cold and not me.

I just can't understand what there is to enjoy about that deer hunting. It seems utterly exhausting to me. And I haven't even told you about how they looked when they got home that night.

# November is Alzheimer's month

(Continued from Page 4)

Agency on Aging is an excellent source of information on Alzheimer's disease, as well as the local library, social service agencies and possibly some insurance companies.

"The American Health Assistance Foundation also has a selection of brochures and newsletters, which are available free to the public and contain the latest information on Alzheimer's disease, says Michaels.

It is important for Alzheimer's caregivers not to feel like they are battling the illness alone. "The feelings of isolation and sense of loss are incredibly strong emotions in the Alzheimer's patient-caregiver situation," he says, "but caregivers need to realize that there are people out there who can help, and there is information available to help them cope. In the battle against Alzheimer's, knowledge is the best defense."

## Gertrude Lunsford, 90

Holt — Gertrude Sostad Lunsford, age 90, died Tuesday, November 1, at Oakland Park Nursing Home in Thief River Falls.

Funeral services for Gertrude Lunsford were held at 11 a.m. Friday, November 4, at Green Funeral Chapel in Thief River Falls with Rev. Terri Skildum officiating. Lois Peterson served as organist, with Lois Anderson singing "The Old Rugged Cross," "Precious Memories" and "One Day at a Time."

Interment was at the Bazine cemetery in Bazine, KS, with the Green Funeral Home in charge of arrangements.

Gertrude Marie Gasper was born January 31, 1904, in Yankton, SD, the daughter of John and Mary Peters Gasper. She was baptized and confirmed in the Catholic faith.

She was united in marriage to Christian Sostad in November, 1926, and the couple farmed and lived in the Ringbo community, near Holt. She moved to Kansas in the early 1960s, and was united in marriage to Stanley Lunsford in October, 1972, in Bazine, KS.

She was a member of the First Baptist church in Bazine and the Bazine Golden Years club. She enjoyed crocheting and embroidery.

Survivors include four daughters, Bernice Wagner, Middle River, Dorothy (husband, Bill) Greanead, Cleburne, TX, Hazel (husband, Marvin) Baldwin, Scottsdale, AZ, and Caroline Pollard of Phoenix, AZ; one son, H. Dale (wife, Sandy) Sostad, Holdredge, NE; four stepchildren; 29 grandchildren; and several great-grandchildren and great-great-grandchildren. She is also survived by a sister-in-law, Helen Gaspers, and several relatives and friends.

Preceding her in death were her husband, Stanley; one son, Kenneth; her parents; two brothers, George and Lou; a sister, Mary; and a grandson, Larry Peterson.

## Knut Byfuglien, 94

Roseau — Knut Byfuglien, age 94, of Roseau, died Saturday, November 5 at the Roseau Area Hospital.

Funeral services for Knut Byfuglien were held Tuesday, November 8, at Concordia Lutheran church in Ross, rural Badger, with Rev. Myron Nysether officiating. Music was provided by pianist Kny Wood, soloist Thoralf Melby, and Harriet and Sylvia Olson singing a duet.

Active pallbearers were Otto Hagen, Maynard Braaten, Lloyd Frosaker, Clarence Erickson, Leon Schultz and Darrell Borgen. All friends were considered honorary bearers. Interment was at Concordia cemetery in Ross with the Gieseke Funeral Chapel of Greenbush in charge of arrangements.

Knut Byfuglien was born April 23, 1900, in Portland, ND, the son of Erick and Inger Nordengen Byfuglien. When he was an infant, he moved with his family to a farm northeast of Ross where his father homesteaded.

October 22, 1927, he was united in marriage to Gunda Dokken in Roseau. The couple lived north of Ross for 10 years and then moved to a farm three miles south of Ross.

In the 1930's, he owned a threshing machine and did custom threshing for most of the farmers in the area. He also hauled livestock and pulpwood in the winter. He farmed his entire life. He had resided at Sheltering Oaks Home in Roseau for the past 14 months.

Survivors include his wife, Gunda and two sons, Kenneth (wife, Crystal) and Robert (wife, Vangie), all of Roseau; one daughter, Vivian (husband, Clyde) Turner, Anaheim, CA; 14 grandchildren; 25 great-grandchildren; and one great-great-granddaughter. He is also survived by a sister, Jennie Arneson of Roseau.

An infant daughter, Bernice, and one grandchild, Jana Rae, preceded him in death.

Dear Readers,
With Veterans Day approaching, it is a time to remember May 7, 1975. This is the date President Ford formally declared an end to the "Vietnam era." There is now a monument in Washington, DC, to honor all Vietnam War veterans. This impressive memorial was dedicated in November, 1982, and has become the most visited monument in our nation's capital. It is a tribute that was long overdue, and has helped heal a nation that struggled to come to terms with one of the most controversial periods in history. Respectfully,
Belmont Funeral Home
Larry Belmont

## Wilbur Hallstrom, 72

Red Lake Falls — Wilbur Hallstrom, age 72, died Wednesday, November 2, at his home in rural Red Lake Falls.

Funeral services for Wilbur Hallstrom were held Saturday, November 5, at 11 a.m. at Zion Lutheran church in Thief River Falls with Rev. Dennis Raymond officiating. Music was provided by Ida Nordvall at the organ, Phyllis Dalager as pianist, and Diane Johnson singing "Borning Cry" and "Because He Lives." Congregational hymns were "Children of the Heavenly Father" and "How Great Thou Art."

A prayer service was held at the Green Funeral Home in Thief River Falls on Friday evening.

Active casketbearers were John Erickson, Bryan Steiger, Lloyd Noreen, Harold Kalsnes, Glenn L. Davidson, Glenn Peterson, Russell Rhen and James Dalager. Honorary bearers were the Minnesota Milking Shorthorn Cattle Association, Bray-Gentilly Mutual Insurance directors and spouses, Red River Valley Development directors and spouses, and Black River Township officers and spouses. Interment was in Greenwood cemetery, Thief River Falls, with the Green Funeral Home in charge of arrangements.

Wilbur Alfred Hallstrom was born September 26, 1922, on a farm in Black River township, Pennington county, the son of Alfred and Amanda Johnson Hallstrom. He was baptized and confirmed in Black River Lutheran church and attended rural school District 94. He attended Northwest School of Agriculture in Crookston, graduating as a senior in 1940 and advanced in 1941. He also attended Gustavus Adolphus College in St. Peter for one year.

He was united in marriage to Gladys Vigen on June 27, 1953. The couple farmed in Black River township at the farm where he was born, where he continued to farm even after his retirement in 1989.

He was an active member of Zion Lutheran church in Thief River Falls; served as Black River township assessor for over 20 years; served on the Pennington County Board for over 20 years, mostly as treasurer; served as director and treasurer of Bray Mutual Fire Insurance Company for nine years, and was presently serving as a director for the Bray-Gentilly Insurance Company.

He was active as a 4-H leader for 11 years, mostly working with livestock projects; held offices in the Pennington County 4-H; and was inducted into the 4-H Hall of Fame in 1978. He was Pennington County King Agassiz in 1962 and an honorary chapter farmer in FFA. He was a member of the Pennington County Crop Improvement Association, an active member of the American and Minnesota Milking Shorthorn Cattle Association where he served as president in northern Minnesota for many years, and was elected secretary-treasurer of the state association in 1988, a position he held until his death.

He was a member of the Pennington County American Dairy Association and Dairy Herd Improvement Association, was 1986 Pennington County Honor Dairyman at the Red River Valley Winter Shows, received the 1989 Outstanding Breeder award from the Minnesota Purebred Dairy Cattle Association, a member of the board of directors for the Northwest School of Agriculture in Crookston for three years and a member of the Red River Valley Development Association and Emerging Leadership Committee.

In 1988 he was appointed to the board of managers for the Red River Valley Winter Shows, where he served for three years, and was elected treasurer of Black River township in 1990. He and his wife were named Pennington County Valley Farmer and Homemaker at the Red River Valley Winter Shows in 1990.

Survivors include his wife, Gladys; two sons, Gregory of Thief River Falls, Daniel (wife, Rennie), Owasso, OK; two daughters, Anita (husband, Mark) Udager, Brooklyn Park, and Marya (husband, Greg) Leach, Sioux Falls, SD; nine grandchildren, Heather, Michael and Bryce Hallstrom, Andrea and Aaron Udager, and Matthew, Kelli and Krisita Leach and Kaila Hallstrom.

He is also survived by a sister, Evangeline (husband, Jesse) Hull of Boulder, CO; and several nieces and nephews.

Preceding him in death were his parents and one sister, Marilyn.

# Supt. praises community effort

(Editor's Note: Following is the address given by Dr. Robert Duncan, School District 564 Superintendent of Schools, at the dedication of Challenger Elementary and Preschool Sunday, November 6.)

There is considerable evidence that when a community is involved in its schools there is more support for education and education is improved.

The community would be all the people—business, higher education, churches, civic and service organizations, city and county government, clubs, rural and non-rural, old and young—in other words, everyone living within our school district boundaries.

It is this district-wide community that, through a democratic process, made the financing and construction of Challenger Elementary and Preschool possible.

This building is symbolic of our school district-wide community's commitment to quality education. Challenger Elementary and Preschool sends a clear message to everyone and, in particular, to our children that education is important. This building is further evidence that the citizens of our school district community believe the financial cost of education is an investment rather than an expenditure. Education is something we hold in high regard. It is something we highly value. Therefore, education is clearly something we are willing to sacrifice for in order to provide our children with the very best education possible.

Education is a great investment and well worth making sacrifice for because it is not only a tremendous benefit for our children but, ultimately, for all of us, as our children are our future. There is also considerable evidence that the more parents and family are involved in their children's education, the more supportive the parent, family and child becomes of their school. The end result of this support is high student success.

It is very important then that the school becomes an integral part of the school district community and that this community becomes an integral part of the school. The school district community then becomes the classroom so that what the students learn in school is reinforced in the community, and what is learned in the community is reinforced in the school. The school and the school district community become one—a partner in the education of our children.

Business and industry, as well as other governmental agencies, must be involved in the schools and in providing the community classroom. They benefit not only in the quality of the future workforce but also because students become contributing members of the community and society. All adults must be role models for our children and Challenger Elementary and Preschool is a prime role model sending a clear message that our children are important to us and well worth investing in.

With this school district community in mind, the Thief River Falls-St. Hilaire Education Project 2000 Strategic Five-Year Plan was developed over the past two years by many residents of our school district. The theme which emerged came from an old African proverb: "It takes an entire village to educate a child." How true this is in our school district. This building is one great example of that.

We must all continue to work hard to make sure the entire school district community continues to be involved. We must also remember that it takes hard work and sacrifice to reach a high standard and even harder work to maintain that high standard. Mr. Mark Larson stated earlier that all of us will have another opportunity to make sure our high standards are maintained and, in fact, improved upon by supporting the referendum levy this Tuesday.

The Challenger Elementary and Preschool building provides all of us and our children with unlimited opportunities to be the best we possibly can be. This is a remarkable facility. Our staff has found this facility to be good for education. In my many visits with students, they have let me know how much they enjoy school and all the neat things about Challenger.

Our school district community has much to be proud of. As we dedicate this building today, I trust each of us will dedicate ourselves to a continued strong support of education and of Challenger Elementary and Preschool.

I would like to personally thank the residents of our school district community, for without you none of this would be possible. You have boldly stepped forward. Let us continue to do so as an entire village. Let us do so for our children and for our future.

Students from Challenger Elementary and Preschool assisted with serving punch and cake during the reception following the dedication program Sunday, November 6. Working at this table were third grader Samantha Jorda (left) and fourth grader Katy Schommer.

## ON MY MIND

Kim Chadwick-Quade

### Cleaning is at the bottom of my list!

If there's one dirty word in my vocabulary it's "housework." I detest cleaning house.

My mother recently acknowledged my affliction by giving me a refrigerator magnet proclaiming, "Housework Stinks." The magnet sticks proudly to my refrigerator. It's my affirmation that there must be others like me if stores are selling magnets.

I'm sure mom shakes her head about me and wonders where she went wrong. She is a meticulous housekeeper, although she relaxed her standards with the arrival of three grandsons.

Mom tried her best to teach my two sisters and me all the fine points of keeping house. She was successful in at least one case; my youngest sister, Kelly, cleans houses *for a living and she is good at it.* She had a great teacher. Kelly jokingly gives my house the "white glove test" when she visits. She's really surprised when it passes inspection.

From mom, we learned to pick up knick-knacks and dust underneath them (not around). She could tell instantly when we hadn't. We learned to brush the crumbs from beneath the counter before we vacuumed. We learned to do everything the correct way first or we'd have to do it over.

On special vacation days, before she left for work, my mom gave us a list of cleaning chores to be completed before we could play. The list contained jobs like: cleaning burners, washing the basement steps, vacuuming the upstairs steps, washing the inside and outside of the cupboards, and vacuuming the furniture.

I abhorred all these jobs. Of course, as all kids, we felt we were being overworked. I remember hiding in my closet and writing over and over, "My mom is a clean bug. My mom is a clean bug."

I still don't like to clean. I'm certain it's a throwback to my younger days at home. The jobs on mom's "to do" list are on the top of my "dislike most" list. I rebelled and I blame it all on my mom! (You can blame all your shortcomings on your parents, can't you?)

My theory is that "anti-cleaning" types seek each other out. My college roommate and I shared an apartment during our senior year. We had one rule: The kitchen and living room areas had to be kept clean. Who cared that you could barely squeeze through the bedroom door?

And, unfortunately, I married someone with a cleaning attitude that matches mine. It's not that we don't clean our house, we just do it under duress. And, we have a method.

We buy wicker furniture. It hides the dust and can't really be dusted. Once a year we haul it outside and spray it with the hose, let it dry and we're done. We also don't buy and display knick-knacks. They make too much extra work.

When it's time to clean – about every two weeks – we invite someone over for supper or to play cards. Then the day before, we're in a frenzy. It's like a well-engineered plan with the strategy posted on the refrigerator. You take the bathroom and I'll tackle the kitchen. We cruise from room to room with the mop bucket and vacuum cleaner. Our son, Zachary, must understand the concept because he asks, "Who's coming over tonight?"

Then five minutes before the guests arrive, we're relaxing in the living room as if our house always looks this good.

One problem is that we invited the same couple many times and we became lax in our cleaning standards. They didn't care what our house looked like; it was just fun being together.

The other problem of such a method is unexpected guests. There's a certain panic when the doorbell rings and you're standing knee-deep in Legos.

"Come on in. Careful not to step on the color crayons. Oops, watch out for the dump truck!"

I read a magazine article once that suggested a more organized approach to house cleaning. Scrubbing kitchen floors would be scheduled on the calendar for the first and third Thursdays of each month, while cleaning the bathroom is penciled in for every Monday morning. The theory is that a schedule makes for less harried housekeeping.

It sounds great, but I prefer the "shoot-from-the-hip" method. The adrenaline really flows when the doorbell rings and you can't tell the color of the living room carpet from all the toys.

# Larson outlines process of building Challenger

**(Editor's Note: Following is the text of the talk given at the dedication of Challenger Elementary and Preschool Sunday, November 6, by Mark Larson, who chaired the Citizens for Education community facilities planning group and community conceptual planning team which devised the concept for the new school building.)**

A few months ago, the land on which this building rests was just a field. I have no doubt that over the years that this land was used for farming that it produced well. Now on this field we have built a school. We have added value to this land.

The school that we have built is not just "another" school. Challenger Elementary is state of the art. It is designed to take advantage of the economies of scale and operating efficiencies that only a large school can offer. But it is also designed to preserve the intimacy of a much smaller school.

Challenger offers a near ideal learning environment for our students. Virtually all of the resources that the district has that support elementary students are centered in this single facility. No longer is it necessary to spread support staff, media resources and administration across four separate schools.

Most importantly, Challenger allows us to unite our entire elementary teaching staff at a single site. The opportunity for a high level of interactions between teachers with similar problems and goals is now a reality. The potential for truly creative solutions and innovative techniques is greatly enhanced.

It is no accident that we are here today to dedicate Challenger Elementary—one of a handful of schools in Minnesota that represent the leading edge in school building design, a school positioned to take full advantage of emerging technologies.

Today's dedication marks a point in a process that began more than four years ago. It began with a superintendent and board that recognized the need to evaluate the schools and the support buildings in our district and develop a comprehensive plan for the future.

It involved on-site inspections and solicited input from the teaching and support staff at each facility. It involved detailed analysis and evaluation of each facility by a committee that consisted of several dozen citizens representing a cross section of the district. Citizen involvement ultimately grew to several hundred people who gave freely of their time and talent over a period of many months.

The project that emerged from this process was truly comprehensive, impacting four existing elementary schools, the middle school and the high school. Challenger Elementary was the cornerstone of this proposed project.

Many of the people that were involved in this process are here today. We thank you. Without you there would be no Challenger Elementary.

I had the privilege of chairing the initial committee that spent many months reviewing the strengths and deficiencies of each building. It was not my goal in life to build a new school. I am confident that the other members on this committee had a perspective similar to my own.

We wanted to address the deficiencies in our district's schools in the most cost effective way. And it was important to us that any changes we recommended provided a long term solution to the problems and not just a "Band-Aid" fix.

As the process evolved, it became increasingly evident that to try to solve problems utilizing the existing elementary schools was not in our best interest. And it ultimately became clear that the only logical solution was to build Challenger Elementary.

As we walk through Challenger today and contemplate the greater potential it offers, there is no question that we made the right decision. And I would suggest that years from now when people look back on our decision to build this school as well as accomplish major upgrades to Franklin Middle School and Lincoln High School that they will marvel at our apparent foresight in terms of the timing of these projects.

A major cost when bonding for any large building project is interest expense. At the time we sold bonds for this project interest rates were at their lowest point in years, and have climbed since. This has saved us tens of thousands if not hundreds of thousands of dollars in financing costs.

At the time the bids were let, the construction industry was still sluggish. Because of this we saved substantially in terms of both labor and material costs. This meant that our construction dollars could go farther.

Just prior to the bond issue, the State of Minnesota, with the goal of giving all students in the state equal access to educational opportunities, agreed to equalize—or in a sense subsidize—projects in school districts with weaker tax bases. This will save local taxpayers literally millions of dollars.

And finally, the bond issue was voted on at a time when the people sensed that the economy in Thief River Falls and the rest of the school district was gaining momentum. Without this positive economic force, this emerging optimism, the probability of successfully passing this bond issue would have been substantially less.

When all things are considered our timing couldn't have been much better. So are we, the citizens of School District 564, real smart—or are we just lucky? Whatever we are, things have worked out extremely well. You may have heard the old saying, "The harder you work, the luckier you get." Well, there are a lot of people who have worked really hard to make Challenger Elementary become a reality. And we're lucky that they did!

Today's dedication is an important event. This marks the completion of a project that will have a significant, positive impact far into the future. But we must not forget that aside from being an important event, it is also a "point" in a process, a process in which we continue to work to maintain the high educational standards and support for education that has characterized our district since its inception.

We must remain committed to "working" for education. November 8th we will be asked to support a referendum that will provide additional operating funds for our district. We are fortunate that if this referendum is passed the state will pay more than 80 cents out of every dollar to the district.

With the completion of Challenger we have successfully addressed the deficiencies in our buildings, but to not take advantage of this major state subsidy so that we can now address the programmatic and operating needs of our district would be a serious mistake. It is critical that you work to educate other citizens in the district of the importance of voting "yes" on this referendum.

Just one week ago, ribbon cutting ceremonies marked the completion or near completion of major construction projects at Lincoln High School and Franklin Middle School. But today is the greatest day of all, because today is the day we cut the ribbon marking the completion of Challenger Elementary, the most comprehensive part of the project to position our district's schools for the 21st Century.

While we mark the completion of Challenger Elementary School with today's dedication, we might like to think that we have taken this land, which was once just a field, and made it into something very special: A field that will now give far more than before, by providing the earthen foundation on which we built this school, this school which will in turn provide the educational foundation for thousands of children for years to come. For children that are ours—a place where they can begin to work to achieve their dreams. This field has, in a very real sense, become a "Field of Dreams."

**Mark Larson, chairman of the Citizens for Education group which researched and recommended construction of a new elementary school for School District 564, was one of the speakers for the dedication of Challenger Elementary and Preschool Sunday afternoon.**

**Others on the podium (left to right) are Challenger principal Glenn Espe, school board chairman Dennis Klesow, Congressman Collin Peterson, State Sen. LeRoy Stumpf and State Rep. Tim Finseth. Dedication ceremonies were the first activity held in the school gymnasium.**

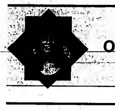
## ON THE OTHER HAND



Kari Larson
Lincoln High School

Being a teenager is quite an experience. Everything changes your friends, body, perspectives on life, and beliefs. I'm always hearing "These are the best years of you life, enjoy them." But what is really ironic is that if you ask an adult, they will say, "I wouldn't want to be a teenager again, ever!! At least not in this day and age."

Adolescence is experimenting, finding your limits. When I am a consenting adult and I look back on my teenage years, I'd probably say that the lack of responsibility that most of us had was the best part. When we are older, we will have to worry about bills, marital problems, job security and our own kids. My biggest concern now is if I'm going to get a deficiency slip or not.

Even though I am still young, I have a lot of fond memories. Memories of elementary school, middle school and three years of Lincoln.

I remember the first day of kindergarten. I went through the ritual of taking pictures of my clothes, Barbie lunchbox and of course, my schoolbag. I remember my mom telling me to turn around on the bus steps for a picture. When I turned around, she had tears in her eyes. I thought I was going to die of embarrassment. Now I realize that sending your five-year-old off to school is the first step of letting go.

After the crucial bus ride to town, my cousin grabbed my hand and led the way. As I entered Northrop's towering doors, I felt like throwing up. Darrin raced through the halls. Since he was my cousin and a big fifth grader, I thought I was protected. That ended when I got to my class. The big "K" on the wall scared me. His loving pep talk-consisting of, "Here's your class" told me that he was embarrassed to be seen with a little kid.

Some things will never fade from my memory. I remember when the boys were by the monkeybars. It had snowed over night and a lot of snow had piled up under the merry-go-round. A ball had gone under it and Pete went to get it. After some attempts at getting out, he asked us to get the janitor. He came out with a shovel and had to dig him out. Pete won't admit to this situation, but, yes, it happened.

Another fatal accident on the playground was when Kiki stuck her tongue on the frozen bars and couldn't move away. I think she ended up ripping her tongue off and screaming at the top of her lungs. But the big topic of the playground was when a daring girl would hang upside-down on the crossbars with a skirt on!

When you eventually climb the totem pole to the fifth grade, you are top dog...until you reach Franklin! The biggest fears were getting lost, my locker jamming, and showers! The dreaded fear of someone seeing your changing body scared some people to death. Needless to say, I was one of those people. Soon we realized that we could pull our bra straps down, wrap a towel around us, splash some water on, and get away with it. That soon ended after Ms. Charlebois caught us. There was always a girl who'd strut her stuff in the locker room. She was usually a few years older and a lot more developed. I think we all cringed with jealousy.

After three years at Franklin, we got knocked down the totem pole again. Entering the ninth grade was no real obstacle for me. It seemed like a junior high with fewer rules.

When Rachel and I showed up for the first day Lincoln, I was very nervous, but that ended after I got inside. I knew everyone except the seniors. There were a couple of seniors who were especially nice to me; that was because they didn't know that I was a freshman. I was in my second year of German class which was usually sophomores and up, but I was an exception. Anyway, they asked me if I was new to the town. I answered no, and they were shocked that they hadn't seen me before. After I told them I was a freshman, they pretty much ignored me. When we were put into work groups together and after they got to know me, they were like my big brothers.

Advice for my underclassmen: Enjoy every day you have with your friends and try to make the best out of every day. Your school years go by fast. It seems as if I were just a freshman; now I'm a junior. You're only there for four years; make something happen while you're there.

# Ann Marben reviews name for Challenger

**(Editor's Note: Following is the presentation made by third grader Ann Marben, daughter of Kurt and Brenda Marben, at the dedication program Sunday for Challenger Elementary School.)**

It was a vote. It was a very big vote. Just like the grown-ups. They voted to build the school, but we got to name the school. We got to name the school; that's what makes it ours.

Challenger Elementary and Preschool. It was one of three names chosen by a special committee.

Challenger—a challenge to students and staff to make every day better than the last.

Challenger—to remember the courage of a team of wonderful astronauts. One of those astronauts—Ellison Onizuka—told a group of kids in 1980 that their education and imagination could carry them to unbelievable places, and he said, "Make your life count and the world will be a better place because you tried."

We make every day count at Challenger School. We love our school. We are happy you are here today, and we have a special presentation for Mr. Bill Desrocher. Mr. Desrocher was the principal at Washington and Northrop schools, and he was the one who submitted the name Challenger to the selection committee. Would he come up to the podium please?.

(Mr. Desrocher came forward to the podium where Marben was standing on a chair to reach the microphone on the speaker's stand.)

On behalf of the students and staff at Challenger Elementary and Preschool, I would like to present this sweatshirt as a keepsake for this very special day. (She presented the sweatshirt along with a hug.) Thank you.

vided class five gravel for the project and work was progressing. The entire cost of the project was expected to cost in the neighborhood of $40,000. The public works committee was asked if the city would help participate in the project.

A motion was not adopted, but it seemed to be the consensus of the committee to consider using the old downtown light poles at the parking lot and striping the parking lot.

The council was expected to consider these issues and many more at its meeting Tuesday. Because of the election on Tuesday, the meeting was rescheduled from 5 to 4 p.m.

# Plummer plans Veteran's Day program Friday

Veteran's Day will be observed at a special ceremony in Plummer 10:30 a.m. Friday, November 11, at Plummer high school gym. The speaker will be John Helley Sr., USN, retired. Also participating will be the Plummer American Legion, Plummer Auxiliary and the winner of an essay writing contest on Veteran's Day from the Sophomore class. The public is invited to attend.

# Odd Fellows Lodge observes 100 years of history in TRF

Young Pine Lodge No. 221 of the International Order of Odd Fellows observed its 100th anniversary October 29 with an initiation of new members and social evening in the lodge hall on LaBree Avenue in Thief River Falls.

Special guests at the event were Raymond Schultz of Kellogg, Grand Master of the Minnesota IOOF; William Peters of Marble, Grand Secretary; and Gordon Ekberg of Herman, past state officer. Approximately 50 people were in attendance at the anniversary celebration.

New members accepted into membership that evening were Clebert Molstad, Joe Forberg, Irvin Jarshaw and Robert Bredeson of Thief River Falls, Henry Panck of Goodridge and Marshall Ness of Newfolden.

The local lodge of Odd Fellows was founded Oct. 19, 1894, by the Crookston lodge which was deputized to act as Grand Officers by the Grand Master of Minnesota. Meetings were held in a building where the Thief River Falls city auditorium now stands, known as the Hotel Northern Annex.

First officers were T. H. Young, Noble Grand; Thomas Burns, Vice Grand; William Wood, secretary; S. Kennison, Treasurer; C. A. Robecke, Warden; P. J. Stebbins, Chaplain; and Louis Hanson, Conductor.

The name was adopted as a result of compromise. A number of the early members advocated the name "Northern Pine," but organizer and first Noble Grand T. H. Young insisted that it be named Young lodge after himself. Young Pine was adopted as the name in compromise and the number 221 was designated by the Grand Lodge of Minnesota.

After about four years of the lodge's existence, a fire destroyed the building and all contents on Dec. 22, 1898, leaving the lodge with only a small insurance settlement of about $400 on its paraphernalia. It raised funds in a number of ways to accumulate $1,000 and purchased two lots for $750. It also let a contract for $250 for digging the basement and erecting the basement walls, which are four feet wide at the bottom.

The lodge borrowed $4,000 from Jack Clair, who had sold a timber claim in the eastern Red Lake country, gave him a first mortgage on the building to be erected, purchased two lots at what is now the corner of LaBree Avenue and Second Street and in 1899 completed construction of a building on one of the lots. The first meeting in the new building was Nov. 25, 1899.

The new building had two historical firsts for the community—it was the first commercial building with a full basement and the first brick store building in the city.

A Crookston contractor by the name of Johnson agreed to build the building for $4,000 but suffered some losses in subcontracting. By the time the building was completed, the Odd Fellows owed an additional $1,000. A second mortgage was given to the C. L. Dobner bank for a loan to cover that shortage, along with assignment of all rentals for the first three years.

Lodge quarters were located on the second floor—as they are now—and the downstairs retail area was leased to commercial business, presently Corner Drug.

The lodge hoped to rent its first floor for $25 per month, which would be the highest rental figure in Thief River Falls up to that time. At a competitive bidding, however, W. T. Mularky bid $30 per month and Emil Zeh, in behalf of O. P. Johnson, made an offer of $35 which was promptly accepted. After five years the lease was increased to $50 per month and later to $75.

The lodge sold its second lot for $800 and used the proceeds to purchase a player piano. The new owners of the property built a building on it in about 1906. The lodge later raffled off its player piano and in 1923 purchased its former lot and the building which had been built on it. Over the years the two buildings served a number of tenants include Dahl's Bakery, the Rex Cafe, Jung's Rainbow Bakery and Parkin's Corner Drug store.

The buildings were remodeled and changed over the years with a number of mortgage burning ceremonies held by the lodge to celebrate paying off loans for these acquisitions and improvements.

# Larson outlines process of building Challenger

**(Editor's Note: Following is the text of the talk given at the dedication of Challenger Elementary and Preschool Sunday, November 6, by Mark Larson, who chaired the Citizens for Education community facilities planning group and community conceptual planning team which devised the concept for the new school building.)**

A few months ago, the land on which this building rests was just a field. I have no doubt that over the years that this land was used for farming that it produced well. Now on this field we have built a school. We have added value to this land.

The school that we have built is not just "another" school. Challenger Elementary is state of the art. It is designed to take advantage of the economies of scale and operating efficiencies that only a large school can offer. But it is also designed to preserve the intimacy of a much smaller school.

Challenger offers a near ideal learning environment for our students. Virtually all of the resources that the district has that support elementary students are centered in this single facility. No longer is it necessary to spread support staff, media resources and administration across four separate schools.

Most importantly, Challenger allows us to unite our entire elementary teaching staff at a single site. The opportunity for a high level of interactions between teachers with similar problems and goals is now a reality. The potential for truly creative solutions and innovative techniques is greatly enhanced.

It is no accident that we are here today to dedicate Challenger Elementary—one of a handful of schools in Minnesota that represent the leading edge in school building design, a school positioned to take full advantage of emerging technologies.

Today's dedication marks a point in a process that began more than four years ago. It began with a superintendent and board that recognized the need to evaluate the schools and the support buildings in our district and develop a comprehensive plan for the future.

It involved on-site inspections and solicited input from the teaching and support staff at each facility. It involved detailed analysis and evaluation of each facility by a committee that consisted of several dozen citizens representing a cross section of the district. Citizen involvement ultimately grew to several hundred people who gave freely of their time and talent over a period of many months.

The project that emerged from this process was truly comprehensive, impacting four existing elementary schools, the middle school and the high school. Challenger Elementary was the cornerstone of this proposed project.

Many of the people that were involved in this process are here today. We thank you. Without you there would be no Challenger Elementary.

I had the privilege of chairing the initial committee that spent many months reviewing the strengths and deficiencies of each building. It was not my goal in life to build a new school. I am confident that the other members on this committee had a perspective similar to my own.

We wanted to address the deficiencies in our district's schools in the most cost effective way. And it was important to us that any changes we recommended provided a long term solution to the problems and not just a "Band-Aid" fix.

As the process evolved, it became increasingly evident that to try to solve problems utilizing the existing elementary schools was not in our best interest. And it ultimately became clear that the only logical solution was to build Challenger Elementary.

As we walk through Challenger today and contemplate the greater potential it offers, there is no question that we made the right decision. And I would suggest that years from now when people look back on our decision to build this school as well as accomplish major upgrades to Franklin Middle School and Lincoln High School that they will marvel at our apparent foresight in terms of the timing of these projects.

A major cost when bonding for any large building project is interest expense. At the time we sold bonds for this project interest rates were at their lowest point in years, and have climbed since. This has saved us tens of thousands if not hundreds of thousands of dollars in financing costs.

At the time the bids were let, the construction industry was still sluggish. Because of this we saved substantially in terms of both labor and material costs. This meant that our construction dollars could go farther.

Just prior to the bond issue, the State of Minnesota, with the goal of giving all students in the state equal access to educational opportunities, agreed to equalize—or in a sense subsidize—projects in school districts with weaker tax bases. This will save local taxpayers literally millions of dollars.

And finally, the bond issue was voted on at a time when the people sensed that the economy in Thief River Falls and the rest of the school district was gaining momentum. Without this positive economic force, this emerging optimism, the probability of successfully passing this bond issue would have been substantially less.

When all things are considered our timing couldn't have been much better. So are we, the citizens of School District 564, real smart—or are we just lucky? Whatever we are, things have worked out extremely well. You may have heard the old saying, "The harder you work, the luckier you get." Well, there are a lot of people who have worked really hard to make Challenger Elementary become a reality. And we're lucky that they did!

Today's dedication is an important event. This marks the completion of a project that will have a significant, positive impact far into the future. But we must not forget that aside from being an important event, it is also a "point" in a process, a process in which we continue to work to maintain the high educational standards and support for education that has characterized our district since its inception.

We must remain committed to "working" for education. November 8th we will be asked to support a referendum that will provide additional operating funds for our district. We are fortunate that if this referendum is passed the state will pay more than 80 cents out of every dollar to the district.

With the completion of Challenger we have successfully addressed the deficiencies in our buildings, but to not take advantage of this major state subsidy so that we can now address the programmatic and operating needs of our district would be a serious mistake. It is critical that you work to educate other citizens in the district of the importance of voting "yes" on this referendum.

Just one week ago, ribbon cutting ceremonies marked the completion or near completion of major construction projects at Lincoln High School and Franklin Middle School. But today is the greatest day of all, because today is the day we cut the ribbon marking the completion of Challenger Elementary, the most comprehensive part of the project to position our district's schools for the 21st Century.

While we mark the completion of Challenger Elementary School with today's dedication, we might like to think that we have taken this land, which was once just a field, and made it into something very special: A field that will now give far more than before, by providing the earthen foundation on which we built this school, this school which will in turn provide the educational foundation for thousands of children for years to come. For children that are ours—a place where they can begin to work to achieve their dreams. This field has, in a very real sense, become a "Field of Dreams."

**Mark Larson, chairman of the Citizens for Education group which researched and recommended construction of a new elementary school for School District 564, was one of the speakers for the dedication of Challenger Elementary and Preschool Sunday afternoon.**

**Others on the podium (left to right) are Challenger principal Glenn Espa, school board chairman Dennis Kiesow, Congressman Collin Peterson, State Sen. LeRoy Stumpf and State Rep. Tim Finseth. Dedication ceremonies were the first activity held in the school gymnasium.**

## ON THE OTHER HAND

Kari Larson

Lincoln High School

Being a teenager is quite an experience. Everything changes your friends, body, perspectives on life, and beliefs. I'm always hearing "These are the best years of you life, enjoy them." But what is really ironic is that if you ask an adult, they will say, "I wouldn't want to be a teenager again, ever!! At least not in this day and age."

Adolescence is experimenting, finding your limits. When I am a consenting adult and I look back on my teenage years, I'd probably say that the lack of responsibility that most of us had was the best part. When we are older, we will have to worry about bills, marital problems, job security and our own kids. My biggest concern now is if I'm going to get a deficiency slip or not.

Even though I am still young, I have a lot of fond memories. Memories of elementary school, middle school and three years of Lincoln.

I remember the first day of kindergarten. I went through the ritual of taking pictures of my clothes, Barbie lunchbox and of course, my schoolbag. I remember my mom telling me to turn around on the bus steps for a picture. When I turned around, she had tears in her eyes. I thought I was going to die of embarrassment. Now I realize that sending your five-year-old off to school is the first step of letting go.

After the crucial bus ride to town, my cousin grabbed my hand and led the way. As I entered Northrop's towering doors, I felt like throwing up. Darrin raced through the halls. Since he was my cousin and a big fifth grader, I thought I was protected. That ended when I got to my class. The big "K" on the wall scared me. His loving pep talk-consisting of, "Here's your class" told me that he was embarrassed to be seen with a little kid.

Some things will never fade from my memory. I remember when the boys were by the monkeybars. It had snowed over night and a lot of snow had piled up under the merry-go-round. A ball had gone under it and Pete went to get it. After some attempts at getting out, he asked us to get the janitor. He came out with a shovel and had to dig him out. Pete won't admit to this situation, but, yes, it happened.

Another fatal accident on the playground was when Kiki stuck her tongue on the frozen bars and couldn't move away. I think she ended up ripping her tongue off and screaming at the top of her lungs. But the big topic of the playground was when a daring girl would hang upside down on the crossbars with a skirt on!

When you eventually climb the totem pole to the fifth grade, you are top dog...until you reach Franklin! The biggest fears were getting lost, my locker jamming, and showers! The dreaded fear of someone seeing your changing body scared some people to death. Needless to say, I was one of those people. Soon we realized that we could pull our bra straps down, wrap a towel around us, splash some water on, and get away with it. That soon ended after Ms. Charlebois caught us. There was always a girl who'd strut her stuff in the locker room. She was usually a few years older and a lot more developed. I think we all cringed with jealousy.

After three years at Franklin, we got knocked down the totem pole again. Entering the ninth grade was no real obstacle for me. It seemed like a junior high with fewer rules.

When Rachel and I showed up for the first day Lincoln, I was very nervous, but that ended after I got inside. I knew everyone except the seniors. There were a couple of seniors who were especially nice to me; that was because they didn't know that I was a freshman. I was in my second year of German class which was usually sophomores and up, but I was an exception. Anyway, they asked me if I was new to the town. I answered no, and they were shocked that they hadn't seen me before. After I told them I was a freshman, they pretty much ignored me. When we were put into work groups together and after they got to know me, they were like my big brothers.

Advice for my underclassmen: Enjoy every day you have with your friends and try to make the best out of every day. Your school years go by fast. It seems as if I were just a freshman; now I'm a junior. You're only there for four years; make something happen while you're there.

# Ann Marben reviews name for Challenger

**(Editor's Note: Following is the presentation made by third grader Ann Marben, daughter of Kurt and Brenda Marben, at the dedication program Sunday for Challenger Elementary School.)**

It was a vote. It was a very big vote. Just like the grown-ups. They voted to build the school, but we got to name the school. We got to name the school; that's what makes it ours.

Challenger Elementary and Preschool. It was one of three names chosen by a special committee.

Challenger—a challenge to students and staff to make every day better than the last.

Challenger—to remember the courage of a team of wonderful astronauts. One of those astronauts—Ellison Onizuka—told a group of kids in 1980 that their education and imagination could carry them to unbelievable places, and he said, "Make your life count and the world will be a better place because you tried."

We make every day count at Challenger School. We love our school. We are happy you are here today, and we have a special presentation for Mr. Bill Desrocher. Mr. Desrocher was the principal at Washington and Northrop schools, and he was the one who submitted the name Challenger to the selection committee. Would he come up to the podium please?

(Mr. Desrocher came forward to the podium where Marben was standing on a chair to reach the microphone on the speaker's stand.)

On behalf of the students and staff at Challenger Elementary and Preschool, I would like to present this sweatshirt as a keepsake for this very special day. (She presented the sweatshirt along with a hug.) Thank you.

vided class five gravel for the project and work was progressing. The entire cost of the project was expected to cost in the neighborhood of $40,000. The public works committee was asked if the city would help participate in the project.

A motion was not adopted, but it seemed to be the consensus of the committee to consider using the old downtown light-poles at the parking lot and striping the parking lot.

The council was expected to consider these issues and many more at its meeting Tuesday. Because of the election on Tuesday, the meeting was rescheduled from 5 to 4 p.m.

# Plummer plans Veteran's Day program Friday

Veteran's Day will be observed at a special ceremony in Plummer 10:30 a.m. Friday, November 11, at Plummer high school gym. The speaker will be John Heiley Sr., USN, retired. Also participating will be the Plummer American Legion, Plummer Auxiliary and the winner of an essay writing contest on Veteran's Day from the Sophomore class. The public is invited to attend.

# Odd Fellows Lodge observes 100 years of history in TRF

Young Pine Lodge No. 221 of the International Order of Odd Fellows observed its 100th anniversary October 29 with an initiation of new members and social evening in the lodge hall on LaBree Avenue in Thief River Falls.

Special guests at the event were Raymond Schultz of Kellogg, Grand Master of the Minnesota IOOF; William Peters of Marble, Grand Secretary; and Gordon Ekberg of Herman, past state officer. Approximately 50 people were in attendance at the anniversary celebration.

New members accepted into membership that evening were Clebert Molstad, Joe Forberg, Irvin Jarshaw and Robert Bredeson of Thief River Falls, Henry Panek of Goodridge and Marshall Ness of Newfolden.

The local lodge of Odd Fellows was founded Oct. 19, 1894, by the Crookston lodge which was deputized to act as Grand Officers by the Grand Master of Minnesota. Meetings were held in a building where the Thief River Falls city auditorium now stands, known as the Hotel Northern Annex.

First officers were T. H. Young, Noble Grand; Thomas Burns, Vice Grand; William Wood, secretary; S. Kennison, Treasurer; C. A. Robecke, Warden; F. J. Stebbins, Chaplain; and Louis Hanson, Conductor.

The name was adopted as a result of compromise. A number of the early members advocated the name "Northern Pine," but organizer and first Noble Grand T. H. Young insisted that it be named Young lodge after himself. Young Pine was adopted as the name in compromise and the number 221 was designated by the Grand Lodge of Minnesota.

After about four years of the lodge's existence, a fire destroyed the building and all contents on Dec. 22, 1898, leaving the lodge with only a small insurance settlement of about $400 on its paraphernalia. It raised funds in a number of ways to accumulate $1,000 and purchased two lots for $750. It also let a contract for $250 for digging the basement and erecting the basement walls, which are four feet wide at the bottom.

The lodge borrowed $4,000 from Jack Clair, who had sold a timber claim in the eastern Red Lake country, gave him a first mortgage on the building to be erected, purchased two lots at what is now the corner of LaBree Avenue and Second Street and in 1899 completed construction of a building on one of the lots. The first meeting in the new building was Nov. 25, 1899.

The new building had two historical firsts for the community—it was the first commercial building with a full basement and the first brick store building in the city.

A Crookston contractor by the name of Johnson agreed to build the building for $4,000 but suffered some losses in subcontracting. By the time the building was completed, the Odd Fellows owed an additional $1,000. A second mortgage was given to the C. L. Dobner bank for a loan to cover that shortage, along with assignment of all rentals for the first three years.

Lodge quarters were located on the second floor—as they are now—and the downstairs retail area was leased to commercial business, presently Corner Drug.

The lodge hoped to rent its first floor for $25 per month, which would be the highest rental figure in Thief River Falls up to that time. At a competitive bidding, however, W. T. Mularky bid $30 per month and Emil Zeh, in behalf of O. F. Johnson, made an offer of $35 which was promptly accepted. After five years the lease was increased to $50 per month and later to $75.

The lodge sold its second lot for $800 and used the proceeds to purchase a player piano. The new owners of the property built a building on it in about 1906. The lodge later raffled off its player piano and in 1923 purchased its former lot and the building which had been built on it. Over the years the two buildings served a number of tenants include Dahl's Bakery, the Rea Cafe, Jung's Rainbow Bakery and Parkin's Corner Drug store.

The buildings were remodeled and changed over the years with a number of mortgage burning ceremonies held by the lodge to celebrate paying off loans for these acquisitions and improvements.

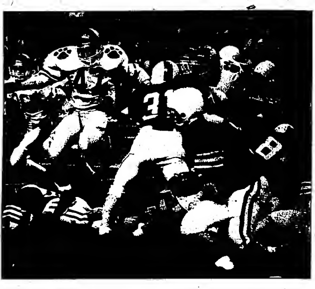
INTENTIONAL DUPLICATE EXPOSURE

# Sports Section



Leaping over a fallen blocker, Thief River Falls linebacker Tony Halsa (47) charged into the backfield as Detroit Lakes' Todd Steinmetz went down the line with a quarterback keeper in Friday's Section 8A high school football playoff finals at the Fargodome. Defensive back Robbie Stock (26) came up to meet the play, too. Detroit Lakes won 28-13.

## Northland men's basketball squad will be on display

Northland Community College men's basketball team will be on display tonight (Wednesday) during the Pioneers annual Media Night.

Introduction of players, practice, 3-point shooting contest, and dunking contest will be open to the public.

Mark Dannhoff-coached Pioneers will open their 1994-95 season Tuesday, Nov. 29, at UND-Lake Region. Northland home opener will be a Thursday, Dec. 1, game against the Concordia College junior varsity.

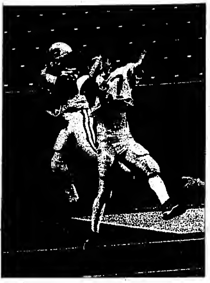
The December 1 date against the Cobbers will feature a basketball doubleheader as the Northland women's team, coached by Rick Nikunen, begins its season with a 5:30 p.m. game against Concordia.

## Wolfpack winner in Section 4 Nine-Man

Kittson Central out-scored Argyle 30-28 Friday in the Section 4 Nine-Man high school football playoff finals at the Fargodome.

The win moves the Wolfpack into the Nine-Man state playoff semifinals November 17 at the Metrodome in Minneapolis – a 9:30 a.m. match-up with Littlefork-Big Falls.

Meanwhile, Alexandria, a winner over Thief River Falls during the regular season, remained unbeaten with a 48-19 win over Wayzata in the Section 8AA finals. The Cardinals meet Park of Cottage Grove in the Class AA state quarterfinals Friday.



Key play in Friday's Detroit Lakes vs. Thief River Falls Section 8A high school football playoff championship game came on the final snap of the first half when the Lakers' Steve Skarie hauled in a 34-yard touchdown pass from quarterback Wade Lewandowski despite close coverage by the Prowlers' Nathan Anderson (27). The play turned a narrow 14-13 Detroit Lakes edge into a 21-13 halftime cushion. The Lakers went on to win 28-13.

# Lakers extend title reign

Detroit Lakes voters may have to pass a bond issue in the new future to approve expenditures for an addition to its high school trophy case. The Lakers picked up some more hardware Friday with a 28-13 Section 8A football playoff championship game win over Thief River Falls in the November comfort of the Fargodome.

It was the fifth straight sectional title for the Lakers, who are the two-time defending Class A state champions. They've been in the Section 8A finals six times in the past seven years.

Thief River Falls was making its second Section 8A championship game appearance in three years, having lost to the Lakers 48-13 in the 1992 finals.

Detroit Lakes defeated Thief River Falls 21-8 to open the 1994 season, but the Prowlers nevertheless put together an impressive string of wins that had many looking for them to finally end the Lakers' title reign.

Detroit Lakes, however, was not convinced it was time to step aside. And when the Lakers came up with a back-breaking 34-yard touchdown pass on the final play of the first half, the confidence that was tied to the Thief River Falls challenge was shaken. The Prowlers never recovered.

It started ominously for the Prowlers when their first snap from scrimmage resulted in a pass interception as Kregg Wolf made a leaping catch at the Thief River Falls 46 and returned the ball to the 31.

Two plays later a quarterback keeper by Todd Steinmetz went for a 26-yard touchdown as he out-ran the Thief River Falls defense to the right corner of the end zone with 3:25 elapsed. Nick Hagedom followed with the first of his four successful conversion kicks.

A short Detroit Lakes punt put Thief River Falls in position to tie the game at the start of the second quarter. It was a 6-play, 59-yard possession that ended on a 35-yard block-reading run by Tony Halsa, who picked his way through the middle and cut back against the grain. Brian Howe's kick knotted it a 7-7.

However, the ensuing kickoff was returned from the Detroit Lakes I to the Lakers' 48-yard line by Steve Skarie, and seven plays later it was 14-7 when Craig Fredrickson got outside on a 21-yard touchdown run with 7:23 left in the first half.

Thief River Falls responded, though, with an eight-play, 76-yard touchdown drive that featured back-to-back-Keith-Anderson-to-Steve Burslie passes of 11 and 18 yards and a 33-yard run by Nick Chiodo, who bounced off tacklers at the line and headed down the left side before being caught at the Detroit Lakes 7-yard line.

Paul Kopari got to the left corner untouched for a 5-yard touchdown with 3:55 left.

Although a missed extra-point kick left it 14-13, the Prowlers would not have been upset with a one-point halftime deficit.

Instead, they wound up trailing 21-13 at intermission. After an interception by Skarie at the Detroit Lakes 24 and a return to the Lakers' 48, the Prowlers went on defense for the final 40 seconds of the second quarter.

Despite double-coverage, a Steinmetz pass over the middle was pulled in by Mark Rasmussen for a 22-yard gain to the Thief River Falls 23. A penalty and a sack by Jason Homme set the Lakers back to the 34 with three-seconds-showing on the clock.

Back-up quarterback Wade Lewandowski was brought into the game at that point and he threw the ball down the left side to Skarie. There was close coverage on the play, but as the buzzer sounded, Skarie turned for the ball, caught the pass inside the 5 and fell into the end zone.

"They made the big play," said Thief River Falls coach Jeff Mumm. "That play right before half was huge. I thought we had played pretty well, and with three seconds left we were looking to go into the locker room 14-13. All of a sudden it's 21-13. That really put us in a hole"

The Prowlers never threatened the Lakers' lead in the second half, mustering just 64 yards and two first downs after intermission to end a 7-4 season.

Detroit Lakes clinched it with a third quarter touchdown. After stopping a fourth-and-one Thief River Falls attempt at the Lakers' 36, the winners put together an eight-play drive that featured a 29-yard Steinmetz pass to Skarie, who was wide open down the left sidelines. Steinmetz scored on a keeper from nine yards out with 1:48 left by once again winning a foot race to the corner of the end zone.

It was the first-ever Thief River Falls indoor football game. Detroit Lakes is 8-1 in domes – 2-0 at the Fargodome and 6-1 at the Metrodome in Minneapolis. But the surroundings did not play a role in the outcome, according to Mumm. "The dome was not a factor," he said. "Playing here was fun. The kids enjoyed it."

Halsa led the Prowlers with 75 yards on 13 carries, but was limited to 11 yards on four second half runs. Chiodo had 33 yards on just three carries before leaving the game with an injury. Anderson was only 5-for-21 passing and was intercepted three times.

Fredrickson and Steinmetz both had 20 carries for the Lakers, with Fredrickson netting an even 100 yards and Steinmetz adding 70.

Detroit Lakes will be at Hutchinson Friday in the Section 8A state playoff quarterfinals. The Tigers beat Dassel-Cokato 21-14 in the Section 4A finals.

# Normandale 43-8 winner over NCC

### MCCC football semifinals

Normandale posted impressive numbers on both offense and defense Saturday en route to a 43-8 win over Northland in the 1994 Minnesota Community College Conference state football playoff semifinals. The game was played in Bloomington.

The Normandale defense stopped the Northland ground game in its tracks and the Lions' offense had a 527-yard afternoon to send them into the MCCC finals against Vermilion, a 41-13 first round winner over Fergus Falls.

Northland, the regular season Northern Division runner-up, finished the year 5-4 overall. Normandale, involved in a three-way regular season Southern Division title tie, is also 5-4, but they had to forfeit a pair of wins over Vermilion and Hibbing to start the year for using an ineligible player.

Thirty-one Northland running plays wound up producing zero net yards. The Pioneers did throw for 255 yards, but it wasn't enough to compensate for a non-existent ground game.

"They are as good a defensive team we've ever faced," said Gene Klinke, who has put together two state qualifying teams in three years as Northland head coach. "They completely took away our running game. Our defense played all right and we got some yards passing, but we were not able to move the ball on the ground. They took the inside away from us, and we just don't have the people to get outside. We're pluggers. We couldn't get outside with sweeps or options."

Northland did have some early success moving the ball, reaching the Normandale 13-yard line on their second possession. But they didn't get on the board until the fourth quarter – a 1-yard Dan Nelson run.

"We had them reeling to start the football game with our passing," noted Klinke. "If we could have scored there, things might have been different."

Instead, Normandale took a 7-0 first quarter lead on a 36-yard John Blanchard pass to Jason Mayes, and went into halftime with a 22-0 cushion as Ben Turner scored on a 4-yard run. Blanchard and Mayes hooked up on another touchdown pass, this one covering 22 yards, and Shane Allen kicked a half-ending 43-yard field goal.

"To be totally honest, I don't really know what happened," offered Klinke. "I looked up at the scoreboard and it was 19-0, and they got that field goal to close out the half."

Blanchard added touchdown passes of 69 and 45 yards to Mayes and Nate Galvan, respectively, in the second half and finished 17-for-31 in the air for 394 yards. Mayes caught 7 passes for 220 yards

Northland put the ball in the air 41 times, completing 20. Starting quarterback J.P. Lammers was 18-for-37 passing, but was also intercepted three times. The Pioneers' Dan Simmons caught 10 passes for 161 yards.

"I don't think we played our best football game," said Klinke. "We had our chances early, but let it slip away. Then the dam broke. It was just one of those days."

The Normandale vs. Vermilion MCCC title game will be played at St. Cloud State University Sunday at 1 p.m. The Lions won 38-26 in a Sept. 17 match-up that was later reversed in the forfeit situation. Vermilion is 8-1.

# Swimmers head for section meet

State meet-qualifying 1994 Section 8 girls high school swimming and diving championships will be held Friday and Saturday in Alexandria.

A new pool located in the Alexandria Discovery Middle School will be used for the first time when the meet begins with swimming prelims Friday at 5 p.m. Diving prelims will get underway Saturday at 10 a.m. Swimming and diving finals are scheduled to start Saturday at 2 p.m.

Top two finishers in all swimming events, along with the top five divers, will advance to the state meet November 22-23 at the University of Minnesota Aquatic Center in Minneapolis. Entries can also advance by meeting state meet-qualifying standards.

The Section 8 field will include Albany, Bemidji, Crookston, Fergus Falls, Little Falls, Minnewaska Area, Moorhead, Sauk Centre, Alexandria, Morris Area/Chokio-Alberta, Brainerd/Pillager, Detroit Lakes/Frazee, Melrose, Thief River Falls, Holdingford, Park Rapids Area, Warroad, and Staples-Motley.

Bemidji, Alexandria and Brainerd are expected to wage a close battle for team honors.

Thief River Falls coach Ryan Lokken is looking for the Prowlers to put in a solid, if non-contending, sectional performance. "We've been swimming really well," he said.

Individually, the Prowlers are led by senior Theresa Giauque and junior Jennifer Olin. Giauque was a state meet qualifier in both the 200 and 500 freestyle last year. She was also a state meet participant as an eighth grader, a freshman and a junior. Olin earned a state meet spot last fall in diving.

Lokken's post-season line-up will come from a large list of candidates who met sectional qualifying standards during the regular season.

**TRF Section 8 Qualifiers**

200 freestyle - 1. Theresa Glauque, 2:01.07; 2. Nicole Koperl, 2:19.55; 3. Sarah Harger, 2:19.61; 4. Becky Harger, 2:19.74.

Second place trophy was presented to Thief River Falls captains Tony Halsa (47), John Davis (58) and Eric Bjorgaard (6) following the Prowlers' 28-13 Friday night loss to Detroit Lakes in the Section 8A high school football playoff finals at the Fargodome. Brian Howe and Ryan Wold (73) were among the Prowlers looking on during the presentation, made by Thief River Falls Activities Director Lee Alger (left).

## Youth Hockey

**Tiny Mites**

A meeting for parents of players registered in the Thief River Falls Amateur Hockey Association Tiny Mites program for 7-8-year-olds will be held Monday, Nov. 14, at 6:30 p.m. in the city auditorium basement meeting room.

Purpose of the meeting is to explain the program for the 1994-95 season, meet the coaching staff, and to issue equipment to the players.

**Arena/Program Changes**

Remodeling work continues at the Huck Olson Memorial Civic Center. Projected completion date is November 19-20.

Because of the delay, the Lincoln High School hockey team will practice the week of November 14-19 at the Old Arena. As a result, all practices for the Tiny Mites (ages 8-under) will be cancelled that week.

First practice sessions for the 6-under Tiny Mites is rescheduled for Monday, Nov. 21. Group 1 will be on the ice from 3:45-4:25 p.m., and Group 2 will skate from 4:25-5 p.m.

Practice for the 7-8-year-olds will start Tuesday, Nov. 22. The 7-year-olds will practice from 5-6 p.m., and the 8-year-olds will skate from 6-7 p.m.

**Squirts**

TRFAHA Squirts have been practicing this week. Coaches will meet Sunday, Nov. 13, to select four equal in-House teams, and will notify their players Monday, Nov. 14 as to which team they will be on, and when their first practice will be held.

With the Prowlers skating in the Old Arena the week of November 14-19, Squirt practices may be juggled during that time span. Watch the weekly arena schedule for practice times.

**Coaches Needed**

Coaches are still needed in the TRFAHA program for the Pee-Wee B Blue traveling team. If interested, contact Ron Novak at 681-3959.

Detroit Lakes receiver Kregg Wolf was wrapped up by Thief River Falls defensive back Nick Chiodo, but still pulled in a pass from quarterback Todd Steinmetz during the third quarter of Friday's Section 8A high school football playoff championship game. The play gained 12 yards to the Prowlers' 9, and Steinmetz scored on the next play to increase the Lakers' lead to 28-13 – the final.

# Future of baseball in TRF to be discussed

Future of the Thief River Falls summer baseball program for players ages 13-18 may hang in the balance when backers of the sport meet Wednesday, Nov. 16, at 7 p.m. at American Legion Post 117.

There is a concern that organizations who have sponsored Thief River Falls baseball in the past will not be able to offer the same level of financial backing in the future, forcing the groups who are directly involved in running the programs to look elsewhere for funds.

It has been suggested that a single organization, designed to coordinate the programs for players ages 13-18, be formed to help in the operation and fund-raising activities that will be needed to keep the sport alive at the three age levels in the summer – 13-15-year-olds, 16-year-olds, and 17-18-year-olds who play American Legion baseball.

Groups who have been involved in supporting the baseball programs in the past, and parents of the players are asked to attend the meeting. Information will be provided concerning the costs of running the programs, and how they are funded.

## Moose hunting figures reported

Big-game registration figures for the 1994 Minnesota moose season recorded a 93 percent success rate among parties hunting in the northwest zones. According to officials in the Minnesota Department of Natural Resources, a total of 244 moose were harvested for the 262 permits issued in the nine-day season that ended October 16.

The harvest included 164 bulls and 80 cows.

"Wet ground conditions in the northern part of the range made getting around a little more difficult this year," said George Davis, DNR wildlife manager at Karlstad. "Hunters couldn't get as far off-road as they usually do and they had to be more careful about where they downed a moose – to get it packed out successfully."

Zones 3, 4 and 5 accounted for 125 moose harvested, out of 140 permits issued. Further south, eight out of ten zones experienced a 100 percent harvest rate, except for Zone 9, which had 19 moose for 20 permits; and Zone 10, which had 18 moose registered out of 20 permits issued.

Health of the herd appeared normal, according to Gordy Forester, DNR wildlife manager at Thief River Falls. "We didn't see any bad moose tick problems this year," said Forester, "and we heard only one report of a moose that appeared sickly when it was shot. Generally, hunters reported seeing healthy, active animals."

Largest antler rack measured 50 1/2 inches. "We saw a few racks that measured 48 to 50 inches," said Forester, "but most of them measured in the low 30s to around 40 inches. That's about average for Minnesota moose."

This year, Minnesota returned to an annual moose season, after conducting every-other-year hunts since 1971. With a slightly smaller number of permits issued every year – as compared to a larger harvest every two years – state wildlife experts hope to maintain moose populations at a more even level, and do a better job of controlling nuisance moose that damage agricultural crops in the Red River Valley.

Only exception to the annual season is in the Agassiz National Wildlife Refuge in eastern Marshall County, where federal wildlife managers have decided to stay with the alternate-year season.

Agassiz usually issues 20 permits for an early December season as part of the regular state moose license lottery. Agassiz will remain a moose refuge in even-numbered years and allow a limited hunt in odd-numbered years, including 1995.

## TRF baseball future

can be directed to any of the current Thief River Falls Youth Baseball Association board members: President John Rokke, telephone [illegible]; Vice-President Pete Solem, 681-5208; Secretary Diane Beste, 681-5495; Treasurer-Elect Mary Reierson, 681-7610; Treasurer Debi Rogalla, 681-7221; and Past-President Cary Efta, 681-7610.

Board members stress the importance of the meeting and subsequent public involvement in the program if baseball is to be part of the Thief River Falls summer scene. Without help, baseball might very well be limited to a spring high school program and a summer program for only ages 7-12.

# Law enforcement officials respond to many incidents

Law enforcement officials responded to several incidents during the past week, including one in which a sheriff's deputy broke his leg.

**Correction:** In last week's issue of The Times, a story about incidents involving drugs at Franklin Middle school was pasted on the page in the incorrect order, which caused a great deal of confusion. The following is a correction of the incident: On October 25, police received a report that two packages had been given to two students at Franklin Middle school, and the packages contained what police believed to be marijuana. After analysis, police identified the substance as marijuana. Police learned through investigation that a juvenile female was also alleged to have a small amount of marijuana in a flashlight. The flashlight was located in the school and it did contain marijuana. Charges are pending against a 12-year-old boy and a 14-year-old girl both of St. Hilaire for possession of a small amount of marijuana. The investigation began when a parent of one of the youth who had been given a package, discovered the marijuana in the package.

**Arrest.** On October 27 Terry Anenson was arrested on a warrant and now he had been cited for obstructing legal process because he resisted arrest.

On November 5 at about 1:37 a.m. a 7-11 employee reported a disturbance at the store but when police arrived the individuals had already left in a car. At about 1:48 a.m. a sheriff's department deputy was west bound on Eighth street and observed a vehicle that did not stop for a stop sign at the intersection. It was the same vehicle from 7-11. When the vehicle stopped, the driver got out of the vehicle. Jason Scott Alby, 25, Thief River Falls, was taken into custody for aggravated driving while intoxicated. The passenger, Brent Joseph Trudeau, 25, Thief River Falls, exited the vehicle and started walking east. He was told to stop by the deputy and a police officer who responded to provide assistance, but he continued to walk away from officers. The officer tried to stop him and Trudeau tried to hit the officer. A struggle ensued, and during the struggle with the deputy and police officer, the deputy injured his right leg. It was later learned that he had suffered a fracture to his right leg. Trudeau was arrested and taken into custody. He faces charges of obstructing legal process and fourth degree assault.

**Thefts.** On November 1 at 3:36 p.m. Rhonda Martinsen, route 8, Thief River Falls, reported that a car driven by her son Barry and parked at Lincoln high school on Knight Avenue, was taken. At 7 p.m. the 1980 Chevrolet Citation was located in the 700 block of North Merriam. It had been there a couple of hours, according to a resident who reported it. The vehicle was towed to the law enforcement center, and the incident is under investigation. Upon interviewing some young people, police learned that the vehicle had been used for driving around. A juvenile girl who had been reported missing at about the same time was implicated as one of the individuals who took the car. The girl was located and returned home on November 6. Charged with theft of the motor vehicle is a 14-year-old girl from Thief River Falls, and one 16-year-old male from Thief River Falls. Being charged with tampering with a motor vehicle are two 16-year-old females from Thief River Falls.

On November 2 at 11:30 a.m. Tracy Larson, route 1, Thief River Falls, reported that a 1976 Olds four-door, brown in color, and which had been loaned to a friend, was taken and not been returned. It is valued at $300. Tools inside the vehicle were valued at $50.

Pennington county sheriff's department has issued citations for issuance of worthless checks to the following individuals: (amounts listed include fees) Joseph Francis Lamb, 42, Thief River Falls, $174.66; Debra Marie Holmgren, 41, Thief River Falls, $45; Roy Laverne Ness, 33, Middle River, $60.73; Robert Gordon Wold, 27, Thief River Falls, $154; Terry Lee Anenson, 21, Thief River Falls, $35.77; Corey John Haugen, 18, Crookston, $50.21; Justin Scott Norberg, 21, Thief River Falls, $311.66; Andrew Edward Kukowski, 26, Dilworth, ND, $43.64.

On November 3 at 3:50 p.m. Kmart reported a gun missing. It was a Savage model 110 and valued at $270. A resident of Red Lake Falls later found the rifle in a gun case he purchased at the store.

On November 4 at 1:21 p.m. Lynelle Doyle, Thief River Falls, reported that a radar detector was taken from her car while it was parked behind her residence. It was valued at $69.

On November 5 at 5:16 p.m. Robert Kittle, East Grand Forks, reported items stolen from his van while it was parked in the Curling Club lot. Items included a 12-inch lamp shade, a 14-inch lamp shade, a pocket watch, and a bright colored afghan. The theft loss was estimated at $233.

On November 7 at 1:30 p.m. a local resident reported items missing from their apartment. Taken was a VCR, a CD boom box, and a telephone answering machine. The total theft loss was estimated at $490. Also missing was some rent money.

**Accidents.** On October 31 at 4:43 p.m. the sheriff's department received a report of an accident one-tenth of a mile north of County 59 on County road 16 in Rocksbury township. According to the accident report, Lawrence Anderson, 82, Thief River Falls, was driving a 1987 Chevrolet Celebrity when he lost control of the vehicle on gravel and the vehicle went into the ditch, rolled and came to rest upright on its wheels. Although the vehicle was later considered a total loss, Anderson drove the vehicle back to a nursing home in Thief River Falls. Anderson had a sore neck and his passenger, Tilman Swenson, 75, complained of a sore shoulder and hip. Both were taken by ambulance to Northwest Medical Center. Anderson was transferred to Dakota Hospital in Fargo, ND. Swenson was listed in stable condition at Northwest Medical Center on Wednesday morning.

On October 31 at 10:50 p.m. the sheriff's department received a report of an accident at County road 64 and 71 in Norden township. According to the accident report, David John Boman, Thief River Falls, was driving a 1982 Ford Bronco when he swerved to avoid hitting a deer and his vehicle went into the ditch. His vehicle was considered a total loss. Boman complained of pain to his neck, shoulder and elbow and went to the hospital on his own.

On October 29 at 10:55 p.m. in Erl's parking lot a car owned by Pamela Pals and parked by Shawn Leech, was parked facing south and a car backed out of a parking stall and into the Pals' vehicle and then left the scene. A license plate was obtained and the registration was checked. Damage to the Pals' car was estimated at $473.27. A citation has been issued to Paulette Dehnert, route 2, St. Hilaire, for leaving the scene of an accident.

On November 6 at 10:45 a.m. the sheriff's department received a report of an accident on County road 61 about one and one-eighth mile east of County road 17. According to the accident report, the vehicle was east bound, lost control, and rolled in the ditch. The driver, Charles William Zornes, Bagley, complained of sore knees and nose. The 1985 Ford pickup driven by Zornes had an estimated $4,000 damage. Zornes was cited for careless driving and failure to provide proof of insurance.

On November 4 at 7:45 p.m. the sheriff's department received a report of an accident on County road 61 at the Basswood trailer court entrance. According to the accident report, the driver lost control and hit a pole in the bottom of the ditch. Joseph Lee Broten, Thief River Falls, was cited with failure to provide proof of insurance. Damage to the 1978 Pontiac was estimated at $800. A passenger complained of a sore forehead.

On November 7 at 3:03 p.m. police received a report of an accident at Zeh and Duluth. According to the accident report, a car driven by Nathan Michael Johnson, Thief River Falls, was going west on Zeh, when a van driven by Joann Paraventi, Thief River Falls, was going north on Duluth. The vehicles collided in the uncontrolled intersection. The Johnson vehicle was considered a total loss. Damage to the Paraventi vehicle was estimated at $2,000. Nathan Johnson hit his head and was taken to the hospital by ambulance. Joann Paraventi received a bump on her right leg.

On November 7 at 10:10 p.m. police received a report of an accident at Highway 59 and Greenwood. According to the accident report, a car driven by Darrin Feragen, Thief River Falls, was going northwest on Highway 59, and a pickup driven by Jason Hoffard, Thief River Falls, was going east on Greenwood when the vehicles collided. Damages were estimated at $750 to each.

**Vandalism.** On November 3 at 8:23 a.m. Marty Eddieman, Thief River Falls, reported damage to his vehicle which was parked at the Best Western or at a residence. A dent was put in the fender. Damage was estimated at $150.

**Public nuisance.** On November 5 at 9:38 p.m. police received a report of a loud party. A citation was issued to William Yonke, 20, Thief River Falls, for consumption under age and permitting a public nuisance.

**Driving while intoxicated.** On November 5 at 11:26 p.m. the state patrol turned over Rodney Melvin Nissen, St. Hilaire, 32, for holding on a charge of gross driving while intoxicated.

**Charges dropped.** Charges of fifth degree assault against Agata Knap of Roseau, age 24, were dropped.

# Proclamation takes aim at unfunded mandates, cost

## TRF Mayor signs proclamation

Thief River Falls Mayor Robert Reeve has signed a resolution of support of National Unfunded Mandate Awareness Week October 24 - 30. The resolution was passed in support of the efforts of the National League of Cities efforts to inform local citizens about the impact of state and federal mandates on local spending and taxes.

The resolution points out the impact on local government by unfunded mandates, which have significantly increased in recent years. These unfunded federal and state mandates do not consider local circumstances, costs, or capacity and subject cities to civil or criminal penalties for non-compliance. They are required regardless of other pressing local needs and priorities which affect the health, welfare, and safety of citizens. These mandates force local governments and cities to impose higher property taxes and fees on taxpayers and or reduce other services to citizens.

The unfunded federal and state mandates also fail to take into account significant differences between governments. They are a "one-size-fits-all" requirement, which have unrealistic time frames, and their overly specific and inflexible procedures add to the cost of implementation.

Because the cumulative impact of these laws and rules directly affect the lives of the citizens of governments, the city endorsed the effort to inform everyone of the consequences of unfunded mandates. The city has resolved that it, "endorses this year of mandate awareness by informing and working with members of our congressional delegation and our state legislators to educate them about the impact of federal and state mandates and the actions necessary to reduce these burdens on our citizens."

Great Lakes Quartet will perform the second concert of the Thief River Falls Concert Association series. The concert will be presented 7:30 p.m. November 15 at the Lincoln high school auditorium. Admission is by season membership only.

# Concert series features Great Lakes Quartet

Second concert of the Thief River Falls Concert Association series will be presented Tuesday, November 15, at 7:30 p.m. at the Lincoln high school auditorium. Admission is by season membership only.

Soloists Julia Broxholm (soprano), Wendy Bloom (mezzo-soprano), Chris Grapentine (baritone) and Todd Graber (tenor) have formed this group to create a fresh approach to operatic and choral repertoire along with performance of musical theatre and jazz.

The group is accompanied by *pianist Joseph Mechavich*, a native of the Minneapolis area who has performed as a soloist with the Minnesota Orchestra and New Music New Haven and is currently music director for the Minnesota Opera's tour of *"Figaro's Revenge."*

Broxholm began vocal study at age 16 and holds a masters degree from the University of Michigan. She has sung for a season with the Michigan Opera Theatre singing the Voice of the Angel in *"Joan of Arc"* and sung several roles in other operas.

Wendy Bloom has a master of fine arts degree from the University of Iowa and has had many professional vocal and acting roles. in the summer she is on the voice faculty of the All-State program at Interlachlen National Music Camp.

Chris Grapentine is a graduate of the University of Michigan School of Music and has had many solo performances with symphony orchestras. He has also directed and *performed in a wide variety of* stage productions, including operas, operettas, musical comedies and dramas.

Todd Graber is a native of Ohio and has performed professionally with a variety of American opera companies. He has bachelor and masters degrees in music from Bowling Green State University and is pursuing a doctorate in music at the University of Michigan.

# Mr. Duane's joins TRF chamber of commerce

Mr. Duane's, a women's specialty store specializing in casual to elegant and missy and petite clothing and acessories, recently became a member of the Thief River Falls Chamber of Commerce.

Mr. Duane's is located at 212 North LaBree Ave. in downtown Thief River Falls. New owners of the business are Pamela Pals and Kim and Rick Hicks. Pam and Kim are sisters who were born and raised in Thief River Falls. After graduating and moving away from Thief River Falls both returned and settled back in Thief River Falls.

Kim Hicks has worked for Mr. Duane's for 10 years with most of her experience being in customer service, fashion coordination. She also assisted the past owner with buying for the store.

Pamela Pals has done a great deal of traveling. Her experience in computers and bookkeeping are an important asset to the store.

Mr. Duane's is a women's specialty store specializing in casual to elegant, and missy and petite clothing and accessories. Customers will experience quality in style and service at Mr. Duane's.

Chamber of Commerce Ambassadors, Dave Onkka, and Pat Swenson recently visited Pamela Pals and Kim Hicks at Mr. Duane's. Mr. Duane's recently became a new member of the Thief River Falls Chamber of Commerce.

# Education Association explains how public education is funded

Minnesota Education Association recently released a fact sheet explaining how public education in Minnesota is funded.

Minnesota's public schools receive funds through a combination of state aids and local property taxes. Some districts also receive special aids.

The state legislature provides the basic pupil formula allowance. Each district receives funds on a weighted scale, depending on whether students are in kindergarten, elementary or secondary grades. The weighted numbers, called pupil units, form the basis for how funds are parceled out.

For the 1994-1995 school year, each district will receive $3,150 per pupil unit in basic pupil formula allowance. Each kindergarten student rates .53 pupil unit; elementary students count for 1.06 pupil units each; secondary students are worth 1.3 pupil units each: to determine the amount of state aid a district receives through the basic pupil formula allowance, multiply the number of pupil units by $3,150.

Some districts qualify for additional aid, such as compensatory allowance, which provides funds to districts with students whose families receive AFDC (Aid to Families with Dependent Children); training and experience (T&E) allowance, which provides funding to districts with a high number of teachers who are highly trained and/or experienced; and sparsity allowance, for districts in isolated areas with few students.

State funding for public education has not kept pace with inflation. From 1980 to 1993, the basic pupil formula allowance increased by only 48 per cent. During that same time, inflation rose by more than 60 per cent. And the state's general fund, which includes money raised from taxes, grew by more than 87 per cent.

For the last three years, Minnesota's basic pupil formula allowance has remained frozen. As a result, Minnesoa dropped from 11th in the nation in educational spending in 1980 to 22nd in the nation in 1992 in a study of education expenditure increases from 1987 to 1993, the December 1993 issue of School Board Jornal found that Minnesota ranked 49th out of the 50 states and the District of Columbia.

Voters in approximately 260, or 70 per cent, of school districts raise additional funds through local elections, called referenda. These elections increase property taxes and, collectively, provide more than $290 million additional for public schools.

# Student joins MSU Habitat for Humanity

Loretta Mostrom of Thief River Falls, a student at Moorhead State University, has joined Moorhead State University's Habitat for Humanity chapter. Mostrom and Sue Halverson are in charge of public relations.

Habitat for Humanity looks to eliminate poverty housing all over the world. Locally, the 30-member group recently finished building its third house, and has sent people to South Carolina and Virginia to promote its cause.

## Whole Wheat BIBLE STUDY

### The message of the apostles

*After you read through this Bible study, go back and look up the Scriptures and highlight them in your Bible.*

The apostles told people to repent as soon as they heard the true message of the kingdom of God, so they would not harden their hearts (Matt. 3:2; 4:17; Heb. 3:7-8).

What is this kingdom of God the apostles were telling people to enter? This kingdom of God is within your heart (Luke 17:21). God will give you a brand new heart so that you will want to obey Him, but you must be willing to change and allow Him to change you (Heb. 8:10).

You must maintain a child-like attitude to enter this kingdom (Matt. 18:3). You must have a "yes, Father, Your Will be done and not mine" attitude (Matt. 6:10). Instead of continuing to practice lawlessness, which simply means living the way that seems right to you, you agree to practice righteousness for God (Rom. 6:19; Prov. 14:12; 1 John 3:4, 7, 10). You agree to use the members of your body as instruments of righteousness (Rom. 6:13, 18-19).

Jesus died for your sins that you might live to righteousness (1 Peter 2:24). You live to righteousness by practicing righteousness, with the help of His Spirit, which He gives only to those who obey Him daily (1 John 2:29; Acts 5:32). You keep His sayings and do what He has commanded (Matt. 7:24; Luke 8:21; 11:28; John 8:51; 15:14). You glorify God by doing good works, which is your spiritual service of worship and what you were created in Christ Jesus to do (Rom. 12:1-2; Eph. 2:10).

Satan, who is the enemy of all righteousness, hates those who practice righteousness for God (Acts 13:10). Satan is against good works done for God's glory because he knows this is how his nature in you is crushed by God (Matt. 5:16; Rom. 16:20).

God's Will is righteousness (Heb. 13:21). Once you know the Will of God, you know the Way into the kingdom, which is true conversion (Matt. 7:21). You must be zealous and persevere as you overcome evil by doing good deeds for God (1 Peter 3:13; Luke 21:19; Rom. 12:21). You will be doing Jesus Christ's deeds as you strive to enter the narrow Way leading to the kingdom of God, which very few find (Rev. 2:26; Luke 13:24; 16:16; Matt. 7:14).

God's Ways are all good and you are to walk in them daily. Imitate the Way God lives and talks (Eph. 5:1; 1 Peter 4:11). Study God's word every day to find those things you can think, do and say to be pleasing in God's sight. The Lord will take notice and answer your prayers because you are living to please Him (1 John 3:22; John 9:31).

Once you start, you must endure (Heb. 10:36). Don't look back, but fight the good fight of faith (Luke 17:31-32; 9:62; 1 Tim. 6:12). It's easy (Matt. 11:30)! It's worth it! It is the very purpose of this life (Acts 5:20).
